

Study Abroad and Exchange at UTS: Education

As a Study Abroad/Exchange student, you may design a program of subjects from more than one faculty at UTS (provided you enrol in 24 credit points of full-time study). Education subjects are 6 credit points each. Subjects offered in other faculties may carry different credit point values. Be mindful of this when choosing your subjects.

Please note: This guide focuses on key study areas to locate our more popular Education subjects. In addition to the subjects in this guide, you can search for **all** subjects and majors using the [UTS Handbook](#).

When can I study?

Study Abroad and Exchange is available:

Period	Category
March – July	A: Autumn Session

Period	Category
July – November	S: Spring Session

The UTS Academic Year operates on two separate calendars, **Calendar A** and **Calendar B**. Most faculties offer all subjects within Calendar A only. The UTS School of Education offers subjects in both calendars. Study Abroad and Exchange Students must choose one calendar and select all their subjects within that one calendar. To decide which calendar to choose your subjects from, please see the two options below:

1. If you are not an Education student at your home University but you would like to take some subjects from the School of Education while at UTS, you may select subjects from [Calendar A](#) only.
2. If you are an Education Major Student at your home University, you must select all your UTS subjects from [Calendar B](#).
 - Calendar B Autumn Session 2019 (February – July)
 - Orientation begins Monday, 18 February 2019. The Session end date will be 29 June 2019 for Education Major Students (the same as all Exchange and Study Abroad students)
 - Calendar B Spring Session 2019 (July – December)
 - Orientation begins Monday 22 July 2019 (the same as all Exchange and Study Abroad students). The Session end date for Education Major Students will be 30 November 2019.

Please note:

- In Australia, **Autumn Session** occurs in the first half of the year. **Spring Session** occurs in the second half of the year.
- If you apply for a subject with one or more prerequisites, you will need to demonstrate that you have the prior skills and knowledge necessary to undertake the subject.

- Subjects within the School of Education are often only offered once a year. Please check the timetable in case of a change.
- Undergraduate students are not normally permitted to study postgraduate subjects.
- Sessions include the examination weeks. Should you leave the country prior to attending and completing the assessments, you will not receive a grade/mark for your exam or quiz or any other assessments.
