Acknowledgement of Country

UTS acknowledges the Gadigal People of the Eora Nation and the Boorooberongal People of the Dharug Nation upon whose ancestral lands our campuses stand. We would also like to pay respect to the Elders both past and present, acknowledging them as the traditional custodians of knowledge for these lands.
Study in the heart of Sydney

Sydney is an exciting harbour city known world-over for its beautiful beaches, national parks, cultural diversity and relaxed suburbs.

The mild climate and relaxed attitude make Sydney an ideal place to enjoy the outdoors and celebrate cultural diversity.

WHERE WILL I STUDY?
The UTS campus is in the heart of Sydney, a five-minute walk from Central Station – Sydney’s main train and bus station. Our central location means you can easily access Sydney attractions, entertainment and essential services from our campus doorstep.

The university is located within Sydney’s digital creative industries precinct, close to major design, architecture, advertising, fashion and media businesses, and film and television broadcasters. More than 40 per cent of Australia’s creative and digital businesses are located in Sydney.

The highest density of technology start-ups in Australia is also based in the suburbs surrounding UTS, meaning you’ll have ready access to the thriving Sydney entrepreneurial community, and can join in through the UTS Hatchery.

The world is becoming one place. Argentinian YouTube movies are liked in Russia, people in Thailand know Justin Bieber’s songs by heart, while here in Australia, we watch Britain’s Got Talent!

To participate in the world nowadays, a good understanding of the English language is vital. At UTS we offer you the opportunity to develop your English language skills and learn about our beautiful country at the same time.

Choosing your subjects

As a study abroad or exchange student, you can choose from hundreds of subjects across a range of study areas. These three steps will help you select your subjects before you apply to UTS.

STEP 1. DOWNLOAD STUDY ABROAD AND EXCHANGE SUBJECT GUIDES
Download our Study Abroad and Exchange Subject Guides from our website. The guides highlight popular and recommended subjects we offer in:

- Arts & Social Sciences – Communication, Education, International Studies
- Business
- Design, Architecture & Building
- Electives - subjects open to all study backgrounds
- Engineering & Information Technology
- Health
- Law
- Science

You can download the Subject Guide for your study area here: uts.edu.au/study-abroad-subjects

For further subject information across all study areas at UTS, visit the UTS Handbook: handbook.uts.edu.au

STEP 2. CHOOSE SUBJECTS USING A SUBJECT CHECKLIST BEFORE APPLYING TO UTS
A full-time load for one teaching session is between 18 and 24 credit points (usually 3 or 4 subjects). When choosing your subjects, check:

- the credit point value for each subject
- whether the subject is available in the applicable calendar and teaching session: Autumn (March start) and/or Spring (July start).

Our handy Online Timetable Planner can help you with this: uts.edu.au/uts-timetable-planner

- whether there are pre-requisites or assumed knowledge. In some cases, if you have taken an equivalent subject in the past, you can apply for an exemption.

Not sure which subjects to choose? Download the Electives Subject Guide which lists subjects that are open to students from all disciplines and do not have prerequisites: uts.edu.au/study-abroad-subjects

STEP 3. SEEK APPROVAL FROM YOUR HOME UNIVERSITY BEFORE APPLYING TO UTS
Once you have selected your preferred UTS subjects, give your home university the subject outlines from the UTS Handbook. Once your home university’s academic adviser has approved your study plan, you can apply to UTS.

Note: Subjects with a practical component (such as in nursing and teacher education) are restricted. Applicant eligibility to enrol in these subjects will be assessed on an individual basis.

Note: Some environmental studies subjects include field trips, which may be offered outside the normal teaching periods and incur extra costs.

Pre-enrol before you arrive
Subjects approved by UTS are added to your session’s study plan. Once they have been added, you can enrol yourself into 18 to 24 credit points before you leave home.

CONTINUOUS ASSESSMENT – STUDY EXPECTATIONS
Information about coursework assessment is given to you online during Orientation. You will be required to commence your learning during the orientation period, before formal teaching begins.

Most UTS subjects are taught through a mix of lectures and tutorials, seminars or laboratory sessions. Some subjects will require students to undertake new flipped learning style activities, different from traditional lecture and tutorials. Visit our website to learn more about UTS’s award-winning teaching and learning style.

Assessment requirements may include major written assignments, active tutorial participation, practical work, projects, short tests, group work and group assignments, seminar presentations and a mid-session or final exam. In some subjects, the final exam may be worth 20 to 60 per cent of the final subject grade. Some subjects have no final exams.

Most subjects at UTS normally require a minimum study requirement of between 12 and 24 hours per week in order to pass.

CLASS SIZES
Class sizes vary depending on the popularity of a subject and the nature of teaching. Normally, subjects involving tutorial classes have 20 to 30 students in a classroom.

ACADEMIC YEAR
The academic year at UTS is divided into three teaching sessions:
- Autumn session (March to June)
- Spring session (July to November)
- Summer session (November to February – No admission for Study Abroad and Exchange students)

Each session has 15–16 compulsory teaching and learning weeks.

ACADEMIC TRANSCRIPTS
The academic transcript is a record of subjects studied, final grades and marks awarded. UTS issues transcripts at the end of each teaching session once the exam results have been finalised.

As an exchange student, you will receive your academic transcripts from UTS through your home institution. At the end of each teaching session, the exchange officer will send two academic transcripts to the international office at your home university.

As a study abroad student, one original transcript is sent to your home address or your authorised representative. Upon request, an official copy of the transcript can also be sent to your home institution for credit transfer processing. Your home institution will determine how credit will be transferred.

You can also request an academic record by completing the Online Statement of Academic Record application on My Student Admin (online). UTS will then prepare and mail your transcript for a fee.

STUDY ABROAD CERTIFICATES
Students who successfully complete the UTS Study Abroad program are issued a Certificate of Completion. This certificate is issued with your academic transcript from UTS.

  U:PASS is designed to assist students who are studying subjects that are perceived as difficult or that historically have a high failure rate. These small group sessions are run by UTS students who have already successfully completed the subject, and are informal, flexible and responsive to students’ abilities and needs.
“One UTS support service that has really helped me was UTS HELPS. When I started at UTS, I wasn't confident with my English and I was unsure how to write assignments. But HELPS really assisted me with this, I went there and they helped me to write formally. I took my assignments to them and they went through it with me, helping me to improve it. It was extremely helpful.”

“\nThe Hatchery gave me the opportunity to learn about innovation and entrepreneurship. My idea was to provide high quality education to people that live in remote areas in Australia. I worked with a group of people interested in education but with different objectives. I learnt a lot how to manage my time, motivate myself and how to prioritise.”

Feel at home

Secure a room at one of UTS Housing’s student residences or get information and assistance on a range of private accommodation options.

UTS-OWNED ACCOMMODATION
UTS students can choose from four residences, all of which are close to campus. Check them out on housing.uts.edu.au

All UTS residences have spacious communal and barbecue areas, study rooms, games and computer rooms. Yura Mudang also has a music room and Gumal Ngurang has a garden rooftop.

All UTS residences are self-catered, secure and competitively priced. All bedrooms are for one person (except twin shares), with shared kitchens, bathrooms and living areas. Apartments are fully furnished and rent includes gas, electricity, water, cabled internet in bedrooms and limited wireless internet access in communal areas.

You will need to provide your own bed linen and cooking equipment.

Fees are different for each residence. There are two non-refundable fees: A$40 application fee and A$120 acceptance fee (subject to change).

Due to the high volume of accommodation requests, UTS Housing has also sourced reserved beds for students with off-campus providers (Urbanest, Unilodge and iGlu).

For more information about UTS-owned students accommodations, visit: housing.uts.edu.au

RENTING PRIVATE ACCOMMODATION
If you are organising private accommodation, we recommend you arrange short-term accommodation in Sydney so you can view properties on your arrival and choose something that really suits your needs for the long-term. Visit UTS Housing’s off-campus accommodation website, to find share rooms in private houses and apartments around UTS: uts.studystays.com.au

Share accommodation means you usually have your own room and share a kitchen, living area and bathroom with other students or people who work. Alternatively, you may choose a studio or one-bedroom apartment to live in on your own, but this is more expensive.

All accommodation rentals should come with a residential or tenancy agreement. If you need any help or advice, please contact the UTS Housing Off-Campus Officer at housing.welfare@uts.edu.au or the UTS Student Legal Service at studentlegalservice@uts.edu.au who are here to help you.

I lived in Student Housing – Yura. Living here has been really helpful to get to know people. Student Housing put a lot of emphasis on meeting new people; this was helpful because it would have been a lot harder for me to meet people, especially in the weeks before class started.”

**ESTABLISHMENT COSTS**

You should expect to pay approximately A$5200 start-up or establishment costs for independent accommodation. Allow an additional A$1000 to $1500 for a computer and printer, if required. These costs include items such as a rental accommodation bond (four weeks’ rent), rent in advance, linen, furniture, telephone and internet connection, kitchenware, personal items and electricity connection, and must be budgeted for. With regards to UTS Housing, you will need to budget for the registration admin fee (A$40), the acceptance fee (A$120), the bond fee (equivalent of 4 weeks’ rent), two weeks rent in advance and any personal items you wish to purchase.
