

Master of Engineering Studies Fact Sheet

UTS:ENGINEERING

UTS Cricos code 00099F

The Master of Engineering Studies is a one-year program taken on its own or as part of a two-year program with the Master of Engineering Management.

Course Information: The flexible structure of this course allows recently graduated engineers and technical specialists to deepen the knowledge and skills gained in their first degree while expanding their managerial and policy knowledge.¹

Course Structure: One-year full time study (8 subjects). The specialisation is chosen depending on studies undertaken in your undergraduate degree: Civil Engineering; Civil Engineering and Structural Engineering; Computer Control Engineering; Energy Planning and Policy; Groundwater Management; Manufacturing Engineering and Management; Software Engineering; Structural Engineering; Telecommunications Engineering, Telecommunication Networks; Telecommunications Engineering and Telecommunication Networks; Water Engineering.

Alternatively, you can undertake the Master of Engineering Studies/Master of Engineering Management.²

Admission requirements: a recognised Bachelors degree in engineering or a technological/applied science field.

Scholarships: <http://www.eng.uts.edu.au/scholarships/PG.htm>

Application: through your local agent or directly through UTS - <http://www.uts.edu.au/international/prospective/studying/apply/index.html>. We have two intakes per year – March and August.

Career Opportunities: the 2006 Graduate Destination Survey http://www.uts.edu.au/about/facts/docs/gds_fac.html indicates employment rates as high as 95%. Starting salary for PG is Aus\$71,933.³

In 2007 we have 239 enrolments in the Master of Engineering Studies.

Look at some of our current international students and see what they think about studying and living in Sydney: <http://www.eng.uts.edu.au/international/StudentProfiles/StudentProfiles.htm>

For more information contact your local agent or international@uts.edu.au or beate.buckenmaier@eng.uts.edu.au.

NEWS FLASH:

UTS has been top ranked among Australian universities for excellence in teaching and learning by the Federal Government. UTS is one of only two universities in the country to be included in Band A1 in all four discipline groups of the Government's 2008 Learning and Teaching Performance Fund, announced on 3 October by the Minister for Education, Science and Training Julie Bishop. The fund was set up three years ago to reward universities based on the analysis of data on student satisfaction, student outcomes and student success. The assessment is across four groupings: science, computing, engineering, architecture and agriculture; business, law and economics; humanities, arts and education; health.⁴
