

Study Abroad and Exchange at UTS: Faculty of Health – Sport and Exercise Subjects

As a Study Abroad/Exchange student, you may design a program of subjects from more than one faculty at UTS (provided you enrol in 24 credit points of full-time study). Sport and Exercise subjects within the Faculty of Health are 6 credit points each. Subjects offered in other faculties may carry different credit point values. Be mindful of this when choosing your subjects.

Please note: This guide focuses on key study areas to locate our more popular Sport and Exercise subjects. In addition to the subjects in this guide, you can search for **all** subjects and majors using the [UTS Handbook](#).

When can I study?

Study Abroad and Exchange is available:

Period	Category
March – July	A: Autumn Session

Period	Category
July – November	S: Spring Session

Please note:

- In Australia, **Autumn Session** occurs in the first half of the year. **Spring Session** occurs in the second half of the year.
- If you apply for a subject with one or more prerequisites, you will need to demonstrate that you have the prior skills and knowledge necessary to undertake the subject.
- Most subjects are only offered in one session.
- Subjects offered in **A:** Autumn Session or **S:** Spring Session may be subject to change.
- Undergraduate students are not permitted to study postgraduate subjects.
- Sessions include the examination weeks. Should you leave the country prior to attending and completing the assessments, you will not receive a grade/mark for your exam or quiz or any other assessments.
- Practicums and internships in Sports & Exercise Science are not available.
- Moore Park precinct: Some Sport and Exercise Science and Management subjects are offered at the [UTS Moore Park precinct](#). The precinct is connected to the City Campus by a free shuttle bus during peak periods.
