An abstract background image featuring a complex geometric pattern of overlapping triangles and polygons. The colors are warm, ranging from light beige and cream to deep gold and dark brown. The pattern has a textured, almost woven appearance, with some areas showing a grid of small squares and others showing a pattern of larger, irregular shapes. The overall effect is one of depth and architectural complexity.

The Graduation Ceremony

The Graduation Ceremony is a celebration of the success of our graduates in fulfilling the requirements of their awards. Our ceremony observes many traditional elements and rituals representing continuity of generations of universities, but adapted in a way that reflects the culture and values that makes UTS such a special place. The attendance at a graduation ceremony has become a rite of passage for generations of students.

The Academic Procession signals the formal commencement of the UTS Graduation Ceremony. The procession comprises senior leaders, academic and professional staff of the University. Observing the grand tradition of graduation ceremonies, many participants in the procession wear ceremonial regalia that represent the origins and diversity of their academic qualifications. The senior presiding officers, such as the Chancellor and Vice-Chancellor, wear robes designed specifically for UTS that symbolise their important leadership roles.

Belonging – The Graduation Music

In 2019, UTS commissioned the distinguished Australian composer, Nigel Westlake, to compose a new processional and a recessional that reflect the University's vibrancy and values. Both the processional and recessional are contemporary pieces that reflect the energy of the University.

UTS is still young by world standards and we embrace elements that reflect both the continuities of tradition from the evolution of universities and respect for many thousands of years of Indigenous knowledge.

The processional commences with the beautiful and evocative sounds of the Yigi Yigi (Western Yalanji language word for didgeridoo) by David Dahwurr Hudson. This immediately situates the location of the University on the land of First Australians, specifically the land of the Gadigal people of the Eora Nation where the UTS City Campus is located. First Australians have, for

thousands of years, nurtured their own traditions of knowledge acquisition and sharing. The processional piece then transitions to instrument orchestration that reflects the historical origins of our university structure. Finally, the Yigi Yigi can be heard in harmony with other instruments symbolising the coming together of two ancient traditions both rich in their celebration of learning, discovery and passing knowledge to the generations that follow.

Finally the recessional triumphantly marks the conclusion of the ceremony and the commencement of our graduates' transition to a new phase in their lives, taking with them the skills and attributes developed at UTS that will form critical pillars for future success.

The University of Technology Sydney would like to express its sincere appreciation to:

Nigel Westlake – Composer, musician, conductor

David Dahwurr Hudson – Yigi Yigi soloist, musician, artist, entertainer, presenter

Sydney Symphony Orchestra (SSO) conducted by Nigel Westlake

Co-creators with SSO:

Lachlan Carrick
Recording & mixing engineer

Jessica Wells
Recording producer

Chancellor's Message

Congratulations!

Your graduation is one of the most important moments in your life. Finishing a degree or diploma is a major achievement and we do not underestimate the hard work and sacrifices that you have made in reaching that goal. It is also an important occasion for your family and friends who have given their support, love and understanding during your studies.

Graduations are important times for everyone associated with them – both graduates and the wider university. For many it is the start of careers; for others, part of the career development path. It brings status and rewards, and builds capabilities and new skills. Graduation brings with it both opportunities and obligations; opportunities to enter professional fields and obligations to contribute to the society that has supported you.

The opportunities that you face have never been greater. The workplace is more diversified than it has ever been, and ever increasing international opportunities mean that many of you will live and work in countries other than those in which you were born. Conversely, the challenges in the workplace have never been greater.

Scrutiny and the expectations of society are already high and continue to grow. The future will depend upon knowledge being used constructively in the best interests of the current and future generations. It is knowledge, ideas and skills which will ensure a better society and living standards for all.

UTS graduates are held in high esteem by employers, not only because of the quality of the education that they have received but also because of its practical nature. Employers recognise, in UTS graduates, key characteristics including adaptability and flexibility in dealing with work and also workplace issues.

It is a great challenge for graduates today to achieve a balance between the commercial imperatives required by their employers, and the professional pride that is essential if the integrity and true worth of their work is to be maintained. I am sure that UTS graduates will be able to deal with those ethical dilemmas that may arise in their workplaces. Make yourselves, your families and your university proud by maintaining the highest professional and ethical standards.

Your relationship with UTS does not end today. In many ways, it is just beginning. Today we welcome you to the UTS alumni community; a powerful and extensive global network of creative and innovative UTS graduates making their mark on the world. I encourage you to utilise the exclusive benefits your membership of this community delivers, and to continue to stay involved with UTS.

On behalf of all of UTS, I congratulate you, and wish you every success in applying the skills and knowledge that you have gained from one of Australia's finest universities.

Best wishes,

Catherine Livingstone AO
Chancellor

Vice-Chancellor's Message

On behalf of the UTS community, congratulations to all of our graduates. Graduation is a significant milestone in your university career, one you should be proud of. Congratulations on all you've achieved – I hope you continue your thirst for knowledge, discovery and innovation. You're now part of the global UTS alumni community, and we look forward to supporting and engaging with you as you shape our society's future.

Kind regards,

Andrew Parfitt
Vice-Chancellor and President

Social Justice

As a public purpose institution, UTS is committed to driving social change within and beyond campus. Our social impact agenda focuses on research, education and practice from across the university to benefit people and communities. We are the first Australian university to formally set its own social impact agenda, through the Social Impact Framework.

The UTS Centre for Social Justice and Inclusion coordinates and implements the Social Impact Framework and maximises the capacity of UTS to deliver public benefit. Through the UTS Social Impact Framework, UTS will:

- Contribute to increased public good, social mobility and equity
- Support the creation of enabling environments for communities to thrive
- Positively influence and impact the public, the individual, and the systemic forces that shape justice

At the same time, the centre is pivotal in creating a culture at UTS that values social justice, impact and inclusion and ensures equal opportunity and access for everyone.

UTS Emblem

The UTS Emblem is a symbol that represents our history and commitment to technology, innovation and collaboration.

There are three components of the UTS Emblem:

- The anchor from the City of Sydney coat of arms
- The Double Helix inspired by the DNA molecule
- Three waves representing Sydney's maritime location

This section of the Emblem represents a DNA molecule, the basic building block of life itself. For UTS this is strongly symbolic of our innovative, technological and collaborative character. The interlinking sections also represent the flow of ideas and collaboration between faculties, disciplines, students and industry.

The top of the Emblem is drawn from the anchor on the City of Sydney coat of arms. It represents a historical tradition of discovery and exploration, and reinforces our close ties with government, commerce and industry.

The wave element at the base of the Emblem is symbolic of Sydney's maritime location. The three-part wave formation represents equality and strength in unity.

Academic Regalia

Ceremonial Mace and Staff

Originally a weapon of offence, the mace took on a ceremonial function in the sixteenth century. At UTS, it represents a medieval battle tradition, the Chancellor's authority and the good name of the University. The mace was a gift to the inaugural UTS Council by the New South Wales Department of Technical and Further Education to mark the establishment of UTS in 1988. Made of silver and titanium it represents the blend of traditional and modern technology, and it's most prominent design feature is a double helix, the code of life.

The staff was gifted to UTS by the UTS Alumni Association in 1994. It is made of silver and Australian jarrah and also symbolises authority.

Academic Dress

The academic gowns worn today have their origins in the costumes of twelfth century Europe. The trencher (hat) grew out of the pileus worn at Oxford and Cambridge universities around the seventeenth century. The festal gowns worn by the Chancellor, Deputy Chancellor, Pro-Chancellors and Vice-Chancellor are based on traditional British gowns, but contain embroidered Australian wattle (*acacia pycnantha*), Australia's national flower.

Other professional and academic staff in the procession wear the gowns that commensurate with the highest level of award they have earned. Often their gowns are from other universities in Australia or abroad, adding to the variety of each UTS ceremony.

Graduate Dress

UTS graduates wear black gowns in the Cambridge style but their hoods are unique to the university. The number and colour of the bands on the edge of the lining designate each graduate's faculty level of the award. Sashes and inserts are worn by undergraduate, associate diploma, and double degree recipients. All graduates wear a black trencher cap (also referred to as a mortarboard).

UTS Hood Colours

	Business		Health & Graduate School of Health
	Communication		Information Technology
	Design, Architecture & Building		Law
	Education		Science
	Engineering		Transdisciplinary Innovation

Creative Intelligence and Innovation Sash

Bachelor of Creative Intelligence and Innovation

This sash represents students who have completed a combined degree, which includes the Bachelor of Creative Intelligence and Innovation, and one of the 25 core UTS undergraduate degrees. The colour of the sash corresponds with that of the Faculty of Transdisciplinary Innovation.

Innovation Sash

Diploma in Innovation

This sash represents students who have completed a combined degree, which includes the Diploma in Innovation, and one of the 25 core UTS undergraduate degrees. The colour of the sash corresponds with that of the Faculty of Transdisciplinary Innovation.

Indigenous Sash

Aboriginal

Torres Strait Islander

Our Indigenous graduates wear sashes at graduation to proudly celebrate their identity and ancient cultural heritage alongside their academic achievement. The sashes are based upon the colours of the Aboriginal flag and the Torres Strait Islander flag – both are official flags of Australia.

International Studies Insert

Bachelor of Arts in International Studies

The light grey insert signifies the Bachelor of Arts in International Studies which is part of a double degree. The hood colour reflects the second degree from one of the 25 core UTS undergraduate degrees.

PhD Gown and Bonnet

PhD Gown (left) and Bonnet (right)

The PhD (Doctor of Philosophy) is a University-wide degree that involves an intense period of supervised study and research. The degree of Doctor of Philosophy is awarded to successful candidates who have made a distinct contribution to knowledge, whether by original investigation, review or criticism. Doctoral graduates wear a black bonnet.

Honorary Awards

Honorary Doctors

Fellow of the University

UTS confers honorary awards and titles on people who have contributed to the achievement of the university's vision and objectives, to scholarship or professional practice, or to the advancement of society in Australia or overseas. Following are the three awards which are conferred at a Graduation ceremony:

- Honorary Doctors
- Fellow of the University
- UTS Distinguished Service Award (no regalia)

Academic Documentation

Testamur, Academic Transcript and Australian Higher Education Graduate Statement

TESTAMUR

The UTS Testamur (referred to at some institutions as a 'certificate') is produced under secure conditions with the utmost care to ensure graduates receive a document of presentation quality worthy of framing. It is both an official document of the university and a keepsake.

ACADEMIC TRANSCRIPT

Like the Testamur, the Academic Transcript is also an official document of the university produced under secure conditions. Unlike the Testamur, the Academic Transcript is frequently sought by prospective employers and other higher education institutions as evidence of a graduate's academic achievements while at UTS. It details the name of the degree awarded, the subjects undertaken, the marks and grades earned and the calculated Grade Point Average (GPA). The reverse of the document provides information about reading and interpreting the information detailed on the Academic Transcript.

AUSTRALIAN HIGHER EDUCATION GRADUATION STATEMENT

The Australian Higher Education Graduation Statement (AHEGS) was introduced by the Commonwealth in 2010 to make Australian qualifications recognised and renowned throughout the world.

Like the Academic Transcript, the AHEGS details academic performance, which provides potential employers and other institutions with a greater understanding of the achievements of each graduate. However, unlike the Academic Transcript, the AHEGS also includes many of a graduate's extracurricular achievements, such as scholarships and prizes won, elected offices held (e.g. elected student representative on UTS Council), and participation in leadership programs such as Beyond UTS International Leadership Development (BUILD).

MY EQUALS

UTS provides all graduates with a printed copy of their Testamur at graduation ceremonies and digital copies of all three official academic documents soon after conferral (prior to graduation ceremonies) via My eEquals. Graduates register with My eEquals and, when their documentation becomes available, they can easily and securely share their certified digital copies with prospective employers, universities to which they apply for graduate studies, etc.

For more information about academic documentation visit the UTS website (uts.edu.au) and search for 'student records'. To register with My eEquals, visit myequals.edu.au.

Honorary Awards

Anne Dwyer

Doctor of the University

Ms Anne Dwyer was UTS' Deputy Vice-Chancellor and Vice-President (Corporate Services) for ten years, Pro Vice-Chancellor (Organisational Support) for five years, and Director of the Information Technology Division for five years. During her twenty years of leadership and service at UTS, she oversaw numerous portfolios including human resources, information technology, student administration, marketing and communication, governance support and legal services.

Prior to joining UTS in 1999, Ms Dwyer was the National Management Information System Manager for Ansett Air Freight, and Director of Information Technology for Arthur Andersen's Australian and New Zealand operations.

Ms Dwyer has been an active member and contributor to numerous committees, advisory groups and working parties. These include the Vice-Chancellor's Management Group, Audit and Risk Committee of Council, a board member of Higher Education Systems, a treasurer for the Council of Australian University Directors of IT. She has also led many other Advisory Committees and major project Steering Committees.

Ms Dwyer holds a Bachelor of Business from Charles Sturt University. She is a Non-Executive Director for UTS Insearch and a Member of the Australian Institute of Company Directors.

Dr Ron Sandland AM

Doctor of the University

Dr Ron Sandland AM joined the Division of Mathematics and Statistics, CSIRO in 1969 and became chief of the division in 1988. In 1999, he became Deputy Chief Executive of CSIRO where he brought together six major cross-disciplinary research programs to address problems of national priority. He was awarded the CSIRO Medal for Lifetime Achievement in recognition of 37 years of research leadership.

He was appointed President of Statistical Society of Australia and awarded Honorary Life Member of the Society in 1998. Ron is a Fellow of the Australian Academy of Technology and Engineering, and a member of the Order of Australia.

Ron served on UTS Council from 2008 to 2020, was Pro-Chancellor from 2011 to 2020, and chair of Commercial Activities Committee since 2010.

He has chaired a number of committees and continues to chair the ARC Centre of Excellence for Mathematical and Statistical Frontiers (ACEMS). He chairs the Australian Plant Phenomics Facility Advisory Board, and Bureau of Meteorology's Data Integrity Advisory and Assurance Committee.

Dr Ron Sandland holds a Bachelor of Science (Honours) from the University of Sydney, actuarial qualifications and a Doctor of Philosophy from the University of New South Wales, and an Honorary Doctor of Science by University of Melbourne.

Kate Eastman AM SC

Doctor of Laws

Kate Eastman AM SC is a barrister specialising in human rights, discrimination, employment, public and constitutional law. She is presently Counsel Assisting the Royal Commission into Violence, Abuse, Neglect and Exploitation of People with Disability.

Throughout her 30 years law practice, she has been committed to human rights and equality, undertaking pro-bono representation of asylum seekers in detention at Allens, and working as Senior Legal Officer at the Australian Human Rights Commission before joining the Bar in 1998. She has taught human rights law at UTS, Monash University and the University of Sydney, and in a number of international programs.

She is currently Chair of the Australia Bar Association's Diversity and Inclusion Committee, the Law Council of Australia's Equal Opportunity Committee and the NSW Bar Association's Diversity Committee. Kate has received numerous awards and in 2020, she was appointed a Member of the Order of Australia for significant service to the law, to human rights, and to professional organisations.

Kate Eastman AM SC holds a Master of Laws from UTS, a Master of Laws with Distinction from University College London and a Bachelor of Arts/Bachelor of Laws from the University of New South Wales.

Sherri Fields

Fellow of the University

Ms Sherri Fields is the Principal Manager, Universities and Research at Transport for NSW (TfNSW).

She established TfNSW's first dedicated Research Unit, developing its research operating and engagement model. This Unit launched the Research Hub, to foster collaboration and information sharing with the higher education sector, industry and researchers.

Ms Fields represents TfNSW on the Waratah Research Network Government Forum, enhancing cross-government and university sector research collaboration and optimising state funding opportunities.

She is an Industry Advisory Board member for both the UTS Faculty of Engineering and Information Technology, and the Transdisciplinary School. She is also a board member at the University of Sydney Business School's Institute of Transport and Logistics Studies.

Ms Fields holds a Bachelor of Social Science (Honours) in Economics and Urban Geography from the University of New South Wales.

Monika Law

Fellow of the University

Monika Law's desire to help indigenous women access higher education has started a remarkable family legacy that continues to make an impact on the lives of female indigenous students today at UTS.

Her contribution to the Roberta Sykes Indigenous Education Foundation's scholarships led to her involvement at UTS, after the foundation assisted UTS alumna Larissa Behrendt (now Distinguished Professor of Law and Director of Research at the Jumbunna Institute for Indigenous Education and Research) to study at Harvard University.

Now known as the Schiff Family Scholarship, in memory of Monika's parents, Johannes and Friederike Schiff, this scholarship provides financial support for indigenous women undertaking both undergraduate and Honours study at UTS.

In 2009, Monika made a substantial future gift to ensure subsequent generations of indigenous women would continue to be inspired to study at UTS.

Monika Law holds a Bachelor of Arts (Philosophy) from the University of Sydney and was a school counsellor throughout her working life.

Katie Payten

Fellow of the University

Ms Katie Payten is a Senior Information Technology Executive with over 25 years' experience in the private and public sectors with IBM, Lend Lease and MLC and ASIC. She is currently the Head of Digital - Cyber Security and Technology Risk at Woolworths Group, working closely with Woolies X.

She has led information technology and cyber security strategies, and delivered complex business transformation projects across banking and finance, construction and government. She was a member of the IBM Diversity Council and has run charity initiatives to increase technology experiences in primary schools. She is active in promoting the advancement of women in technology and mentoring future leaders.

Ms Payten is a Graduate of the Australian Institute of Company Directors (GAICD), a member of the UTS Engineering and IT Faculty's Industry Advisory Board since 2002, and a member of the Artificial Intelligence and Ethics Committee for the Australian Computer Society. She is also a Non-Executive Director of AniMark, providing corporate governance and technology risk oversight. She holds a Masters of Commerce (Finance and Organisational Behaviour) from the University of New South Wales, and a Bachelor of Information Technology (co-operative scholarship) from UTS.

Andrew Penfold AM

Fellow of the University

Mr Andrew Penfold AM is the Executive Director of the Australian Indigenous Education Foundation (AIEF), which provides scholarship funding for Indigenous students to complete Year 12 or tertiary studies, with career support to help them make a successful transition into their chosen fields.

A former finance lawyer and investment banker with 20 years' experience working in leading international firms, Mr Penfold left the business world in 2004.

He spent five years working on a full-time, voluntary basis for a range of non-profit and charitable organisations, before establishing AIEF in 2008.

Mr Penfold sits on the National Apology Foundation for Indigenous Australians (NAFIA) Board and in 2014 he was appointed a Member of the Order of Australia for significant service to the Indigenous community.

In 2013 he received the inaugural NSW Human Rights Award, was named an inaugural member of the Prime Minister's Indigenous Advisory Council, and received an Order of Merit from the Australian Institute of Company Directors. He also received the UTS Community Alumni Award 2013 and the UTS Chancellor's Award for Excellence 2013. Mr Penfold holds a Bachelor of Laws (Honours) from UTS.

Scott Wharton

Fellow of the University

Mr Scott Wharton is Commonwealth Bank's Group Executive, Program Delivery and is accountable for the design and delivery of critical programs for the bank. This includes CBA's Prudential Inquiry work, the bank's cost and simplification targets and CBA India. Mr Wharton is also the accountable executive for x15 Ventures.

Mr Wharton has 20 years' experience with a broad knowledge of technology, operations, risk and finance. He joined CBA from Citigroup in New York where he was Managing Director and Global Head of Enterprise Supply Chain, and before that Citigroup's Hong Kong-based Regional Head of Productivity & Corporate Services.

Mr Wharton is Adjunct Professor (Industry) at the University of Technology Sydney (UTS) and also currently the Chair of the UTS Business School's Advisory Board, a board member of Supply Nation (the Australian supplier diversity council) and a board member of the Australia India Chamber of Commerce (NSW). He is an Ambassador of the Australian Indigenous Foundation (AIEF) and a Fellow of the Chartered Institute of Procurement and Supply. Mr Wharton holds a Bachelor of Science from the University of Sydney, a Bachelor of Laws from UTS, an Executive MBA from INSEAD and an Executive MBA from Tsinghua University in Beijing.

Beverley Bosman

Distinguished Service Award

Ms Beverley Bosman joined UTS in 1985 and has since held a range of management roles in the Human Resources Unit (HRU). She is currently part of the senior leadership team at UTS, holding the position of Assistant Director of Human Resources. Ms Bosman has also held the positions of Deputy Director HRU and Assistant Director Strategy and Workforce Planning.

Ms Bosman provides both strategic and operational support to the University's executive, managers and staff across the full range of HR activities, including HR strategy, management information and workforce planning. She has been integral to the development, review

and implementation of the University's academic promotion and performance management policies and practices over the last three decades.

As Assistant Director, she supports the HR Director in all areas of HR leadership and partnering across UTS, as well as planning and monitoring the quality and effectiveness of the Unit's programs and services.

Ms Bosman holds a Bachelor of Arts (Honours) from Monash University and a Master of Business Administration from the New South Wales Institute of Technology, the preceding institution to UTS.

Professor Jane Hall

Distinguished Service Award

Professor Jane Hall founded the Centre for Health Economics Research and Evaluation (CHERE) in 1990, making it one of the longest established health economics groups in the world. She led its development as Director until 2012, stepping aside to pursue her research.

Her research achievements are evidenced by the award of over \$23m in competitive research funding, and over 140 published books, book chapters and peer reviewed articles.

She is a Fellow of the Academy of Social Sciences (and has just completed her three year term as President); and a Fellow of the Australian Academy of Health and Medical Sciences.

Professor Hall has worked across many areas of health economics including measuring quality of life, investigating consumer preferences, evaluating new health technologies, and funding reform. She has been a member of numerous policy committees and and Ministerial and government advisory bodies. She is currently a member of the Independent Hospital Pricing Authority.

She holds a Bachelor of Arts (Economics) from Macquarie University and a Doctor of Philosophy from the University of Sydney.

Associate Professor Jonathan Tyler

Distinguished Service Award

Associate Professor Jonathan Tyler is the Deputy Head, Accounting Discipline Group at UTS. For over forty years Jonathan has taught, studied, served, researched, and published in accounting, most of the time at UTS, but also in the United States of America and the United Kingdom.

Jonathan secured a place to study Commerce at UNSW upon leaving Coffs Harbour High School in 1975. He was 'first in family' to attend university and enjoyed it so much he quickly abandoned employment at a chartered accounting firm when offered a tutoring position at his old university.

He is a Fellow of Chartered Accountants Australia and New Zealand, and was a Director of Sydney Education Broadcasting (2SER FM), the UTS / Macquarie University radio station for over 25 years.

He has published an extensive range of journals and accounting textbooks and now consults in higher education.

Associate Professor Jonathan Tyler holds a Bachelor of Commerce (Honours) and Master of Commerce from the University of New South Wales, and a Doctor of Philosophy from UTS.

Jacqui Wise

Distinguished Service Award

Jacqui Wise joined UTS in 2007 as Director, Marketing and Communication Unit (MCU). During her nine years at the helm of MCU, Jacqui established UTS as a founding partner of The Conversation; launched Brink, a monthly supplement in the Sydney Morning Herald; and spearheaded the Campus Masterplan public relations activities and events, including the opening of the Dr Chau Chak Wing Building.

In February 2016, Jacqui was appointed Director, Student Administration Unit (SAU) leading a 120-person team committed to continuously improving the student experience. In 2019 Jacqui also assumed responsibility for the University's Office of Quality Assurance, managing and reporting key teaching,

research and organisational quality indicators.

More recently, Jacqui was appointed the Executive Director, Lifetime Learner Experience (LLE) Unit. LLE is a 200 plus strong team of higher education professionals dedicated to meeting the needs of future learners, current learners and the University.

Jacqui serves on a range of governance boards and committees. She is a long-standing contributor to the UTS Staff Giving program, has established a bequest, and is enrolled in the University's body donation program.

Jacqui holds a Master of Arts in Creative Writing from the University of Technology Sydney.

Research Awards

Professor Shoudong Huang

2020 Chancellor's Medal for Research Excellence

Shoudong Huang is an Associate Professor in the School of Mechanical and Mechatronic Engineering at UTS and an internationally recognised researcher whose work focusses on mobile robot navigation in many different areas, including search and rescue, underwater, and underground mining.

He is motivated by a desire to see robots collaborating with humans and helping people in their daily lives, and his work has made significant contributions to the fields of mobile robot simultaneous localisation

and mapping, operations research, nonlinear state estimation and nonlinear robust control.

He is a Deputy Director of the UTS Centre for Autonomous Systems, which specialises in robotics research that creates positive change for government, industry and the wider community. He is also the Director of the Joint Centre in Robotics Research that was established by UTS and Zhejiang University.

Associate Prof Christina Ho

UTS Medal for Excellence in Teaching and Research

Much of Christina Ho's research of Asian migrants and the Australian education system draws upon her experience as a migrant to Australia. An Associate Professor in Social and Political Sciences at UTS researching cultural diversity, equity and education in Australia, Christina has always been interested in how a migrant background can affect someone's life chances.

She sometimes describes her work as "the study of tiger mothers" because of her special interest in Asian migrant parents' approaches to education. Her research reflects the conversations,

concerns and anxieties around different approaches to education and to that end, she works closely with educators, professional bodies, parents, students and specific communities, such as Asian students at selective schools. Christina's approach to her work was recognised in 2021 with the UTS Medal for Excellence in Teaching and Research.

Alumni Awards

Professor Darren Martin

*PhD Science, 1996; Bachelor of Applied Science
(Materials Science), 1993*

UTS Chancellor's Award
for Excellence 2020

UTS Alumni Award for
Excellence 2020 –
Faculty of Science

“The shared joy of developing better materials and products is still a ‘drug’, because oftentimes it takes a decade and many minds and hands to make it work. That big, shared experience is pretty cool.”

Professor Martin is a materials scientist and globally recognised innovator in the research and commercialisation of polyurethanes, polymer nanocomposites and renewable nanomaterials. A desire to solve the world's ‘wicked problems’ led him to develop bio-stable polyurethane materials for improved pacemaker lead insulation for his PhD research at UTS. Professor Martin has since founded two successful start-ups and leads the Martin Group – part of the University of Queensland's Australian Institute for Bioengineering and Nanotechnology – where he develops the science, engineering, regulation, and translation of research discoveries for the benefit of Australia. One of these projects is partnership between academia and an Indigenous corporation to derive new sustainable materials derived from spinifex grass, which he aims to commercialise in a way that incorporates traditional Indigenous knowledge and includes future commercial benefits and Indigenous economic development.

Dr Paul Beinat

PhD Computing Sciences, 2008

UTS Alumni Award for Excellence 2020 – Faculty of Engineering and Information Technology

Dr Paul Beinat is a Principal at Finity Consulting where he heads up the Artificial Intelligence team and an Adjunct Professor at UTS, where he is an advisor to the Centre for Artificial Intelligence and a member of the executive leadership team at the Advanced Analytics Institute. Feeling inspired to build something that represented a new capability, he tapped into his interest in Artificial Intelligence to design and develop Colossus, the insurance industry's largest expert system in the world at the time. Dr Beinat has been involved in Finity's Artificial Immune System product from research to inception, and also designed the Claims Outcome system. His future goal is to build new algorithms to solve completely new problems.

“There’s a pleasure in creating something new and seeing how it works. Ultimately, I would like to leave some sort of a mark, so that others can see what I did.”

Angelo Candalepas

Bachelor of Architecture, 1992

UTS Alumni Award for Excellence 2020 – Faculty of Design, Architecture and Building

Angelo Candalepas is an award-winning architect and Fellow of the Australian Institute of Architects. He aims to mend the world's injustices through practice. His goal for the future is to deliver work that has a broader social offering; one that changes people's lives through an awakening of an awareness about our place and time. He has received numerous honours, including first prize in an international competition for his design of housing in Pyrmont in 1994, just two years after graduating from UTS. Since establishing Candalepas Associates in 1999, he has won the Australian Institute of Architects Sulman Medal for Public Architecture twice, the Frederick Romberg National Architecture Award, the Seidler Award for Commercial Architecture, and the Aaron M Bolot Award for Residential Architecture twice. Angelo was awarded the Premier's Award for Architecture in NSW in 2016.

“Creating beautiful work is the only relevant act in architecture, for architecture does not reach a level of art without the aesthetic dimension.”

Phillipa McDermott

Bachelor of Arts (Communication), 1998

UTS Indigenous Australian Alumni Award 2020

Phillipa McDermott is a proud Wakka Wakka and Mulinjali woman who has been Head of Indigenous Employment and Diversity at the ABC since 2013. Social justice has always been the driving force in all that Phillipa does, and her time spent at UTS has only strengthened this core value. Phillipa's current focus is to make Australian media look and sound like a true representation of Australian society, with strong representation from Indigenous and diverse people working in the media industry. Under her leadership, the ABC has exceeded its two per cent Indigenous employment target. She is the current Chair of Bangarra Dance Theatre and has worked as a radio broadcaster, media manager, and economic development manager.

"In society at large, I would like to see Australia come to terms with its true history, which might go some way towards eliminating systemic racism. This history needs to be taught in schools properly, and not just be left up to the school to navigate or integrate Indigenous perspectives into the existing curriculum."

Geoffrey McNamara AM

Graduate Certificate in Design Tech, 2000; Diploma of Teaching in Technical Education, 1989; Bachelor of Adult Education, 1997

UTS Community Alumni Award 2020

Geoffrey McNamara AM is a passionate champion for science and education who has been a teacher for 33 years. In 2008 he developed the Science Mentors Program to connect high school students with scientific mentors to encourage their passion for science and give them real-world experience in it. Geoff has authored over 100 papers for science magazines, published several books and helped to develop telescopes, including the McNamara-Saunders Astronomical Teaching Telescope. In 2018 he was awarded a Member of the Order of Australia for significant service to secondary education, particularly in the disciplines of science and astronomy.

"Above all, wherever possible, follow your heart, do what fulfils you, do what gives you a sense at the end of the day that you made some small, positive difference in the world."

George Savvides AM

Master of Business Administration, 1985

UTS Alumni Award for Excellence 2020 – UTS Business School

George Savvides is a business leader with over 30 years of experience in the health care, government enterprise and not-for-profit sectors, and he believes his success as a leader comes down to having an adaptive mindset. His style of leadership is about people: investing in teams and connecting employees to a meaningful purpose while inspiring people by engaging their hearts as well as their heads. George's experience includes CEO of Medibank Private, Chair of World Vision Australia and Chair of Macquarie University Hospital. He is currently Chair of SBS Australia and Next Science, and a board member of Insurance Australia Group and Ryman Healthcare. He was made a member of the Order of Australia for significant service to the community, charitable groups, and business in 2020.

"I want to help redefine leadership from a power, status and individual ambition stereotype to leadership that is about serving the mission and the organisation, its people and customers. That is how you unleash an organisation's full potential."

Mayrah Sonter

Master of Arts (Journalism), 2012; Bachelor of Communications, 2005

UTS Alumni Award for Excellence 2020 – Faculty of Arts and Social Sciences

Mayrah Sonter is a proud Wiradjuri woman who is passionate about creating more opportunities for Aboriginal and Torres Strait Islander voices in the media and in business. This desire to empower her people has driven her career as a communications specialist, events producer, journalist, and business director. Her support for the Indigenous business sector inspired her to become a co-director of 33 Creative, a co-founder of Indigenous Business and the host of 'The Real' Podcast. Mayrah is also Chair of the National Aboriginal and Islander Skills Development Association, a member of the NSW Aboriginal Housing Office Board, National Indigenous Culinary Institute and Commonwealth Bank Indigenous Advisory Council.

"I want to help get more Indigenous voices heard and more Indigenous stories told. The more we share our experiences and understand each other, the better the nation we will create for ourselves and the next generation."

Emma Watkins

Master of Media Arts Production, 2012

UTS Young Alumni Award 2020

Emma Watkins has become a household name as the first female member of Australia's iconic band, The Wiggles. Emma began performing with The Wiggles in 2010, and was the beloved Yellow Wiggle from 2012 until 2021. Emma is a charity ambassador who is committed to supporting young children in the Deaf Community and an ambassador for StorySign – an app that translates written text into sign language. She also regularly incorporated sign language into her performances to ensure more children can enjoy The Wiggles. She is collaborating with Deaf artists to direct and produce multidisciplinary film works. Emma is also a UNICEF Ambassador and the NSW Ambassador for Endometriosis Australia. She has been awarded two ARIA Awards for her work with The Wiggles.

“I would like to see a much more mindful approach to working with communities, rather than talking about them or tokenising them. I think we need to be aware of how everybody's experience is different, but also celebrate those differences – because there's so much we can learn from each other.”

Dominic Woolrych

Juris Doctor, 2012; Bachelor of Business, 2009

UTS Alumni Award for Excellence 2020 – Faculty of Law

Dominic Woolrych is the CEO of Lawpath, Australia's largest and fastest growing online legal platform. Lawpath enables legal practitioners to participate in the gig economy and has helped over 130,000 Australian businesses to access legal services more easily and affordably. Dominic is determined to utilise technology to make legal services, access to justice, and legal protection more accessible to Australians. He hopes that the prohibitive cost of legal services and the difficulties involved in connecting with a lawyer will soon be a thing of the past. Dominic is also a founding member of the Australian Legal Tech Association and an Adjunct Professor at the UTS Law School.

“The legal industry is ripe for disruption. As one of the last professional services industries to be considerably touched by technology, I hope that I can affect change in the legal industry through technology adoption.”

Associate Professor Leanne (Lulu) Zalapa

Bachelor of Nursing, 1993

UTS Alumni Award for Excellence 2020 – Faculty of Health

Associate Professor Leanne (Lulu) Zalapa is a health industry front-runner with extensive leadership experience in nursing and philanthropic services. As the CEO and Founder of the Prince of Wales Hospital Foundation, she raised over \$50 million for infrastructure, research, equipment, and patient care projects including the Nelune Comprehensive Cancer Centre and the Louisa Hope Fund for Nurses. She credits her approach of setting small goals which ultimately lead to big goals as the secret to her outstanding success as a fundraiser. Professor Zalapa has launched a range of high-profile charities, including Dry July and Dreams2Live4 and is an Adjunct Associate Professor in the UTS Faculty of Health.

“I would like to see more research and education in the area of public health. And a move towards virtual care through wearables and telehealth, making the home the centre for patient care.”

Madhavi Shankar

Master of Business Administration, 2015; Master of Engineering Management, 2014

UTS International Alumni Award 2020

Madhavi Shankar is an entrepreneur who is passionate about creating equal opportunities and employment for women. Following a stint as Asia-Pacific Product Manager for Vodlo, an Australian software development enterprise, she returned to India with a mission to create impact using technology in under-served sectors. She co-founded the app SpaceBasic, a platform to manage hostels and student housing communities in 2017. SpaceBasic has since grown rapidly and as CEO, Madhavi has pledged 1 per cent of the app's profits towards educating women. In 2019 she was named one of the Top 60 Women Transforming India by the Indian Government and the United Nations. She has presented several TEDx talks and was named in the Forbes 30 under 30 Asia in 2020.

“Solve a real problem, conduct thorough due diligence, and always validate your product with your customers and potential customers. Most importantly, trust your gut and don't give up!”

Chancellor's Award and List

One of the most important missions of universities is the creation and dissemination of knowledge, through research and publication. UTS endeavours to foster a climate conducive to research of the highest order. To this end, the Chancellor's Award has been established to be given to the person who submits the outstanding PhD thesis each year. This award was established by the late Emeritus Professor Peter Johnson, the University's Foundation Chancellor. Those placed on the Chancellor's List are recognised for their achievement.

2020 Chancellor's Award Winner

Dr Thanh Huong Nguyen

UTS Business School

The beginning of a journey of connection and lifelong learning

You've just taken a giant leap from life as a UTS student to your new beginning as a UTS graduate. Today you join a worldwide community of over 250,000 UTS alumni, connected to the thousands of UTS graduates who've come before you, and the many more who will graduate in the future.

During your years of learning and discovery at UTS you've achieved educational goals, formed enduring friendships and established valuable professional networks. Your UTS experience, whether it has been on-campus or online, will continue to shape the amazing person and professional that you become. We hope that the foundation you have built through your time at UTS will lead you on to a future of lifelong learning. Your time here, in so many ways, has been transformative.

We hope that you will carry UTS values with you as you engage deeply with the world around you. We are confident that you will shape our world for the better. Simply put, we believe in you.

Vast opportunities await you. As you leave your graduation ceremony, we hope you transition into the next chapter of your life feeling empowered to grow, explore and contribute to your local and international communities. You are becoming tomorrow's leaders, innovators and inspired global citizens.

At UTS, we would like to continue to engage with you, hear about your accomplishments and be a part of your life.

You have earned the title of UTS Alumnus and we hope that you will wear it proudly. Whatever stage in your career and no matter the distances you travel, you remain a lifetime member of UTS.

You are forever UTS.

ENGINEERING

Doctor of Philosophy

DOCTOR OF PHILOSOPHY

Maral Ansari

Thesis: Multi-beam Antenna Arrays for Base Stations in Cellular Communication Systems

Lisheng Chen

Thesis: Design of Millimeter-wave Transmitter in Silicon-based Technologies

Wenkui Dong

Thesis: Multifunctional Cement-based Sensors with Integrated Piezoresistivity and Hydrophobicity Toward Smart Infrastructure

Edisson Xavier Estrella Arcos

Thesis: Seismic Performance Factors for Wood Frame Buildings in Chile

Zeyu Ge

Thesis: Design of Miniaturized On-chip Passive Circuits in Silicon-based Technology for 5G Communications

Mina Ghanbarikarekani

Thesis: Optimising Traffic Operations at Signalised Intersections via Transit Signal Priority

Qiang Hao

Thesis: Novel Nanomaterials for Efficient Photocatalytic Ammonia Synthesis

Jefferson Hora

Thesis: CMOS Rectifier Design with Power Management for Indoor Light and RF Energy Harvesting Wireless Sensor Nodes

Minh Thang Le

Thesis: Characterisation of Expansive Soils Treated with Hydrated Lime, Bottom Ash and Bagasse Ash.

Anna Sofia Magdalena Lidfors Lindqvist

Thesis: Stability Control via In-wheel Motors of a Solar-electric Vehicle

Thi Kieu Loan Nguyen

Thesis: Environmental Impacts and Greenhouse Gas Emissions Life Cycle Assessment of Wastewater Treatment Plants

Patrick Rufangura

Thesis: A Fundamental Study of Epitaxial Graphene on Silicon Carbide on Silicon for Mid-Infrared Nanophotonics

Yuris Mulya Saputra

Thesis: Novel Architectures and Networking Solutions for Intelligent Mobile Edge Computing Networks

Atila SARIKAYA

Thesis: Residual Load Capacity and Modelling of Failure Mechanisms of Alkali-Silica Reaction Affected Concrete Structures

Lizhao Song

Thesis: Advanced Conformal Transmitarrays for 5G and Beyond Wireless Communications

Alka Vishwa

Thesis: Mediblock-A Privacy-aware Blockchain to Store Patient's Data and Effective Diagnosis Methods

Tien Thai Vu

Thesis: Energy Efficient and Low-latency Communications for Future Wireless Networks

JIE WEI

Thesis: Behaviour of Reinforced Ultra-High Performance Concrete Components Subjected to Low-velocity Impact Loading

Yanhao Zhang

Thesis: Aortic 3D Deformation Reconstruction
