Study Abroad and Exchange at UTS: Education

As a Study Abroad/Exchange student, you may design a program of subjects from more than one faculty at UTS (provided you enrol in 24 credit points of full-time study). Education subjects are 6 credit points each. Subjects offered in other faculties may carry different credit point values. Be mindful of this when choosing your subjects.

Please note: This guide focuses on key study areas to locate our more popular Education subjects. In addition to the subjects in this guide, you can search for all subjects and majors using the UTS Handbook.

When can I study?

The UTS Academic Year operates on four separate calendars, Calendar A, Calendar B, Calendar C and Calendar D. Most faculties offer all subjects within Calendar A only. UTS: Education offers subjects in both calendars. Study Abroad and Exchange Students must choose one calendar and select all their subjects within that one calendar. To decide which calendar to choose your subjects from, please see the two options below:

1. If you are not an Education student at your home University but you would like to take some subjects from UTS: Education, you may select subjects from Calendar A only.

2. If you are an Education Major Student at your home University, you must select all your UTS subjects from Calendar D.
   - Calendar D Autumn Session 2022 (February – July)
   - Orientation begins Monday, 14 February 2022. The Session end date will be 2 July 2022 for Education Major Students.
   - Calendar D Spring Session 2022 (July – November)
   - Orientation begins Monday 18 July 2022. The Session end date for Education Major Students will be 26 November 2022.

Please note:

- In Australia, Autumn Session occurs in the first half of the year. Spring Session occurs in the second half of the year.
- If you apply for a subject with one or more prerequisites, you will need to demonstrate that you have the prior skills and knowledge necessary to undertake the subject.
- Subjects within UTS: Education are often only offered once a year. Please check the timetable in case of a change.
Undergraduate students are not normally permitted to study postgraduate subjects.

Sessions include the examination weeks. Should you leave the country prior to attending and completing the assessments, you will not receive a grade/mark for your exam or quiz or any other assessments.
