

Study Abroad and Exchange at UTS: Science

As a Study Abroad/Exchange student, you may design a program of subjects from more than one faculty at UTS (provided you enrol in 24 credit points of full-time study). Science subjects are 6 credit points each. Subjects offered in other faculties carry different credit point values. Be mindful of this when choosing your subjects.

Please note: This guide focuses on key study areas to locate our more popular Science subjects. In addition to the subjects in this guide, you can search for **all** subjects and majors using the [UTS Handbook](#).

When can I study?

Study Abroad and Exchange is available:

Period	Category
March – July	A: Autumn Session

Period	Category
July – November	S: Spring Session

Please note:

- In Australia, **Autumn Session** occurs in the first half of the year. **Spring Session** occurs in the second half of the year.
- If you apply for a subject with one or more prerequisites, you will need to demonstrate that you have the prior skills and knowledge necessary to undertake the subject.
- Some subjects are offered in both sessions (semesters), except where indicated **A** or **S**. Please check the timetable in case of a change.
- Subjects offered in **A:** Autumn Session or **S:** Spring Session may be subject to change.
- Undergraduate students are not permitted to study postgraduate subjects.
- Sessions include the examination weeks. Should you leave the country prior to attending and completing the assessments, you will not receive a grade/mark for your exam or quiz or any other assessments.

Further Details:

Key: (Information included: Subject Number, Subject Name, Level and Session offered)

- **L1** (Level 1) Usually undertaken in first year (similar to 100 level, introductory level)
- **L2** (Level 2) Usually undertaken in second year (similar to 200 level, prior knowledge is required)
- **L3** (Level 3) Usually undertaken in third year (similar to 300 level, advanced level)
- * the subject has one or more prerequisites

Undergraduate subjects

The subjects listed below are either introductory or require relatively little prior background. However, many more advanced subjects are available in all areas to students who are specialising in these areas in their home university.

Environmental Science Subjects

- Some of the Environmental subjects are taught primarily by major intensive field trips.
- # Offered as February intensive session attached to the UTS Autumn Session (interested students must email studyabroad.exchange@uts.edu.au prior to lodging their application)
- ## Offered in July intensive session attached to the UTS Spring Session (interested students must email studyabroad.exchange@uts.edu.au prior to lodging their application)
- \$ Additional Excursion Costs

Students interested in subjects marked # or ## must email studyabroad.exchange@uts.edu.au prior to lodging their application
