

Graduate Recruitment

Are you looking to employ someone with fresh ideas, energy and enthusiasm?

UTS offers a range of services to help match you with our most suitable graduates.

- > Advertise your graduate opportunities to UTS students on our job boards, located on campus and online at careers.uts.edu.au
- > Let us send targeted email communications to the students you are interested in.
- > Join other organisations at the annual UTS Careers Fair in March, or attend a fair specific to disciplines such as Engineering, IT or Health.

You can raise your profile on campus throughout the year.

- > Present a workshop or information session to students.
- > Partner or sponsor one of our many UTS Clubs and Societies.
- > Display graduate recruitment brochures and other promotional materials in the Careers Service office.
- > Tell students what you look for when recruiting

in an employer interview published on the UTS:Careers website.

- > Offer an internship experience to students and join our annual Internship Fair. See our flyer *Take on an Intern* for more information.
- > See our *Raise your Profile on Campus* flyer for more ideas.

What makes UTS graduates stand out?

"They are faster to become commercial, they learn quicker, they adapt more quickly and they really are the best".

Richard White, CEO Wise Tech Global

Top tips

- > The UTS Careers Fair, held at our Broadway campus in March each year, is the perfect opportunity to target final year students looking to commence graduate positions the following year.
- > Students love it when employers come on

campus, as they learn about competitive graduate roles and network with professionals in their chosen career.

- > Remember that graduate recruitment is ongoing throughout the year and not just confined to Semester 1.
