

2027 Design, Architecture and Building (DAB) Subject Guide

Study Abroad and Exchange

Study Abroad and Exchange students may choose subjects from more than one faculty at UTS.

This guide highlights our most popular Communication subjects. You can also search for other subjects and majors using the [UTS Handbook](#) and [UTS DAB website](#).

Subjects offered in other faculties may carry different credit point values. Be mindful of this when choosing your subjects. Final enrolment into subjects is conditional upon class availabilities and completion of the online enrolment process.

When can I study?

Study Abroad and Exchange is available:

Period	Category
February – June	A: Autumn Session

Period	Category
July – November	S: Spring Session

Please note: Some of the subjects you want to undertake from the list may not be available in your intake session. To confirm subject availability, please search the relevant subject codes in the [UTS Timetable Planner](#).

In the Timetable Planner, "AUT" refers to Autumn Session, and "SPR" refers to Spring session.

What can I study?

Pre-approved subject list

This is a great place to start! All subjects in this list are:

- **Pre-approved** and automatically added to your study plan
- You can **self-enrol** once you activate your student account
- No need to include them in your application
- **No additional subject assessments** are required
- You can even choose subjects **outside your study area**, as long as it's permitted by your home university

Faculty assessed subjects

All subjects from this list require prior knowledge. You will need to:

- List the subjects in your application
- Check prerequisites in the [UTS Handbook](#)
- Demonstrate that you have the prior skills and knowledge necessary to undertake the subject (academic transcript and subject outline)

Notes: Each subject will be individually assessed by the faculty for approval and it can take up to 6 weeks.

Faculty assessed subjects

Key: (Information included: Subject Number, Subject Name, Level and Session offered)

- **L1** (Level 1) Usually undertaken in first year (similar to 100 level, introductory level)
- **L2** (Level 2) Usually undertaken in second year (similar to 200 level, prior knowledge is required)
- **L3** (Level 3) Usually undertaken in third year (similar to 300 level, advanced level)
- **L4** (Level 4) Usually undertaken in fourth year (similar to 400 level, advanced level)

Undergraduate Subjects

- Students with no prior DAB background should start with the [pre-approved subject list](#).
- [^] the subject carries 12 UTS Credit Points.
- A or S indicates that the subject is taught outside of the normal teaching calendar and in Block Mode.
- Students who want to complete a subject listed in a session outside of Autumn or Spring (such as June/July) will need to contact the Study Abroad and Exchange team.
- Block mode subjects involve an intensive period of study, in classes scheduled over one or more weeks of the teaching period.

The following subjects can only be undertaken by students enrolled in an equivalent Architecture program.

Please note: The subjects in **bold** have linked content and hence are recommended to be undertaken simultaneously, as listed below
