

2024 International Studies and Social Sciences Study Abroad and Exchange

Study Abroad and Exchange students may choose subjects from more than one faculty at UTS.

This guide highlights our most popular International Studies and Social Science subjects. You can also search for other subjects and majors using the [UTS Handbook](#) and International Studies and Social Science website: <https://www.uts.edu.au/study/international-studies>

Subjects offered in other faculties may carry different credit point values. Be mindful of this when choosing your subjects.

Final enrolment into subjects is conditional upon class availabilities and completion of the online enrolment process.

UTS offers languages at various levels: Students with no prior knowledge start at level 1 (see pre-approved subjects above).

Students with prior knowledge must complete a language level assessment to determine the correct level for them. Before students can enrol in a language subject they must submit an [eRequest](#) and answer the 'Language subject details' section. They will then be advised of the assessment dates. Students will be enrolled in the appropriate level after completing an assessment. For higher level language and culture subjects, please see the UTS handbook:

<http://handbook.uts.edu.au/intl/lists/numerical.html>

Please note: language subjects with an odd-numbered level (e.g. French Language and Culture 3/5) are only offered in the Autumn Session. Language subjects with an even-numbered level (e.g. French Language and Culture 2/4/6) are only offered in the Spring Session.

Please speak to the study abroad and exchange office for entry requirements.
