Definitions

AQF: *The Australian Qualifications Framework* (commonly known as the AQF) is a unified system of national qualifications in schools, vocational education and training (TAFEs and private providers) and the higher education sector (mainly universities). For detailed information on AQF Accreditation see <http://www.aqf.edu.au/>

FTE: *Full time equivalence.* 1 year FTE is one year's full time study or equivalent.

One year full time study is the credit value worth of subjects determined by your institution to satisfy the completion of your degree in the minimum time permitted.

Non-Award Study: Non-Award study is the enrolment in a subject (or subjects) which does not in itself lead to an award. It comprises a unit or units of study from a degree course. With Faculty approval, successfully completed units can be counted as credit towards a degree undertaken at a later time.
