The Literacy and Numeracy Test for Initial Teacher Education Students (LANTITE test) is designed to assess initial teacher education students' personal literacy and numeracy skills to ensure teachers are well equipped to meet the demands of teaching and assist higher education providers, teacher employers and the general public to have increased confidence in the skills of graduating teachers. The test has been introduced to assess those aspects of initial teacher education students' personal literacy and numeracy skills that can be measured through an online assessment tool. ALL students enrolled in an initial teacher education course (either undergraduate or postgraduate) will be expected to sit and pass the test prior to graduation. Register for the next round of testing at https://teacheredtest.acer.edu.au/register

This is a mandatory check for Teacher Education Students and must be completed prior to the Professional Experience 8 for undergraduate students, and Professional Experience 2 for postgraduate students. Failure to complete this mandatory check will impact on you starting your professional experience on time. Once you have received your test results, you must upload them ASAP to the Documents tab in your Student Portal in MyPlacement so we can finalise your placement.
