

2024 Education Subject Guide

Study Abroad and Exchange

This guide highlights our most popular Education subjects. You can also search for other subjects and majors using the [UTS Handbook](#) and UTS Education website: <https://www.uts.edu.au/future-students/education>

Subjects offered in other faculties may carry different credit point values. Be mindful of this when choosing your subjects.

Final enrolment into subjects is conditional upon class availabilities and completion of the online enrolment process.

When can I study?

Study Abroad and Exchange is available:

Period	Category	Period	Category
February – June	A: Autumn Session	July – November	S: Spring Session

The UTS Academic Year operates on four separate calendars, **Calendar A**, **Calendar B**, **Calendar C** and **Calendar D**. Most faculties offer all subjects within Calendar A only. UTS: Education offers subjects in both calendars. Study Abroad and Exchange Students must choose one calendar and select all their subjects within that one calendar. To decide which calendar to choose your subjects from, please see the two options below:

1. If you are not an Education student at your home University but you would like to take some subjects from UTS: Education, you may select subjects from [Calendar A](#) only.
2. If you are an Education Major Student at your home University, you must select all your UTS subjects from [Calendar D](#).
