

Hi Jessica,

We're thrilled to announce the launch of our [UTS Early Entry Program](#) and [UTS Early Entry Program - Edge](#) for 2023!

There are lots of ways into university, and early entry is one of them. Designed for students who have excelled in Year 11, our Early Entry Program recognises and rewards the hard work that students have put into their studies, while providing them with some certainty about their next steps after school.

Construction and Interior Architecture selection ranks

- Bachelor of Construction Project Management
- Bachelor of Design in Interior Architecture

The published minimum selection rank for these two courses for the 2022 intake was unusually high as a result of the introduction of the Early Entry Program and special provisions for COVID-impacted HSC cohorts. It is important to note that these were exceptional circumstances and the minimum selection ranks for the 2023 intake may vary significantly from 2022. The minimum selection ranks are reflective of the demand for that intake, and can differ year to year.
