Building professionals from day one

We believe in building professionals from day one and that's the reason why our Communication, Education and International Studies students and alumni are well-regarded and sought after in the industry.

You will gain access to a hands-on practical approach to learning and teaching, and the local and international internship and exchange opportunities as part of your time here at UTS.

Start designing your student life in the #utfasslane today.

Did you know?

PROFESSIONAL EXPERIENCE

88 Days

Education students undertake 88 days of professional teaching experience in primary or secondary schools as part of your degree. In your first year you will spend 23 days in a school.

80 Hours

All Communication students have the opportunity to undertake Professional Internship which exposes you to 80 hours of work with industry.

50 hours

All Global Studies students put their understanding of global issues into practice in the workplace either through a (minimum) 50-hour domestic internship or an international intensive internship.

EXCLUSIVE GLOBAL OPPORTUNITIES

14 Countries

International Studies students spend a year overseas in over 100 host university partnerships within 14 country destinations as your country major.

3-4 week Global Experience Program

Complete an **International Intensive Elective** in another country during Summer and have it counted as part of your degree. See page 46.

You can also go on Exchange for 6 months as a UTS student.

CAREERS

Start building your key employability skills through our UTS Careers programs and events. Access casual, professional, volunteer and paid opportunities through the UTS Careers portal.

UTS HATCHERY

Bring your great idea to life through this entrepreneurial hub and turn it into a global business.

STUDENT SOCIETIES

Make new friends and gain networking, communication and business skills through participation or organisation of events for students with our alumni, companies and industry partners through ActivateUTS.

STUDENT SUPPORT

Access Tutoring, Advocacy and Academic Support, Legal Service through our UTS Student Association and UTS HELP to assist you with your transition into university. You might also like to know that our Bluebird Brekkie Bar offers free breakfast on Tuesdays and Wednesdays too.

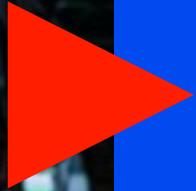

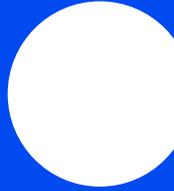

“The UTS Communication (Public Communication) degree provides students with a solid grounding for entering the professional public relations industry. Their students are critical thinkers, show initiative and are able to multitask. UTS students are a step above students in similar courses.”

ALICE COLLINS

Associate Director, Insight Communications

Communication

Find the course that's right for you

CAREERS

- Electronic music composer
- Sound designer
- Music producer
- Digital media artist
- Interactive media designer
- Digital music interface designer
- Communication specialist
- Installation artist/Sound sculptor

HERE'S WHAT IT'S ALL ABOUT

Love music? The Bachelor of Music and Sound Design is for musical technologists who love working behind the scenes. This unique degree combines music, sound and screen (film, TV, internet, games and online), giving you specialist expertise that will set you up to carve out a career in the contemporary sound industry.

You'll study under the guidance of seasoned industry experts – think sound designers, songwriters, producers and more – and you'll even have the chance to take up internships and other practical placements, which means you can start building your professional networks before you graduate.

WHAT'S IN IT FOR YOU?

- Pursue your passion and gain a qualification
- Focus on your own musical preferences and genres of interest
- Become an expert in current and emerging sound production technologies
- Pursue internships and network with industry professionals before you hit the real world
- Engage with key issues impacting the contemporary sound industry
- Honours year study is available to high achieving students

CORE SUBJECTS

- Audio Cultures
- Sound Project
- Singing and Vocality
- Audio and Music Production
- Composing with Sound
- Synthesis and Sound Design

Bachelor of Communication

With our Bachelor of Communication, you'll build the skills and expertise you need to pursue your dream career in Communications. You can tailor your degree by choosing to specialise in up to two majors with our unique course structure to suit your individual passions

CORE SUBJECTS

Our core subjects combine fundamental theory and practice that will set you up for success – you'll learn to critically examine key communication foundations and concepts, develop your digital literacy, and prepare yourself for the future of work.

The core subjects are:

- Citizenship and Communication
- Digital Literacies
- Communicating Difference

For subject descriptions, please visit handbook.uts.edu.au/comm

NOTE: Students in Year 1 of the Bachelor of Communication need to obtain a Grade Point Average (GPA) of at least 3.0 and successfully complete a minimum of 24 credit points to apply internally at UTS to continue with their second major choice.

CROSS-DISCIPLINARY ELECTIVES

Employers today are looking for graduates who are passionate, creative and can think laterally. Gain specialist knowledge that extends beyond the boundaries of the communication profession, so you'll have that something extra to offer.

For the most current list of Bachelor of Communication cross-disciplinary electives, visit handbook.uts.edu.au/comm

COMMUNICATION MAJORS

1st Major

There are six majors on offer in the Bachelor of Communication:

- Creative Writing
- Digital and Social Media
- Journalism
- Media Arts and Production
- Public Communication
- Social and Political Sciences

Majors are all about specialisation: this is where you build the niche skills and knowledge required to get ahead in your chosen profession. Choose your first major when you apply for the Bachelor of Communication through UAC. Read more about the majors on pages 14-21 of this guide.

2nd Major

Broaden your skill set and open up more job opportunities with another specialisation.

You'll need to have completed at least 24 credit points (typically 3 or 4 subjects) with a Grade Point Average (GPA) of at least 3.0 to be eligible to take on a second major. Otherwise you will only be allowed to complete elective subjects instead. Choose your second major from:

- Creative Writing
- Digital and Social Media
- Journalism
- Public Communication
- Social and Political Sciences

Note: Media Arts and Production is not available as a 2nd major.

CAREERS

- Editors
- Publishers
- Scriptwriters
- Literary agents
- Communication coordinators
- Copywriters
- Novelists
- Feature writers
- Publications officers
- Freelance writers

HERE'S WHAT IT'S ALL ABOUT

Give voice to the stories that are floating around in your head. With the Bachelor of Communication (Creative Writing) you can bring your book, screenplay, poetry collection, memoir or short stories to life.

This degree focuses on narrative, poetics, reading and literary theory, so you'll build the skills you need to understand the creative process, and the broader cultural context in which creative writing is produced and read. You'll also engage extensively with the creative process throughout your studies, which means you'll write as a way of developing your craft. Work across genres and narrative forms, become an independent practitioner, and build professional writing skills via workshops lectures and major writing projects.

WHAT'S IN IT FOR YOU?

- Gain practical and theoretical experience in contemporary creative writing
- Express yourself across short story, creative non-fiction, screenwriting, genre writing and poetry
- Our academics are award-winning published writers, so they know the industry inside and out
- Work across a range of genres and narrative forms, while simultaneously perfecting your skills in your chosen area of interest
- Considering Education? Use your degree as a pathway to a secondary teaching degree in English
- Honours year study is available to high achieving students

MAJOR SUBJECTS

- Fictional Forms
- Imagining the Real
- Narrative and Theory
- Genre Writing
- Writing Laboratory
- Creative Writing Project

AMY ROBSON

Major: Creative Writing

"I chose Writing at UTS because of the industry-based teaching. The wealth of knowledge in this faculty is beyond textbook.

I've already improved my writing immensely, and have found genres and styles that I work really well with."

Bachelor of Communication (Digital and Social Media)

2018 Selection Rank*:	75.20
With International Studies:	76.55
With Law:	96.95
With Creative Intelligence and Innovation:	88.10
Duration:	3 years full-time

RAYMOND PHAN

**Major: Digital and Social Media
Marketing and Publications Coordinator,
Sydney Festival**

“The industry is heading towards mass digitalization. This means more eyes on screens, and more dynamic user centered content. This major is the best thing you can do to stay on trend and employable. You will learn the communicative skills required for any comms role (as the nature of this degree), but this major will allow you to springboard into more niche specializations throughout your career.”

CAREERS

- Digital Content Producers
- Social Media Coordinators
- Communication Officers
- Digital Channels Strategists
- UX/UI Designer
- Policy officer

HERE'S WHAT IT'S ALL ABOUT

This specialised communication degree will prepare you the increasing demands of the digital world. Build imaginative, synthetic and analytical capabilities; grow your technical skills across a diverse range of platforms and environments; and prepare for leadership roles in the rapidly evolving industry of online content.

WHAT'S IN IT FOR YOU?

- Build practical skills that'll prepare you for action in complex collaborative digital environments, especially in social media contexts
- Learn how to communicate across a range of new media channels and platforms
- Respond to the challenge of continuous transformation in the digital environment with the emergence of new technologies
- Develop informed and critical understandings of the role of technology in contemporary social life
- Honours year study is available to high achieving students

MAJOR SUBJECTS

- Digital Communities
- Engagement, Participation, Gamification
- Digital Experience Design
- Code as Literacy, Commodity, Infrastructure
- Digital Publishing for Apps
- Digital Futures

*Selection Ranks: published ranks indicate the lowest ATAR, including any adjustments applied through eligible admissions schemes, to which an offer was made to current school leavers as of 12 January 2018. TYSON DONNELLY

Major: Media Arts and Production Senior Composer

“UTS gave me a wide range of skills, you don’t quite realise it at the time but it is training you to think differently and approach things from a non-conventional angle. The many group projects culminating with my major MAP project in my final year was a great way to get real world experience that has really helped me throughout my career.”

Since studying at UTS Tyson Donnelly has worked across films such as Star Wars, Avengers, Insurgent, The Hunger Games, XMen and Iron Man. Read more about his time as a Senior Composer at: uts.edu.au/future-students/communication

CAREERS

- Directors
- Editors
- Film producers
- Cinematographers
- Sound designers
- New media producers
- Production managers
- Scriptwriters
- Multimedia designers
- Radio producers
- Arts administrators
- Freelance media artists

HERE'S WHAT IT'S ALL ABOUT

Known for its hands-on approach, this degree will also give you a solid grounding in media and culture, so you’ll understand how your work fits into the broader media landscape.

Your skills will evolve through projects within the course, and you’ll be able to showcase your big ideas across film, video, new media and sound. At the end of the course, you’ll have a professional portfolio, a solid grounding in the use of industry equipment, and the ability to conceptualise, produce and deliver engaging stories across multiple genres, platforms and media.

WHAT'S IN IT FOR YOU?

- Our team is made up of highly accomplished academics and industry practitioners with extensive production experience
- Graduates are recognised by industry for their award-winning creativity and technical ability. Major accolades include the Academy Awards, Emmys, Tropfest, Cannes and more
- Become a specialist in specific technical areas such as editing, cinematography, sound or new media.
- Build a professional portfolio that showcases your achievements
- Work like an industry pro and produce high quality sound, video and animation projects
- Honours year study is available to high achieving students

MAJOR SUBJECTS

- Exploring Media Arts
- Fictions: Storytelling, Narrative and Drama
- Composing the Real

Professional recognition:	Public Relations Institute of Australia; International Advertising Association

CAREERS

- Communication strategists
- Public relations consultants
- Advertising executives
- Media liaison officers
- Event coordinators
- Publicity officers
- Political media advisers
- Advertising copywriters
- Community relations managers
- Marketing communication specialists

HERE'S WHAT IT'S ALL ABOUT

You'll explore communication across cultural, social and political contexts, and develop rock-solid skills across the breadth of the public communication sphere for your future career in public relations, advertising and more.

Think campaign design and production, copywriting, media liaison and writing, research and evaluation, and organisational communication management. The best thing is that you'll graduate with a professional portfolio to show prospective employers at your first interview.

WHAT'S IN IT FOR YOU?

The Public Communication major is accredited by the Public Relations Institute of Australia (PRIA). The International Advertising Association also provides a Diploma in Marketing Communications to students with an agreed pattern of subjects.

Our team is made up of highly accomplished academics and industry practitioners with extensive communication experience.

Respond to briefs from real clients and case studies and actively engage with industry throughout your degree with the opportunity to undertake internships and participate in industry competitions.

Honours year study is available to high achieving students.

MAJOR SUBJECTS

- The Ecology of Public Communication
- Integrated Communication

Students also choose from one of the following Streams:

- Public Relations Stream
- Advertising Stream

For the most current list of Bachelor of Communication (Public Communication) subjects, visit handbook.uts.edu.au/comm

VIVIENNE RONTZIOKOS

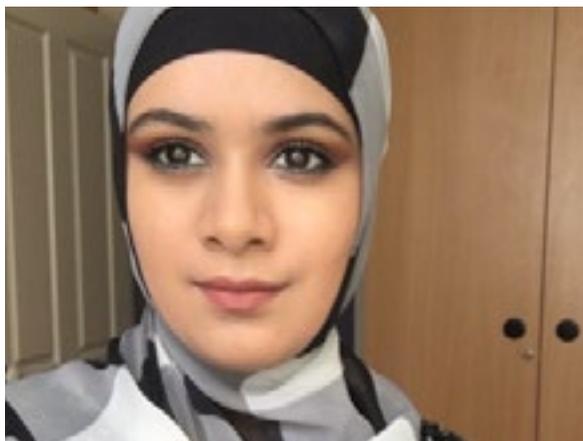

Major: Public Communication, combined with Bachelor of Arts in International Studies (France)

"I really think UTS has equipped me with the ability to not only see the big picture but to actually think outside the box in terms of things like problem solving and creative proposals.

The real world focus of the classes, lecturers and degree overall, has definitely meant that once in the workplace I have been able to hone skills I've already developed and draw on aspects of the degree in different ways."

Bachelor of Communication (Social and Political Sciences)

2018 Selection Rank*:	71.35
With International Studies:	74.60
With Law:	96.05
With Creative Intelligence and Innovation:	80.90
Duration:	3 years full-time
UAC code:	600013
Adjustment factors:	Not applicable
How to apply:	See page 54

AISHAH ALI
Major: Social and Political Sciences

"I was compelled to study Social and Political Sciences at UTS primarily because I wanted an avenue that not only maximized my critical thinking skills but also allowed me to delve into rich, nuanced content – which is exactly what I got!

UTS specifically has an incredible way of amalgamating practical and theoretical work that enhanced my understanding of concepts, I believe it is important to express content in a non-linear way in order to truly grasp knowledge effectively."

CAREERS

- Policy researchers
- Policy analysts
- Government program managers
- Media researchers
- Investigative reporters
- Advocacy, communications and campaign roles in environmental, human rights and overseas development organisations, and in trade unions
- Project managers in social services and welfare, including in women's, migrant and indigenous programs
- Social and political researchers

HERE'S WHAT IT'S ALL ABOUT

Ask the big questions with a social and political sciences degree that's a cut above the rest. This course offers a dynamic combination of social science analysis, communication studies and research skills that spans politics, cultural history, international studies, sociology and social policy.

You will undertake professional studies and hands-on social research which includes project work with an external organisation, offering you real-world experience in advocacy and policy communication.

WHAT'S IN IT FOR YOU?

Take up a professional placement with a community or non-government organisation. A special placement with New South Wales Parliament is also available.

Our team is made up of highly accomplished academics and industry practitioners who'll inject your theoretical learning with practical activities.

Engage with UTS-led community ventures, such as UTS Shopfront, and start driving meaningful social change long before you graduate.

Participate in a test case in a real-world organisation, such as a political party, religious institution or advocacy group, and see firsthand how these institutions promote ideas in society.

Honours year study is available to high achieving students.

MAJOR SUBJECTS

- Self and Society
- Politics, Ideologies & Beliefs
- Economy, Society & Globalisation
- Investigating for Change
- Intervening for Change
- Professional Pathways Project

*Selection Ranks: published ranks indicate the lowest ATAR, including any adjustments applied through eligible admissions schemes, to which an offer was made to current school leavers as of 12 January 2018. Please refer to the UTS website for more info on Selection Ranks, ATARs and student profiles.

Communication combined degrees

Take your career and personal ambitions one step further by combining your Communication degree with International Studies (see Page 38), Law or Creative Intelligence and Innovation.

Bachelor of Communication, Bachelor of Laws

5 years full-time

A dual qualification that lets you specialise in two professional areas. The combination of communication expertise with legal qualifications will give you skills that are highly sought after by a wide range of employers. Apply your legal know-how to professional roles across the media, communication and social science sectors, or use your communication skills as a launching pad for your legal career.

This course meets the academic requirements for admission as a lawyer in New South Wales, and you can complete Practical Legal Training (also on offer at UTS) if you're seeking full recognition as a graduate lawyer. Whichever direction you choose, this career will open doors to a wealth of opportunities both in Australia and beyond.

Bachelor of Communication, Bachelor of Creative Intelligence and Innovation (BCII)

4 years full-time

Trailblazer? Change-maker? Game-changer? Entrepreneur?

The BCII is all about critical and creative thinking, problem-solving, invention, complexity, innovation, future scenario building and entrepreneurship to give you a cutting-edge advantage in your future workplace.

You'll engage with authentic live industry, government and community challenges within the classroom and beyond. BCII students have previously worked on challenges to tackle the future of digital transactions and global payments for Visa; future smart cities with Accenture; alcohol fuelled violence in their city with the City of Sydney and other projects with Google, the Royal Australian Airforce, PwC, Commonwealth Bank, NSW Health, and SBS.

Coupled with the professional capabilities of the Bachelor of Communication (you can combine the BCII with any communication major), this course will give you leading-edge creative and collaborative skills that are much valued in the globalised world. Everything you need to future-proof your degree and stand out from the crowd!

For Communication and Music and Sound Design combined degrees with Bachelor of Arts in International Studies – please refer to Page 38.

Education

1st Year Professional Experience

You will have a placement at a School from your very first session as an Education student to be exposed to the classroom and school environment.

400+ NSW Schools

You will be placed in one of over 400 primary or secondary schools across NSW as part of your course.

88 Days

You will undertake 88 days of professional teaching experience in a primary or secondary school throughout your course.

Find the course that's right for you

EDUCATION: OVERVIEW OF THE COURSES OFFERED

Course	Course Description
Bachelor of Arts/ Bachelor of Education	<ul style="list-style-type: none"> - For students interested in a career in teaching primary or secondary schools - Start your first semester at a school observing a teacher at work. This begins your three-way partnership between you, the supervising teacher and your lecturer - Professional experience in every year of your study with at least 88 days of supervised teaching practice in schools over your degree - Most subjects delivered in blended mode incorporating our new classrooms and innovative online learning spaces - Recognised within Australia and globally

Duration: 4 years full-time

UAC code: 600038

Assumed knowledge: A minimum of three Band 5 HSC results, including one in English (excluding English as a Second Language ESL)

Adjustment factors: Not applicable

How to apply: See page 54

Professional recognition: NESAS, The New South Wales Education Standards Authority

HERE'S WHAT IT'S ALL ABOUT

Not all teaching degrees are equal. Our Bachelor of Arts, Bachelor of Education places hands-on learning at the forefront of your authentic learning experience, so you'll graduate ready to make a real difference in the lives of your students. Our course is centered around an extensive professional experience program in every year of the degree – this means that you'll be in the classroom in your first year.

We've integrated the study of new innovative teaching methods and the exploration of contemporary education issues into our course content to reflect the changing education landscape and the impacts of technology on learning. We've also combined face-to-face engagement in our purpose-built classrooms with online study so you can complete your tasks at your own time.

WHAT'S IN IT FOR YOU?

- Classroom readiness is key to this course – you'll do 88 days of supervised, school-based teaching practice in your degree
- Students majoring in primary education can specialise in English, Mathematics, Science and Technology and Creative Arts and enhance their employability

See page 38 for Combined degree options with Bachelor of Arts in International Studies

*Selection Ranks: published ranks indicate the lowest ATAR, including any adjustments applied through eligible admissions schemes, to which an offer was made to current school leavers as of 12 January 2018. Please refer to the UTS website for more info on Selection Ranks, ATARs and student profiles.

GETTING IN

You'll need to have completed an Australian Year 12 qualification, Australian Qualifications Framework Diploma, or equivalent Australian or overseas qualification at the required level. However, please note that meeting these requirements doesn't necessarily guarantee you an offer of a place. You will also need to complete a personal statement. To see what needs to be included in the personal statement: uts.edu.au/future-students/education/about-education/student-information/personal-statement

If you don't meet the minimum of three band 5 HSC results, including one in English, you may be able to gain entry into a pathway option. For more information, visit uts.edu.au/future-students/education/study-areas/teacher-education-undergraduate/admission-pathways

The Bachelor of Arts Bachelor of Education provides a teaching qualification in primary or secondary schools. It's recognised by the NSW Department of Education, Association of Independent Schools, Catholic Education Office, and is also accredited by the NSW Education Standards Authority (NESA), previously known as BOSTES. To gain employment as a teacher in NSW schools, graduates must meet the requirements of NESA, which include meeting requisite standards in literacy and numeracy. For more information, visit educationstandards.nsw.edu.au

Course structure

Education Core	Major Choice
<ul style="list-style-type: none"> - Beyond Culture: Diversity in Context - Learning and Development across the Lifespan - Issues in Education: Local and Global Contexts - Digital Learning Futures 	<ul style="list-style-type: none"> - Primary Education - Secondary Education <p>If you're studying the primary major, you can pursue a specialisation in either English, Mathematics, Science and Technology and Creative Arts. The specialisation means that you will have more in-depth knowledge of a subject area, and be valuable to a school as someone with specialist expertise.</p> <p>If you are studying the secondary major, you can tailor the degree to reflect your passions by adding a sub-major in your area of academic interest. Choose from Science, Technology, Engineering and Mathematics (STEM); or TESOL (Teaching English to Speakers of Other Languages).</p> <p>For the latest list of subjects and electives visit handbook.uts.edu.au/edu</p>

CAREERS IN EDUCATION

When you graduate, you'll be ready for a career in the classroom. Career options include primary teaching (kindergarten to year 6) or secondary teaching (years 7–12) in English, Mathematics, Science or Social Science (Business Studies & Economics). You can teach in a public or private school, in Australia or internationally where Australian teaching qualifications are recognised.

Alternatively, you can choose a broader career in education that calls on the highly transferrable skills – one-on-one tutoring, mentoring, facilitation of learning, training, and research and development – that you'll gain throughout your degree.

WORLD-CLASS FACILITIES

More than just a campus

We've invested heavily in our campus over the last five years, injecting \$1 billion-plus to create an interconnected, technology-driven campus of the future. The result? Award-winning facilities that support the latest innovations in teaching and learning. These purpose-built teacher education facilities include a visual arts room, music rooms and dance studio, modern science and teaching labs, collaborative theatres and hybrid learning environments.

Ross Milbourne Sports Hall

A purpose-built facility that supports a range of sporting endeavours. From a full-equipped gym to a dance studio and sports court, it's a hub for both athletes and social players. It's also a teaching space for primary education PDHPE subjects.

Bachelor of Arts/ Bachelor of Education

PROFESSIONAL EXPERIENCE PROGRAM

Complete 88 days of professional teaching placements in your course. You'll be able to see how your academic learning makes a difference in practice, and how your professional experience gives meaning to the academic knowledge you are learning.

The program is essentially a three-way partnership between you, your supervising teachers and your UTS lecturers. You'll develop as a teacher through a sequence of experiences that build on your earlier teaching and learning achievements, and that intersect with other aspects of your coursework. The program emphasises ongoing self-evaluation, which is an important part of effective teaching practice and being a lifelong learner. You'll gain the ability to diagnose, negotiate and act on a range of issues in the classroom and beyond.

The program is divided into two parts:

- Campus-based studies, where you'll investigate a range of pedagogical issues, skills and procedures that will contribute to your professional practice.
- Professional experience in schools, where you'll apply your skills in a real-world educational setting.

You can also apply to undertake an international professional experience program overseas in your third year of study.

ADRIAN EVANGELISTA
Secondary Education Major

"UTS offered immediate, integrated and continuous practical teaching experiences. In addition, being a technology university, I am able to take advantage of the technology available. The practical experiences are definitely a highlight. Within the first month of the degree, we were offered the opportunity to observe a classroom. This practical experience is built upon by the other subjects we complete and is a major aspect of our degree from beginning to end. These practical experiences allow us to put the theory in to practice and obtain immediate feedback."

International Studies

UTS FINANCIAL SUPPORT

For the BAIS, the University will help you get on your way by:

- Covering your tuition costs at the host university
- Booking and paying for your return flights from Sydney¹
- Paying visa fees
- Providing insurance²

Costs you will be liable for during your in-country study:

- Accommodation
- Living expenses
- Additional insurance cover² (if required)

¹ = Except in cases where a scholarship has been awarded to a student with provision for these costs

² = Students will be covered by the UTS Overseas Insurance Policy. Some host Universities require additional cover for which UTS is not financially liable.

International Intensive Electives

Grants are available for eligible students to assist with travel costs. Students can also obtain assistance through the Australian government's OS-HELP loan to assist with the cost of this elective.

More details can be found at internationalstudies.uts.edu.au/future

Bachelor of Arts in International Studies

14 Country majors

You have a choice of 14 country majors and 6 languages to help you prepare for your one year overseas studies in one of our 100+ partner institutions abroad within your BAIS course.

29 Combinations

You can combine a Bachelor of Arts in International Studies (BAIS) degree with 29 other courses offerings across UTS.

Bachelor of Global Studies

50 Hours

All Global Studies students put their understanding of global issues into practice in the workplace either through a (minimum) 50-hour domestic internship or an international intensive elective.

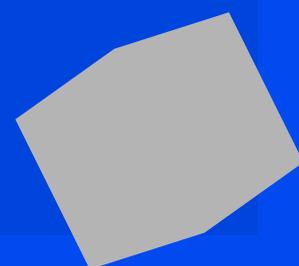

5 Majors

You'll choose one professional major from these five disciplines: Business, Communication, Health, Legal Studies or Management as part of your Bachelor of Global Studies.

International Intensive Electives

3 Weeks global experience

Our International Intensive Electives offer you a 3–4 week global experience in Asia, Europe or the Americas that help develop your skills for the future global workplace.

INTERNATIONAL STUDIES: OVERVIEW OF THE COURSES OFFERED

Course	Course Description
Bachelor of Arts in International Studies (BAIS)	<ul style="list-style-type: none"> – A combined degree (with 29 combinations across the UTS faculties) including an integrated study plan with an international, language and cultural studies focus – Adds a global dimension to your qualification – Includes a capstone experience to study and research overseas – Choice of 14 country majors (choice of 6 languages) building toward one year abroad studying in a partner university overseas – Academic support as you develop your understanding about contemporary societies throughout the program – Financial support from UTS for your year abroad – See below
Bachelor of Global Studies	<ul style="list-style-type: none"> – A 3 year highly flexible degree (6 years part-time) – Professional major in either Business, Communication, Health, Legal Studies or Management Studies – Focuses on the political, economic and cultural aspects of globalisation – Students gain work experience through a globally focused internship – Students have the option to study a language and/or go overseas on exchange
Diploma in Languages	<ul style="list-style-type: none"> – Learn another language and about its corresponding cultures – Choice of one of 6 languages (Chinese, French, German, Italian, Japanese, Spanish) – Language subjects are studied concurrently with your other degree (undergraduate and postgraduate) – Adds global perspective and intercultural skills to your professional UTS degree – Prepares students for globalised work opportunities – Overseas options available
International Intensive Electives	<ul style="list-style-type: none"> – 3–4 week global experience programs in an international location (Asia, Europe and the Americas) that develops students' skills in intercultural communication for the future global workplace – Includes workshops at UTS before and after the 3–4 week international program – Choice of three streams: language and culture; contemporary society; international internships – Available in the Summer and July session – Financial support offered – See section on the left
Academic English	<ul style="list-style-type: none"> – Academic English; Communication Fundamentals; + an elective for those who would like to develop their written and spoken academic communication skills

Bachelor of Arts in International Studies

2018 Selection Rank*:	See pages 56 & 57
Duration:	This degree usually adds 2 years to another degree
How to apply:	See page 54

HERE'S WHAT IT'S ALL ABOUT

This combined degree allows you to spend a year in another country and accrue course credit while you travel – as part of your study – and there are 29 different degree combinations to choose from.

You'll build professional skills from your core degree, as well as choosing from one of our international partner universities within 14 countries for the international component of your course. You'll study the language based on your choice of country where you'll develop your intercultural skills. There's no better way to prepare for the global workforce than to experience the world while you study.

WHAT'S IN IT FOR YOU?

- UTS's extensive international partnerships provide a unique opportunity for study and travel that's underpinned by extensive academic, logistic and cultural support
- Travel, study, live and learn
- Start making global connections
- Learn a new language and develop intercultural skills by immersing yourself within the culture
- When you set out on your year abroad, we'll supplement your finances: UTS pays your airfares and visa fees, so all you have to fund are your living and personal expenses. Take a look at page 36 for what's covered and what's not

SALLY HUNT

Bachelor of Laws, Bachelor of Arts in International Studies (Chile)

"Throwing myself in the deep end in Chile taught me a lot about what I am capable of. Living within a culture teaches you so much more than reading about it from the other side of the world. I became part of an international family that taught me about tolerance, interesting cultural differences, and about the remarkable uniform base of human understanding. The new perspectives gained through making cultural comparisons and gaining a global understanding are invaluable, and I know my experiences will be a significant part of who I am for the rest of my life."

VADIMS BRODSKIS

Bachelor of Science in IT, Bachelor of Arts in International Studies (Japan)

"My exchange year in Japan was amazing. I would recommend it to every student who comes (to UTS); if you can go overseas for exchange it will open up your horizons. I didn't really have much of an idea about other cultures aside from my own Latvian–Russian culture and Australia. Now I'm confident that if I go there again for work, for traveling or for study, I know what I need to do, I know how to get it done."

TRISTAN KLIFFEN
Bachelor of Education, Bachelor of Arts in International Studies (Germany)

“I chose this double degree at UTS as I am passionate about education and have a love for Europe. I loved the many great friends I made, the wonderful places I travelled to and the experience of living in a beautiful country. The entire year was full of adventure and excitement I could not have dreamt of in Australia. It truly has changed my life. It was really rewarding to see my language develop and progress through the year. I hope my degree will give me the opportunity to work in the education field with an international perspective.”

SUBJECTS

Language and Culture

Depending on your major, you'll study a Language and Culture program in Chinese, French, German, Italian, Japanese or Spanish. You will not only learn to speak another language but also develop an understanding of other cultures and societies.

There are a range of entry levels that cater for both students with prior knowledge and beginners.

Foundations in International Studies

This subject provides students with an introduction to international studies that locates students' particular place and identities in relation to contemporary local, national and international issues, positions and perspectives. The subject has a strong focus on transcultural and national comparisons. Key concepts covered include Indigenous knowledges, migration, empires, and nation-states, alongside case study discussions of languages, food, music, sport, and the environment.

Contemporary Society Studies

This subject provides you with an understanding of contemporary society in your chosen major. Topics include history, politics, and society and culture in national, continental and global contexts. You'll learn and develop critical skills that allow you to identify major contemporary issues that shape the present-day society of your Major.

In-Country Study

This is the key component of the Bachelor of Arts in International Studies, where you will spend two sessions of study overseas at a UTS partner institution.

In-Country study is designed to enable you to experience living and studying in the culture of your chosen country major, guided by the principles of intercultural immersion and reflection, as well as self-reliance.

You'll complete a major project, evidence of a deeper one-year involvement in that society.

Course structure

The following program of study is given as an example and may vary depending on the professional degree you choose.

Year 1	Year 2	Year 3	Year 4	Year 5(&6)
Start your degree	Combined study	Combined study	Study overseas	Final subjects
Professional degree subjects	Professional degree subjects	Professional degree subjects	In-country study 1&2	Professional degree subjects
	Language and Culture 1&2	Language and Culture 3&4		
	Foundations in International Studies	Contemporary Society

Please refer to the UTS website for more info on Selection Ranks, ATARs and student profiles.

Bachelor of Global Studies

2018 Selection Rank*:	69.25
Duration:	3 years full-time 6 years part-time
UAC code:	600048
Adjustment factors:	Applicable
For the following subjects:	Extension English, Geography, Society & Culture, Aboriginal Studies, various history subjects and languages other than English studied at the continuer's level or above. For further information, please consult the UAC guide
How to apply:	See page 54

HERE'S WHAT IT'S ALL ABOUT

The Bachelor of Global Studies is a versatile arts degree that's all about placing your knowledge – and your professional passions – in an international context. You'll explore the concept of globalisation through the study of politics, economics and culture, and engage in complex problem solving that responds to global challenges and events.

You'll also choose a major (Business, Management, Communications, Health or Legal Studies), build your expertise and pave the way towards your future career. All students undertake a domestic or international work placement as part of this degree – you can also pursue a session-long global exchange placement, short-term work and/or study placements overseas, or the study of another language to gain a truly global edge.

CAREERS

There's no single career path for a global studies graduate – this degree will prepare you for all kinds of professional environments where international knowledge and experience is key. Pursue careers in government, policy or in the not-for-profit sector, or build on the expertise of your professional major with discipline-specific roles in everything from small start-ups to multinational companies.

WHAT'S IN IT FOR YOU?

- Take a global approach to problem solving that integrates interdisciplinary perspectives, research and creative thinking.
- Complete a work placement in Sydney or overseas, and apply what you've learnt in a real-world setting.
- Study abroad by enrolling in a short-term international placement, or study a language and culture subject – and gain an international outlook that sets you apart.
- Choose an embedded major and build specialist skills in your chosen area of professional practice.
- Develop intercultural and transferrable skills – communication, team work and problem solving – that are highly sought after in a range of work environments.

Course structure

Core subjects 48CP	Majors 48CP	Sub-majors, exchange, electives 48CP
<ul style="list-style-type: none"> – Globalisation in Historical Perspective – Contemporary Global Economy – Cultures of Globalisation – Global Governance – Global Problem Solving – Global Work Project or International Internship 	<ul style="list-style-type: none"> – Business Studies – Communication – Health Studies – Legal Studies – Management Studies 	Choose from: International Studies, Specialist Country Studies or Language Other Than English Sub-Majors, Exchange or Electives

*Selection Ranks: published ranks indicate the lowest ATAR, including any adjustments applied through eligible admissions schemes, to which an offer was made to current school leavers as of 12 January 2018. Please refer to the UTS website for more info on Selection Ranks, ATARs and student profiles.

CORE SUBJECTS

Globalisation in Historical Perspective

This subject introduces students to the main concepts, topics and historical pivot points in the development of globalisation, understood as constituted by cultural, economic and political processes. Some of the key topics include: empires and the development of the nation-state system, mercantilism, the Industrial Revolution, and Fordism.

Contemporary Global Economy

A global approach to world economic activity focuses on how changing interrelations among states, firms and people – as innovators and policy makers – have produced new ideas, networks, and spaces of economic activity. This subject gives particular attention to transnational corporations and their ‘world brands’, service industries in the world and global cities, the feminisation of the workforce, the new international division of labour and issues of inequality.

Cultures of Globalisation

Cultures of Globalisation calls on students to explore the cultural processes, forms and implications of globalisation. Students use case studies to parse the ways that localised cultures, including Indigenous cultures, can be both enriched and threatened by processes of globalisation and will reflect on the role of global institutions and organisations in these processes.

Global Governance

Students work with interdisciplinary approaches to examine how pressing global issues, including climate change, transnational migration, economic inequality and the ‘new terrorism’ are managed and governed through intersections of regulatory regimes, multilateral institutions, non-governmental organisations, social movements and citizen actions.

Global Problem Solving

In this subject students tackle a real-world global problem for an external organisation. Learning is done in seminars where students focus on solutions to the problem in small groups, utilising approaches from their majors. At the end of the session students make written and oral presentations of their solutions to the external organisation.

International Internship

Students complete a three to four-week internship, practicum or entrepreneurship placement with an international organisation and participate in pre-departure and post-experience workshops. Through the experience of living and working abroad, the subject enhances students’ communication skills, understanding of another culture and society and intercultural awareness.

Global Work Project

Students undertake a substantial work placement (50 hours minimum) with an organisation in the Sydney area that allows them to better understand the effects of globalisation on the workplace and the work organisations do. Students independently research the global aspects of work in the organisation in which they are placed.

KATYA DOBINSON
Major: Legal Studies
Graduate Consultant

“The practical assignments and internship were also a major factor for my selection of the UTS Bachelor of Global Studies over other international studies degrees offered at other universities.

I enjoyed the practical assignments as they brought a ‘real-life’ element to the degree, which not only expanded my knowledge but also taught me practical skills that prepared me for the realities of the workforce.”

Bachelor of Global Studies

MAJORS

Business Studies major

- Accounting for Business Decisions A/B
- Managing People and Organisations
- Marketing Foundations
- Economics for Business
- Fundamentals of Business Finance
- Integrating Business Perspectives
- Business Statistics

Communication major

- Citizenship and Communication
- Digital Literacies
- Communicating Difference
- Ecology of Public Communication
- Intervening for Change
- Digital Communities

Legal Studies major

- Public International Law
- Introduction to Law

+ electives from subjects such as:

- International Environmental Law
- International Humanitarian Law
- Law of Slavery and Human Trafficking
- Refugee Law and Practice
- Asian Law and Legal Systems
- Indigenous Peoples and the Law
- European Union Law

Management Studies major

- Managing People & Organisations
- Global Operations and Supply Chain Management
- Understanding Organisations: Theory and Practice
- Management Skills
- Transnational Management
- Business and Organisational Strategy
- Business Ethics and Sustainability

+ one Management elective.

Health major

- Introduction to Public Health
- Principles of Primary Health Care
- Introduction to Health Care Systems
- Fundamentals of Epidemiology and Population Health

+ subjects such as:

- Global Human Rights and Health Equity
- The Environment, Health and Sustainability
- Health Project and Program Management and Evaluation

SUB MAJORS, EXCHANGE, ELECTIVES

Sub-majors

Language other than English

This sub-major enables students to develop communicative competence in a language other than English. Choose from Chinese, French, German, Italian, Japanese or Spanish.

Specialist Country Studies

This sub-major offers the opportunity to obtain an introduction to the language and culture of one of Australia's major international economic partners and to learn about the country itself.

Exchange

Students who wish to study overseas during this course can undertake a UTS exchange or study abroad placement that counts towards their degree, after their first year. Placements available in English-speaking countries and courses.

Electives

Students choose a range of electives to broaden or specialise their knowledge and skill set. Opportunities for short-term intensive electives overseas are available.

For greater detail on majors, sub-majors and electives, please consult the International Studies section in the UTS Handbook: handbook.uts.edu.au/intl

Diploma in Languages

This diploma is taken concurrently with your degree – to enrol, you need to be already studying an undergraduate degree at UTS. With this additional qualification, you'll open the door to your global future. Gain language and intercultural skills, build your professional identity, and graduate with a range of capabilities that'll prepare you for an international career.

2018 Selection Rank*:	Not applicable
Duration:	3 years part-time, concurrent study
UAC code:	600059
Delivery:	Face-to-face
How to apply:	See page 54

LANGUAGE OPTIONS

- Chinese
- French
- German
- Italian
- Japanese
- Spanish

SUBJECTS

Language and Culture

You'll study language and culture subjects, completing one subject a session over a total of six sessions. You'll build capabilities in listening, speaking, reading and writing – and you'll also explore the history, culture, politics and economics of your chosen region. When it comes to class allocation, you'll be grouped according to your level of proficiency. No previous language experience? No problem – we've got classes to suit all levels.

STUDY PATTERN

You'll study one Diploma in Languages subject per session in addition to your professional degree subjects. A standard UTS full-time session for undergraduates is 24cp; the Diploma will increase your load to 32cp per session. Overseas intensive study opportunities might also be available in your chosen language.

CAREERS

- Develop writing and speaking skills in at least one language other than English
- You'll gain an international perspective and a global world view
- You'll be ready to succeed in a range of international environments, and to embrace globalised work opportunities

ADMISSION REQUIREMENTS

If you're a current or commencing student at UTS, you can apply to study this Diploma. Note that you'll need to be already enrolled in a UTS degree before you can apply.

HOW TO APPLY

If you're a local student, you'll need to submit an application to UTS. Visit uts.edu.au/future-students/international-studies for more information.

Please note that this guide is not intended for international students. If you're an international student, please visit uts.edu.au/future-students/international for more information about applying to study at UTS.

*Selection Ranks: published ranks indicate the lowest ATAR, including any adjustments applied through eligible admissions schemes, to which an offer was made to current school leavers as of 12 January 2018. Please refer to the UTS website for more info on Selection Ranks, ATARs and student profiles.

Go Global with our International Intensive Electives

With an International Intensive Elective, you can take your degree overseas. Once you've completed at least 24 credit points (typically 3-4 subjects) of your degree, you can apply to spend 3-4 weeks undertaking an elective subject in another country. You'll learn about the world, its people, its languages and cultures, and you'll also give your degree qualification an international edge.

All International Intensive Electives are completed during the Summer or July session – so the travel won't interrupt the rest of your studies.

2018 Selection Rank*:	Not applicable
Duration:	3-4 weeks (over Summer or July session)
Location:	Various overseas destinations

WHAT CAN I STUDY?

There are three international elective subjects to choose from:

- International Internship
- In-country Contemporary Society Study
- In-country Language and Culture Study

You'll also attend pre- and post-experience workshops at UTS, joining a community of students who share your passion for travel. Each subject comes with a series of assessment tasks that will be graded by UTS International Studies academics once you return home.

ELECTIVES

International Internship

This subject provides students with opportunities to complete internships, social entrepreneurs or practicum programs in international locations that have previously included Cambodia, Costa Rica, India, Japan and Vietnam.

In-Country Contemporary Society Study

This subject develops understanding of specific aspects of a society or culture through a 3-4 week program delivered in-country and taught in English. International opportunities previously have included programs in China, Costa Rica, France, Germany, Japan and Peru.

In-Country Language and Culture Study

This subject provides students with the opportunity to enhance their communication skills in another language and also their intercultural awareness through an intensive short-term program at one of UTS' partner institutions worldwide. Programs in the past have been conducted in China, Germany, Italy, Mexico and Switzerland. Programs cater for a range of levels of language proficiency, from beginner to intermediate.

For more information and up to date in-country locations visit the UTS BUILD website at build.uts.edu.au

ADMISSION REQUIREMENTS

To be eligible for these subjects, you'll need to:

- Be an undergraduate student
- Have successfully completed at least 24 credit points (typically 3-4 subjects) in your professional degree
- Have electives available within your study plan

HOW TO APPLY

Before you apply, you'll need to choose one of the three international intensive electives on offer – visit the UTS BUILD website for more information at build.uts.edu.au. Next, you'll need to add your chosen elective to your study plan by submitting an e-request to mystudent.uts.edu.au

To find the most current information on application deadlines, financial assistance or contacts for further enquiries, please visit internationalstudies.uts.edu.au

Academic English Program

2018 Selection Rank*:	Not applicable
UAC code:	59720, 59721
Delivery:	Face-to-face

This program is all about developing your English skills for use in a university context. Whether you're an undergraduate or postgraduate student, this subject can help you build confidence when it comes to communicating academic ideas in written and spoken academic communication.

HERE'S WHAT IT'S ALL ABOUT

This subject explores academic English and how it differs from other communication styles. You'll study a range of written and spoken academic texts, and spend some time uncovering the hidden rules and tricks of the trade involved in using academic English successfully. You'll also spend a bit of time practising your academic English as it relates to your field of study.

STUDY PATTERN

The program involves studying one subject concurrently with your professional degree, offered in the Autumn, Spring and Summer sessions.

ASSESSMENT

You'll undertake three assessments in this subject:

- A reflective task on your personal experiences of academic communication
- An analysis of your own academic writing processes
- A choice of either a plan and rationale for a hypothetical seminar in your subject area, or an analysis of spoken interaction in the academic classroom

ADMISSION REQUIREMENTS

If you're a current undergraduate student at UTS, you can apply to study this program. Note that you'll need to be already enrolled in a UTS degree before you can apply – this is an elective subject, not a standalone degree, so it will become part of your existing course load.

HOW TO APPLY

Once you're enrolled in your UTS course, you'll sit the Online Post Enrolment English Language Assessment (OPELA) screening tool, which will measure your existing English proficiency. If you achieve a Band 1 OPELA result, you'll receive individual advice from UTS about enrolling in Academic English. If you receive a Band 2 result or higher, you'll need to submit an e-request to mystudent.uts.edu.au and attach evidence of an academic recommendation to study the subject.

*Selection Ranks: published ranks indicate the lowest ATAR, including any adjustments applied through eligible admissions schemes, to which an offer was made to current school leavers as of 12 January 2018. Please refer to the UTS website for more info on Selection Ranks, ATARs and student profiles.

The first university in Australia to offer International Studies as part of a combined degree

As a Bachelor of Arts in International Studies student you won't just be learning about the world from afar — you'll also spend the fourth year of your program studying overseas. Here's a taste of our students' experiences!

Diploma in Innovation

Some people watch the world go by. Others change it. Become a future-shaper with the Diploma in Innovation.

For the innovators, entrepreneurs, creative thinkers and digital disrupters among you, come face-to-face with open, complex and networked problems. Create value through problem-solving and enquiry by applying a systems thinking perspective. Bring it all together to develop imaginative and ethical initiatives.

Subjects include extensive studios on innovation and entrepreneurship, explorations of complexity and sustainability, and deep dives into concepts of frame innovation and futures thinking.

Interested? You can add the diploma to any UTS bachelor's degree (excluding the BTi or BCII). What's more, all your diploma subjects will be offered as winter and summer school intensives, so even though you're adding an extra qualification, you'll still graduate on time.

Fees, scholarships and financial assistance

TUITION FEES

Most local students will be studying in a Commonwealth Supported Place which means the Australian Government makes a contribution to the cost of your study while you pay a student contribution. If eligible, you can elect to pay your student contribution upfront or defer payment of your student contribution using HECS-HELP visit fees.uts.edu.au for more info.

For information on fees for international students visit uts.edu.au/international

Note: This guide is not intended for international students.

STUDENT SERVICES AND AMENITIES FEE

Students are required to pay a Student Services and Amenities Fee. This fee funds services and amenities at UTS such as social and cultural clubs, services for developing students' study skills. UTS food, beverage and retail outlets [including a 10% discount for students], and the second-hand bookstore. If you're an Australian citizen or on a humanitarian visa, this fee may be deferred through a new government loan scheme called SAHELP. fees.uts.edu.au

SCHOLARSHIPS

At UTS, we're all about rewarding effort – and supporting circumstance. That's why we offer more than 1,000 scholarships every year. If you're a high achiever, in financial need, an elite athlete, or if you're from a diverse background, a UTS scholarship can help take care of your finances, so you can focus on the important stuff. For information, visit uts.edu.au/future-students/scholarships

FINANCIAL ASSISTANCE

The UTS Financial Assistance Service can help students with practical and financial aspects of life at university. Local UTS students with ongoing and long-term low income can approach our financial assistance service for support with advocacy to Centrelink, information on HECS and FEE-HELP, loans and equity based scholarships and grants, and advice on budgeting. As a UTS student you may be eligible for an interest free student loan from UTS of up to \$500 to assist with bills, rent, one-off living expenses and other costs, such as medical costs. ssu.uts.edu.au/fassist

Applying to UTS

If you're thinking about coming to study with us at UTS, here are a few things you'll need to keep in mind:

ARE YOU A DOMESTIC STUDENT?

If you're applying for an undergraduate degree at UTS, you'll need to submit an online application through the Universities Admission Centre (UAC) uac.edu.au

For domestic students, UAC applications open in August each year. On-time applications close at the end of September. You can still apply after this date, but remember that you will be charged a late fee.

If you're an international student, this guide won't be much help! We recommend that you visit UTS International for information specific to international students applying to UTS international.uts.edu.au

ELIGIBILITY

To be eligible to study at UTS, you'll need to satisfy at least one of our minimum admission requirements. This means you must:

- have attained a full NSW HSC or equivalent ATAR of 69 (excluding adjustments), or
- have completed TAFE TPC, Associate Diploma, AQF Diploma or Advanced Diploma, or
- have completed one year of tertiary studies (must be full time)

Check out the UTS website for full admission requirements

uts.edu.au

CURRENT SCHOOL LEAVERS

If you're just finishing year 12, entry into an undergraduate program at UTS will be based on your Selection Rank*. If you're completing your IB in a country other than Australia, you may be required to demonstrate your English language proficiency.

NON-CURRENT SCHOOL LEAVERS

If you're not currently completing year 12, we'll consider your Selection Rank* or equivalent interstate rank, and any other tertiary studies you've done since you finished high school. In some cases, you might be eligible for credit recognition for those studies if they're related to the UTS course you're applying for. You can find out more about credit recognition by visiting uts.edu.au/future-students/credit-recognition

INDIGENOUS AUSTRALIANS

At UTS, we're committed to increasing access to education for Aboriginal and Torres Strait Islander Australians. And we've got great support systems in place to help you get here. These systems include: The Jumbunna Indigenous House of Learning which can provide you with specialised assistance with the UTS application process, or with getting into the Jumbunna Direct Entry Program or UNISTART pathway programs. These programs lead directly into undergraduate study at UTS, and they'll help you build skills and confidence. For more information, visit uts.edu.au/future-students/indigenous

ADMISSION SCHEMES

Need a boost to get into your chosen course? With a UTS entry admission scheme, you're more than just a number. These schemes let us consider your circumstances beyond your ATAR to increase your chances of success. Here's how:

Year 12 Subject Scheme

If you've just completed high school and you've performed well in HSC subjects that relate to your chosen UTS degree, you could be eligible for an adjustment of up to 5 points towards your Selection Rank*.

inpUTS Educational Access Scheme (EAS)

Educational disadvantage doesn't have to be the end of your uni dream – in fact, it can be the beginning. inpUTS is for current school leavers or students with existing tertiary qualifications who have experienced – or are experiencing – difficult family, personal or financial circumstances. If you are found to be eligible for inpUTS you will be considered for an offer at UTS if your Selection Rank* is up to 10 points below the lowest Selection Rank* to have received an offer and you have achieved a minimum Selection Rank* of 69 (80 for Law).

Schools Recommendation Scheme (SRS)

At UTS, we value potential. This scheme is for students who've got what it takes to succeed at uni, but might not receive an offer based on their Selection Rank* or inpUTS alone. To be considered, you'll have to demonstrate financial hardship or school environment (S01E or S01C), and achieve a minimum ATAR of 69 (80 for Law). You'll also have to submit both an EAS application for financial hardship and an SRS application via UAC.

Elite Athletes and Performers Scheme

Elite-level performance can impact your studies – which is why we've created a special admissions scheme for athletes and entertainers. If you've competed in sport at a national level, or you've been involved in extensive or significant productions in Australia or overseas, you will receive an adjustment of 5 points to your Selection Rank*.

For more information on UTS admission schemes, visit undergraduate.uts.edu.au/admissionschemes

ADMISSION PATHWAYS

Didn't get the Selection Rank* for the course you want? Can't find an admission scheme that helps get you across the line? Don't worry, you've got other options. Find out about admission pathways at undergraduate.uts.edu.au/pathways

*Your Selection Rank is your ATAR plus any adjustment points that you may qualify for through a UTS admission scheme.

IELTS (Academic)	6.0 overall with a writing score of 6.0
TOEFL iBT	60–78 overall with a writing score of 21
AE5/AE6 (PASS)	AE5
PTE (Academic)	50–57
CAE	169–175
