Faculty snapshot
5117 total students
4210 undergraduate, enabling and non-award students
797 postgraduate coursework

UTS at a glance (2019)
46,159 students
15,450 international students
33,752 undergraduate, enabling and non-award students
10,208 postgraduate coursework
2199 higher degree research students
4174 full-time equivalent staff

UTS student diversity
49% female students
51% male students
71% are 25 or older
49% also speak a language other than English

Please note the above numbers are approximate as of November 2019.

Connect with us

Acknowledgement of Country

UTS acknowledges the Gadigal People of the Eora Nation and the Boorooberongal People of the Dharug Nation upon whose ancestral lands our campuses stand. We would also like to pay respect to the Elders both past and present, acknowledging them as the traditional custodians of knowledge for these Lands.
Why design, architecture and building at UTS?

Our students are creative and critical thinkers, connected with the best the world has to offer. At UTS, you'll learn how to develop smart solutions that respond to the world’s social, cultural and economic challenges.

SHAPE TOMORROW
When you study with us, you’ll develop the creativity and critical thinking needed to build a better world, no matter which path you choose.

LEARN WITH LEADERS
Learn from inspiring experts who are actively engaged in leading industry projects. Our lecturers don’t just lecture — they also design international airports, manage complex construction sites and help create green spaces in major cities.

CONNECTIONS THAT COUNT
They say it’s who you know that counts, and we’ve got connections with the people who matter. Our industry partnerships can open the door to professional experience with leading industry players — think Animal Logic, Google, Westpac and Westfield.

WORK THE WAY INDUSTRY WANTS
Design is a collaborative discipline, so we’ll get you working like a professional from early in your degree. Engage with interdisciplinary projects, use design thinking to solve problems, and engage with people across a wide range of professions — just like you will in your future career.

THE WHOLE WORLD AT YOUR FEET
It’s a big world out there — make the most of it. We’ll connect you with global organisations, such as Gehry Partners and Bauhaus Dessau, so you can start building your professional networks long before graduation.

GRADUATE ON TOP
To get that all-important first job, you’ll need to stand out from the crowd. Fill your CV with real-world project experience, spectacular internships, a great portfolio or industry references. At UTS, we’ll give you access to all the opportunities you need.
Some of our recent award winners
As a UTS Design, Architecture and Building student, you won’t just see the world — you’ll be shaped by it, too.

Design, construction and property are global industries — and at DAB, our degrees are global too. When you study with us, you’ll come face-to-face with the people, projects and places that define the world’s most iconic cities.

Throughout your studies, you’ll be guided by leading academics with strong international connections, and benefit from the faculty’s extensive global partnerships.

Our Global Studio program is a living example of our commitment to an internationalised curriculum. See real projects in action, interact with the experts who create the spaces we live in, and gain a truly international perspective on your chosen profession. The Global Studio program is a key component of all DAB courses — so no matter what you study, you’ll be taking what you learn out into the world.

Here are just some of the destinations our global studios will cover in 2021:

- New Zealand
- Japan
- Fiji
- United States
- Indonesia
- Korea
- China
- Vietnam
- Hong Kong
- West Timor
- India
- Malaysia
- Singapore
- Italy
- France
- Greece
- Scandinavia
- Germany
- Ireland

Lessons from a wider world
A UTS Design degree is more than just a piece of paper. It’s a commitment to understanding design as a source for change in how we live and work.

AMONG THE GLOBAL ELITE
Our school is home to four outstanding degrees that span the breadth of the design disciplines. We’re the leading art and design school in NSW — and number 23 internationally* — so when you study with us, you’ll be getting a qualification that’s among the best in the world. What’s more, you’ll work under the guidance of our expert design academics, researchers and practitioners, engaging with complex design processes that mirror professional industry practices.

*2019 QS World University Rankings by subject (Art and Design)

DESIGN BEYOND THE CLASSROOM
World-leading design happens both in the classroom and beyond. In the School of Design, you’ll benefit from purpose-built learning environments and the opportunity to engage with interdisciplinary practice, a wealth of industry projects, and international competitions where you can benchmark your skills against your global peers.

A HANDS-ON COMMUNITY
Hands-on learning is key to the UTS Design experience. Study a curriculum that integrates research and practice-oriented learning, and build comprehensive theoretical and practical expertise in your area of interest. You’ll develop a broad and agile skillset as well as the ability to work collaboratively both within and across disciplines. Plus you’ll do it all as part of a vibrant cohort of students who share your passion for all things design.

Eloise Cleary
Bachelor of Design in Product Design

“UTS creates opportunities for students to create high-calibre works though international studios, industry involvement and projects, high-end workshop facilities and guidance from experienced academics.

Product design has given me a holistic approach to solving design problems. I felt very welcomed in the UTS community and I was particularly intrigued by the fabrication workshop, which caters for soft modelling, wood working, metal manipulation and more.”
Bachelor of Design in Animation

CHARACTER. PERFORMANCE. STORY.
Tell stories via the moving image with a leading animation degree. This course combines visual arts and storytelling with fundamental 2D and 3D animation skills that will bring your ideas to life. It takes a studio-led approach that emphasises teamwork and creative collaboration as key to a successful animation career.

You’ll learn how to observe the world, drawing directly from life to gain inspiration for characters and stories, and discover how to progress your ideas through multiple stages — think character development, narrative and performance. The result? You’ll be ready to deliver standout original content for TV, film, advertising and other media.

2020 Selection rank*
With International Studies: 99.20
With Creative Intelligence and Innovation: 97.55

Duration: 3 years (full-time) with an optional Honours year
4 years (full-time) when combined with Creative Intelligence and Innovation
5 years (full-time) when combined with the Bachelor of International Studies

UAC Code: 602035

Further study options: Honours or Masters (research or coursework), Doctor of Philosophy

Recommended year 12 studies:
Visual Arts, Design and Technology, Music, Mathematics, Software Design and Development

Course Structure: uts.edu.au/course/C10273

*Selection rank: published ranks indicate the lowest selection rank (ATAR plus any adjustment points applied through eligible admission schemes) to which an offer was made to a domestic Current School Leaver (Year 12) in the Autumn 2020 intake (for December Round 2 and January Round 1).
Bachelor of Design in Fashion and Textiles

2020 Selection rank*:
With International Studies: 97.65
With Creative Intelligence and Innovation: 98.50

Duration:
3 years (full-time) with an optional Honours year
4 years (full-time) when combined with Creative Intelligence and Innovation
5 years (full-time) when combined with the Bachelor of International Studies

UAC Code: 602040

Further study options: Honours or Masters (research or coursework), Doctor of Philosophy

Recommended year 12 studies:
Visual Arts, Design and Technology, Textiles and Design, Music

Course Structure:
uts.edu.au/course/C10306

AUSTRALIA’S LEADING FASHION AND TEXTILES DEGREE
The Bachelor of Design in Fashion and Textiles is an internationally-regarded degree, which is ranked #1 in Australia and #13 in the world*.
It will equip you with the conceptual knowledge and hands-on garment-making skills required for a lasting career in the fashion industry.

Course content is built on innovation, experimentation and individual expression. You’ll study under the supervision of knowledgeable staff and industry professionals in purpose-designed fashion and textile studios, and be pushed to develop, articulate and sell your creations to industry.

CHANGE THE WORLD WITH PRODUCT DESIGN
As a Bachelor of Product Design student, you’ll gain the skills needed for twenty-first century design. Learn how to tackle complex problems, explore creative solutions, and develop realistic outcomes that will make a mark on the world we live in.

You'll design, prototype and test design solutions, drawing on cutting-edge technologies and approaches, such as UX (user experience), wearables and electronics, and gain hands-on experience in our digital and fabrication workshops while you do it.

INDUSTRY CONNECTIONS

*Selection rank: published ranks indicate the lowest selection rank (ATAR plus any adjustment points applied through eligible admission schemes) to which an offer was made to a domestic Current School Leaver (Year 12) in the Autumn 2020 intake (for December Round 2 and January Round 1).
Bachelor of Design in Visual Communication

A DEEPER ENGAGEMENT
Learn how to create visual experiences that evoke information, ideas and stories. You’ll engage with the social, technological and ecological context of design practice, and become fluent in visual languages that includes mixed reality, creative code, typography, motion graphics, web media, photography, image making, AI and machine learning.

Immerse yourself in a practice-oriented, studio-based culture with a strong theoretical foundation, studying a range of interdisciplinary subjects that’ll prepare you for collaborative and team-based work in your future career.

5 years (full-time) when combined with the Bachelor of International Studies
UAC Code: 602070
Further study options: Honours or Masters (research or coursework), Doctor of Philosophy

Recommended year 12 studies: Visual Arts, Design and Technology, Music, Mathematics, Software Design and Development
Course Structure: uts.edu.au/course/C10308

*Selection rank: published ranks indicate the lowest selection rank (ATAR plus any adjustment points applied through eligible admission schemes) to which an offer was made to a domestic Current School Leaver (Year 12) in the Autumn 2020 intake (for December Round 2 and January Round 1).
At the UTS School of Architecture, we see architecture, landscape architecture and interior architecture as powerful tools to transform our cities and societies in order to address the complex problems climate change presents us. We’re designers, strategic thinkers, globally focused and rigorous in our conceptual approach – and we’re committed to improving the physical and social environments in which we live.

SHAPE THE CONVERSATION
As a school, we’re vibrant, dynamic and creative, always innovative in our perspectives on both the future and the past. Integrated into the multidisciplinary culture of DAB, our ideas are shaped by the conversations we share with our neighbouring design disciplines. Above all, we’re committed to advancing the built environment through teaching and research by looking beyond accepted structures, processes and boundaries.

LEARN FROM THE BEST
When you study with us, you’ll be challenged to work collaboratively across and between related disciplines, from engineering to visual arts and filmmaking. You’ll study alongside internationally acclaimed academic and professional leaders, working in studios, workshops, computer labs and digital maker spaces that house the latest tools and technologies of the trade.

GLOBAL EXPOSURE = GLOBAL VISION
Architecture, interior architecture and landscape architecture are global professions, and our degrees have a distinctly global focus. Our studio subjects will take you to some of the world’s great cities, giving you a thorough understanding of international best practice — so when you hit the ground after graduation, you’ll be ready to run.

Thomas Trudeau
Bachelor of Design in Architecture
Master of Architecture

“UTS is a university that prides itself on urban speculation, on real future thinking, and I wanted something that would help me build a complementary skillset.

I liked their speculative approach, I liked their attitude to technology, and they seemed to bring both together in a university environment.”
Bachelor of Design in Architecture

2020 Selection rank*: 91.45
With Creative Intelligence and Innovation: 91.80
Duration: 3 years (full-time) part-time study available
4 years (full-time) when combined with Creative Intelligence and Innovation
The Master of Architecture is a further 2 years full-time

UAC Code: 602010
Further study options: Master of Architecture, Master of Design, Master of Project Management, Master of Property Development

Recommended year 12 studies:
Design and Technology, Visual Arts, Science, History, Mathematics

Course Structure:
uts.edu.au/course/C10004

*Selection rank: published ranks indicate the lowest selection rank (ATAR plus any adjustment points applied through eligible admission schemes) to which an offer was made to a domestic Current School Leaver (Year 12) in the Autumn 2020 intake (for December Round 2 and January Round 1).

SHAPING CITIES, SHAPING SOCIETY
Reimagine the spatial, cultural and technological dimensions of the cities we live in, and learn to think through the process of design itself. Through intensive studio-based design tutorials, we’ll support you to build advanced spatial and material awareness and an understanding of what it means to be an architect in an increasingly complex and globalised world.

You’ll gain the digital and physical skills required to translate thought into form, and the critical and conceptual skills to argue for the forms you propose. What’s more, you’ll be guided by some of the best in the business, with masterclasses, workshops and international guest lectures from leading voices in contemporary architecture.

DIVERSIFY YOUR EXPERTISE
Build specialist knowledge in more than one area. The Bachelor of Construction Project Management and the Bachelor of Property Economics share three core subjects, which means you’ll gain an insight into the inner workings of another discipline beyond your own degree. As well as improving your employability across more than one industry, you could also receive advanced standing towards a master’s degree in Project Management or Property Development.

BECOME A GRADUATE
SUCCESS STORY
Stand out from the crowd with a qualification that’s highly sought after by industry, thanks to our commitment to hands-on practice and real-world professional experience. Our Construction Project Management grads enjoy employability rates and starting salaries that are among the best in the country, while many of our Property Economics students are already working in industry by the time they finish their studies.

GET THE NOD FROM INDUSTRY
Our close industry connections inform all our course content, so everything you study will be relevant to your future career. What’s more, our Property Economics and Construction Project Management courses are accredited by major professional associations, ensuring your degree will be recognised both in Australia and around the world.

Maddison King
Bachelor of Construction Project Management with International Studies
Diploma of Innovation

“UTS has many industry connections with construction companies, and it was through these connections that I was able to secure a position at Mirvac where I am currently a cadet. It’s a very practical course, which is something that I absolutely love. It’s very hands on. We get to go out onto site for some of our assignments. So far, I’ve travelled to Cambodia to build a house, to Nepal to build a new farming product, and to China.”
Bachelor of Construction Project Management

2020 Selection rank*: 90.45
With International Studies: 91.45*

Duration: 4 years (full-time) part-time study available
6 years (full-time) when combined with the Bachelor of International Studies

UAC Code: 602025

Further study options: Master of Property Development, Master of Project Management, Master of Planning, Master of Real Estate Investment

Recommended year 12 studies: Mathematics, English, Economics, Business Studies, Design and Technology, Engineering Studies

Course Structure: uts.edu.au/course/C10214

*Selection rank: published ranks indicate the lowest selection rank (ATAR plus any adjustment points applied through eligible admission schemes) to which an offer was made to a domestic Current School Leaver (Year 12) in the Autumn 2020 intake (for December Round 2 and January Round 1).

MANAGEMENT. TECHNOLOGY. PROCESS.
When you choose the Bachelor of Construction Project Management, you’ll be choosing one of Australia’s most highly regarded specialist degrees – and preparing for graduate employment and salary outcomes that are among the highest in the country. This course is built on the key pillars of management, technology and process, preparing you for a career that spans the breadth of the construction industry. You’ll explore digital technologies as they relate to construction, learn a range of project management methodologies, and gain an in-depth understanding of the trends and tools that will shape the industry of tomorrow.

Theory is one thing, but applying your newfound knowledge is a critical component of the learning process. That’s why industry experience sits at the foundation of this course — you’ll engage with real-world projects and undertake industry experience during the course, including paid employment and cadetships, with leading construction organisations.

PROFESSIONAL RECOGNITION
This degree is accredited by leading professional organisations, including the Australian Institute of Building, the Australian Institute of Quantity Surveyors, the Project Management Institute, Australian Institute of Project Management, and the Royal Institution of Chartered Surveyors, so you’ll graduate with a qualification that’s recognised by industry in Australia and beyond.

CAREERS
- Construction manager

- Project manager
- Property developer
- Quantity surveyor
- Site manager
Bachelor of Property Economics

JOIN THE GLOBAL PROPERTY SECTOR

Combine your interests in business, economics and property with a degree that will prepare you for the global property industry. With the Bachelor of Property Economics, you’ll gain specialist skills in property valuation, market analysis, investment and development, and a fundamental understanding of economics, law and finance as they relate to the property sector both in Australia and overseas.

You’ll graduate with broad expertise that can be applied across a wide range of career paths and sectors, as well as established professional networks that could lead to a career breakthrough. Our students are actively recruited by property industry organisations — in fact, most of our students are working in industry by their third year of study.

PROFESSIONAL RECOGNITION

This degree is recognised by the Australian Property Institute and the Royal Institution of Chartered Surveyors. As a graduate, you’ll also meet the educational requirements for registration as a valuer.

CAREERS

2020 Selection rank*: 80.00
With International Studies: 80.95
Duration: 3 years (full-time) with an optional Honours year
UAC Code: 602033
Further study options: Honours, Master of Property Development, Master of Project Management, Master of Planning, Master of Real Estate Investment, Doctor of Philosophy

Recommended year 12 studies: Mathematics, English, Economics, Business Studies
Course Structure: uts.edu.au/course/C10310

*Selection rank: published ranks indicate the lowest selection rank (ATAR plus any adjustment points applied through eligible admission schemes) to which an offer was made to a domestic Current School Leaver (Year 12) in the Autumn 2020 intake (for December Round 2 and January Round 1).
Combined Degrees

Bachelor of Creative Intelligence and Innovation

2020 Selection rank*: Refer to each course
Duration: This degree usually adds 1 year to the core degree

WHY CHOOSE THIS COURSE?
The BCII is all about building conceptual thinking and creative problem-solving skills based on global and transdisciplinary perspectives. When you add the BCII to your DAB degree, you’ll gain leading-edge capabilities that are highly valued in the globalised world, including dealing with critical and creative thinking, invention, complexity, innovation, future scenario building and entrepreneurship, and you’ll learn to think independently, as well as across and between other disciplines.

In the classroom, you’ll undertake real-world projects and self-initiated proposals with a focus on innovative, creative and entrepreneurial outcomes. Beyond it, you’ll engage with the needs of a wide range of government and industry partners — previously, our students have worked with companies like Visa, Accenture, Google, Food Innovation Partners, NSW Health, and City of Sydney, delivering solutions to a variety of future business challenges.

The BCII is a combined qualification, which means you’ll study it in conjunction with your DAB degree. Subjects are offered in an accelerated format — you’ll undertake most of your BCII work during July and Summer sessions, plus one additional year of full-time study once you’ve completed your design degree. As a graduate, you’ll possess high-level expertise in your chosen DAB discipline, plus unrivalled capacity for innovation and invention — everything you need to stand out from the crowd.

CAREERS
With a combined Design/BCII qualification, you’ll be ready for a variety of careers where creative thinking, ideas initiation, scenario planning, global strategy, open network design or sustainable futures innovation are valued.

Bachelor of Arts in International Studies

2020 Selection rank*: Refer to each course
Duration: This degree usually adds 2 years to the core degree
Recommended year 12 studies: Proficiency in English. No prior language knowledge is required for the International Studies program

WHY CHOOSE THIS COURSE?
The Bachelor of Arts in International Studies adds an international dimension to your degree. This course is a comprehensive, balanced program of study, designed to build your language and culture skills in a structured and supported sequence of study.

CAREERS
You will gain qualifications in a specialist language, intercultural and international awareness and cultural knowledge skills.

COUNTRY MAJOR CHOICE
Americas: Argentina, Mexico, Canada (Quebec), Chile, Colombia, Costa Rica, Latino USA, Mexico
Asia: China, Japan
Europe: France, Germany, Italy, Spain, Switzerland

LEARN A NEW LANGUAGE
Chinese, German, Japanese, French, Spanish, Italian

*Selection rank: published ranks indicate the lowest selection rank (ATAR plus any adjustment points applied through eligible admission schemes) to which an offer was made to a domestic Current School Leaver (Year 12) in the Autumn 2020 intake (for December Round 2 and January Round 1).
Future proof your degree

+ Add the diploma in innovation

Rather than building the skills for a specific career, the Diploma in Innovation is about preparing for the future of work. In fact, it responds directly to industry demand for graduates who can demonstrate inter- and transdisciplinary approaches in their professional practice. There’s an emphasis on entrepreneurial thinking, too: by the time you graduate, you’ll be ready to be an entrepreneur, serve entrepreneurial clients, or integrate entrepreneurial processes into your day-to-day work.

Add the diploma to your UTS bachelor’s degree, and what’s more, all your diploma subjects will be offered as winter and summer school intensives – so even though you’re adding an extra qualification, you’ll still graduate on time.

Find out more at dipinn.uts.edu.au

Gain a global outlook

+ Add the diploma in languages

Bring the world to your doorstep with a Diploma in Languages. Add this one-year diploma to your UTS degree to gain language and cultural skills, build your professional identity, and graduate with a range of capabilities that will prepare you for an international career. Language options include Chinese, French, German, Italian, Japanese and Spanish.

No need to apply just yet – the diploma is available to students already studying an undergraduate or postgraduate coursework degree program at UTS, so sign up when you enrol. No matter what you study, the diploma can give your qualification an international edge.
Applying to UTS

How to apply
Ready to apply for a UTS degree? Start by choosing your preferred course and checking the eligibility requirements to make sure it’s a good fit. Next, submit your application via the Universities Admissions Centre – you can list up to five course preferences, so make sure you use them all!

More info:
uts.edu.au/ug-apply

Admission schemes
Need to boost your selection rank? Apply for a UTS admission scheme and we’ll consider your ATAR plus other selection criteria when we assess your application. There are a range of merit and access based schemes. If you’re a high achiever, or if life events have impacted your Year 12 results, these schemes can help you make the leap into your chosen degree.

More info:
uts.edu.au/admission-schemes

Admission pathways
Our admission pathways provide an alternative route into your preferred UTS course – and there are lots of pathways on offer. From internal programs (Insearch, Jumbunna Unistart and internal degree transfers) to external options (STAT test, limited ATARs or vocational diplomas), there’s more than one way to get into UTS.

More info:
uts.edu.au/admission-pathways

Scholarships
Whether you’re a high achiever, need a financial boost, or want to get your hands on some amazing professional opportunities, we offer millions of dollars in coursework scholarships that have the potential to enhance your UTS experience. Make sure you get in quick – some of our scholarships open as early as April 2020.

More info:
uts.edu.au/scholarships

Fees and financial assistance
As a domestic student, you’ll study in a Commonwealth Supported Place – the Australian Government will fund some of the cost of your study, while you’ll pay a student contribution and other fees direct to UTS. The good news? The HECS-HELP loan scheme lets you defer the cost of your student contribution until you reach a set income threshold. What’s more, the UTS Financial Assistance Service can help you get on top of your personal finances, giving you more time to focus on study.

More info:
uts.edu.au/csp

This guide is not intended for international students. For information on fees for international students, visit the UTS International website:
