FAQs

I work full time/have a full study load and am unable to attend workshops during business hours, can I still participate?

The workshops are structured so they run multiple times during the relevant weeks. There will always be an after-hours option for all workshops and events.

Are the eight workshops in each semester or across two semesters?

There are four compulsory workshops in each semester. There is a breakdown of the topics on the Accomplish Award website. There may be additional elective topics that you can sign up for, but these will not count towards your attendance. Each workshop runs for two hours.

What counts towards the 100 hours of Employment Practice?

Your 100 hours of employment practice must be split across a minimum of two employment activities. This can include volunteer work, internships or vacation programs, paid employment related your degree or paid employment in another industry (including part-time or casual work such as hospitality or retail).

If you are required to complete work experience as part of your degree, you can still count these hours towards the Accomplish Award. Similarly, if you are participating in an extra-curricular activity on campus that requires you to log volunteer hours, such as Peer Network, SOUL Award or Build, you can also count them towards the Accomplish Award.

Will the 100 hours of employment practice be assigned to me as part of the program or do I need to find the opportunity myself?

It is the responsibility of each participant to source their own opportunities for employment practice as part of the Accomplish Award.

The Accomplish Award will occasionally advertise volunteer and employment opportunities but it is up the individual to apply. We offer a limited number of internship opportunities for international students only.
I am not able to attend the Networking Event during the semester break, can I still participate in the Accomplish Award?

Yes, however to be eligible to receive the award at the end of the year, we ask that you attend a networking event independently and email us evidence of your attendance. This can include an on campus event hosted by a society or an employer event held off campus.

What is the cost of participating in the Accomplish Award?

The award is free and exclusive to UTS students.

How relevant is the award to my specific discipline or faculty?

The award is open to students from all faculties and as such, the information provided is relevant across all industries. There is nothing specific to any discipline within the program. We involve employers from a range of industries but involvement can vary based on their availability.
