Welcome

At UTS, innovation is core to our global approach to education.

From our state-of-the-art campus to our boundary-crossing degrees in technology, innovation and creative intelligence, our signature outlook on learning ranks us among the best in the world.

We’re ranked first in Australia and 11th globally in the world’s top 50 young universities (QS Top 50 Under 50, 2021), 15th globally in Times Higher Education’s Young University Rankings (2020) and we’ve received a five-star rating for excellence across seven categories (QS Stars 2018-2021).

UTS is a university for the real world. Located in the heart of Sydney within a thriving business and creative industries hub, UTS students are part of a fast-growing entrepreneurial community.

Every year we welcome over 5000 new international students to UTS. Our students come from 120 different countries, which makes our campus a dynamic place to study in one of the world’s most beautiful cities.

We’re committed to the success of our international students. We offer a range of programs from academic support to career and leadership skills development.

Our courses are developed in consultation with industry so you’ll learn everything you’ll need to advance your career and impact the future of your chosen field.

Our dynamic teachers combine theory with practice giving you hands-on experience in the classroom, and beyond, through real-life case studies, group work, internships, and networking opportunities.

Many of our lecturers are experienced industry professionals who’ve moved into academia. Others are world-leading researchers who are positively contributing to the challenges of tomorrow, today.

Discover what makes us different.

Iain Watt
Deputy Vice-Chancellor
and Vice-President (International)
Experience UTS in virtual reality!

Download ‘UTS VR’ in your app store. Fly through our newly designed campus, discover our innovative spaces and get a feel for life in Sydney. You can also explore our location, facilities, student services, and campus life through our student experience videos.

Acknowledgement of Country

Acknowledging country is a cultural protocol that is a respectful public acknowledgment of the traditional custodians of the land.

UTS acknowledges the Gadigal People of the Eora Nation and the Boorooberongal People of the Dharug Nation upon whose ancestral lands our campuses stand. We would also like to pay respect to the Elders both past and present, acknowledging them as the traditional custodians of knowledge for these Lands.
Impressive beaches, iconic buildings, year-round festivals, and a thriving sports culture – Sydney’s got it all. With a great climate, a true mix of cultures and world-class national parks right on your doorstep, there’s something for everyone in this stunning harbour city. Sydney is a great place to live and an even better place to study!

Lames Elshafie
Egypt
Bachelor of Advanced Science

“Sydney is a really diverse city and I love that. There’s people from all around the world, which is pretty amazing. You want to be somewhere where you feel like you belong, somewhere where there’s people from everywhere, where you get to experience different cultures.”

Photo: Destination NSW
Top 10 things to do around Sydney

1. Don’t miss the international symbol of Sydney – the Sydney Opera House. Step beneath the sails of Danish architect Jørn Utzon’s masterpiece to see a performance or take a tour.

2. Explore Sydney by ferry, crossing our sparkling harbour to learn to surf at Manly, for fish and chips at Watson’s Bay or to discover our convict history at the World Heritage-listed Cockatoo Island.

3. Take a spectacular cliff top coastal walk from Bondi Beach to Coogee. Discover sweeping views, pristine beaches, and if you look carefully, ancient Aboriginal rock engravings. During October catch Sculpture by the Sea: the world’s largest free outdoor sculpture exhibition.

4. Get cultured in the great outdoors. Enjoy a free concert under the stars at Symphony in the Domain, explore a wonderland of light art and urban projections during Vivid Sydney or take a seat at the open-air cinema where a giant movie screen rises from Sydney Harbour.

5. Discover our rich history in The Rocks. Explore Sydney’s oldest pubs, historic laneways and archaeological remains under the shadow of the Harbour Bridge. Mingle at the Rocks Markets and sample foods from around the world.

6. Grab a meal and catch an incredible fireworks display every Saturday night at Darling Harbour. During the day, visit the Sea Life Sydney Aquarium to see magnificent dugongs, sharks, stingrays, and thousands of tropical fish. Escape the crowds in the serene Chinese Garden of Friendship.

7. Meet Australia’s unique native animals at the world-famous Taronga Zoo. Hear stories of Australian wildlife and the Dreaming from an Aboriginal guide and get up close with koalas, kangaroos and wallabies.

8. Explore the twisting inlets and harbour islands of Sydney Harbour National Park. Walk over the Sydney Harbour Bridge (affectionately known as The Coat Hanger) and enjoy a picnic in Wendy Whiteley’s Secret Garden at Lavender Bay.

9. Barrack for your team while watching a game of cricket, tennis, rugby league, footy or soccer at one of our popular sports grounds. Get in the mood by wearing team colours and tasting a meat pie with tomato sauce – our classic Aussie cuisine.

10. Catch the train to the World Heritage-listed Blue Mountains. Visit the iconic Three Sisters and explore the magnificent lookouts, waterfalls and hazy blue valleys. Get your adrenaline pumping mountain biking, canyoning or rock climbing.

CROWD PLEASERS
See Sydney shine throughout the year thanks to our lively events calendar. Whether it’s the Sydney Festival – a celebration of performing arts, Sydney Biennale – the largest visual arts event in Australia or one of our many music, film, comedy, food or sporting festivals, you’ll always find something to do, most likely outdoors and for free.

“Australia is a really nice place to study, work and live in,” says PhD candidate Xavier.

“I think that’s because of the work conditions, the jobs, the opportunities and most importantly the people,”

Despite the challenges of studying in an English-speaking country, the locals have helped Xavier feel at home.

“My favourite thing about Australia is the people. When I get on the bus, the driver greets me. When I go to the supermarket, they always offer to help. If I get lost, someone will come up and offer directions. Everyone is so friendly and nice.”

Having lived in both Ecuador and Chile, Xavier has been surprised at the diversity of his new host country.

“I thought that Australia was full of the same type of people but since coming here, I’ve realised it’s a really multicultural society.”

“I can learn a lot from that, whether it’s the different cultures, different experiences or even trying different food.”

Sydney enjoys a sunny climate with mild winters and warm summers. During summer, (December – February) average temperatures range from 19 - 26°C (65 - 78°F). During winter (June – August) average temperatures drop to between 9-17°C (48 - 63°F). There’s an average of 243 days sunny days recorded every year.
Imagine waking up in Australia’s most dynamic, cosmopolitan and dazzling city. Welcome to Sydney: our nation’s cultural centre and business capital.

A GREAT PLACE TO BUILD YOUR FUTURE
Location is everything. At UTS, you’ll study in the centre of a rapidly changing urban environment with industry opportunities on your doorstep. We’re part of an energetic technology hub that hosts more than 60 per cent of regional technology operations.

More than 90 per cent of banks base their regional headquarters here, while more than 40 per cent of Sydney’s digital and creative industries reside in our neighbourhood. Sydney is also the place to be an entrepreneur: we’re home to 60 per cent of Australia’s start-ups, many bursting with possibilities and inspired thinking right by our campus.

A SAFE AND FRIENDLY CITY
Our reputation as a safe and sociable city is one of the reasons why over 178,000 international students* choose to study in Sydney. Australians are known for their relaxed attitude to life. We take pride in our friendliness, respectful nature and culture of equality.

As you settle into student life, you’ll become part of a caring multicultural community. With new friends and a supportive UTS network around you, your transition to life in Australia will be a rewarding and exciting experience.

CONVENIENT, INSPIRING, FUN
No matter where you’re coming from, or going to, UTS is easy to get to. We’re walking distance to the CBD, Darling Harbour, shopping, food, sport, and nightlife. You’re also a few minutes’ walk away from transport hubs Central Station and Railway Square so you can safely spread your wings and explore. When you need to travel interstate or overseas, you’re close to Australia’s biggest international and domestic airports. From breakfast in Bondi to an evening at the Opera House, you’ll experience many unforgettable moments in our wonderful city.

* StudyNSW, 2018

UTS BEYOND AUSTRALIA
You can also study at UTS in China. Our fully accredited offshore courses are taught at SHU-UTS SILC Business School (SILC). All courses feature the same structure, learning outcomes and award as their Sydney counterparts.

uts.edu.au/future-students/international/offshore-courses
UTS, minutes away from the best of Sydney

**CENTRAL PARK**
Central Park is a downtown oasis directly opposite UTS. Enter the main tower dripping with a living tapestry of plants and vines (the world’s tallest vertical garden) to experience shopping, cinemas and surrounding parklands. Grab a bite at one of the many outlets including Cuban, Mexican, Chinese, Indian or Brazilian or relax at the Old Clare Hotel for a lazy afternoon.

**CHINATOWN AND HAYMARKET**
Chinatown and Haymarket’s dumpling houses, yum cha palaces and neon-lit nooks are irresistible. A short walk from UTS, you’ll also explore night markets, arcades and malls while discovering some of Sydney’s best Asian supermarkets. The iconic Paddy’s Markets dates back to colonial times and is also packed with bargains. At night, get your sing-along on at a quirky karaoke lounge. During February, celebrate the Lunar New Year with dazzling lion and dragon dances, giant zodiac lanterns and, of course, fabulous food.

**BROADWAY SYDNEY**
For 90 years Broadway was home to the grand old Grace Bros Building with its elegant architecture and distinctive clock towers. This sensitively restored heritage building now serves 21st century shoppers. A ten-minute stroll from UTS, Broadway Shopping Centre features three supermarkets, a 500-seat food court, a 12-screen cinema and major retailers including Kmart, Target and Apple plus 100 specialty shops.

**SPICE ALLEY**
Tucked behind the narrow laneways alongside Central Park, Spice Alley is Australia’s first outdoor Singaporean-style hawker centre. From behind a façade of heritage terraces, the aroma of exotic spices entices hungry locals to meet under swinging red lanterns as they tuck in to street food staples at student prices. Operated by Sydney’s most popular Asian restaurants, enjoy Vietnamese market foods, Chinese-Malay fusions, Thai curries, the fast foods of China, and more.

Well connected and entrepreneurial

We’ve built partnerships with some of the world’s most innovative and successful companies that share our passion for creativity and technology – partnerships that will play a key role in shaping your future.

TEACHING EXCELLENCE AND PRACTICAL EDUCATION

Practice makes perfect. Nobody knows that better than our exceptional teaching staff. Many are acclaimed professionals who bring a wealth of industry expertise to the classroom through live case studies and practice-based assessment.

They’re at the top of their game, but they’re also committed to nurturing their students. They will push you in ways you didn’t think possible so you can excel in ways that matter.

Our adjunct professors and visiting practitioners also ensure your education is relevant by sharing how theory is applied in real-world situations.

INDUSTRY CONNECTIONS

Our courses are developed and reviewed in consultation with leading industry practitioners ensuring your learning is relevant to the changing needs of your profession.

You’ll work on industry projects, create solutions to real-world problems and participate in industry-run competitions. You may even undertake a workplace internship or placement as part of your degree.

Beyond the classroom, we’ll offer mentorship opportunities and help you establish valuable professional connections.

Many of our degrees are industry-accredited meaning your degree will be recognised nationally and internationally.

RESEARCH THAT MATTERS

UTS is a future-focused research university with an emphasis on technology, creativity and social disruption.

We believe universities should work for the greater good by driving social change beyond campus, locally and globally, through research and practice.

We are committed to fostering the next generation of progressive researchers for academia and industry.

We’re collaborative too. Our Key Technology Partnerships Program is responding to the expectations of industry by building unique, long-lasting relationships with research partners.
UTS STARTUPS
startups.uts.edu.au

Designed to inspire and connect student-led startups across UTS, UTS Startups is a group of young entrepreneurs who have big ideas they’re making a reality.

UTS Startups supports students who have a compelling business idea with access to free mentorship, community-building activities, funding opportunities, and industry resources.

UTS Startups can also help you develop the core skills of an entrepreneur with events, masterclasses and internships at a Sydney-based startup.

Whatever your degree, there’s an entrepreneurial offering for you.

THINK GLOBAL

At UTS, we’re preparing students to become global leaders. We have many opportunities to help you explore global issues, develop a global mindset and build the professional competencies – interpersonal, communication and teamwork skills – required for a truly international career. You can even put these skills into practice with an overseas experience as part of your UTS degree.

BUILD Global Leadership

Starting with your identity as a global citizen, the UTS BUILD Program exposes you to global issues and ideas and develops your leadership skills to deliver positive global impact. Participate in interactive workshops, learn from inspiring speakers, join field trips, community activities and much more. Include an immersive overseas experience to help you put your learning into practice.

build.uts.edu.au

Global Short Programs

Spend 2–6 weeks in another country during Summer or Winter break. Most Global Short Programs are available to students from all UTS faculties, so that you can receive course credit while you travel. What’s more, there are scholarships to make it happen!

uts.edu.au/globalshortprograms

Global Exchange

UTS is home to one of the largest global mobility programs in Australia. Apply for our Global Exchange Program and spend 1-2 sessions at one of our 240 partner universities in more than 40 countries around the world.

studyabroad-exchange.uts.edu.au

Think like an entrepreneur

Cindy Lin
Taiwan, MBA

Cindy was always interested in entrepreneurship, so in the first session of her MBA, she joined a two-day UTS Startups bootcamp.

“We had to split into groups and create a business idea that solves a problem in society. For us, it was environmental sustainability.”

“Then, we went out and did surveys with real people on the street. This showed us that we have to know what people really need, rather than create the business we want to do. These consumer insights helped us come back and start our business plan.”

“The presenters made us think and enact ideas ourselves. They really gave us a chance to give things a try, rather than learning from second-hand case studies.”

Cindy says the people she met in the bootcamp have helped her develop a different mindset.

“Before, I was so conservative. I didn’t really like to shout out, “hey, this is my idea!” but I’ve learned from their attitudes. It feels like nothing is impossible now.”
Learn at one of Australia’s most innovative campuses

The UTS campus is world renowned for its architecture and design, sustainable practices and smart technologies.

Our iconic buildings, tech-driven learning spaces and designated industry hubs place you at the centre of the creative learning experience.

UTS TECH LAB
UTS Tech Lab is a multidisciplinary engineering and IT facility designed to disrupt traditional university approaches to research.

Located in the Botany industry hub next to Sydney’s airport, this incubator for researchers promotes collaboration with industry and government to develop innovative technologies in countless arenas.

UTS Tech Lab’s specialist laboratories possess advanced capabilities and equipment unique to Australia. Combined with its collaborative workspaces, UTS Tech Lab seamlessly blends new and traditional modes of working so that people and ideas flow freely.

DR CHAU CHAK WING BUILDING
A Sydney landmark, The Dr Chau Chak Wing Building is home to UTS Business School.

Inspired by a tree house as ‘a growing learning organism with many branches of thought,’ it’s the only building in Australia designed by world-renowned architect Frank Gehry.

Its classrooms and oval lecture theatres facilitate discussion and encourage collaboration while large student commons offer inviting places for students to study and relax.
ENGINEERING AND IT BUILDING
Described as a ‘living laboratory,’ the Engineering and IT Building is covered in binary code screens that display real-time performance data internally throughout the building.

Inside, technology-enabled teaching, research and social spaces are clustered around a fissure shaped atrium.

Home to the most advanced data visualisation facility in Australia, the building’s immersive 3D Data Arena creates 360-degree representations of data enabling academics and industry to visualise complex information, identify trends and solve problems.

VICKI SARA BUILDING
Home to the Faculty of Science and Graduate School of Health, the Vicki Sara Building boasts world-class laboratories, simulation labs and health care consulting clinics.

It features a world-first Super Resolution Imaging System that enables research into the cell biology of living microorganisms, which is crucial to understanding the behaviour of infectious diseases, while a Super Lab, the first of its kind in Australia, accommodates up to 220 students from 12 classes facilitating a multidisciplinary learning environment.

STUDY SPACES
Whether it’s a quiet spot to study, an AV-equipped pod for group work or somewhere to host a social catch-up, there’s plenty of space for students on campus.

Our many student commons are available to relax between classes, meet friends or read over coffee. Students without a laptop can use our free desktop computer workstations around campus.

These purpose-built student spaces, most offering power outlets, USB ports for charging devices and free Wi-Fi, are another way to make UTS feel like home.

MOORE PARK CAMPUS
Our new Moore Park campus, next to the Sydney Cricket Ground and the Rugby Australia Building, is the first in Australia to combine university programs with a major sporting venue.

UTS students, sector-leading sport and exercise scientists, physiotherapists, and elite athletes are connected in Sydney’s premier sporting precinct.

This integration of science and sport offers UTS hands-on access to elite athletes and provides the Australian Rugby Union with valuable performance, injury-management and rehabilitation data.

ALUMNI GREEN
Modelled after leading European town squares, Alumni Green is a welcoming green oasis and ceremonial gathering space at the centre of campus.

Its gardens provide a sanctuary of trees, plants and shade, while a range of spaces (including outdoor ping pong tables) are ideal for socialising, studying and relaxing.

ONE HUNDRED BROADWAY
One Hundred Broadway brings together the Graduate School of Health’s eight disciplines into one purpose-designed building.

Spread across six floors, the building incorporates simulated healthcare environments, virtual reality technologies and Australia’s only Tyromotion rehab suite.

Students learn in clinical simulation rooms that mimic the clinical environment and have access to collaborative work spaces for group projects.
Connect. Live. Learn

As an international student, you'll experience a new country with fresh outlooks, foods and customs. We’re here to help you immerse yourself in your new culture, discover interests you wouldn't encounter back home and make lifelong friends. The best way to start is to dive right in!

**UTS INTERNATIONAL**
international.uts.edu.au

Our team understands what’s required to achieve academic success and wellbeing at UTS. We’re here to help you settle in and stay happy and safe. We provide friendly advice and assistance to all international students. You’ll find us in UTS Building 1, Level 3A.

**ORIENTATION**
orientation.uts.edu.au

Experience the best introduction to life at UTS during orientation. Attend seminars, workshops and social events to learn about our support services, make friends and gain insider tips on living in Sydney.

On O’Day, take a campus tour so you can easily find the library, computer labs and your lecture rooms. Join clubs and societies and take advantage of free giveaways, food, student offers, and demos.

Make sure you attend one of the mandatory international student sessions and your faculty welcome to get important information about your course, meet your lecturers, other students, and discover exciting upcoming opportunities.

**PEER NETWORK**
uts.edu.au/current-students/opportunities/peer-network-program

You’ve travelled a long way from home to study here. If you’re looking for a friendly face when you arrive on campus, seek out one of our Peer Networkers in their signature orange t-shirts.

They’re UTS students who’ll answer questions, help you find your way around campus and make Sydney feel a little more like home.

Our weekly Network Café also brings together overseas students. Hosted by current UTS students, you can practise your English, learn about Australian culture and ask questions about life at UTS.
SPORT AND RECREATION
activateuts.com.au/sport

Join one of our 30 sports and recreation clubs or sign up with ActivateFit: our on-campus gym. You can also combine your love of fitness and travel with our ActivateUTS Recreation program where you can explore Sydney and its surrounds through sports events, day trips and weekend getaways.

HIGHER EDUCATION
LANGUAGE AND PRESENTATION SUPPORT (HELPS)
helps.uts.edu.au

Sometimes we all need a bit of extra support with our studies. UTS HELPS is a study skills program that provides free English language and academic support. Our team can help you develop your writing, reading, speaking, and study skills or work on specific assignments, through workshops and one-on-one meetings.

Our Conversations@UTS sessions and HELPS Buddy program also give you the opportunity to improve your spoken English skills by practising with student volunteers.

ONLINE POST-ENROLMENT LANGUAGE ASSESSMENT (OPELA)

Before commencing their studies, UTS students undertake a professional language assessment (OPELA). Students are then provided with tailored support to develop their academic and professional language skills, helping them succeed at university and in the workplace. Students who have completed the program report an improvement in their overall subject knowledge, assessment results, speaking, reading and writing skills as well as increased confidence in managing their university subjects.

More than passing
U:PASS

When Simin Peng arrived from China to study nursing at UTS, she immediately signed up for U:PASS.

U:PASS sessions are run by students who’ve achieved high marks in the subject they’re coaching. They know what current students are going through; instead of providing answers, they guide students to solve problems through teamwork.

Simin found the more she attended U:PASS, the more she benefitted. So much so, she received a Distinction. “U:PASS not only helped me navigate university, it increased my confidence to speak up,” says Simin. “At U:PASS I felt safe to make mistakes and ask questions. My U:PASS leaders also inspired me to become a leader.”

As a U:PASS leader, Simin worked closely with new nursing student Thi Ngoc Minh Nguyen. “It’s been amazing seeing the progress of students like Minh,” says Simin. “She started out nervous about university then finished semester with increased confidence and great marks.”

“U:PASS definitely helped my marks,” says Minh. “Simin was also involved in social activities at UTS. She encouraged me to get involved. The experiences I had at U:PASS really helped me feel supported at UTS.”

Minh is now a U:PASS leader too. “I’ve been enjoying it,” says Minh. “I incorporate a lot of group work. After all, discussion is where some of the best revision occurs.”

International Undergraduate Course Guide 2021 15
Support services

Being alone in a new city can be overwhelming at times. If you’re having trouble adjusting to life in Sydney or at university, take advantage of our free support services including health and wellbeing services, counselling, English language tutoring, and study skills workshops.

HEALTH AND WELLBEING
uts.edu.au/current-students/support
We offer a range of services to ensure you stay healthy and safe on and off campus.

Medical service
Our UTS Health Service provides free friendly and confidential medical consultations to students, staff, alumni, and their families.

Traditional Chinese Medicine clinic
Our Traditional Chinese Medicine clinic within the Faculty of Science offers discounted acupuncture, herbal medicine and remedial massage to UTS students, staff and the community.

Mental health services
Our confidential and free counselling service can help you with a range of personal, relationship, academic, and psychological difficulties. Our group counselling workshops can support you through the pressures of study, work and life. Face-to-face counselling sessions are also available in Mandarin, Cantonese and Indonesian.

UTS Psychology Clinic
The UTS Psychology Clinic is a not-for-profit research clinic and training facility for postgraduate Clinical Psychology students in the Graduate School of Health. It’s open to UTS students, staff and the public offering reduced-fee services.

SAFE, FAIR AND SUPPORTIVE
uts.edu.au/current-students/students-with-accessibility-requirements/accessibility-service
We value diversity at UTS. We’re committed to supporting all students to join in all university activities. If you’ve got a disability or ongoing health condition that could affect your studies, our UTS Accessibility Service can help.

MULTI-FAITH CHAPLAINCY
uts.edu.au/current-students/support
We welcome and respect beliefs of all kinds at UTS. Our Multi-faith Chaplaincy represents Buddhist, Catholic, Christian, Hindu, Jewish and Islamic staff and students. Our chaplains can assist you with a variety of concerns including homesickness, loneliness and spirituality.

SAFE, FAIR AND SUPPORTIVE
uts.edu.au/current-students/students-with-accessibility-requirements/accessibility-service
We value diversity at UTS. We’re committed to supporting all students to join in all university activities. If you’ve got a disability or ongoing health condition that could affect your studies, our UTS Accessibility Service can help.

SOCIAL CLUBS AND EVENTS
activateuts.com.au
Engaging in extra-curricular activities will give you a rewarding, well-rounded university experience. There are lots of ways to get involved at UTS beyond the classroom. With over 130 clubs and societies, you’ll find the right one for you. ActivateUTS also hosts a jam-packed events calendar that includes free weekly breakfasts, BBQs, live music, art exhibitions, and festivals.
Finding confidence at UTS
Vannasith Somthaboun
Laos
Master of Management

When Vannasith arrived in Sydney to study a Master of Management at UTS, he found the transition from full-time work to full-time study challenging.

“UTS International encouraged me to go speak to UTS Counselling. At first I thought, ‘I don’t need a counsellor.’ I thought you only see a counsellor when you have something really wrong,” says Vannasith.

“The counsellors gave me really good advice to help me relieve my stress. They’re really nice, friendly people and the service is completely confidential.”

Equipped with new tools to manage stress and reduce his worries, Vannasith feels more confident. Now, he’s able to make the most of his time in Sydney and at UTS.

“Coming to UTS, I can say that it has changed my life forever. I was a really shy person before, but I’ve experienced a lot of things here and that makes me feel more confident. I’m a more positive man now.”
A day in the life

University isn’t just about attending classes. At UTS, we encourage you to get involved in campus life so you can grow your skills, make new friends, uncover a new passion or simply take time out to relax and recharge. Explore how colourful life at UTS can be.

7.30AM
Start the day right with a group fitness class at our fully equipped gym. It’s a fun way to manage stress, stay motivated and make new friends.

9.15AM
On Wednesdays during session quell those hunger pangs with a free breakfast at the student-designed Bluebird Brekkie Bar. Meet your friends for free muesli, fruit, yoghurt, sourdough bread, and fair-trade tea or coffee in a relaxed pop-up space.

10.15AM
Attend a lecture or tutorial in one of our state-of-the-art theatres or purpose-built collaborative spaces.

12PM
Meet up with your favourite club or society. Whether it’s a cultural club like the UTS Bangladeshi Society, a Business Society networking event or the UTS Football Club, you’ll socialise with a group of like-minded students while contributing to our community.

1PM
Drop in to one of our Student Centres to get your questions about fees, scholarships, subject enrolment or timetabling answered.

1.15PM
Refuel at one of the many eateries on campus. You’ll find our international food zone in the UTS Central food court featuring Japanese, Mexican, Lebanese, and Malaysian delights. Enjoy burgers, salads, tapas, and sandwiches at The Terrace Café, Universal Café, Penny Lane, The Art of Food or 80 Bar and Café.
2PM
Play a game of table tennis or relax on the grass at Alumni Green to review your lecture notes in preparation for your group work meeting.

2.45PM
Meet your classmates at an AV enabled study pod. Plug in your laptop, connect to free Wi-Fi and work on the big screen. Whether you want to bounce ideas around, finish a group presentation or form a study huddle, these spaces make collaboration easy.

4.15PM
Compete with your team in a UTS Social Sports competition. Gather some friends or make new ones competing in a range of sports including mixed basketball, futsal or netball.

6.30PM
Grab a snack and head to a HELPS workshop to improve your academic skills. Boost your spoken English, get one-on-one help structuring your assignment or become a better writer or public speaker.

8.45PM
Enjoy the latest films, karaoke or a game of pool with friends at The Underground. Head to The Loft for a small bar experience featuring live music and a leafy outdoor courtyard.

11.30PM
If you need to finish an assignment, all UTS computer labs are open 24/7. Security can escort you between buildings, residences and Central Station. A free nightly security shuttle also services the Broadway and Haymarket precincts from 6.30pm to 1.30am.
Careers

Your pathway to graduate success
careers.uts.edu.au

Your career is in your hands. Preparation for a successful professional career starts from your first week at university. UTS Careers offers tools and resources to guide you on the path to reaching your career goals.

GET TO KNOW US IN YOUR FIRST YEAR
Connecting with UTS Careers at the beginning of your degree is a must. At Orientation, you’ll be introduced to us at our U:Professional session where you’ll be shown how to start planning for your career.

We can help you along every step of your professional development journey. From crafting the ultimate resume, cover letter and LinkedIn profile to mastering interview techniques, finding an internship and making the most of networking opportunities - we’ve got you covered.

Recruiters are always on the look out for students who are engaged in industry and extra-curricular activities from day one so don’t wait until the end of your studies to build your professional skills.

GAIN SPECIALISED EMPLOYABILITY SKILLS DURING YOUR DEGREE
As a UTS student, you’ll access a free 15-minute consultation with one of our friendly Recruitment Advisors at our drop-in service. Discuss your future career options, ask work-related questions and get advice on job applications, excelling in interviews and networking.

We’ll help you develop a resume and cover letter that’s perfect for the job you want. Go online for our Rate My Resume program, which lets you upload your resume and have it reviewed instantly (day or night) so you can receive constructive feedback.

Take advantage of our Career Action Plan. This valuable collection of resources will help you navigate your career development process.

Excel in your job interviews by building your communication skills in one of our workshops and signing up for a mock interview so you can get experience and overcome nervousness. Browse the ‘Resources’ and ‘Events’ tabs at CareerHub to see what’s on.

We also offer workshops that help you develop your LinkedIn profile and connect with professionals in your industry.

IMMERSE YOURSELF IN YOUR INDUSTRY
Reaching out and making industry connections is a big part of setting yourself up for success upon graduation.

Our Professional Mentoring Program makes connecting with professionals in your field easier. This university-wide online community fosters connections and organic conversations between mentees and professional mentors.

Another way to build your professional network is through an internship. To find the right internship for you, have a chat with one of our Recruitment Advisors or visit: interns.uts.edu.au and click on ‘Students’.

Taking on part-time work during your studies is a great way to meet people and learn more about Australian workplace culture. UTS CareerHub is your one-stop-shop for exclusive job opportunities. With hundreds of jobs advertised each week, we’ll help you find your dream role with an employer who is interested in hiring UTS talent.

ENTER THE WORKPLACE WITH CONFIDENCE
Our Accomplish Award is a program filled with insights and advice to prepare you for life after university. You’ll learn what employers look for in candidates, how to improve your interview skills, how to dress for interview success and how to optimise your resume. After completing the Accomplish Award, you’ll be ready to tackle the recruitment process head-on.

UTS Careers hosts an annual careers fair as well as faculty-focused career fairs so you can meet future employers and explore life after your degree.

Every August we run the Festival of Future You. This careers festival boasts events, workshops and networking opportunities designed to get you thinking about your career, developing your skills and building those key professional relationships.

CONNECT WITH US
Visit us Monday - Friday for a 15 minute drop-in with a Recruitment Advisor. Simply walk-in (without an appointment) from 10am-12pm. Or you can book an appointment with us between 1:30pm-4:30 pm via CareerHub.

For more information see: uts.ac/IntDrop-in

You can access all of our online resources via our website: careers.uts.edu.au
Jayesh is the first in his family to study engineering. When he graduated from his bachelor degree in India, he decided to pursue a Master of Mechanical Engineering overseas. “I was planning to study in the US,” says Jayesh. “But after exploring the course structure, rankings and industry connections, I chose UTS.” When Jayesh arrived in Sydney, his top priority was to find an internship to complement his studies. UTS Careers was his first stop. “UTS Careers has helped me so many times,” says Jayesh. “I learned how to write an effective resume and cover letter.

They also showed me how to create a LinkedIn profile that gets results. At interviews employers say, ‘This is such a good resume. How did you do it?’ I tell them UTS Careers taught me everything.” Jayesh successfully gained an internship at Chatoyer Environmental, a manufacturer and importer of pollution control products. “It’s so exciting. I’m learning leadership skills and responsibility here,” says Jayesh. “As soon as the owner saw I was studying at UTS he said, ‘You’re on the right track.’ The owner is a great motivator. He tells me to never give up. He’s always pushing me, ‘You can do it. Jay, you can do it.’”
As part of our ongoing commitment to educating the world’s future leaders, UTS is making a big investment in high-achieving international students. We’re sharing our passion for education, equity and innovation with a range of scholarships that help our students succeed.

**Undergraduate scholarships and grants**

[uts.edu.au/scholarships](uts.edu.au/scholarships)

Our scholarships are for top performers. These highly competitive scholarships and grants are open to international students and are awarded on the basis of academic achievement. Our international undergraduate scholarships include full tuition scholarships, course-specific scholarships and region-specific scholarships. To be eligible, you must meet the selection criteria and have been admitted to, or are eligible for admission to, a course at UTS.

Note: several UTS scholarships, including full tuition scholarships, also require a personal written statement.

**Faculty scholarships**

[uts.edu.au/scholarships](uts.edu.au/scholarships)

Many UTS faculties offer scholarships to international students to reward achievement and recognise motivation to succeed.

These scholarships are always evolving; visit our website for current information.

**Australian Government scholarships**

The prestigious Australia Awards International Scholarships and Fellowships offer the next generation of global leaders an opportunity to undertake study, research and professional development in Australia.

Funded by the Australian Government’s Department of Foreign Affairs and Trade, the awards help international students gain qualifications that will allow them to contribute to development success back home.

**Alumni advantage**

[alumni.uts.edu.au/advantage](alumni.uts.edu.au/advantage)

UTS graduates who are thinking of pursuing further study could be eligible for a 10 per cent saving on their tuition fees through the Alumni Advantage Program. This discount applies to full-fee-paying courses and will be applied automatically when you enrol.

**Financial aid and loans**

If you’re from Canada, Denmark, Germany, Norway, Sweden or the USA, you may be eligible for financial aid to support your studies at UTS. Check with your government for requirements.

**UTS Insearch to UTS Pathway Scholarship**

[insearch.edu.au/au/how-to-apply/scholarships](insearch.edu.au/au/how-to-apply/scholarships)

UTS Insearch is the premium pathway provider to UTS. Our vision is to bring university success within reach of more people around the world.

The Pathway Scholarship to UTS supports high-achieving international students who are studying a UTS Insearch diploma and wish to complete their undergraduate study at UTS.
More than a degree
Josephine Agu
Nigeria, PhD candidate

For PhD candidate Josephine, studying at UTS has been a journey of both professional and personal growth.

“It’s been such a fruitful three years. I’ve done so much more than I thought I would,” she says.

“Now I have mentors. Even if I step out into the research world on my own, I have people I can always call, who are so experienced and well-connected. It’s been a whole journey.”

Receiving a scholarship to study at the UTS Faculty of Health has allowed Josephine to focus on her studies, not her finances.

“Achieving a scholarship is definitely good motivation to keep on top of your studies,” says Josephine.

“Having that financial support means job-hunting isn’t your main focus. It’s more about the work experience that can contribute to your future career.”

“At the end of the day, you don’t just graduate with a degree, you graduate with experience,” she says.
Feel at home

housing.uts.edu.au

UTS-OWNED ACCOMMODATION

International students at UTS can choose from four residences close to campus:

- Geegal is a purpose-built group of townhouses accommodating 57 students in studio and shared apartments
- Bulga Ngurra is a modern apartment building accommodating 119 students in studio and shared apartments
- Gumal Ngurang is a modern apartment building accommodating 252 students in studio and shared apartments
- Yura Mudang accommodates 720 students in studios and shared apartments conveniently located above UTS Building 6.

Wattle Lane, UTS’s fifth residence, houses 58 students in studios located only minutes away from the main UTS building. This residence is dedicated to Indigenous students at UTS.

All UTS residences feature spacious communal and BBQ areas, study rooms and games and computer rooms (except Wattle Lane). Gumal Ngurang and Yura Mudang also have a rooftop garden and Yura Mudang has a music room.

All are self-catered, secure and competitively priced. Bedrooms are for one person (unless described as twin shares) with shared kitchens, bathrooms and living areas. Apartments are fully furnished and rent includes gas, electricity, water, cabled Internet in bedrooms and limited wireless Internet in communal areas.

You will need to provide your own bed linen and cooking equipment. Licence fees are different for each residence and room type.

There are two non-refundable fees: A$50 application fee and A$130 acceptance fee (subject to change).

Due to the high volume of applications, UTS Housing also has reserved beds for students with off-campus providers (Iglu, urbanest, Unilodge and Scape).

RESIDENTIAL LIFE PROGRAM

UTS Housing accommodates 1206 students from across Australia and around the world.

Our Residential Life program provides students with a dedicated support network that assists with the transition of living away from home, enhances learning and organises social activities.

RENTING PRIVATE ACCOMMODATION

If you’re seeking private accommodation, we recommend you arrange short-term accommodation in Sydney so you can view properties on your arrival and choose something that suits your long-term needs.

Visit UTS Housing’s off-campus accommodation website to find share rooms in private houses and apartments around UTS: uts.studystays.com.au

Share accommodation means you usually have your own room and share a kitchen, living area and bathroom with other students or people who work. Alternatively, you may choose a studio or one-bedroom apartment to live in on your own, but this is more expensive.

All accommodation rentals should come with a share or residential or tenancy agreement.

If you are unsure or need any advice, please contact the UTS Housing Off-Campus Officer at housing.welfare@uts.edu.au or the UTS Student Legal Service at studentlegalservice@uts.edu.au who are here to help you.

ESTABLISHMENT COSTS

Expect establishment costs for independent accommodation to start from A$6500. Allow an additional A$1000 to A$1500 for a computer and printer, if required.

These costs could include items such as a rental bond (up to four weeks’ rent), rent in advance, linen, furniture, kitchenware, personal items, and telephone, Internet, and electricity connection.

For UTS Housing, you’ll need to budget for the application fee (A$50), the acceptance fee (A$130), the bond (equivalent of four weeks’ rent), two weeks rent in advance, and any personal items.

ACCOMMODATION TIP

Don’t pay any money before viewing and being satisfied with a non-UTS property. Until you arrive and get a feel for the area you want to live in, you won’t know whether it is right for you. Always get a detailed receipt for any payment.
Out of respect for the traditional owners of the land, we’ve used Aboriginal language to name our residences:

**Bulga Ngurra (Mountain Camp):**
5-10 minutes’ walk from UTS

**Geeagal (Shelter):**
10-15 minutes’ walk from UTS

**Gumal Ngurang (Friendly Place):**
5 minutes’ walk from UTS

**Yura Mudang (Students Live):**
Next to main tower

A$395.40 - A$578.40
A$20,560 - A$30,076

This table details approximate costs that you may incur while studying at UTS and living in Sydney. It should be used as a guide only.

It’s a requirement of the Australian Government that prospective international students demonstrate they have access to at least A$21,041 a year (2019) to fund their living costs and additional funds if bringing partners or family. For the latest figures please refer to the Australian Government website: studyinaustralia.gov.au/english/live-in-australia/living-costs

Note: Prices vary depending on the condition of the property, the number of people you share with and the proximity of the accommodation to the centre of Sydney.

* Any amount below this will likely be twin share.
# Costs may vary according to course.
^ Transport costs will vary depending on how close you live to campus.
Learn to think differently with a degree that responds to the changing business landscape – and to the disruption that’s shaping the workforce of the future.

Anne Kalliomacki
Finland
Bachelor of Business (Marketing)

“I’ve definitely gained confidence in presenting, because I have to do presentations in every course. Then of course I’ve developed my academic English skills. I feel I’m ready for the workforce after this. It’s an undergraduate course, but we’ve covered a lot of different areas of marketing.”
Bachelor of Business

Course Description
The Bachelor of Business offers students a sound background in all areas of business through eight common core subjects undertaken in first year, followed by in-depth knowledge in one or more chosen areas of interest through the completion of a mix of majors, extended majors, sub-majors and electives.

Majors
Accounting, advertising and marketing communications, economics, finance, human resource management, international business, management, marketing.

As a second major only: business law, information technology.

Professional Recognition
The Accounting major meets the educational membership requirements for entry into CPA Australia (CPAA), Chartered Accountants of Australia and New Zealand (CAANZ), Chartered Institute of Management Accountants (CIMA), Association of Chartered Certified Accountants (ACCA), and Institute of Public Accountants (IPA).

Students who complete the Human Resource Management major are eligible to apply for the professional member status and/or advancement to a higher level of membership of the Australian Human Resources Institute.

Students who complete a Marketing major are eligible to apply for Associate Membership of the Australian Marketing Institute (AMI).

UTS is recognised as an affiliated university under the CFA (Charted Financial Analyst) University Affiliation Program, based on the Bachelor of Business with Finance major.

The Finance major meets the educational requirements for the Financial Services Institute of Australasia (Finsia) associate membership.

Course Structure
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10026

Career Opportunities
The Bachelor of Business is a broad professional degree, equipping graduates to pursue careers across all business fields, industries and sectors. Examples of career options include accountant, auditor, banker, business adviser, business analyst, business consultant, economist, entrepreneur, financial analyst, financial planner, human resources manager, project manager, marketing specialist, stockbroker.

Course code: C10026
CRICOS code: 006487A
Course duration: 3 years
Number of credit points: 144
Intake: Feb/Aug
Location: City campus
Fees: A$19,980 per session
Academic and additional requirements: See page 74
English language requirements: See page 75

Most subjects at UTS are valued at 6-8 credit points each. Refer to the online handbook for the most up-to-date information and for specific information on available electives and their credit-point value (handbook.uts.edu.au).

For honours and combined degrees, please see course summary tables (pages 82-93)

▲ Courses flagged with this icon include a work-based training component which must be undertaken as part of the course of study and refers to all clinical, professional and industrial or other work placements.
Bachelor of Economics

Course Description
The Bachelor of Economics offers students the analytical and quantitative skills required for an in-depth understanding of key economic principles. The degree complements this knowledge with the option of majors across selected business disciplines.

Areas of Study
Microeconomics, macroeconomics, econometrics, applied microeconometrics, economic policy, market design, experimental economics, behavioural economics, economics of money and finance, game theory, industrial organisation, labour economics, public economics, economics of the environment.

Course Structure
For further details, please refer to the UTS Handbook:
handbook.uts.edu.au/courses/c10348

Career Opportunities
Career options include economics analysis and modelling, economic forecasting, econometrician, and designing economic policies in industry, government, consulting and financial institutions.

Bachelor of Management

Course Description
With majors available in digital creative enterprise, events, sport business and tourism, the UTS Bachelor of Management has been developed to reflect the growing importance of creative and experience-based industries in Australia’s economic future. These industries are at the forefront of a globalised, digitalised and dynamic external environment where innovation and creativity are key.

Majors
Digital creative enterprise, events, sport business, tourism.

Course Structure
For further details, please refer to the UTS Handbook:
handbook.uts.edu.au/courses/c10342

Career Opportunities
Career options include digital and creative technologies entrepreneur, digital marketing director, digital strategist, digital channel management, digital content management, online community management, digital project management, digital marketing director, digital and creative industry business analyst, event and festival management, conference and meeting management, sport event management, event marketing, public relations and sponsorship management, venue management, event tourism planning, sport management and marketing, sport event management, venue and facility management, sports development, sport for development, sports administration, athlete development, sport media management, sport sponsorship and promotions, operations management, destination and marketing management in government agencies (local, state, national and international levels), private sector management, marketing positions in travel agencies, inbound and outbound wholesale tour operators, accommodation providers, attractions, airlines, cruise operators, land transport providers, and travel industry associations.

Business design and innovation skills provide graduates with an edge in their chosen field of study, maximising their potential for employment.

Communication

Creative Writing | Digital and Social Media | Journalism | Media Arts and Production | Music and Sound Design | Public Communication | Social and Political Sciences

New technologies, new platforms, new ways to connect - the media and communication industries are changing fast. Our graduates are ready to adapt to the opportunities of tomorrow.

#1 EMPLOYMENT RATE*

We’re ranked first for overall employment for communication graduates in NSW. This is thanks to our hands-on approach to learning, which ensures you graduate with a professional portfolio, ready for your first interview.

*Graduate Outcomes Survey (2016-19)

DOUBLE THE OPPORTUNITIES

Our Bachelor of Communication allows you to double your expertise (and career opportunities) by completing two majors. This customisable program will help you stand out amongst other graduates.

EXCLUSIVE MEDIA FACILITIES

You’ll access purpose-built facilities, including television and film production spaces, industry-standard sound studios, a journalism lab and post-production editing suites. There’s no need to buy cameras or media equipment - you’ll be able to hire all of the gear you require for free.

Giorgia Rapella

Italy
Bachelor of Communication (Journalism and Public Communication)

“We get real opportunities to practise our skills. That’s what I really like. We build our own portfolio before finishing uni, to show off to the workforce when we’re ready to enter it. One of the assignments I’m working on is to design a brand strategy for a real-life company.”
Bachelor of Communication (Creative Writing)

Course Description
Focussing on both creative process and creative output across all forms of writing, this degree combines the core elements of writing technique with industry practice, critical thinking and collaborative learning. Taught by a team of experienced writers, publishers, scholars and industry professionals, this course will prepare the student for a wide range of careers and opportunities, including writing and editing, story developing and world building, teaching and researching, and other industries where writing and communicating lie at the heart of the role.

Majors
Creative writing.

Course Structure
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10369

Career Opportunities
Graduates work as fiction and non-fiction writers in anthologies, magazines and newspapers, and for literary journals and online presses. They also work as screenwriters, story developers and communication professionals. Graduates also become teachers and researchers, many undertaking postgraduate study.

Bachelor of Communication (Digital and Social Media)

Course Description
The rapidly evolving digital communications industries require practitioners who are technologically literate, culturally sophisticated, innovative and resourceful. This degree introduces students to key debates around the role of social media in everyday life and focuses on developing innovative and analytical solutions to problems through the use of digital and social media. It also provides students with practical skills in social media management, user experience and user interface design, and digital marketing.

Majors
Digital and Social Media.

Course Structure
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10371

Career Opportunities
Career options include social media manager, UX/UI designer, digital campaign manager, prototype designer, digital entrepreneur, policy analyst, digital content producer, digital marketing specialist, and communications officer.
Bachelor of Communication (Journalism)

Course Description
Journalism education at UTS is based on the principle that journalism exists as a public good to inform people based on their right to know. This degree develops professional skills across all media and critically engages with the intellectual, ethical and political foundations of journalism, in the context of disruptive technological development and its impact on journalism in the digital era.

Majors
Journalism.

Professional Recognition
- Graduates are eligible to apply for professional level membership of the Media, Entertainment and Arts Alliance (MEAA).
- Students are eligible for student membership of the MEAA and access to the MEAA Media in Media and Waikley Foundation network which provides skill development programs.
- The course is recognised by the MEAA and the Australian Press Council.

Course Structure
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10361

Career Opportunities
Career options include reporter, producer, editor, social media editor, sub-editor, feature and freelance journalist, investigative journalist, researcher, and print, broadcast and online media content producer. Graduates can also find employment in areas related to journalism, such as communication advisers or content producers, and as workers in government and non-government organisations and other civil society bodies, such as unions, universities and charities.

Bachelor of Communication (Media Arts and Production)

Course Description
This course prepares students for a wide range of roles in the media and cultural sectors. Students study the history, contemporary issues and theory of media and culture while developing technical and conceptual skills in film, video, new media and sound. The professional areas in the degree include film, video, television, multimedia, sound, radio, performance and installation, and the interplay among these media forms.

Majors
Media arts and production.

Course Structure
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10362

Career Opportunities
Career options include arts and cultural administrator, cinematographer, digital producer, director, documentary maker, editor, media artist, multimedia designer, producer, production manager, program commissioning editor, radio producer, researcher, scriptwriter and sound designer.
Bachelor of Communication (Public Communication)

Course Description
The combined theoretical and practical approach in this course develops ethical, effective communication professionals. This course provides students with interdisciplinary knowledge of public communication processes and industries, and their social, economic and political contexts, as well as specialised expertise in public relations or advertising.

Majors
Public communication.

Professional Recognition
Public Relations Institute of Australia; International Advertising Association

To be eligible for professional membership of the Public Relations Institute of Australia, students must successfully complete the two core subjects in the Public Communication major (MAJ10048) and the four subjects in the Public Relations stream (STM91123). To be eligible for professional membership of the International Advertising Association, students must successfully complete the four subjects in the Advertising stream (STM91124).

Course Structure
For further details, please refer to the UTS Handbook:
handbook.uts.edu.au/courses/c10363

Career Opportunities
Career options include advertising account executive, advertising copywriter, communication strategist, community relations manager, marketing communication specialist, media liaison officer, media researcher, political media adviser, public relations consultant, publicity officer, social media strategist, and special events coordinator.

Bachelor of Communication (Social and Political Sciences)

Course Description
Social and political sciences come to life in the contemporary world through communication - inter-personal and with the community, and more widely in society and the global public sphere. This cross-disciplinary course investigates society, explores current issues, and questions implications of change and progress in the global community. Students undertake professional studies as well as social, cultural and communication theory and practice so they can ask questions, research issues, develop advocacy skills and develop effective communication strategies.

Majors
Social and political sciences.

Course Structure
For further details, please refer to the UTS Handbook:
handbook.uts.edu.au/courses/c10364

Career Opportunities
Career options include research in think tanks and academia; policy research, analysis and program management in government; management in social services and welfare, including women’s, migrant and Indigenous programs; and advocacy in environmental, Indigenous, human rights and overseas development organisations, as well as trade unions.
**Bachelor of Music and Sound Design**

**Course Description**
This course is designed to develop practitioners in music and sound design with a strong base of artistic, professional and theoretical skills. The UTS Bachelor of Music and Sound Design combines the domains of music, sound and screens (film, TV, internet, games, online) with subjects that focus on developing real-world skills for the digital sound industry.

Students graduate with a portfolio of sound works demonstrating their creativity and professionalism. The course also involves input from leading industry figures, including sound designers, songwriters, producers and other professionals from the creative industries.

**Areas of Study**
Popular music studies, sound design, audio production, screen sound, songwriting, music technology.

**Course Structure**
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10276

**Career Opportunities**
Examples include working in sound design and production across a diverse range of media, including popular music, film, television, advertising, animation, web, gaming, interactive digital media, and locational sound.

Other career options include sound designer, music supervisor, audio engineer, computer musician, music producer, new media artist, interactive media designer, and music business professional.
Most subjects at UTS are valued at 6-8 credit points each. Refer to the online handbook for the most up-to-date information and for specific information on available electives and their credit-point value (handbook.uts.edu.au).

For honours and combined degrees, please see course summary tables (pages 82-93).

Courses flagged with this icon include a work-based training component which must be undertaken as part of the course of study and refers to all clinical, professional and industrial or other work placements.

Popular music studies, sound design, audio production, screen sound, songwriting, music technology.

Course Structure
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10276

Career Opportunities
Examples include working in sound design and production across a diverse range of media, including popular music, film, television, advertising, animation, web, gaming, interactive digital media, and locational sound.
Other career options include sound designer, music supervisor, audio engineer, computer musician, music producer, new media artist, interactive media designer, and music business professional.
Design, Architecture and Building

Become a creative and critical thinker, build connections with leading practitioners and develop solutions to the big challenges that shape the world we live in. At UTS Design, Architecture and Building, we’re creating the future – and you can too.

Connections that count
What you know matters – and who you know does too. Our industry partnerships will bring you face-to-face with leading organisations like Google, Westpac and IKEA.

Experience starts here
Theory is one thing, but practice makes perfect. Work in multidisciplinary teams, master industry-standard technologies and study under leading industry experts – it’s all part of our commitment to practice-oriented learning.

Shape tomorrow
Develop the skills to build a better world no matter which path you choose.

Learn with leaders
Learn from inspiring experts who are actively engaged in leading industry projects.

Graduate on top
Stand out from the crowd with a CV filled with real-world experience.

Herlin
Indonesia
Bachelor of Design (Architecture)

“Our tutors and lecturers have a lot of industry experience because they’re in the field, working. We can get a lot of up-to-date knowledge about how the industry works. It’s not just theoretical for them.”
Bachelor of Construction Project Management

Course Description
The Bachelor of Construction Project Management delivers the management, technology and process skills required to work in a variety of well-paid roles across the full spectrum of construction projects. Students are taught a wide range of project management methodologies with a strong focus on applying these to real-world projects.

Sub-Majors
Project management (construction finance/economics, architectural studies).

Professional Recognition
This course is accredited by the Project Management Institute (PMI); Royal Institution of Chartered Surveyors (RICS); Australian Institute of Quantity Surveyors (AIQS); Australian Institute of Building (AIB).

The course is also recognised by the Chartered Institute of Building (CIOB) and endorsed by the Australian Institute of Project Management (AIPM).

Course Structure
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10214

Career Opportunities
Career opportunities include project manager, construction manager, construction economist, quantity surveyor, design manager, environmental manager, contract manager, site manager, construction programmer, cost engineer, estimator, facility manager and property developer.

Graduates have a wide range of employment opportunities and can work in both the private and public sectors for employers such as building proprietors, contractors, developers, government bodies and consultancy practices or be self-employed entrepreneurs. As key professionals in the construction industry, graduates work closely with other professional disciplines, industry groups and development authorities.

Bachelor of Design in Animation

Course Description
The Bachelor of Design in Animation gives students with a passion for visual arts, drawing and storytelling the knowledge and hands-on experience required to create animation work that stands out in a global industry.

Graduates from this degree are image-makers, critical thinkers and storytellers in equal measure. They are equipped to be industry leaders with an ability to develop, pitch and defend ideas, creating original content for TV, film, advertising and other media.

Areas of Study
2D animation, 3D computer animation, character design, storyboarding, script writing and narrative, visual effects, design history.

Course Structure
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10273

Career Opportunities
This industry-focused course opens up animation careers in film, television and multimedia. Career options include director, animator, scriptwriter, concept artist, character designer, storyboard artist, producer, modeller, rigger, VFX artist, editor and compositor.

Most subjects at UTS are valued at 6-8 credit points each. Refer to the online handbook for the most up-to-date information and for specific information on available electives and their credit-point value (handbook.uts.edu.au).

For honours and combined degrees, please see course summary tables (pages 82-93).

Courses flagged with this icon include a work-based training component which must be undertaken as part of the course of study and refers to all clinical, professional and industrial or other work placements.
### Bachelor of Design in Architecture

**Course Description**
The Bachelor of Design in Architecture is the first of two degrees needed to become an architect. Students wishing to qualify for professional recognition as architects must also complete the Master of Architecture (C04235).

**Areas of Study**
Design, architecture history and theory, communication, construction, sustainability, environmental control.

**Professional Recognition**
The Bachelor of Design in Architecture followed by the Master of Architecture (C04235) is accredited for professional recognition by the NSW Architects Registration Board, the Australian Institute of Architects and the Commonwealth Association of Architects.

**Course Structure**
For further details, please refer to the UTS Handbook:
handbook.uts.edu.au/courses/c10004

**Career Opportunities**
Career opportunities include architect (after completion of the Master of Architecture), urban designer, project manager, administrator, policymaker, researcher, educator, journalist, and disaster relief and international aid professional.

---

### Bachelor of Design in Fashion and Textiles

**Course Description**
The Bachelor of Design in Fashion and Textiles is an internationally recognised degree that gives students the start they need to pursue careers across all facets of the international fashion industry. The degree provides the conceptual knowledge and garment-making skills required to transform creative vision into compelling fashion statements.

**Areas of Study**
2D and 3D pattermaking approaches, conceptual thinking, experimental design, fashion design practice, fashion history, fashion research, global fashion studios, menswear, sustainable fashion, textile design practice, womenswear.

**Course Structure**
For further details, please refer to the UTS Handbook:
handbook.uts.edu.au/courses/c10306

**Career Opportunities**
Career options include womenswear designer, menswear designer, fashion producer, art/creative director, textile designer, print designer and fashion forecaster. Some graduates start their own business, while others work in an established company locally or with larger international brands. Graduates can also work in fashion media, including marketing, public relations and journalism roles.
Bachelor of Design in Interior Architecture

Course Description
The Bachelor of Design in Interior Architecture helps students to re-imagine interior environments and public spaces in local and global contexts. With a strong emphasis on people’s experiences of spatial design, this degree equips students with the critical skills required to interrogate and transgress the traditional boundaries of commercial interior design.

Areas of Study
Experimentations with space and materials, inhabitation and human interactions to space, spaces and places of performance, industry practice and professional development.

Professional Recognition
Design Institute of Australia; International Federation of Interior Architects/Designers; Interior Design/Interior Architecture Educators Association (IDEA).

Course Structure
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10271

Career Opportunities
Career options include design for all aspects of life, from the everyday to the critical, including commercial product, sports technology, health, future transport, packaging, exhibition design, service design and humanitarian work. Product designers can work for individual manufacturers or specialist design consultancies, or start their own enterprises.

Bachelor of Design in Product Design

Course Description
The Bachelor of Design in Product Design prepares students for a career in the global product design industry. Students learn how to tackle complex problem solving, explore creative solutions, and develop realistic outcomes that could make a mark on the world.

Areas of Study
Contemporary and advanced concept design, design history, design thinking, experience design, industrial design, innovation and commercialisation, interaction design, product engineering, user-centred design.

Course Structure
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10304

Career Opportunities
Career options include design for all aspects of life, from the everyday to the critical, including commercial product, sports technology, health, future transport, packaging, exhibition design, service design and humanitarian work. Product designers can work for individual manufacturers or specialist design consultancies, or start their own enterprises.
Bachelor of Design in Visual Communication

Course Description
In the Bachelor of Design in Visual Communication students learn how to create visual messages and experiences that communicate information and ideas across many media.

Areas of Study
Design thinking, typography, illustration, interactive design, web design, interaction design, branding, experiential design, moving image design, data visualisation, design for animation, strategic design, design history and emergent visual communication practices.

Professional Recognition
Graduates are eligible for membership of the Design Institute of Australia (DIA) and the Australian Graphic Design Association (AGDA).

Course Structure
For further details, please refer to the UTS Handbook:
handbook.uts.edu.au/courses/c10308

Career Opportunities
There are many career options in a range of fields for graduates, such as digital media, publication designer, graphic designer, interactive media designer, web designer, branding specialist, art director, motion graphics designer, advertising, illustrator, and exhibition designer. Graduates are also equipped with the skills to become writers, researchers, editors and critics, and to apply design thinking in a non-design industry business.

Bachelor of Property Economics

Course Description
For students thinking about a career in business, economics or property, the Bachelor of Property Economics provides the edge required to get started in a global industry.

Areas of Study
Economics, investment, property taxation, valuation, finance, urban design, property development, business management, built environment law.

Professional Recognition
Australian Property Institute (API); Royal Institution of Chartered Surveyors (RICS).

Course Structure
For further details, please refer to the UTS Handbook:
handbook.uts.edu.au/courses/c10310

Career Opportunities
Career options include property valuer, property and asset manager, property market analyst, property sales and acquisitions, property developer, funds manager, and corporate real estate adviser.
Design, Architecture and Building

Most subjects at UTS are valued at 6-8 credit points each. Refer to the online handbook for the most up-to-date information and for specific information on available electives and their credit-point value (handbook.uts.edu.au).

For honours and combined degrees, please see course summary tables (pages 82-93)

Courses flagged with this icon include a work-based training component which must be undertaken as part of the course of study and refers to all clinical, professional and industrial or other work placements.

Bachelor of Design in Visual Communication

Course code: C10308
CRICOS code: 077339C
Course duration: 3 years
Number of credit points: 144
Intake: Feb
Location: City campus
Fees: A$19,980 per session

Academic and additional requirements:
See page 74

English language requirements:

Combine passion with purpose through a rewarding career in education. Our hands-on teaching degrees will give you the skills and confidence needed to shape the next generation.

**PREPARE FOR SUCCESS**
Build practical teaching skills in a real school classroom from the very beginning of your degree. Our extensive professional experience program includes 88 days of teaching in some of our 400+ partner schools.

**BECOME A SPECIALIST**
Choose a major in primary or secondary education and specialise in niche and in-demand areas such as STEM (Science, Technology, Engineering, Mathematics) and TESOL (teaching English to speakers of other languages).

**LEAD THE WAY**
Learn innovative teaching methods and explore technology-enhanced learning for teaching in a modern classroom. This is just one of the reasons why Education at UTS is in the top 100 of the 2020 QS World University Rankings by subject.

The Bachelor of Arts Bachelor of Education is recognised by the NSW Department of Education, Independent Schools Association, Catholic Education Office, and is also recognised interstate and internationally. This course has been approved by the NSW Education Standards Authority (NESA) for professional accreditation.
Bachelor of Arts Bachelor of Education ▲

Course Description
This course prepares graduates for teaching in primary or secondary settings. It is a practice-oriented course that aims to produce high-quality graduates through a program integrating the latest educational theory. Students continually develop teaching competence throughout the degree with a comprehensive and engaging professional experience program.

Note: Teacher education courses leading to accredited primary and secondary school teaching qualifications are currently being reviewed. Please see the UTS Handbook for the most up to date information about course offerings, majors/specialisations and structure.

Majors
Secondary teaching.

Sub-Majors
TESOL (teaching English to speakers of other languages), STEM (science, technology, engineering, mathematics), general sub-major (for students whose choose a major in secondary teaching).

Professional Recognition
The course provides a teaching qualification in secondary schools. It is recognised by the NSW Department of Education and Training, Independent Schools Association, Catholic Education Office, and is also recognised interstate and internationally. This course has been approved by the NSW Education Standards Authority (NESA) for professional accreditation.

Course Structure
For further details, please refer to the UTS Handbook:
handbook.uts.edu.au/courses/c10350

Career Opportunities
Career options include secondary teaching (years 7-12) in English, Mathematics, Science, Science/Mathematics and Social Science (business studies/economics) in a public or private school, locally or internationally (subject to meeting relevant employer requirements).

Please note: Applicants are advised to check with potential employing bodies regarding employment requirements. As of the date of publication, they can be found at www.teach.nsw.edu.au/becomeateacher/approval-to-teach/graduates-who-commenced-their-course-in-2019. Both public and private sector schools can set eligibility requirements relating to academic performance among other criteria. Requirements to teach internationally can vary from country to country.
Engineering

Biomedical | Civil | Civil and Environmental | Civil (Construction) |
Civil (Structures) | Data | Electrical | Electronic | Flexible |
Mechanical | Mechatronic | Software

The engineering industry is evolving. Stay up-to-date with the latest technical knowledge and key leadership skills so you can gain a competitive edge with employers. Work with global experts in state-of-the-art facilities and revolutionise the future.

INDUSTRY-FOCUSED LEARNING
Theory is great, but industry experience is even better. That’s why we offer practical learning for future-ready graduates. Engage with renowned industry partners that provide working knowledge throughout your degree.

CONNECTIONS THAT COUNT
Would access to more than 1000 companies give you an advantage? Of course it would. Our dedicated internships team are available to provide personalised support to ensure you gain the best work experience, giving you a distinct edge from your peers when you graduate.

INNOVATION HUB
UTS is located in an innovation precinct surrounded by some of Australia’s top startup firms.

Taha Anwar
Bachelor of Engineering (Honours)
United Arab Emirates

“UTS is unique in the fact that it offers me the opportunity to take a double major in both mechanical and mechatronic engineering. The degree is of a very high standard. Through my course at UTS I am building knowledge to help humanity.”
Bachelor of Engineering (Honours) ▲

Course Description
This course is identical to the Bachelor of Engineering (Honours) Diploma in Professional Engineering Practice (C09067), with the exception that there is no Diploma in Professional Engineering Practice requirement.

Majors
Biomedical, civil, civil and environmental, data, electrical, electrical and electronic, electronic, flexible, mechanical, mechanical and mechatronic, mechatronic, software.

Professional Recognition
The Bachelor of Engineering (Honours) is accredited by Engineers Australia at the Graduate Professional Engineer level. The degree is recognised internationally by signatories to the Washington Accord.

Course Structure
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c09066

Career Opportunities
Career options depend on the major chosen.

Bachelor of Engineering (Honours) Diploma in Professional Engineering Practice ▲

Course Description
This program is a comprehensive preparation for careers in the professional practice of engineering. Students learn to deal with complex systems and manage large-scale projects using the most appropriate emerging technologies.

Majors
Biomedical, civil, civil and environmental, data, electrical, electrical and electronic, electronic, flexible, mechanical, mechanical and mechatronic, mechatronic, software.

Professional Recognition
The Bachelor of Engineering (Honours) is accredited by Engineers Australia at the Graduate Professional Engineer level. The degree is recognised internationally by signatories to the Washington Accord.

Course Structure
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c09067

Career Opportunities
Career options depend on the major chosen.
### Bachelor of Engineering Science

**Course Description**
This course is an engineering technologist-level program which is similar in nature to the Bachelor of Engineering (Honours) (C09066) but does not provide full professional engineering status.

**Majors**
Civil, data, electrical, electronic, flexible, mechanical, mechatronic, software.

**Course Structure**
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10066

**Career Opportunities**
Career options include positions in engineering teams across the full spectrum of engineering activities. Specific career options depend on the major chosen.

### Course Details
- **Course code:** C10066

UTS ranks 7th in the world and 1st in Australia for Nursing*. Immerse yourself in a proven mix of practice and theory from the get-go. We’ll equip you with the skills and knowledge to work in health care settings in Australia and globally.

*Nursing | Health Science: Global Health, Health Promotion, Human Structure and Function, Indigenous Health, Public Health | Sport and Exercise Management | Sport and Exercise Science: Exercise Science

Tina Chang
Taiwan
Bachelor of Nursing

“Nursing is about knowledge and practical work, which is what UTS does well. We have lab tutorials and lectures, and clinical placement every semester. In the labs, there is hospital-grade equipment. The training manikins can sweat, cry, bleed, vomit – do anything! You get a chance to experience the industry as if you were actually working there.”
**Bachelor of Health Science ▲**

**Course Description**
The Bachelor of Health Science is a flexible and innovative degree that equips graduates with qualifications to help make a difference across diverse settings of healthcare provision.

**Majors**

**Course Structure**
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10360

**Career Opportunities**
Career options include positions in health promotion, advocacy, health education, e-health, health data and information management systems, planning and policy, project management and evaluation, community development, research and consultancy across both public and private health sectors, and physiotherapy (pathway).

**Bachelor of Nursing ▲**

**Course Description**
The Bachelor of Nursing is designed to prepare students for the role of the registered nurse. The course incorporates a range of nursing subjects as well as behavioural science, physical science, ethics and professional subjects relevant to contemporary nursing practice. Graduates of the course are capable of delivering a high standard of confident, safe and therapeutic nursing care in a variety of healthcare settings. They demonstrate nursing care that is patient-centred, informed and responsible.

**Sub-Majors**
Nursing: In the final year of the program, students are able to pursue an area of nursing interest by choosing a clinical specialty elective.

**Professional Recognition**
This course is subject to accreditation by the Australian Nursing and Midwifery Accreditation Council (ANMAC) and approval by the Nursing and Midwifery Board of Australia (NMBA). See the faculty rules for more information: handbook.uts.edu.au/health/area/info.html

**Course Structure**
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10122

**Career Opportunities**
Career options for registered nurses include working in diverse specialty areas such as community health, critical care, intensive care, aged care, mental health, operating theatres and paediatrics. Career progression opportunities include working as a clinical nurse consultant, clinical nurse specialist, nurse educator, nurse manager, nurse practitioner or rural and remote practice nurse.
Bachelor of Sport and Exercise Management

Course Description
This course develops graduates who possess a sound knowledge of the biophysical, behavioural and sociocultural foundations of sport and exercise, combined with the management skills and knowledge increasingly necessary in sport and exercise professions.

Areas of Study
Sport and exercise, management.

Course Structure
For further details, please refer to the UTS Handbook:
handbook.uts.edu.au/courses/c10301

Career Opportunities
Career options include athlete management, corporate health and fitness, fitness consultant, health promotion, sport development manager, sport event manager, sport marketing, sport policy, sport scientist, sport venue manager and physiotherapy (pathway).

Bachelor of Sport and Exercise Science

Course Description
The Bachelor of Sport and Exercise Science meets the demand for professionals able to provide physical activity services to all sectors of the community.

Areas of Study
Sport and exercise science, health.

Professional Recognition
Accredited Exercise Scientist with Exercise and Sports Science Australia (ESSA) for those who select the Exercise Science major; the Australian Physiotherapy Council for those who go on to complete M Physiotherapy.

Course Structure
For further details, please refer to the UTS Handbook:
handbook.uts.edu.au/courses/c10300

Career Opportunities
Career options include sport and exercise science; corporate health and wellbeing; strength and conditioning; personal training; physiotherapy (pathway); exercise rehabilitation; sports coaching; outdoor education; and facility management.
Most subjects at UTS are valued at 6-8 credit points each. Refer to the online handbook for the most up-to-date information and for specific information on available electives and their credit-point value (handbook.uts.edu.au).

The technology revolution is here. Study where change happens with a degree that’s focused on innovation, practical learning and real-world internship experience.

WE’RE DIFFERENT. HERE’S HOW.
Theory is important, but hands-on experience is how it all comes together. Our internship opportunities can help you develop solid practical skills and build connections in one of our 1,000 partner companies.

FUTURE FOCUSED
The future? It’s right here. With our custom-built teaching spaces and one-of-a-kind laboratories, when you study with us, you’ll get a glimpse of what it’s like to work where disruption happens.

DO WHAT MATTERS
There’s no doubt that research has the potential to change the world – and with an IT honours degree, you could too. Spend a year working on a pressing research challenge and learn to think about IT as a tool to drive global change.

Phuc Khang Cu
Vietnam
Bachelor of Computing Science (Honours)

“The facilities at UTS are great and the lecturers are fantastic. They’re really good at what they do. They go in-depth about the subject and make it really understandable. After lectures we have computer lab work and tutorials, where we get the opportunity to solidify our knowledge. After those sessions, you have a really good grasp on the knowledge you have learned.”
Bachelor of Computing Science (Honours)

Course Description
This course offers a sound education in all aspects of computing science and information technology. It is intended for students who aspire to become researchers or who want a career in a more scientific-oriented computing area. As such it provides a pathway to postgraduate research study.

Majors
Artificial intelligence and data analytics, business information systems management, cybersecurity and privacy, enterprise systems development, interaction design, mathematical analysis, networking and cybersecurity, operations research, quantum information science, statistics.

Professional Recognition
Graduates are eligible to apply for professional-level membership of the Australian Computer Society.

Course Structure
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c09119

Career Opportunities
Depending on the major selected, career options include software developer, systems analyst, data scientist or professional computing science researcher.

Bachelor of Science in Games Development

Course Description
This course offers a sound education in all aspects of information technology and develops the diverse skills necessary for a career in computer games development.

Sub-Majors
Business information systems management, data analytics, enterprise systems development, interaction design, networking and cybersecurity, accounting for small business, advertising principles, business accounting, electronics and computer interfacing, employment relations, innovation, international management, international studies, introductory economics, introductory finance, language other than English (LOTE), marketing principles, network security, physics, quantitative management, scientific computing, specialist country studies, statistical modelling.

Professional Recognition
Graduates are eligible to apply for professional-level membership of the Australian Computer Society.

Course Structure
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10229

Career Opportunities
Career options include computer game developer, data analyst, game/interaction designer, generalist programmer, graphics engine specialist, IT project manager, network specialist, software engineer, web developer.
Information Technology

Bachelor of Information Systems

Course Description

The Bachelor of Information Systems (BIS) is an undergraduate coursework offering aimed at meeting emerging demands for a new generation of technology professionals ready to deal with the challenges of complex systems. Students study complex systems such as enterprises, their services for different stakeholders (customers/patients/citizens/other organisations and stakeholders), and their internal processes conducted by people (with knowledge, skills and social capital) using data, information and IT-enabled services.

Areas of Study

Information system management, processes and models, data analytics, planning and decision-making, knowledge management, innovation, sustainability

Professional Recognition

The Faculty of Engineering and Information Technology is seeking accreditation from the Australian Computer Society.

Course Structure

For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10395

Career Opportunities

Career options include positions in a range of sectors, such as energy, transport, smart cities, business, and government, in roles including: Business Analyst, Business Process Modeller, Smart Infrastructure Professional, Supply Chain Modeller, Digital Transformation Analyst, and Information Systems Analyst/Designer.

Bachelor of Science in Information Technology

Course Description

This course offers a sound education in all aspects of computing and information technology for students who intend to make a career in the profession, as well as providing a pathway to honours, postgraduate study or a research career.

Majors

Business information systems management, data analytics, enterprise systems development, interaction design, networking and cybersecurity.

Sub-Majors

Business information systems management, data analytics, enterprise systems development, interaction design, networking and cybersecurity, accounting for small business, advertising principles, business accounting, computer graphics and animation, electronics and computer interfacing, employment relations, innovation, international management, international studies, introductory economics, introductory finance, language other than English (LOTE), marketing principles, network security, physics, quantitative management, scientific computing, specialist country studies, statistical modelling.

Professional Recognition

Graduates are eligible to apply for professional-level membership of the Australian Computer Society.

Course Structure

For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10148

Career Opportunities

Depending on the major selected, career options include business analyst, IT project manager, network specialist, software developer, systems analyst or web developer.
Bachelor of Science in Information Technology Diploma in Information Technology Professional Practice▲

Course Description
This course offers a sound education in all aspects of computing and information technology for students who intend to make a career in the profession, as well as providing a pathway to honours, postgraduate study and a research career.

Majors
Business information systems management, data analytics, enterprise systems development, interaction design, networking and cybersecurity.

Sub-Majors
Business information systems management, data analytics, enterprise systems development, interaction design, networking and cybersecurity, accounting for small business, advertising principles, business accounting, computer graphics and animation, electronics and computer interfacing, employment relations, innovation, international management, international studies, introductory economics, introductory finance, language other than English (LOTE), marketing principles, network security, physics, quantitative management, scientific computing, specialist country studies, statistical modelling.

Professional Recognition
Graduates are eligible to apply for professional-level membership of the Australian Computer Society.

Course Structure
For further details, please refer to the UTS Handbook:
handbook.uts.edu.au/courses/c10345

Career Opportunities
Depending on the major selected, career options include ICT business analyst, analyst/programmer, IT project manager, network specialist, software developer, software engineer, systems analyst or web developer.

Most subjects at UTS are valued at 6-8 credit points each. Refer to the online handbook for the most up-to-date information and for specific information on available electives and their credit-point value (handbook.uts.edu.au).
For honours and combined degrees, please see course summary tables (pages 82-93)
▲Courses flagged with this icon include a work-based training component which must be undertaken as part of the course of study and refers to all clinical, professional and industrial or other work placements.
Learn how to tackle the social, economic and political challenges that shape the globe and get ready for a career that can take you anywhere.
Bachelor of Global Studies

Course Description

The UTS Bachelor of Global Studies is a highly versatile, professionally oriented arts degree that takes globalisation in its political, economic and cultural manifestations as its core subject of inquiry. Students draw connections between global phenomena and concrete local practices in work and life, seeing the opportunities and constraints that exist for different groups of people. The course engages students in complex problem-solving regarding global processes and events.

Students select a major in business, management, communications, health or legal studies and integrate the perspectives and skills from their professional major into their core subjects. Students may choose to study overseas on session-long exchange or short-term work and/or study placements, or to learn another language. Students undertake either a domestic or international work placement.

Majors

Business studies, health, communication, legal studies, management studies.

Sub-Majors

Language other than English (LOTE); specialist country studies; communication; transnational studies; reading Australia; environmental studies; Aboriginal studies; media studies; screen studies; bodies, genders, rights.

Course Structure

For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10264

Career Opportunities

Career options include roles in a number of globally oriented workplaces such as government and non-government organisations as well as a variety of companies, ranging from small start-ups to major multinationals. Career options are often based on the choice of major within the degree. Graduates have roles as marketing coordinators, brand strategists, business managers and paralegals. Graduates have also worked in industries including finance, hospitality, tourism, digital media and the not-for-profit sector.

Bachelor of Arts in International Studies (Combined degree, 29 options)

Course Description

The Bachelor of Arts in International Studies combines a professional degree with immersion in another language and culture, enhancing professional training and career options. This degree is packaged as a combined degree with bachelor’s degrees from Business; Communication; Design, Architecture and Building; Education; Engineering; Information Technology; Law; Nursing; and Science.

The duration of these combined degrees is either 5 or 6 years depending on the degree chosen. The Bachelor of Arts in International Studies cannot be combined with the Bachelor of Global Studies.

Career options

Career options are generally determined by the professional component of your degree.

Combined options

Please see combined options on course summary tables (pages 82–93).
Law

Professional, adaptable, and ready for change – gain these graduate attributes at UTS Law. You’ll build foundational knowledge of law practice as well as the problem solving, analytical thinking, and spoken and written communication skills required to succeed in law.

DRIVE CHANGE THAT MATTERS
Use your knowledge as a tool for good. Get involved in the Brennan Justice and Leadership program, an international human rights fieldwork placement or a local internship.

FUTURE PROOF YOUR CAREER
We combine traditional legal education with next-generation legal technologies so you’ll be ready for your future world of work. Our Legal Futures and Technology major is a first in Australia.

GET YOUR FOOT IN THE DOOR
Undertake an international placement, local internship or social justice project to experience law in practice.

PRACTICE MAKES PERFECT
There are no traditional exams. You’ll learn through practice with assessments that mirror real work experience.

THE WHOLE PACKAGE
To become a lawyer in NSW you are required to undertake academic and practical study. At UTS you can undertake your academic law study as well as your professional legal training through the Graduate Certificate in Professional Legal Practice.

Daniel Cheng
China
Bachelor of Laws Bachelor of Communications

“In Law, you’re not only learning to understand the information, you’re learning how to think critically. Studying law has been challenging but fun. There are many different mooting opportunities, clerkship opportunities and seminars. You have an opportunity to put your learning into practice.”
Bachelor of Laws ▲

Course Description
The Bachelor of Laws is one of Sydney’s leading law degrees. It has been developed to help students build foundational knowledge in the practice of law, as well as the ‘soft’ skills (problem solving, analytical thinking, spoken and written communication) required to succeed in a legal career.

Majors
Legal futures and technology.

Professional Recognition
This course satisfies the requirements for admission to the Supreme Court of NSW as a lawyer provided students undertake the optional practical legal training program as part of the course or at the completion of the course. Check with the NSW Legal Profession Admission Board (LPAB) for time constraints.

Course Structure
For further details, please refer to the UTS Handbook:
handbook.uts.edu.au/courses/c10124

Career Opportunities
Career options include lawyer or legal policy adviser within a government or corporate department, private law firm or community law centre, or negotiating treaties or work in legislation drafting with the Attorney-General’s Department.

Most subjects at UTS are valued at 6-8 credit points each. Refer to the online handbook for the most up-to-date information and for specific information on available electives and their credit-point value (handbook.uts.edu.au).

For honours and combined degrees, please see course summary tables (pages 82-93)

International Undergraduate Course Guide 2021 59
Think broad, think big. A science degree opens many doors. Fight climate change with renewable energy, use biostatistics to help people live longer and healthier lives, or work at the forefront of discoveries that lead to the next generation of nano-materials.

OUR DIFFERENCE
When you choose UTS, you choose a university with a fresh approach to the study of science and maths. We offer world-class facilities where you get hands-on experience using the same equipment that’s standard in industry.

GET HANDS-ON EXPERIENCE
The best place to get experience? In the real world. Dive into hands-on projects that build your technical expertise. Pursue internships with our industry partners in a range of scientific, business and government organisations.

INNOVATIVE, INDUSTRY-STANDARD FACILITIES
From our Super Lab to our Crime Scene Simulation Lab, our facilities are just like our courses: purpose-built, innovative and designed with specific outcomes in mind.

“...I really like the hands-on stuff. We get in groups and have to pretty much act like a real team would in the forensics field. That’s what I’ve really enjoyed about UTS; it’s all practical activities, you are actually physically doing them instead of just learning theory.”

Eva Chen
China
Bachelor of Forensic Science
Bachelor of Advanced Science

Course Description
The Bachelor of Advanced Science is designed specifically to develop student learning using an inquiry-oriented and research-immersion model. Students engage in a number of research project subjects based on their chosen major, which include environmental biotechnology; pharmaceutical sciences; and pre-medicine. Students are placed with world-leading research scientists and learn ‘on the job’, actively mentored in research teams learning theory through real-time application and solving real-world problems. More than just a work placement, this course is a holistic learning experience designed to train the next generation of scientists.

Note: Pharmaceutical Sciences and Environmental Biotechnology majors have a Feb intake only.

Majors
Environmental biotechnology, pharmaceutical sciences, pre-medicine.

Course Structure
For further details, please refer to the UTS Handbook:
handbook.uts.edu.au/courses/c10347

Career Opportunities
The pre-medicine and pharmaceutical sciences major prepare students for postgraduate medicine, pharmacy, physiotherapy, health policy writing, health and medical writing, sales and technical support of medical devices, and the pharmaceutical and therapeutic goods industry. Examples of positions in environmental biotechnology include industrial biotechnology for the energy sector (biofuel), agricultural sector (feedstock) and environmental management (phyto-remediation).

Bachelor of Biomedical Physics

Course Description
The Bachelor of Biomedical Physics is a multi-disciplinary degree that combines both biomedical science with physics applications. Some of the most challenging and rewarding applications of physics are in the area of biomedical physics. There is a broad range of applications for biomedical physics in areas such as radiation oncology, medical imaging and radiation safety. Knowledge of biomedical physics can be applied to instrument development, from magnetic resonance imaging (MRI) to simple glucose monitors or therapeutic agents based on nanoparticles.

Areas of Study
Advanced medical device technology, applied electronics and interfacing, biomedical physics, bionanotechnology, cell biology and genetics, chemistry, human anatomy and physiology, human pathophysiology, imaging science, mathematical modelling for science, medical imaging technology, physics in action, quantum physics, solid-state science and nanodevices.

Course Structure
For further details, please refer to the UTS Handbook:
handbook.uts.edu.au/courses/c10346

Career Opportunities
Career options include positions in medical imaging, imaging technology and the medical instrumentation industry. The course also provides a pathway to postgraduate programs in medicine or medical physics.
Bachelor of Biomedical Science

Course Description
The Bachelor of Biomedical Science provides a strong professional and industry focus. Students obtain a solid foundation in both biological and medical sciences, and practical experimentation through extensive theoretical knowledge and advanced laboratory skills.

Areas of Study
Anatomy, autoimmunity, allergy, bacteriology, biochemistry, blood transfusions, blood tests, cell biology, clinical microbiology, diabetes, medical diagnostics, epidemiology, genetics, genetic screening, haematology, histology, immunodeficiency, immunity, immunology, infection, laboratory, molecular biology, parasitology, pathology, physiology, histopathology, proteomics, research, serology, stem cell, transplantation.

Course Structure
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10115

Career Opportunities
Career options include positions in hospital laboratories, diagnostic medical laboratories, pharmaceutical companies, biomedical and biotechnology industries. Students may pursue a career in biomedical research in hospitals or other research institutes. Biomedical science also provides excellent preparation for entry into postgraduate degrees in medicine and allied health professions.

Bachelor of Biotechnology

Course Description
The Bachelor of Biotechnology provides students with a broad knowledge of modern biotechnology and its applications. Algal biofuels, stem cell therapy and new methods of disease diagnosis are just a few projects that biotechnologists are working on today.

Majors
Medical biotechnology, environmental biotechnology

Professional Recognition
The faculty is awaiting recognition from AusBiotech for this course.

Course Structure
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10172

Career Opportunities
Career options vary according to the chosen major.

- **Medical biotechnology**: positions in laboratories or research labs developing new vaccines and medicines for pharmaceutical and biotechnology companies, hospitals, pathology and biomedical firms, universities, and research institutes.

- **Environmental biotechnology**: typical jobs include research associate, consultant, field scientist, microbiologist, conservation officer, environment officer, biotechnologist, and employment across a wide range of industries, creating new products or processes to conserve the environment.
Bachelor of Environmental Biology

Course Description
The Bachelor of Environmental Biology focuses strongly on ecosystem protection and management, and in practical experience undertaken during field excursions. Students are introduced to the latest findings by lecturers actively engaged in research solutions to environmental problems such as climate change and sustainability. Studies focus on the foundation components of the natural systems, how these systems work, and how detrimental impacts on them can be assessed and recovered.

Professional Recognition

Course Structure
For further details, please refer to the UTS Handbook:
handbook.uts.edu.au/courses/c10223

Career Opportunities
Career options include scientific officer or research scientist in organisations concerned with environmental protection, national parks and wildlife, water and coastal resources, CSIRO, and at universities in research, or as an environmental analyst and consultants. Graduates are also employed by local, state or Commonwealth agencies as education officers, environmental officers or managers of parks, reserves and bushland and consulting firms, as teachers at schools and TAFE, and in the private sector as environmental and sustainability consultants.

Bachelor of Forensic Science

Course Description
The Bachelor of Forensic Science prepares students for professional and specialist work in the discipline of forensic science. Students build a solid foundation of skills and knowledge in the enabling sciences, complemented by an in-depth understanding of forensic science in the context of their chosen discipline. Development of critical thinking and problem-solving skills is a focus of the degree, with graduates in high demand from a diverse range of industries and organisations.

Note: Digital Forensics major has a Feb intake only.

Majors
Biology, chemistry, crime scene investigation, digital forensics.

Professional Recognition
Graduates of the Chemistry major are eligible for membership of the Royal Australian Chemical Institute and the Australian and New Zealand Forensic Science Society.

Course Structure
For further details, please refer to the UTS Handbook:
handbook.uts.edu.au/courses/c10387

Career Opportunities
Career options vary according to the chosen major.

Chemistry: criminalist, trace evidence specialist, explosive specialist, analytical chemist, toxicologist, clinical or regulatory toxicologist, analytical technician.

Biology: DNA specialist, forensic scientist, molecular research scientist, hospital scientist, pathology technician, forensic anthropologist, forensic pathologist.

Crime scene investigation: scene-of-crime officer, team leader in investigations, fire investigator, trace evidence specialist, forensic scientist, analyst.

Digital forensics: digital forensic scientist or analyst, e-Discovery analyst, cyberthreat intelligence analyst, fraud investigator, information security analyst, malware analyst.

Graduates of these majors could find employment with organisations such as the Australian Federal Police, state policing agencies, ASIO, CSIRO, ANSTO, customs, immigration, banks and financial institutions, consulting and accounting firms, private forensic agencies, and cybersecurity firms.
Bachelor of Marine Biology

Course Description
The Bachelor of Marine Biology focuses on how the marine environment works and how it can be better managed. It has a strong practical and field-based focus where students learn important concepts and skills.

Professional Recognition
Australian Marine Science Association

Course Structure
For further details, please refer to the UTS Handbook:
handbook.uts.edu.au/courses/c10228

Career Opportunities
Career options include positions in fisheries, national parks and wildlife, environmental protection, infrastructure, natural resources and planning both in government and industries. Graduates are also employed by local councils as environmental officers, in resource industries and consulting firms as research officers, CSIRO, universities and as teachers at schools.

Bachelor of Medical Science

Course Description
The Bachelor of Medical Science is designed for careers in medical and health-related sciences. It aims to produce professional medical scientists with highly adaptable and practical scientific skills accompanied by a thorough grounding in theory. It specialises in the human body's structure, function and disease processes at the cellular and whole organ level.

Areas of Study
Anatomy, cell biology, diagnostics, drugs, genetics, haematology, human diseases, immunology, medical devices, medicine, metabolic biochemistry, microbiology, molecular biology, neuroscience, pharmacology, physiology

Course Structure
For further details, please refer to the UTS Handbook:
handbook.uts.edu.au/courses/c10184

Career Opportunities
Career options include positions in private and public hospitals, public health units, government departments, and biotechnology, health technology and pharmaceutical companies.
### Bachelor of Medicinal Chemistry

**Course Description**
The Bachelor of Medicinal Chemistry is a practice-oriented degree that involves cutting-edge instrumentation, equipping students with the necessary skills for a career as a medicinal chemist.

**Areas of Study**
Analytical chemistry, cell biology and genetics, human anatomy and physiology, inorganic chemistry, mathematical modelling for science, medicinal chemistry, metabolic biochemistry, organic chemistry, pharmacology, physical chemistry, physiological systems, principles of scientific practice, spectroscopy and structure, strategies in drug synthesis.

**Professional Recognition**
Graduates are eligible for membership of the Royal Australian Chemical Institute (RACI).

**Course Structure**
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10275

**Career Opportunities**
Career options include positions in pharmaceutical industries, biotechnology start-ups, clinical trials management and government regulatory authorities. This course offers graduates a pathway into careers of drug discovery from concept to delivery. Students can choose to work in the range of industries where they have the opportunity to interact with multidisciplinary teams involving pharmacologists, toxicologists, analytical chemists, microbiologists, and biopharmacists. The majority of jobs are with pharmaceutical companies, biotechnology start-ups, clinical trials management or government regulatory authorities.

### Bachelor of Science

**Course Description**
The Bachelor of Science gives students a solid foundation in scientific knowledge and practice while allowing them to specialise in an area of interest. Students may follow any of the nine different majors leading to the award of a degree naming the chosen major, e.g. Bachelor of Science in Nanotechnology, or Bachelor of Science in Medical Science, or any of the majors available. Majors are chosen at the end of first year when students have experienced a range of disciplines and are more equipped to choose their preferred path. Students may also choose not to follow a major, but to select a range of second- and third-year subjects to tailor their study according to their interests and graduate with a cross-disciplinary degree.

**Majors**
Chemistry, Applied Physics, Biomedical Science, Biotechnology, Environmental Sciences, Mathematics, Medical Science, Nanotechnology, Statistics, No specified major.

**Areas of Study**
Experimental design and analysis, probability, finance, modelling, toxicology, physical, organic and inorganic chemistry, bionanotechnology, nanofabrication, nanomaterials, optics, quantum physics, electron microscopy, thermodynamics, cell biology, genetics, estuarine and marine systems, environmental protection and management, fisheries and wildlife ecology, physiology of plants and animals, bioreactors, bioprocessing, haematology, immunology, parasitology.

**Course Structure**
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10242

**Career Opportunities**
Graduates are highly versatile as they can work in almost any industry such as biotechnology, biomedical science, medical science, marine biology, environmental monitoring and management, mathematics, statistical modelling, applied chemistry, applied physics, nanotechnology and material science. Graduates could be employed to analyse traffic flow, calculate the optimum distribution of branches for major banks, set rates of insurance premiums, analyse the consumer demand for products, be part of a medical team working on groundbreaking research, determine the effectiveness of new drugs, evaluate the environmental impact of pollution or provide advice on the stock market.
Bachelor of Science in Analytics

Course Description
The Bachelor of Science in Analytics focuses on the analytical skills and technical knowledge that underpin the sophisticated data analysis tools on which key aspects of business activity rely. These tools enable industry to capitalise on big data by gaining insights through expert interpretation of results of statistical and other quantitative analyses. In this course students study key areas of business activity and develop a broad range of mathematical, statistical, computational and data management skills, as well as experience in the use of the information technology required for modern data analysis.

Majors
Consumer analytics, operations analysis, risk management, financial mathematics.

Course Structure
For further details, please refer to the UTS Handbook: handbook.uts.edu.au/courses/c10384

Career Opportunities
Career options include positions in business intelligence, data science, business analytics, consumer analytics, marketing research, logistics management, financial and credit risk management, stock market analysis, portfolio management, option pricing, international money market analyst. Major employers include media and marketing companies, banks, insurance companies, superannuation providers, prominent consulting firms, public sector organisations, and other major financial bodies.
Most subjects at UTS are valued at 6-8 credit points each. Refer to the online handbook for the most up-to-date information and for specific information on available electives and their credit-point value (handbook.uts.edu.au).

For honours and combined degrees, please see course summary tables (pages 82-93)

Courses flagged with this icon include a work-based training component which must be undertaken as part of the course of study and refers to all clinical, professional and industrial or other work placements.

Bachelor of Science in Analytics

Course code: C10384
CRICOS code: 088438J
Course duration: 3 years
Number of credit points: 144
Intake: Feb/Aug
Location: City campus
Fees: A$19,365 per session

Academic and additional requirements: See page 74

English language requirements: See page 75

Major employers include media and marketing companies, banks, insurance companies, superannuation providers, prominent consulting firms, public sector organisations, and other major financial bodies.
Transdisciplinary Innovation

Bachelor of Creative Intelligence and Innovation | Diploma in Innovation

Transdisciplinary innovation applies diverse perspectives to complex problems. You’ll become a creative thinker, gain skills in collaboration and complexity, and learn to embed innovation in your professional practice.

Vanessa Truong
Vietnam
Bachelor of Business and Bachelor of Creative Intelligence and Innovation

“I chose UTS because it has a very good reputation for academic excellence and social justice. Through my BCII program, I have the chance to work with students from different faculties. It’s a very good opportunity to network with creative people.”
Diploma in Innovation

Course Description
The Diploma in Innovation is a new undergraduate degree with half the credit points of double bachelors. It was created as a direct response to industry demand for graduates to work at the intersection of creativity, innovation and entrepreneurship.

The Diploma an exciting opportunity to stand out among graduates from your discipline by learning how to collaborate across disciplines to address complex problems. It is available to students undertaking almost any UTS undergraduate degree. This course can be taken alongside your core degree, allowing you to achieve two qualifications in the same time that it will take you to obtain one. Accelerated pathways through the diploma are available, too.

Areas of Study
The Diploma is one-half innovation and entrepreneurship, which is about experimenting and implementing. And, it’s one half creative intelligence, which is about collaboratively and creatively exploring complex problems.

Course Structure
For further details, please refer to the UTS Handbook:
handbook.uts.edu.au/courses/c20060

Career Opportunities
This degree is designed to prepare you for a future that you haven’t yet thought about, for which the job titles might not even exist yet, and has a strong emphasis on entrepreneurial thinking. UTS graduates who complete the Diploma will have a greater understanding for starting their own venture, working directly with founders of SMEs, and stimulating innovation within corporate settings.

Bachelor of Creative Intelligence and Innovation (Combined degree, 24 options)

Course Description
Taking a transdisciplinary approach, the Bachelor of Creative Intelligence and Innovation utilises multiple perspectives from diverse fields, integrating a range of industry experiences, real-world projects and self-initiated proposals, equipping graduates to address the wicked problems, complex challenges and untapped opportunities in today’s world. This course can be combined with 24 bachelor’s degrees.

By focusing on the high-level conceptual thinking and problem-solving practices that lead to the development of innovative, creative and entrepreneurial outcomes, students of the combined degree also gain leading edge capabilities that are highly valued in the globalised world, including dealing with critical and creative thinking, invention, complexity, innovation, future scenario building and entrepreneurship, as well as the ability to work on their own, across and between other disciplines. These creative intelligence competencies enable graduates to navigate across a rapidly changing world.

Within the final year of the Bachelor of Creative Intelligence and Innovation, students can undertake between 6 and 12 credit points of internship (work experience) that relates to innovation within their research, career development, or core degree specialisations. International internships may be negotiated.

Career outcomes
By being creative thinkers, initiators of new ideas, scenario planners, global strategists, open network designers or sustainable futures innovators within their chosen field of study, graduates maximise the potential of their chosen profession, making them highly sought after graduates with the ability to identify and develop solutions to some of the most complex issues that face their disciplines and society.

Combined options
Please see combined options on course summary tables (pages 82–93).
ENGLISH LANGUAGE PROGRAMS
Studying English with UTS Insearch means you’ll be studying with one of the top English providers in Australia. We have more than 30 years’ experience delivering quality English programs to international students.

We offer:
- General English (Levels GE1-3)
  CRICOS course code 032422B
- Academic English (Levels AE1-5)
  CRICOS course code 032410F

UTS FOUNDATION STUDIES
The UTS Foundation Studies program is delivered by UTS Insearch on behalf of UTS. It’s specifically designed for international students who’ve completed year 11 or equivalent. It enables you to develop your English language proficiency and broader knowledge skill sets to become well-rounded, confident and ready to study at university.

Completing the UTS Foundation Studies program opens doors to a wide range of study options, career choices and for successful students, articulation into most first year undergraduate degrees at UTS.

CRICOS course code 082432G (Standard Program) and 082433G (Extended)

DIPLOMA PROGRAMS
Guarantee* your place in a UTS degree with a UTS Insearch diploma.

Choose from six exciting disciplines. Whether your interest is business, communication, design and architecture, engineering, IT or science, our diplomas can guide you into the second year** of a UTS undergraduate degree.

Each diploma is designed in collaboration with UTS. This means that the educational outcomes for students undertaking a UTS Insearch diploma are, in most cases, equivalent to those of first year students studying a UTS undergraduate degree.

All six UTS Insearch diplomas are offered over two semesters (Accelerated), three semesters (Standard) and four semesters (Extended). Entry into our diploma programs will be based on your current academic and English levels and the pace of learning you wish to undertake.

* Based on completion of a diploma with no more than two subject failures.

** The point where you enter into your UTS degree will depend on your major and is based on no more than two subject failures. Not all majors will take you into second year.
REASONS TO CHOOSE UTS INSEARCH

Guaranteed entry to UTS
When you successfully complete your UTS Insearch diploma or UTS Foundation Studies, you’ll receive guaranteed entry into either first or second year of the corresponding UTS undergraduate degree.

Big in support, small in size
Enjoy a range of free support services including our Learning Support Program, one-on-one tutorials, study skills workshops, guidance from full-time dedicated Study Success Advisers, peer-to-peer mentors, and more.

Plus, our classes are small. With no more than 20 students in one tutorial, you’ll benefit from a personalised learning experience.

Part of UTS
Our diplomas are designed in collaboration with UTS. This means the educational outcomes for diploma students are the same as for first year students studying a UTS undergraduate degree.

Latest technology and facilities
You’ll have access to high-tech lecture theatres and classrooms, an English Learning Centre and purpose-built computer labs. As an academic student, you’ll also have access to all UTS facilities including the new world-class library.

Explore your leadership strengths
Our Leadership Program gives you real-world, career-ready skills early on in your studies. A series of practical masterclasses carefully crafted by industry leaders and subject matter experts are delivered in a fun and interactive learning environment. With work experience placements to be won, it’s a great way to test drive your career.

A better way to learn
At UTS Insearch we don’t just teach you course subjects, our teaching focuses on life-long learning skills. This means formative assessments, more face-to-face hours and an emphasis on collaboration inside and outside the classroom.

Join the community
Our free Activities Club is a fun way to make new friends. Get involved in movie nights, BBQs, sports competitions, music, excursions, and more.

Central location
You’ll love studying in the heart of Sydney. It’s easy to get to and from campus with major attractions, cafes and shopping an easy stroll away.

Plus, you’ll be learning in the heart of Sydney’s startup and innovative capital. You’ll be surrounded by other inspiring young minds. If there’s one place to get your creative juices flowing – our campus is it.

MARIA MARGARITA MALDONADO, COLOMBIA
UTS Insearch Diploma of Business
UTS Bachelor of Business majoring in Marketing and Finance
Head of Marketing at Facebook for Andean Region

“When I started studying at UTS Insearch I didn’t know if or how I was going to fit in. However, people from all around the world who were in the same situation surrounded me and made it much easier. I didn’t feel like I was out of place and the experience was very enjoyable.”

REACH YOUR FULL POTENTIAL
Our special combination of ongoing academic support, small class sizes and practical learning has been designed to help you thrive at UTS.

# Based on completion of a diploma with no more than two subject failures. The point where you enter into your UTS degree will depend on your major. Not all majors will take you into second year. Completion of the UTS Foundation Studies course with the required GPA score will gain you entry to the first year of undergraduate degrees at UTS.
JASON (TIANYANG) XIE, CHINA
UTS Insearch Diploma of Communication
UTS Bachelor of Communication
(Media Arts and Production)
Founder of AmazingLP
“When I arrived in Australia, critical thinking was one of my weakest skills. After completing my UTS Insearch diploma and then going on to study at UTS for four years, I’ve become a confident and proactive thinker. It’s an important skill to have when running your own company.”

KITTIE KAN, HONG KONG (SAR)
UTS Insearch Diploma of Communication
UTS Bachelor of Communication
(Public Communication)
Senior Brand Manager at Mattel Asia Pacific
“The transition from UTS Insearch to UTS was a very smooth process. The skills that I learnt whilst studying the diploma could be applied towards my degree.”
Which pathway is right for you?

International Undergraduate Course Guide 2021 73
Admission requirements

MINIMUM ACADEMIC REQUIREMENTS
For entry into a UTS undergraduate course, you require a competitive pass in a recognised matriculation examination equivalent to an Australian year 12 qualification. As a general guide, competitive results in the international examinations listed below are accepted for entry. Applications for some courses also require submission of a portfolio or a personal statement.

For detailed information about the academic requirements for courses by specific examinations, refer to the Course Summary Tables at the back of this publication (pages 82–93) or visit uts.edu.au/future-students/international/essential-information/entry-requirements. Those who successfully complete a recognised pathway program are also eligible to apply.

If you do not meet the entry requirements, you may wish to consider studying a UTS pathway course through UTS Insearch (see pages 70–73).

INTERNATIONAL EDUCATION QUALIFICATIONS

Bahrain: Successful completion of at least one full-time year at bachelor’s degree level at a recognised university or tertiary institution.

Bangladesh: Successful completion of at least one full-time year of a four-year bachelor degree at a recognised university or a completed two to three year bachelor degree at a recognised university.

Brazil: Successful completion of at least one full-time year at bachelor’s degree level at a recognised university or tertiary institution.

Canada: Successful completion of the Ontario Secondary School Diploma with six university or university/college preparation courses. Qualifications from other provinces may also be acceptable.

Chile: Successful completion of at least one full-time year at bachelor’s degree level at a recognised university or tertiary institution.

China: Successful completion of the China National Entrance Examination (Gaokao) where the total score meets entry standard or completion of at least one full-time year at bachelor’s degree level at a recognised university or tertiary institution.

Colombia: Successful completion of at least one full-time year at bachelor’s degree level at a recognised university or tertiary institution.

Fiji: Successful completion of the Foundation Program at the University of the South Pacific; OR successful completion of the Fiji seventh form, competitive (2012 and earlier) Fiji Year 13 Certificate (2013 onwards) OR successful completion of at least one full-time year at bachelor degree level at the University of the South Pacific; OR successful completion of matriculation to a New Zealand university.

Germany: Successful completion of the Abitur examination.

Hong Kong (SAR): Successful completion of the Hong Kong Diploma of Secondary Education (HKDSE) with the overall aggregate based on the five best Category A/B subjects.

For Category A subjects: level 5* = 7 points, level 5* = 6 points; level 5 = 5 points, level 4 = 4 points, level 3 = 3 points, level 2 = 2 points, level 1 = 1 point, U = 0 point.

For Category B subjects from 2018: attained with distinction (I) = 4 points, attained with distinction (II) = 3 points, attained = 2 points, unattained = 0. For Category B Chinese and pre-2018 Category B subjects: attained with distinction = 3 points, attained = 2 points, unattained = 0 points.

India: Successful completion of the All India Senior School Certificate Examination (CBSE) (10+2) with overall grades in best four subjects where A1=5, A2=4.5, B1=3.5, B2=3.0, C1=2.0, C2=1.5, D1=1, D2=0.5 or successful completion of the Indian School Certificate Examination (10+2) awarded by Council for the Indian School Certificate Examinations (CISCE) with an overall percentage grade average in the best four externally examined subjects.

Successful completion of the Higher Secondary School examinations from some state boards with a competitive pass may also be accepted.

Indonesia: Successful completion of at least one full-time year at bachelor’s degree level at a recognised university or tertiary institution.

International Baccalaureate: Award of the full International Baccalaureate diploma where the total aggregate score including bonus and penalty points meets entry standards.

International Baccalaureate – predicted grade: Applicants completing the International Baccalaureate diploma in May will be considered for admission in Spring session (July/August start) based on their predicted results.

Japan: Successful completion of at least one full-time year at bachelor’s degree level at a recognised university or tertiary institution.

Jordan: Successful completion of at least one full-time year at bachelor’s degree level at a recognised university or tertiary institution.

Kuwait: Successful completion of at least one full-time year at bachelor’s degree level at a recognised university or tertiary institution.

Malaysia: Successful completion of STPM with passes in a minimum of 3 Advanced Level subjects, where A=7, A* =6, B=5, B=4, B=3, C+ =2, C=1. Fail grades (F) or partial passes C-, D+ or D are not assessed or used to determine the ATAR equivalency.

Advanced Level subjects must be taken in the same academic year.

Mexico: Successful completion of at least one full-time year at bachelor’s degree level at a recognised university or tertiary institution.

Nepal: Successful completion of Nepalese Higher Secondary Education Certificate (up to 2017) and School Leaving Certificate Examination (2018 onwards) awarded by the National Examinations Board formerly known as the Higher Secondary Education Board at a level acceptable for entry OR may need at least one full-time year of a four-year bachelor degree at a recognised university or a completed two to three year bachelor degree at a recognised university.

New Zealand: Successful completion of the National Certificate of Education Achievement at a competitive standard.

Nigeria: Successful completion of at least one full-time year at bachelor’s degree level at a recognised university or tertiary institution.

Norway: Successful completion of the Norwegian Certificate of Completion of Upper Secondary School Examinations or equivalent (Vitnemal).

Oman: Successful completion of at least one full-time year at bachelor’s degree level at a recognised university or tertiary institution.

Pakistan: Successful completion of at least one full-time year of a four-year bachelor degree at a recognised university or a completed two to three year bachelor degree at a recognised university.

The Philippines: Successful completion of at least one full-time year at bachelor’s degree level at a recognised university or tertiary institution.

Russia: Successful completion of at least one full-time year at bachelor’s degree level at a recognised university or tertiary institution.

Saudi Arabia: Successful completion of at least one full-time year at bachelor’s degree level at a recognised university or tertiary institution.

Singapore: Successful completion of the Singapore and Cambridge General Certificate of Education (GCE) Advanced Level with at least three Higher 2 (H2) subjects. An overall aggregate score will be calculated based on the best three H2 subjects where A=5, B=4, C=3, D=2, E=1.

South Africa: Successful completion of the South African National Senior Certificate (NSC) or the Matriculation Certificate of the Joint Matriculation Board. Percentage average is calculated from all percentage marks presented, except Life Orientation. Candidates must have been awarded the NSC and have met the minimum requirements for admission to higher education (Bachelor degree, Diploma or Higher Certificate) in South Africa. Both are indicated on the certificate.

Note: Please see the latest information on international education qualifications for UTS undergraduate courses here: uts.edu.au/future-students/international/essential-information/entry-requirements
South Korea: Successful completion of Korea Republic Senior High School Diploma (General or Vocational) with an overall grade average in the final year, where A=4.0, B=3.0, C=2.0, D=1.0 or successful completion of Korea Republic College Scholastic Ability Test (CSAT) at an acceptable level where overall grade is calculated from the results in Korean Language, Mathematics and Foreign language English.

Sri Lanka: Successful completion of the Sri Lankan General Certificate of Education (GCE) with three Advanced level passes in the same sitting.

Taiwan: A junior/community college diploma or Senior Higher School diploma plus completion of at least one full-time year at bachelor’s degree level at a recognised university or tertiary institution OR Successful completion of Taiwan General Scholastic Ability Test at a level acceptable for entry.

Thailand: Successful completion of the Certificate of Secondary Education (Matayom 6). Marks are out of 100 or GPA on a 4 point scale where A=4, B=3, C=2, D=1, F=0.

Results in the Joint Higher Education Entrance Examination or Joint Entrance Examinations of provincial universities are taken into account, if available.

United Arab Emirates: Successful completion of at least one full-time year at bachelor’s degree level at a recognised university or tertiary institution.

United Kingdom: Ranks on the GCE are calculated on the basis that at the Advanced Level (A2) A*=6, A=5, B=4, C=3, D=2, E=1, and must include results in the Advanced Level (A2) subjects only.

From June 2017, calculate the aggregate from the best four Advanced Level (A2) subjects. At most one Applied A Level subject may be included in the best four subjects used to calculate the aggregate.

USA: Successful completion of the US High School Diploma plus either successful completion of:
- SAT 1 (Total of Critical Reading, Mathematical and Writing scores) at competitive standard; OR
- an approved associateship at a Community/Junior College

Vietnam: Successful completion of at least one full-time year at bachelor’s degree level at a recognised university or tertiary institution or Vietnamese High School Graduation Certificate (Bang Tot Ngiep Trung hoc Pho thong) with the necessary GPA obtained from select high schools for gifted students (Tru’o’ng THPT chuyën).

Other: UTS also accepts diplomas and advanced diplomas from Australian Qualifications Framework (AQF) recognised tertiary institutions in Australia, as well as most other Australian foundation studies programs.

**ENGLISH LANGUAGE REQUIREMENTS**
UTS has English language proficiency requirements for all its courses. Please check the requirements that apply to you.

Assessable qualification undertaken in English
You satisfy the UTS English language requirements if you have an assessable qualification that was undertaken in English from one of the following countries (For undergraduate nursing courses, refer to the Special Requirements for evidence of English instruction):
- American Samoa
- Australia
- Botswana
- Canada
- Fiji
- Ghana
- Guyana
- Jamaica
- Kenya
- Lesotho
- Liberia
- New Zealand
- Nigeria
- Papua New Guinea
- Republic of Ireland
- Singapore
- Solomon Islands
- South Africa
- Tonga
- Trinidad and Tobago
- United Kingdom (including Northern Ireland)
- United States of America
- Zambia
- Zimbabwe

**What is an assessable qualification?**
Assessable qualifications from the countries listed above that may be accepted as satisfying English proficiency include:
- senior secondary studies comparable with the NSW HSC
- one full year of Australian or comparable tertiary studies, including RATE Associate Diploma and Advanced Diploma, Associate Degree, Bachelor Degree and postgraduate studies
- comparable AQF Diploma and Advanced Diploma
- Australian or comparable non-award studies and tertiary preparation courses, with a full-time equivalence of one year.

Completed a course taught in English
If you do not have an assessable qualification from one of the countries listed, but have successfully completed the equivalent of one year (full-time) of a UTS-recognised, government-accredited, public or private post-secondary/secondary course that is taught in English, you may satisfy the UTS English-language requirement.

This course must be equivalent to the level of Australian Year 12 or higher.

You will need to provide an official document from your institution (on the institution letterhead) that certifies that your qualification was instructed in English.

(For undergraduate nursing courses, refer to the special requirements for evidence of English instruction).

**Other acceptable qualifications and English programs**
The following are also recognised by UTS as meeting the English-language requirements:
- UTS Insearch Academic English Level 5 (AE5) – “Pass” for courses with an English language admission requirement of IELTS (Academic) overall score of 6.5, with 6.0 in writing
- Australian TAFE (NSW) Certificate IV in English for Academic Purposes (EAP)
- high school English mark equal to or greater than 75 per cent from Austria, Denmark, Finland, France, Germany, Sweden, the Netherlands, Norway or Switzerland
- successful completion of International Baccalaureate Diploma Program subjects English A: literature or English A: language and literature, where the Diploma Program was taught in a language other than English
- Cambridge Certificate of Proficiency in English (CPE):
  - for courses requiring an IELTS academic overall score of 8.0 – overall CPE score of 200 or above
  - for courses requiring an IELTS (Academic) overall score of 7.5 – overall CPE score of 191–199.
  - for courses requiring an IELTS (Academic) overall score of 7.0 – overall CPE score of 185–190.
  - for courses requiring an IELTS (Academic) overall score of 6.5 – overall CPE score of 176–184.
  - A level 4 or above in the core subject English in the Hong Kong Diploma of Secondary Education (HKDSE) Examination.
Admission requirements

Previous education not conducted in English
If your previous education was not conducted in English, you are required to demonstrate proficiency in English by completing an English language test or program recognised by UTS.

English language proficiency test scores are recognised by UTS provided they were obtained less than two years prior to application at UTS.

The table below shows the results required to meet UTS English language requirements for entry into the respective courses.

For all combined courses the highest English language requirement test scores apply.

cambridgeesol.org
**SPECIAL REQUIREMENTS/CONSIDERATION**

**Special requirements for evidence of medium of instruction for nursing courses**

The English language requirements for C10122 Bachelor of Nursing, C10123 Bachelor of Nursing Bachelor of Arts in International Studies and C10351 Bachelor of Nursing Bachelor of Creative Intelligence and Innovation align with the Australian Nursing and Midwifery Accreditation Council English Language proficiency criteria.

The English language tests listed under the Undergraduate coursework English language requirements for Bachelor of Nursing are the only acceptable language tests. The test results must be current (up to 2 years old) and applies to one test sitting. The test scores from two different tests cannot be combined. However, a maximum of two sittings of the same test, in a 6 month period is acceptable only if:

- IELTS: an overall score of 7 is achieved in each sitting and no score in any component of the test is below 6.5
- TOELF iBT: a total score of 94 in each sitting is achieved and no score in any of the sections is below reading 19, listening 20, speaking 20, writing 24
- Academic PTE: a minimum overall score of 65 in each sitting is achieved and no score in any of the four communicative skills is below 58
- OET: tested in all 4 components in each sitting and no score in any component of the test is below C

For applicants who declare English as their primary language, evidence of the following will only be accepted:

- Satisfactorily completed at least six years of primary and secondary education taught and assessed in English in one of the recognised countries, including at least two years between years 7 and 12 OR
- Completed at least five years (full time equivalent) continuous education, including a tertiary qualification in health, taught and assessed solely in English in one of the recognised countries.

**Recognised countries include:**
- Australia
- New Zealand
- Canada
- Republic of Ireland
- South Africa
- United Kingdom
- United States of America

**Special consideration for students sponsored through aid programs**

Special consideration of English language requirements may be given to students sponsored through aid programs, such as Australia Awards, World Bank, etc.

You will need to demonstrate an IELTS Academic overall band score of 5.5 with a writing score of 5.0 (or equivalent scores for all other recognised tests) and completion of 200 hours of English for Academic Purposes in your first six months in Australia. This will be funded by the UTS host faculty.

In some countries the Australian Embassy may have different English language requirements for those seeking a student visa. Check with your nearest Australian Diplomatic Post before registering for an English language test.

UTS also accepts diplomas and advanced diplomas from Australian Qualifications Framework (AQF) recognised tertiary institutions in Australia as well as most other Australian foundation studies programs.

**2021 ACADEMIC CALENDAR**

The UTS academic calendar includes three teaching periods: Autumn, Spring and Summer. Our courses are scheduled to ensure students can progress through the standard Autumn and Spring teaching periods. Some courses may offer a Summer session intake, please visit uts.edu.au/future-students/international/discover-uts/summer-session for more information about Summer session intake dates.

- Autumn session will run from 8 February to 26 June 2021
- Spring session from 19 July to 27 November 2021
- Autumn session will run from 15 February to 26 June 2021
- Spring session from 19 July to 27 November 2021
- Autumn session will run from 8 February to 26 June 2021
- Spring session from 19 July to 27 November 2021
- Autumn session will run from 8 February to 26 June 2021
- Spring session from 19 July to 27 November 2021

These session dates include a week-long Orientation period. A compulsory session for international students will be included as part of Orientation.

For more information about our courses and intake dates, visit international.uts.edu.au
# How to apply

## 1. COMPLETE THE APPLICATION FORM

All international students must complete an international student application form and either:

<table>
<thead>
<tr>
<th>LODGE ONLINE:</th>
<th>SUBMIT a PAPER-BASED application:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Visit student.uts.apply.studylink.com</td>
<td>Download an application form: uts.edu.au/future-students/international/essential-information/applying-study-uts</td>
</tr>
<tr>
<td>Login and register to apply online.</td>
<td></td>
</tr>
</tbody>
</table>

## 2. ATTACH NECESSARY DOCUMENTS

You must attach:

- a certified copy of your academic records.
- a portfolio or personal statement (where applicable, see page 79)
- Documents not issued in English must be officially translated and submitted together with certified copies in the original language.
- a certified copy of your English test score (or an official document stating that your previous education was conducted in English, see page 75)
- a bankdraft of A$100 non-refundable application fee or a copy of Tax invoice (proof of payment) for A$100 non-refundable application fee.

### ONLINE:

Scan your documents, save them to your computer and upload them with your online application at the “attach here” section.

Once you have submitted your application online, you must copy your documents and send the certified hard copies to UTS International. See the back cover of this guide for our postal and street address.

### PAPER-BASED:

Copy your documents and submit certified copies with your application form. See the back cover of this guide for our postal and street address.

## 3. SUBMIT YOUR APPLICATION

### ONLINE:

- Check that you have completed all sections.
- Agree to the Terms & Conditions and pay your application fee online.
- Submit your application.

### PAPER-BASED:

Submit your application to a UTS Representative at an education event.

Submit your application to one of our agents or representatives worldwide. For contact details visit: international.uts.edu.au

**APPLICATION CLOSING DATES:**

- **Autumn session** (February start)
  - Applicants based outside Australia: 30 November
  - Applicants based in Australia: 15 December

- **Spring session** (July/August start)
  - Applicants based outside Australia: 30 April
  - Applicants based in Australia: 31 May

- **Summer session**
  - Applicants based outside Australia: 31 August
  - Applicants based in Australia: 30 September

## 4. APPLICATION OUTCOME

### ONLINE:

After submitting your application, you’ll receive immediate acknowledgement by email.

The acknowledgement you receive will include a UTS application number which you should keep and refer to in any future correspondence with UTS International. Once we’ve received all of your documents, the application process usually takes around four to six weeks. UTS International will advise you by email of your application outcome.

### PAPER-BASED:

You will receive an email acknowledging receipt of your application approximately one week after it has been received by UTS.

## 5. REQUEST FOR ADDITIONAL INFORMATION

If your documents are insufficient for assessment, you will receive a request for additional information by email.

### 5ii. CONDITIONAL LETTER OF OFFER

If your application is approved, but there are conditions you still need to satisfy, you will receive a conditional Letter of Offer by email. Once these conditions have been met, you will receive an unconditional offer by email.

### 5iii. LETTER OF OFFER

If you have met all specific requirements you will receive an unconditional Letter of Offer by email.

## 6. ACCEPT YOUR OFFER

You will receive information on how to accept your offer with your Letter of Offer.

UTS reserves the right to withdraw an offer of admission or Confirmation of Enrolment (CoE) in cases where an applicant has not provided true and complete information for admission to a course or where UTS is not satisfied that the student meets the Genuine Temporary Entrant and/or Genuine Student requirements set by the Department of Home Affairs.

---

† See Certification of Documentation on page 79.

* Visit uts.edu.au/future-students/international/discover-uts/summer-session for Summer session intake dates
SIMPLIFIED STUDENT VISA FRAMEWORK (SSVF)

UTS participates in the Australian Government’s Simplified Student Visa Framework (SSVF) and recruits students into its degree courses under the SSVF arrangements of the Department of Home Affairs. The SSVF is designed to make the process of applying for a student visa simpler for genuine students.

As an international student, you should apply for a single student visa (subclass 500) regardless of your chosen course of study. When you are granted a visa under SSVF, you must continue to maintain enrolment in an eligible course and continue to have sufficient financial capacity to support your study and stay in Australia.

All student visa (subclass 500) holders must maintain enrolment at the same or higher Australian Qualification Framework (AQF) level for which they were granted a visa. If you are undertaking a doctoral degree (AQF10) or transferring to a master degree (AQF9), this condition does not apply. Transferring to a lower AQF level course or transferring from an AQF level course to a non-AQF Award course is a breach of the student visa condition and might result in cancellation of your visa.

You must take this important information into account when choosing a course and when considering a course change or a move to another provider.

For more information about student visas, visit the Department of Home Affairs website: [homeaffairs.gov.au](http://homeaffairs.gov.au)

CERTIFICATION OF DOCUMENTATION

UTS will accept copies certified by employees of one of the following:

- Australian Overseas Diplomatic Mission
- UTS Authorised Representative or Agent
- Public Notary Office
- the administration of the institution that issued the relevant document
- an Australian university.

Alternatively, documents verified by someone who is currently employed in Australia as:

- an accountant – members of the Institute of Chartered Accountants in Australia, the Australian Society of Certified Practising Accountants, the Institute of Public Accountants, the Association of Taxation and Management Accountants or Registered Tax Agents
- a bank or credit union manager
- a barrister, solicitor or patent attorney
- a police officer with the rank of sergeant and above
- a post office manager
- a principal of an Australian secondary college, high school or primary school
- a commissioner for declarations
- a Justice of the Peace where the registration number is clearly indicated.

What does correctly certified mean?

Correctly certified means that your original document has been sighted and the copy has been sworn to be a true copy of the original by one of the authorised people mentioned above. Scanned documents or photocopies will not be accepted.

The personal statement (approx. 500 words) should be written by you and should:

- describe your educational experience and how it has prepared you for studying this course
- indicate your knowledge and interest in the area in which you plan to study
- outline your expectations of the course for which you are applying
- reflect on any work (paid or voluntary) you have undertaken – you may also wish to include details of your work history
- mention anything else about you that will help us assess your application.

Portfolio

Students who apply for a design course may need to submit a portfolio. If required, you will be contacted with further details.
TUITION FEES
Tuition fees vary between UTS courses and must be paid in advance of each session. Textbooks and other course materials are additional expenses.

The fees for any session are determined by the number of credit points being undertaken in that session. Unless noted, the quoted session tuition fee assumes you will enrol in a standard 100 per cent credit point load for your chosen course, which is normally 24 credit points per session. Your actual session course cost may differ from this figure depending on the course and the number of credit points taken per session.

Fees listed are correct for 2021 only and are subject to an increase each calendar year. All fees listed are for 24 credit points in a session unless otherwise stated.

For the most up-to-date information about tuition fees for UTS courses and the UTS Fees and Refund Protocol, visit: uts.edu.au/future-students/international/essential-information/fees-information

STUDENT SERVICES AND AMENITIES FEE
Australian universities charge a Student Services and Amenities Fee (SSAF) to support the maintenance of a range of student services at universities. At UTS, the SSAF provides support to Students’ Association sponsored activities. This includes the second-hand bookstore, services for skills and language development, the UTS Student Legal Centre, food, beverage and retail outlets, and student clubs run by Activate UTS.

The SSAF is applicable to all students at UTS. You are required to pay it in Autumn and Spring sessions in which you are enrolled. Your liability for the SSAF is based on your enrolled study load as at the census date. Students withdrawing after the census date are not eligible for a refund or remission of this fee.

To give you an estimate of the cost, in 2020 the SSAF was A$154 per session for full-time students (those with a study load of 18 credit points and above per session). The SSAF is subject to an annual government set indexation increase.

For further information go to: uts.edu.au/current-students/managing-your-course/fees-and-payment/student-services-and-amenities-fee-ssaf

HEALTH COVER
You are required to arrange Overseas Student Health Care (OSHC) for the entire time that you are in Australia on a student visa. It is also a visa condition, and your responsibility as a student, to purchase and maintain this health cover throughout your stay in Australia. Students from Belgium, Norway and Sweden who have health cover in their home countries may be exempt from OSHC.

OSHC is insurance to assist international students to meet the costs of medical and hospital care that they may need while in Australia. OSHC will also pay limited benefits for pharmaceuticals and ambulance services.

Medibank is the UTS preferred provider for OSHC, but you may purchase OSHC from an authorised provider of your choice. The cost of cover may differ between insurers and the plan you choose. Please note that you will need to submit evidence of your OSHC arrangements when you lodge your visa application with the Department of Home Affairs.

For further information visit: medibankoshc.com.au/uts

ACCOMMODATION AND LIVING COSTS
For a guide to accommodation and living costs for living in Sydney, please see page 25 of this guide.

RECOGNITION OF PRIOR LEARNING – RPL (CREDIT RECOGNITION)
Your prior learning may be considered for credit towards a UTS graduate coursework program where the prior learning is related to assessable components of the course. For example, you may be granted:

- exemption from studying a specific subject within your UTS course if you can prove that you have previously studied a subject equivalent to a required UTS subject
- general advanced standing for a specific number of subjects if you can prove your prior studies are relevant to your UTS course, but do not directly correspond to specific subjects in the course and
- automatic credit if the subject and version required for your current course has been completed as part of another UTS course.

Note: Determination of eligibility for recognition of prior learning towards a particular course does not imply or guarantee that a place is available in that course for the particular applicant.

Applying for recognition of prior learning
You can apply for recognition of prior learning in your International Student Application form.

The following documents must be attached to your application:
1. certified copy of academic transcript(s)
2. certified copies of official subject outlines

For each subject exemption sought, you must provide a subject outline with the following details:
- year the subject outline is relevant to (this must be the same year in which you passed the subject)
- topics covered in the subject
- number of hours of class time
- method of assessment used
- textbooks required.

A paragraph from an institution’s calendar or handbook is not sufficient. Inadequate outlines will not be accepted.

Subject outlines must be in English. If subject outlines have been translated into English, they must be certified and stamped as translated by a professional translator.

---

*Applicants completing the IB Diploma in May will be considered for admission in Spring session only (July/August commencement) based on Predicted IB results. Applicants completing the IB Diploma in November will be considered for admission upon release of official final results.

# Applicants must submit a personal statement.

^ This is a single award qualification.

+ Teacher education courses leading to accredited primary and secondary school teaching qualifications are currently being reviewed.

Please see the UTS Handbook for the most up to date information about course offerings, majors/specialisations and structure.

**TRANSDISCIPLINARY INNOVATION**

**COMBINED COURSE – BACHELOR OF CREATIVE INTELLIGENCE AND INNOVATION**

A Bachelor of Creative Intelligence and Innovation is packaged as a combined degree with bachelor’s degrees from other faculties. For more information, refer to the relevant faculty’s course listing in this table.

**COMBINED COURSE – DIPLOMA IN INNOVATION**

The Diploma in Innovation (C20060) can be packaged with bachelor’s degrees from other faculties. The course is not offered as a stand-alone degree and must be taken concurrently with an undergraduate coursework degree at UTS. Submission of a direct application form is required.

Note: Fees listed are correct for 2021 only and are subject to an increase each calendar year. The published fee is based on 24 credit points per session. Please see UTS website for fee details. To find the latest information about your course, please search here: [uts.edu.au/future-students](http://uts.edu.au/future-students)
Glossary

Each university has its own terminology, grading system and calendar. To make it easy for you to use this course guide, we’ve defined some of our key terms below. If you need more information, visit our website international.uts.edu.au or contact us at international@uts.edu.au

**Admission:** the process of applying for a course or program at UTS, then being made an offer of admission, accepting that offer, and being admitted to study at UTS.

**Advanced standing:** see Credit recognition.

**Assumed knowledge:** additional prior knowledge specified by some courses as part of the entry requirements. This prior knowledge is often gained in specific subjects (such as physics or chemistry), or it may have been obtained elsewhere. If you do not have the required assumed knowledge, you may still be accepted, but a bridging course may be required.

**Campus:** the university grounds including the buildings.

**Combined degree:** the opportunity to study two programs from different academic areas at the same time and graduate with two degrees.

**Course:** an award course, non-award study or any part of a program of study offered by UTS, e.g. Master of Business.

**Credit point:** the unit of measure of workload for individual subjects (allocated based on the amount of work required in that subject). Credit points are gained by students enrolled in award courses when subjects are passed. When accumulated, credit points form one measure of the total requirements of a course. Most subjects at UTS are 6 or 8 credit points each.

**Credit recognition:** (also known as ‘advanced standing’, ‘recognition of prior learning’ and in some cases referred to as ‘exemption’ or ‘credit’) is the granting of credit to students for their previous learning for credit towards a course. For more information, please go to page 90.

**CRICOS code:** CRICOS stands for Commonwealth Register of Institutions and Courses for Overseas Students. The CRICOS code is an official code given to a course and institution to confirm that it is registered to be offered to international students.

**Distance mode:** a teaching method that does not require students to attend classes on campus. Instead, distance mode students access their subject materials online. International students undertaking distance mode courses cannot obtain a student visa to study the course in Australia.

**Electives:** some courses allow you to choose elective subjects outside your core study area as part of your course. Not all electives are available each session. Due to timetabling, you may not always get your first choice electives.

**English language requirements:** To be eligible for admission into a course, you must demonstrate proficiency in written and spoken English if your previous education was not conducted in English. Please see pages 75 - 76 for specific English language requirements for each course. These are subject to change.

**Fees:** are charged per credit point. The cost of each credit point will depend on the course you are studying (see uts.edu.au/future-students/international/essential-information/fees-information for the most up-to-date information on fees). The fees in this course guide have been calculated based on a 24 credit point session in 2021, unless otherwise stated.

**Lectures:** classes that are taught in large groups, usually conducted in lecture halls. The lecturer will provide students with course material, which is often later discussed and debated in smaller tutorial groups.

**Major:** an area you choose to specialise in during your studies. Your course will be structured around a sequence of subjects that form this major. Students can choose other unrelated subjects to undertake in conjunction with major subjects, but cannot graduate unless the criteria of their chosen major is met.

**Pre-requisite:** one or more units of subject/s, specified by the faculty board that a student must already have completed before being eligible to enrol in a particular unit or course.

**Recognition of prior learning (RPL):** see Credit recognition.

**Sessions:** the blocks of time during which classes run on campus. At UTS, an academic year has three sessions: Autumn, Spring and Summer. For academic calendar dates, see page 77.

**Sub-major:** a group of subjects which, alongside the major, will form the structure of your course. The sub-major works the same way as your major in that there will be a specific number of required credit points that need to be met.

**Subjects:** units that cover different areas within your chosen course. They are a combination of core subjects (these are compulsory) and electives.

**Subject outline:** an official document that represents the statement of subject requirements that is authoritative for both the university and the students undertaking the subject. It includes details of the minimum essential requirements necessary to pass the subject, material and equipment that may be taken into an examination and may prescribe attendance and/or participation requirements. All students should receive a subject outline for every subject in the first week of class.

**Transnational:** Delivery of Australian (or UTS) courses and qualifications overseas, allowing students to study Australian qualifications in their home country or region. Also known as offshore courses.

**Tutorials:** small classes of students that provide a more personal, interactive teaching space for students and tutors to discuss and debate topics related to the subject. Students can also ask any questions they may have about the course material.
