The Graduation Ceremony

The Graduation Ceremony is a celebration of the success of our graduates in fulfilling the requirements of their awards. Our ceremony observes many traditional elements and rituals representing continuity of generations of universities, but adapted in a way that reflects the culture and values that makes UTS such a special place. The attendance at a graduation ceremony has become a rite of passage for generations of students.

The Academic Procession signals the formal commencement of the UTS Graduation Ceremony. The procession comprises senior leaders, academic and professional staff of the University.

Observing the grand tradition of graduation ceremonies, many participants in the procession wear ceremonial regalia that represent the origins and diversity of their academic qualifications. The senior presiding officers, such as the Chancellor and Vice-Chancellor, wear robes designed specifically for UTS that symbolise their important leadership roles.

Acknowledgement of Country

UTS acknowledges the Gadigal people of the Eora Nation, the Boorooberongal people of the Dharug Nation, the Bidiagal people and the Gamaygal people, upon whose ancestral lands our university stands. We would also like to pay respect to the Elders both past and present, acknowledging them as the traditional custodians of knowledge for these lands.

Belonging – The Graduation Music

In 2019, UTS commissioned the distinguished Australian composer, Nigel Westlake, to compose a new processional and a recessional that reflect the University's vibrancy and values. Both the processional and recessional are contemporary pieces that reflect the energy of the University.

UTS is still young by world standards and we embrace elements that reflect both the continuities of tradition from the evolution of universities and respect for many thousands of years of Indigenous knowledge.

The processional commences with the beautiful and evocative sounds of the Yigi Yigi (Western Yalanji language word for didgeridoo) by David Dahwurr Hudson. This immediately situates the location of the University on the land of First Australians, specifically the land of the Gadigal people of the Eora Nation where the UTS City Campus is located. First Australians have, for thousands of years, nurtured their own traditions of knowledge acquisition and sharing. The processional piece then transitions to instrument orchestration that reflects the historical origins of our university structure. Finally, the Yigi Yigi can be heard in harmony with other instruments symbolising the coming together of two ancient traditions both rich in their celebration of learning, discovery and passing knowledge to the generations that follow.

Finally the recessional triumphantly marks the conclusion of the ceremony and the commencement of our graduates' transition to a new phase in their lives, taking with them the skills and attributes developed at UTS that will form critical pillars for future success.

The University of Technology Sydney would like to express its sincere appreciation to:

Nigel Westlake – Composer, musician, conductor

David Dahwurr Hudson – Yigi Yigi soloist, musician, artist, entertainer, presenter

Sydney Symphony Orchestra (SSO) conducted by Nigel Westlake

Chancellor's Message

Congratulations!

Your graduation is a moment of significant achievement, celebration and promise. Your achievement reflects your intellect, curiosity, commitment and hard work. Recognising this is important for you and for your family and friends who have encouraged you and given their support, love and understanding during your studies.

For many of you, graduation will start you on your careers; for others it may represent a milestone in a career already well established. Whatever is next for you, your graduation will open up new opportunities in your career and in your life. These opportunities will be balanced by obligations, including an obligation to contribute to the society that has supported your education.

You are graduating at a time of extraordinary uncertainty and change. Social, political, economic, environmental and technological changes will influence our society, our lives and your careers in ways we don't yet understand fully. Some of these changes will create great opportunities for you as graduates who have developed the knowledge and skills to grasp them. There will also be challenges that will test the intellect, creativity and the habits of learning, leadership and character that you have developed and refined at UTS.

UTS graduates are held in high esteem, not only because of the quality of your education but also because of its practical nature. As UTS graduates, you have attributes that are valuable and rare, and others will recognise this in you.

Your relationship with UTS does not end today. Today we welcome you to the UTS alumni community; an extensive global network of creative and innovative UTS graduates making their mark on the world. I encourage you to stay connected with this alumni community, and to stay involved with UTS.

On behalf of everyone at UTS, I congratulate you and wish you every success in applying the skills and knowledge that you have gained from your time with us.

Best wishes,

Michael Rose AM
Chancellor

Vice-Chancellor's Message

On behalf of the UTS community, congratulations to all of our graduates. Graduating with a degree from university is a significant milestone and one you should be very proud of. I hope you continue your thirst for knowledge, discovery and innovation as you commence or continue your career journey. As a valued member of the global UTS alumni community we look forward to supporting and engaging with you as a leader who will shape the future of our society.

Kind regards,

Andrew Parfitt
Vice-Chancellor and President

Social Justice

As a public purpose institution, UTS is committed to driving social change within and beyond campus. Our social impact agenda focuses on research, education and practice from across the university to benefit people and communities. We are the first Australian university to formally set its own social impact agenda, through the Social Impact Framework.

The UTS Centre for Social Justice and Inclusion coordinates and implements the Social Impact Framework and maximises the capacity of UTS to deliver public benefit. Through the UTS Social Impact Framework, UTS will:

- Contribute to increased public good, social mobility and equity
- Support the creation of enabling environments for communities to thrive
- Positively influence and impact the public, the individual, and the systemic forces that shape justice

At the same time, the centre is pivotal in creating a culture at UTS that values social justice, impact and inclusion and ensures equal opportunity and access for everyone.

UTS Emblem

The UTS Emblem is a symbol that represents our history and commitment to technology, innovation and collaboration.

There are three components of the UTS Emblem:

- The anchor from the City of Sydney coat of arms
- The Double Helix inspired by the DNA molecule
- Three waves representing Sydney's maritime location

The top of the Emblem is drawn from the anchor on the City of Sydney coat of arms. It represents a historical tradition of discovery and exploration, and reinforces our close ties with government, commerce and industry.

This section of the Emblem represents a DNA molecule, the basic building block of life itself. For UTS this is strongly symbolic of our innovative, technological and collaborative character. The interlinking sections also represent the flow of ideas and collaboration between faculties, disciplines, students and industry.

The wave element at the base of the Emblem is symbolic of Sydney's maritime location. The three-part wave formation represents equality and strength in unity.

Academic Regalia

Ceremonial Mace and Staff

Originally a weapon of offence, the mace took on a ceremonial function in the sixteenth century. At UTS, it represents a medieval battle tradition, the Chancellor's authority and the good name of the University. The mace was a gift to the inaugural UTS Council by the New South Wales Department of Technical and Further Education to mark the establishment of UTS in 1988. Made of silver and titanium it represents the blend of traditional and modern technology, and it's most prominent design feature is a double helix, the code of life.

The staff was gifted to UTS by the UTS Alumni Association in 1994. It is made of silver and Australian jarrah and also symbolises authority.

Academic Dress

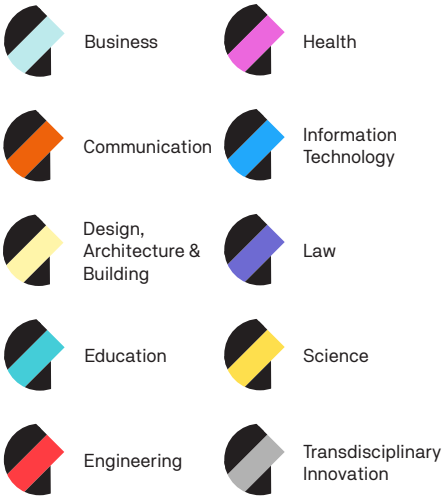

The academic gowns worn today have their origins in the costumes of twelfth century Europe. The trencher (hat) grew out of the pileus worn at Oxford and Cambridge universities around the seventeenth century. The festal gowns worn by the Chancellor, Deputy Chancellor, Pro-Chancellors and Vice-Chancellor are based on traditional British gowns, but contain embroidered Australian wattle (acacia pycnantha), Australia's national flower.

Other professional and academic staff in the procession wear the gowns that commensurate with the highest level of award they have earned. Often their gowns are from other universities in Australia or abroad, adding to the variety of each UTS ceremony.

Graduate Dress

UTS graduates wear black gowns in the Cambridge style but their hoods are unique to the university. The number and colour of the bands on the edge of the lining designate each graduate's faculty level of the award. Sashes and inserts are worn by undergraduate, associate diploma, and double degree recipients. All graduates wear a black trencher cap (also referred to as a mortarboard).

UTS Hood Colours

Creative Intelligence and Innovation Sash

Bachelor of Creative Intelligence and Innovation

This sash represents students who have completed a combined degree, which includes the Bachelor of Creative Intelligence and Innovation, and one of the 25 core UTS undergraduate degrees. The colour of the sash corresponds with that of the Faculty of Transdisciplinary Innovation.

Innovation Sash

Diploma in Innovation

This sash represents students who have completed a combined degree, which includes the Diploma in Innovation, and one of the 25 core UTS undergraduate degrees. The colour of the sash corresponds with that of the Faculty of Transdisciplinary Innovation.

Indigenous Sash

Aboriginal

Torres Strait Islander

Our Indigenous graduates wear sashes at graduation to proudly celebrate their identity and ancient cultural heritage alongside their academic achievement. The sashes are based upon the colours of the Aboriginal flag and the Torres Strait Islander flag – both are official flags of Australia.

International Studies Insert

Bachelor of Arts in International Studies

The light grey insert signifies the Bachelor of Arts in International Studies which is part of a double degree. The hood colour reflects the second degree from one of the 25 core UTS undergraduate degrees.

PhD Gown and Bonnet

PhD Gown (left) and Bonnet (right)

The PhD (Doctor of Philosophy) is a University-wide degree that involves an intense period of supervised study and research. The degree of Doctor of Philosophy is awarded to successful candidates who have made a distinct contribution to knowledge, whether by original investigation, review or criticism. Doctoral graduates wear a black bonnet.

Honorary Awards

Honorary Doctors

Fellow of the University

UTS confers honorary awards and titles on people who have contributed to the achievement of the university's vision and objectives, to scholarship or professional practice, or to the advancement of society in Australia or overseas. Following are the three awards which are conferred at a Graduation ceremony:

- Honorary Doctors
- Fellow of the University
- UTS Distinguished Service Award (no regalia)

Academic Documentation

Testamur, Academic Transcript and Australian Higher Education Graduate Statement

TESTAMUR

The UTS Testamur (referred to at some institutions as a 'certificate') is produced under secure conditions with the utmost care to ensure graduates receive a document of presentation quality worthy of framing. It is both an official document of the university and a keepsake.

ACADEMIC TRANSCRIPT

Like the Testamur, the Academic Transcript is also an official document of the university produced under secure conditions. Unlike the Testamur, the Academic Transcript is frequently sought by prospective employers and other higher education institutions as evidence of a graduate's academic achievements while at UTS. It details the name of the degree awarded, the subjects undertaken, the marks and grades earned and the calculated Grade Point Average (GPA). The reverse of the document provides information about reading and interpreting the information detailed on the Academic Transcript.

AUSTRALIAN HIGHER EDUCATION GRADUATION STATEMENT

The Australian Higher Education Graduation Statement (AHEGS) was introduced by the Commonwealth in 2010 to make Australian qualifications recognised and renowned throughout the world.

Like the Academic Transcript, the AHEGS details academic performance, which provides potential employers and other institutions with a greater understanding of the achievements of each graduate. However, unlike the Academic Transcript, the AHEGS also includes many of a graduate's extracurricular achievements, such as scholarships and prizes won, elected offices held (e.g. elected student representative on UTS Council), and participation in leadership programs such as Beyond UTS International Leadership Development (BUILD).

MY EQUALS

UTS provides all graduates with a printed copy of their Testamur at graduation ceremonies and digital copies of all three official academic documents soon after conferral (prior to graduation ceremonies) via My eQuals. Graduates register with My eQuals and, when their documentation becomes available, they can easily and securely share their certified digital copies with prospective employers, universities to which they apply for graduate studies, etc.

For more information about academic documentation visit the UTS website (**uts.edu.au**) and search for 'student records'. To register with My eQuals, visit **myequals.edu.au**.

Honorary Awards

John Laker AO

Doctor of the University

Dr Laker is one of Australia's most distinguished financial regulators and public servants, recognised for his intellectual rigour, integrity and enduring commitment to the public good. With a career spanning the Commonwealth Treasury, International Monetary Fund and Reserve Bank of Australia, and as Chair of the Australian Prudential Regulation Authority from 2003 to 2014, he made a significant contribution to financial system regulation in Australia and internationally. Appointed to the UTS Council in 2015, and elected Deputy Chancellor in 2018, Dr Laker has served the University with distinction. As Chair of the Finance Committee, he has provided exemplary leadership through periods of significant disruption, including the COVID-19 pandemic, strengthening the University's financial sustainability and strategic positioning. Over more than a decade of service, he has made an outstanding contribution to UTS governance and leadership, enhancing the University's resilience, performance and global standing.

Catherine Livingstone AC

Doctor of the University

Ms Catherine Livingstone AC is a celebrated Australian business leader. During her nine-year tenure as the University's fifth Chancellor, the University's global standing and reputation grew significantly as evidenced in its rise in major international rankings surveys. In January 2024, Ms Livingstone was awarded the Companion of the Order of Australia, the nation's highest civic honour, in recognition of her eminent service to business, particularly through governance and strategic reform, to tertiary education, to science, technology and innovation capability development, and to the arts.

Nicholas Stewart

Doctor of Laws

A graduate of UTS and a partner at Dowson Turco Lawyers, Mr Nicholas Stewart is a leading human rights lawyer who embodies the values of equity, inclusion and legal excellence. In a career focused on the rights of women and LGBTIQ+ communities, he is best known for bringing about 2 parliamentary inquiries and a NSW Special Commission of Inquiry into historical gay hate crimes in NSW in the 1980s, 1990s and 2000s. He is the current President of Australian Lawyers for Human Rights, a member of the NSW Premier's LGBTIQ+ Advisory Council, and member of the Law Society of NSW's Diversity and Inclusion Committee and NSW Finalist, NSW Australian of the Year 2026.

Chancellor's Award and List

One of the most important missions of universities is the creation and dissemination of knowledge, through research and publication. UTS endeavours to foster a climate conducive to research of the highest order. To this end, the Chancellor's Award has been established to be given to the person who submits the outstanding PhD thesis each year. This award was established by the late Emeritus Professor Peter Johnson, the University's Foundation Chancellor. Those placed on the Chancellor's List are recognised for their achievement.
