LESSONS FROM A PLANNING PANEL
NEW 4 HOUR WORKSHOP

This four-hour experiential workshop will expose participants to the ways of working of planning panels. Utilising case studies from the NSW Planning Assessment Commission (the PAC) and Joint Regional Planning Panels (JRPP), participants will be challenged to consider a range of perspectives and arrive at recommendations to share with the group. They will gain insight into planning panel considerations, develop assessment skills, hone presentation techniques and build capacity to draw from a range of positions to develop recommendations, and justify outcomes to a group of peers.
