# When Green Water is Best

## ACHIEVING A WATER RESOURCE SMART AUSTRALIA

We have lived for too long as if water from our taps will flow forever, regardless of the natural cycles and processes that replenish it. We are aghast at the idea of water rate increases or any hint of disruption to supply. We seem to want governments to make new water sources available, as if by magic.

This free public lecture will detail crucial issues and initiatives associated with Australia's most valuable resource – not just water supply and conservation, but most importantly, the real value of services that nature provides to humans for free.

### RSVP

Monday 14th August 2006  
Contact Robert Button  
Tel: 02 9514 1734  
Email:  
robert.button@uts.edu.au

### When

Tuesday 15 August 2006  
6pm drinks for 6.30pm start  
Introduced by the  
Hon. Pam Allan MP

### Where

The Great Hall  
Level 5, UTS Tower (Building 1)  
Broadway, Ultimo

### Free Parking

Peter Johnson Building  
basement carpark  
702-730 Harris St Ultimo

### GUEST SPEAKER - KEN MATTHEWS AO
