International Study Abroad and Exchange
I'm pleased to introduce you to UTS’s Study Abroad and Exchange programs. Our programs offer you a unique opportunity to experience everything UTS has to offer in one or two teaching sessions.

UTS’s vision is to be a leading public university of technology recognised for our global impact. We’re pleased to see that the excellence we strive towards is recognised worldwide. We’re ranked first in Australia and eleventh globally in the world’s top 50 young universities (QS Top 50 Under 50 2020), and in the top 95 universities worldwide (QS World University Rankings 2020).

As a young university, we dare to think differently. We believe that you’ll need to be adaptive and open-minded to succeed in our rapidly changing world – and we’ll prepare you for that. Our dynamic campus of the future, with its tech-driven, collaborative spaces, will inspire you to learn, while our teaching style places you at the centre of learning.

Our location in the heart of Sydney is also why more than 1000 study abroad and exchange students come to study at UTS each year. And not just for the beaches and Opera House. UTS is at the centre of Sydney’s creative and digital precinct, so you’ll have every opportunity to develop your entrepreneurial mindset.

As you read through this guide, you’ll find numerous other reasons why you should choose our world-class education in the heart of one of the world’s great global cities.

I look forward to seeing you on campus.

Deputy Vice-Chancellor
and Vice-President (International)
Study in the heart of Sydney

Sydney is an exciting harbour city known world-over for its beautiful beaches, national parks, cultural diversity and relaxed suburbs. The mild climate and laid-back attitude make Sydney an ideal place to enjoy the outdoors and celebrate cultural diversity.

Top 10 ‘must do’ things in Sydney

1. Catch the ferry with the locals to Manly for priceless views of Sydney Harbour.
2. Visit the iconic Sydney Opera House; see a performance if you can.
3. Walk the Coogee to Bondi Beach coastal track and cool off with a swim along the way (between the flags, of course!).
4. Take in the view from Taronga Park Zoo as you visit some of Australia’s unique native animals.
5. Walk across the Sydney Harbour Bridge and take in the breath-taking views of the city and harbour.
6. Catch a flick at one of the open air cinemas in summer. The cinema at Mrs Macquarie’s Point offers the Harbour Bridge as a backdrop.
7. Explore Sydney’s unique convict heritage in The Rocks, and walk round to Barangaroo Reserve, with its harbour lookouts and striking foreshore.
8. Enjoy the restaurants and incredible weekly fireworks displays at the Darling Harbour entertainment precinct. Better still, stay for New Year’s Eve fireworks if you can!
9. Go sport-mad like an Aussie! Catch a game of cricket, tennis, rugby league, Australian rules football (AFL) or even soccer, at one of our many sports grounds – pick a team and wear their colours.
10. Venture to the World Heritage listed Blue Mountains west of Sydney, or the beautiful Royal National Park (South) or Ku-ring-gai Chase National Park (North) for bushwalking and spectacular scenery.

Why UTS?

Imagine. One or two semesters of exceptional education in the heart of Sydney with great weather, beautiful beaches, and endless opportunities and adventure. Sounds good, right? Welcome to UTS!

Visiting research students program

At UTS, our research answers the big questions. Our growing reputation for future-focused research in emerging disciplines is focused on five theme areas:

- health
- data science
- sustainability
- future work and industry
- social futures

From questions of technological disruption to the future of health care, big data and new ways of working, we’re delivering real solutions to the challenges of today – and tomorrow. We’re collaborative too – we work closely with industry and academic partners across the globe to drive meaningful change in the world around us.

Our visiting research students program facilitates the sharing of knowledge. This would normally be for one teaching session, but you can come for up to four sessions (two years). Make sure you get approval from your home institution – where you are enrolled in your PhD or Masters by Research degree – so the sessions completed at UTS will contribute to your home degree.

Choosing your subjects

As a study abroad or exchange student, you can choose from hundreds of subjects across a range of study areas. These three steps will help you select your subjects before you apply to UTS.

STEP 1. DOWNLOAD STUDY ABROAD AND EXCHANGE SUBJECT GUIDES

Download our Study Abroad and Exchange Subject Guides from our website. The guides highlight popular and recommended subjects we offer in:

- Arts & Social Sciences
- Communication, Education, International Studies
- Business
- Design, Architecture & Building
- Electives - subjects open to all study backgrounds
- Engineering & Information Technology
- Health
- Law
- Science and Mathematics

You can download the Subject Guide for your study area here: uts.edu.au/study-abroad-subjects

For further subject information across all study areas at UTS, visit the UTS Handbook: handbook.uts.edu.au

STEP 2. CHOOSE SUBJECTS USING OUR SUBJECT CHECKLIST BEFORE APPLYING TO UTS

A full-time load for one teaching session is between 18 and 24 credit points (usually 3 or 4 subjects). When choosing your subjects, check:

- the credit point value for each subject
- whether the subject is available in the applicable calendar and teaching session
- Autumn (March start) and/or Spring (July start)

Our handy Online Timetable Planner can help you with this: uts.edu.au/uts-timetable-planner

- whether there are pre-requisites or assumed knowledge. In some cases, if you have taken an equivalent subject in the past, you can apply for an exemption.

Not sure which subjects to choose? Download the Electives Subject Guide which lists subjects that are open to students from all disciplines and do not have prerequisites: uts.edu.au/study-abroad-subjects

STEP 3. SEEK APPROVAL FROM YOUR HOME UNIVERSITY BEFORE APPLYING TO UTS

Once you have selected your preferred UTS subjects, give your home university the subject outlines from the UTS Handbook. Once your home university’s academic adviser has approved your study plan, you can apply to UTS.

Note: Subjects with a practical component (such as in nursing and teacher education) are restricted. Applicant eligibility to enrol in these subjects will be assessed on an individual basis. Most subjects at UTS are 6 credit points each, except for those offered by the Faculty of Arts and Social Sciences, which are 8 credit points.

CREDIT POINTS

The information below is a guide to the equivalent credit points from your home country to UTS credit points.

Note: Some courses award only a Pass or Fail grade. Autumn session results are released in mid-July, and Spring session results at the end of November or mid-December depending on your academic calendar.

CREDIT TRANSFER

Study abroad and exchange students must enrol in a full-time load at UTS. The full-time study load is 18–24 credit points per teaching session. Credit points apply to all subjects (except higher degree research programs) and represent a measure of the student’s workload by subject. Most subjects at UTS are 6 credit points each, except for those offered by the Faculty of Arts and Social Sciences, which are 8 credit points.

You will actually commence your studies in this week(s), so when classes start you are already prepared. It’s also an excellent way to meet staff and students from Australia and overseas.

Note: Orientation is a compulsory week(s) at the start of each teaching session. In Autumn session, for students following the main UTS calendar, Orientation runs for three weeks. In Spring session, Orientation runs for one week for all students.

UTS International offers a complimentary airport shuttle service from Sydney International Airport to either UTS or a convenient CBD location to new international and study abroad and exchange students who arrive in the two weeks before Orientation begins.

 thwart the assignment and the help I received was UTS HELPS. When I started at UTS, I wasn’t confident with my English and I was unsure how to write assignments. But HELPS really assisted me with this, I went there and they helped me to write formally. I took my assignments to them and they went through it with me, helping me to improve it. It was extremely helpful.”

Feel at home

Secure a room at one of UTS Housing’s student residences or get information and assistance on a range of private accommodation options.

UTS-OWNED ACCOMMODATION

UTS students can choose from four residences, all of which are close to campus. Check them out on housing.uts.edu.au

All UTS residences have spacious communal and barbecue areas, study rooms, games and computer rooms. Yura Mudang also has a music room and Gumal Ngunjari has a garden rooftop.

All UTS residences are self-catered, secure and competitively priced. Most bedrooms are for one person (except twin shares), with shared kitchens, bathrooms and living areas. Apartments are fully furnished and rent includes gas, electricity, water, cabled internet in bedrooms and limited wireless internet access in communal areas.

You will need to provide your own bed linen and cooking equipment.

Due to the high volume of accommodation requests, UTS Housing has also sourced reserved beds for students with off-campus providers (Urbanest, Unilodge and Iglu).

For more information about UTS-owned student accommodations, visit: housing.uts.edu.au

RENTING PRIVATE ACCOMMODATION

If you are organising private accommodation, we recommend you arrange short-term accommodation in Sydney so you can view properties on your arrival and choose something that really suits your needs for the long-term. Visit UTS Housing’s off-campus accommodation website, to find share rooms in private houses and apartments around UTS: uts.studytrays.com.au

Share accommodation means you usually have your own room and share a kitchen, living area and bathroom with other students or people who work. Alternatively, you may choose a studio or one-bedroom apartment to live in on your own, but this is more expensive.

All accommodation rentals should come with a residential or tenancy agreement. If you need any help or advice, please contact the UTS Housing Office at housing.welfare@uts.edu.au or the UTS Student Legal Service at studentlegalservice@uts.edu.au who are here to help you.
