2027 Health Subject Guide

Study Abroad and Exchange

Study Abroad and Exchange students may choose subjects from more than one faculty at UTS.

This guide highlights our most popular Health subjects. You can also search for other subjects and majors using the UTS Handbook and UTS Health website.

Subjects offered in other faculties may carry different credit point values. Be mindful of this when choosing your subjects. Final enrolment into subjects is conditional upon class availabilities and completion of the online enrolment process.

When can I study?

Study Abroad and Exchange is available:

Period	Category
February – June	**A**: Autumn Session

Period	Category
July – November	**S**: Spring Session

Please note: Some of the subjects you want to undertake from the list may not be available in your intake session. To confirm subject availability, please search the relevant subject codes in the UTS Timetable Planner.

In the Timetable Planner, "AUT" refers to Autumn Session, and "SPR" refers to Spring session.

For Health subjects:

Most faculties offer all subjects within the **Main Calendar only**. UTS Health offers subjects in **Calendar B or Calendar C**. Please refer here for academic calendar dates.

What can I study?

Pre-approved subject list

This is a great place to start! All subjects in this list are:

- **Pre-approved** and automatically added to your study plan
- No need to include them in your application
- You can **self-enrol** once you activate your student account
- **No additional subject assessments** are required
- You can even choose subjects **outside your study area**, as long as this is permitted by your home university

Faculty assessed subjects

All subjects from this list require prior knowledge. You will need to:

- List the subjects in your application
- Check prerequisite in the UTS UTS Handbook
- Demonstrate that you have the prior skills and knowledge necessary to undertake the subject (academic transcript and subject outline)

Notes:

Each subject will be individually assessed by the faculty for approval and it can take up to 6 weeks.

Faculty assessed subjects

Key: (Information included: Subject Number, Subject Name, Level and Session offered)

- **L1** (Level 1) Usually undertaken in first year (similar to 100 level, introductory level)
- **L2** (Level 2) Usually undertaken in second year (similar to 200 level, prior knowledge is required)
- **L3** (Level 3) usually undertaken in third year (similar to 300 level, advanced level)

Undergraduate Subjects

- Students with no prior Health background should start with the pre-approved subject list.
- Undergraduate students are not permitted to study postgraduate subjects.
- Some subjects have prerequisites or corequisites.
- Practicums and Internships in Sport and Exercise courses are not available.
- **Moore Park precinct:** Sport and Exercise Science subjects are offered at the UTS Moore Park precinct. The precinct is connected to the City Campus by light rail or a 25-minute walk.
