UTS PROFILE

On 26 January 1988 — with the commencement of the University of Technology, Sydney Act — the former New South Wales Institute of Technology became the University of Technology, Sydney.

The New South Wales Institute of Technology was established in 1964. The School of Design of the former Sydney College of the Arts was incorporated into the institute on 25 January 1988.

On 1 January 1990, the Institute of Technical and Adult Teacher Education and the Kuring-gai College of Advanced Education were amalgamated with the existing University of Technology, Sydney to form the current UTS.

On 1 August 2015, the comma was removed from the University’s title to become the University of Technology Sydney.

UTS is committed to freedom of inquiry; equality of opportunity; the pursuit of excellence in teaching, research and scholarship; and interaction with industry. The purpose of the University is outlined in the University of Technology Sydney Act 1989 (NSW) and in the constitutions of its controlled entities.

UTS is part of the Australian Technology Network of universities: a group of five leading Australian universities committed to working with industry and government, using the latest technologies to deliver practical and professional courses.

The University has a distinct model of learning, strong research performance and a leading reputation for engagement with the community, industry and the professions.

STRATEGIC PLAN

The vision, objectives and priorities of the University are set out in the UTS Strategic Plan 2009–2018.

UTS’s vision is to be a world-leading university of technology. This requires UTS to have a national and international reputation for outstanding teaching and learning, a strong research performance, and enduring relationships with the professions, industry and the community.

To support its vision and reputation, UTS has established four key objectives:

1. Inspire graduate success: Engage our students in creative and inspiring learning that enables them to build strong professional identities, future-focused graduate capabilities and global citizenship.

2. Enhance our research performance: Increase the scale, quality and impact of research in our discipline fields.

3. Connect and engage: Leverage our environment to connect students, staff, alumni, industry and the community to create sustained opportunities for collaborative learning, innovative research and enduring relationships.

4. Adapt and thrive: Lead UTS into a sustainable future; fostering creativity, agility and resilience in our people, processes and systems.

An important part of the strategic plan is the statement of UTS values: discover, engage, empower, deliver and sustain. These values guide the behaviours that support UTS in achieving its vision.

GOVERNANCE AT UTS

The object and functions of the University are outlined in section 6 of the University of Technology Sydney Act 1989 (NSW) (UTS Act), which replaced the University of Technology, Sydney Act 1987 and the University of Technology, Sydney (Miscellaneous Provisions) Act 1987.

Council, the governing body

The University is governed by a 20-member Council, including elected and appointed members who have the expertise and background relevant to the governance needs of the University. The Council’s powers are set out in the UTS Act and relevant By-law and Rules.

The Council meets at least six times a year and is chaired by the Chancellor, who (whether or not a member) is elected by the Council. Elected members of Council serve for two years and appointed members usually for four years.

The Vice-Chancellor and President (UTS Chief Executive Officer) is an ex officio member of Council and the Council governs the University with and through the Vice-Chancellor. In addition to the Vice-Chancellor’s key role in advising Council, the Council is also advised by its standing committees. Council makes external appointments with relevant expertise to key committees, for example, the Audit and Risk, Commercial Activities, Finance, Physical Infrastructure, and Social Justice committees.

Academic Board

Council has delegated to Academic Board a range of powers for academic matters. Academic Board, a major committee of Council and the primary forum in the University for the discussion and resolution of academic matters, has the power to determine academic policies within the University, and decide on the introduction, review, accreditation and discontinuation of award programs and eligibility for admission requirements.

Governance principles

To improve governance across UTS, the University’s Council has adopted a set of governance principles. Offering a framework to be applied at all levels of the University’s governance, the principles are to:

• focus on the University’s purpose and goals
• perform effectively in clearly defined roles and responsibilities
• promote and act in accordance with UTS guiding principles
• make informed, transparent decisions within UTS accountability systems
• develop the effectiveness of the UTS Council and others responsible for governance
• recognise and engage the relevant interests of the University’s stakeholders.

This framework is being used in the ongoing improvement of governance structures and processes.

Student participation in University governance

There are a number of ways students can participate in the governance of the University.

Council

There are two elected student members of Council, one undergraduate and one postgraduate student, each with a two-year term of office. These elected students, as well as a number of students representing a breadth of interests, are also members of Council’s Student/Council Liaison Group.

Academic Board

The Academic Board is the principal advisory body to Council on all academic matters. Its membership includes the President of the Students’ Association, an elected student member from each of the faculties and one postgraduate research student of the University. Students in the last two categories are also automatically members of the Student/Council Liaison Group. Student membership on the Academic Board is for a one-year term.

Faculty boards

Each faculty has a faculty board charged with advising the Academic Board and the dean and other senior staff of the faculty on matters pertaining to the educational work of the faculty. The membership of faculty boards varies, but all include at least four students for a one-year term of office.
THE COUNCIL OF THE UNIVERSITY

UTS Council is the University’s governing body. Council’s powers and functions include the control and management of the University’s affairs and concerns. Council may act in all matters in a manner that best promotes UTS’s objectives and interests.

As constituted in accordance with the provisions of the University of Technology Sydney Act 1989 (NSW), and other University governance instruments, the UTS Council consists of the following members.

UNIVERSITY HONOURS

The conferral of honorary awards and titles provides an opportunity for UTS to recognise persons of outstanding accomplishment. Such recognition is given to persons who have made a contribution to the achievement of the University’s mission, to scholarship or professional practice in one or more disciplines or professions of interest to the University, to the advancement of society in Australia or overseas, or to the life and objectives of the University.

**STANDING ORDERS**

**STANDING ORDERS FOR UTS COUNCIL**

**Chair**
1. The Chancellor shall preside at any meeting of the Council at which he/she is present unless he/she elects not to do so.
2. Where at a meeting of the Council the Chancellor:
   (a) is absent;
   (b) elects not to preside;
   (c) is unable to preside;
   or the office of the Chancellor is vacant, the Deputy Chancellor shall preside.
3. In the absence of both the Chancellor and the Deputy Chancellor from a meeting of the Council the members present shall elect one of their number to preside at that meeting.

**Notice of meetings**
4. The Council shall meet in ordinary session not less than six times in each year and at such other times as the Council shall decide.
5. Not less than seven days’ notice of an ordinary meeting of the Council shall be given by the University Secretary in writing to members of the Council setting out the time and place of the meeting and the agenda.
5A. Order 5 may be suspended by the Chancellor, Vice-Chancellor and University Secretary, as the Executive of Council, under the terms of Rule G1-6 Notice of meeting of Council of the UTS General Rules, by directing the University Secretary to take action with respect to any of the following:
   (a) advise members of a Council meeting with shorter notice than prescribed by Order 5;
   (b) advise only Council members and other required attendees of the meeting place;
   (c) advise Council members that a meeting will be held in closed session.
6. A special meeting may be convened by the University Secretary on the request of the Chancellor, the Deputy Chancellor or the Vice-Chancellor or upon the written request of any five members of the Council within 30 days of receipt of the request.
6A. Order 6 may be suspended by the Chancellor, Vice-Chancellor and University Secretary, as the Executive of Council, under the terms of Rule G1-6 Notice of meeting of Council of the UTS General Rules, by directing the University Secretary to take action with respect to any of the following:
   (a) advise members of a Council meeting with shorter notice than prescribed by Order 6;
   (b) advise only Council members and other required attendees of the meeting place;
   (c) advise Council members that a meeting will be held in closed session.
7. Not less than seven days’ notice of a special meeting of the Council shall be given in writing by the University Secretary to members of the Council specifying any matters requested under Order 6, for discussion at the special meeting.

8. Proceedings of the Council shall be valid notwithstanding non-receipt of a notice of meeting by a member.

Quorum
9. The quorum at any meeting of the Council shall consist of a majority of the total number of members for the time being of the Council.

10. If no quorum is present within 30 minutes of the time appointed for the meeting to commence, all business which should have been transacted at that meeting shall stand over until the next ordinary meeting of the Council, in which case, the business which was to have been dealt with at the meeting lacking a quorum shall take precedence over the business of the ordinary meeting unless a special meeting is called in the meantime for the transaction of that business.

11. Once a meeting of the Council has commenced with a quorum, there shall be deemed to be a quorum thereafter, unless the lack of a quorum is drawn to the Chair’s attention by a member of the Council. On the Chair’s attention being drawn to the lack of a quorum he/she shall adjourn the meeting for five minutes. If at the expiration of five minutes there still is no quorum the Chair shall adjourn the meeting to another time or place.

Minutes
12. The University Secretary shall keep a record of each meeting which shall be stored in an official University file and at each meeting the minutes of the preceding meeting shall:
   (a) be read unless copies thereof have been previously circulated to members;
   (b) be confirmed or confirmed as amended; and
   (c) be signed by the Chair as confirmed with or without amendment.

Conduct of meetings
13. The order of business at any meeting of the Council shall follow that set out in the agenda unless the Council otherwise determines.

14. Meetings shall, subject to the presence of a quorum, start at the time set out in the notice of meeting, and shall, subject to the discretion of the Chair, continue until all business on the agenda has been concluded.

15. No member of the Council shall initiate any matter for debate or move any motion in respect of such matter, other than a matter on the agenda, unless the Council otherwise determines.

16. At meetings of the Council voting shall be by show of hands, and:
   (a) any question shall be decided by a majority of the members present; and
   (b) the Chair shall have a deliberative vote, and, in the event of any equality of votes, a casting vote.

17. A motion or amendment before the Chair shall not be withdrawn except by the mover thereof and by leave of the seconder and of the Council, provided that no motion shall be withdrawn while any amendment is under discussion or after any amendment has been adopted.

18. A motion or amendment before the Chair may be reworded by the mover subject to leave of the Council.

19. No member of the Council shall speak more than once to any question, save that the mover of the motion (but not of an amendment) shall have the right of reply, which reply shall close the debate. For the purposes of this Order an amendment shall constitute a separate question from the original motion and from any other amendment.

20. When an amendment is before the Chair, discussion shall be confined to that amendment, and no further amendment shall be proposed until the amendment before the Chair has been disposed of.

21. Any member of the Council may raise a point of order which shall take precedence over all other business, and which shall be open to discussion. The point must be raised at the time the alleged irregularity occurred.

22. Any member of the Council disagreeing with the Chair’s ruling on a point of order may move dissent. Such motion shall be put forthwith without debate.

23. Any member of the Council who has not already participated in the debate on any matter may, at any time, whether another speaker has the floor or not, move ‘That the question be now put’, which motion, if accepted by the Chair, shall be put without amendment or debate. The Chair shall have an absolute discretion to accept or refuse the motion. If the motion is put during debate on an amendment, the motion shall close debate on the amendment only.

Closed session
24. The Council may, if it so wishes and provided that a quorum is present, go ‘into closed session’, whereupon all non-members who are present shall, with the exception of such non-members as the Council may determine, be required to leave the room and shall not be readmitted until the Chair declares that open session has been resumed.
Adjournment
25. The Chair may, with the consent of the Council, and shall, if so directed by the Council, adjourn the meeting from time to time and from place to place, but no business shall be transacted at an adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place. When a meeting is adjourned for 10 days or more, notice of the adjourned meeting shall be given as for an ordinary meeting. Save as aforesaid it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

Attendance at Council meetings
26. Persons present at Council meetings are categorised as follows:
   (a) Council members;
   (b) Council officers (the University Secretary and the Executive Officer to Council);
   (c) official attendees (the Provost; Deputy Vice-Chancellors; and other persons invited by the Chancellor);
   (d) observers (members of the University community; other persons who attend by leave of the Chancellor or by Council resolution).
27. Official attendees are present at Council meetings to advise Council in its deliberations. They have no speaking rights but may be invited to speak by the Chancellor. By custom and practice, the Provost and the Deputy Vice-Chancellor (Resources) are invited to sit at the Council table.
28. Observers may attend meetings of Council, subject to the following conditions:
   (a) they shall notify the University Secretary by 4.00pm on the day before the meeting they wish to attend;
   (b) the number of observers able to attend a meeting shall be determined by considerations of space and comfort, it being noted that the Council Room can accommodate a limited number of people; official attendees will be given priority over observers;
   (c) if requested, the University Secretary shall provide observers with a copy of papers relating to agenda items other than those which have been or are likely to be declared confidential;
   (d) observers shall not normally participate in the discussions. They may only do so when invited by the Chair;
   (e) the University Secretary shall have power to waive (a), determine (b) and interpret (c) above.
29. Council may, by resolution, decline permission for an official attendee or an observer to be present for all or any part of a meeting.

Tabled papers
30. Tabled papers shall not be distributed to anyone, including members, official attendees or observers prior to a meeting.

General
31. Standing Orders 1–30 or any of them may be suspended by a majority of those present at a meeting of the Council. A motion to that effect shall be open to debate.
32. Notwithstanding anything hereinbefore contained, any decision made by a validly constituted meeting shall not be void by reason only of a departure from these Standing Orders which was not detected until after the decision was made.
33. Any matter not dealt with in these Standing Orders shall be governed by the customary procedure at meetings.

Committees of the Council
34. Subject to the Act and the By-law the Council may:
   (a) appoint such committees or boards consisting of such persons whether members of Council or not, as it thinks fit; and
   (b) confer or impose upon a committee or board appointed under subclause (a) such powers and duties as it may from time to time determine.
35. The University Secretary shall be secretary to the committees and boards of the Council.
36. Not less than seven days’ notice personally or in writing of an ordinary meeting of a Council committee or board shall be given by the University Secretary to members of the committee or board, setting out the time and place of the meeting and the agenda.
37. Not less than three days’ notice personally or in writing of a special meeting of a Council committee or board shall be given by the University Secretary to members of the committee or board, setting out the time and place of the meeting and the agenda.
38. A meeting of a Council committee or board may be held at any time if all members of the committee or board so agree.
39. The quorum at any meeting of a Council committee or board, shall, unless another number is fixed for a particular committee or board, be one-half of the members of the committee or board for the time being but, if one-half is not a whole number, shall be the next higher whole number.
40. Flying Minutes:
(a) the Chair of a Council committee shall have discretion to issue a Flying Minute;
(b) a Council committee may pass a resolution without a meeting being held if a majority of the total number of members (for the time being) of a Council committee provides an affirmative vote regarding the resolution in writing or electronically;
(c) the resolution is deemed to be passed (and therefore effective from), when the last member of the majority provides an affirmative vote;
(d) passage of a resolution under this section must be recorded in the minutes.

41. These Standing Orders shall be applicable as appropriate to the conduct of meetings of the committees and boards of the Council.

STANDING ORDERS FOR ACADEMIC BOARD

Chair and Deputy Chair
1. The Chair shall preside at any meeting of the Academic Board except in the circumstances described in Standing Orders 2, 3 and 4.
2. At the first meeting of Academic Board following the beginning of a new two-year term, the Vice-Chancellor will open the meeting and invite the recently elected Chair to chair the meeting from that point.
3. Where at a meeting of the Academic Board the Chair:
   (a) is absent
   (b) elects not to preside
   (c) is unable to preside,
   or the office of the Chair is vacant, the Deputy Chair shall preside unless unwilling to do so.
4. In the absence of the Chair and Deputy Chair from a meeting of the Academic Board, or, in circumstances described in Standing Order 3 above, if the Deputy Chair has elected not to preside at the meeting:
   (a) the Vice-Chancellor, if the Vice-Chancellor is present and wishes to preside, is to preside at the meeting; or
   (b) if the Vice-Chancellor is not present, or being present, does not wish to preside, the Board is to elect one of its members to preside at the meeting.

Notice of meetings
5. The Academic Board shall normally meet in ordinary session at least six times in each year and at such other times as the Academic Board determines.
6. The University Secretary shall be Secretary to the Academic Board. At least seven days’ written notice of an ordinary meeting of the Academic Board shall be given by the University Secretary (or nominee) to members of the Academic Board setting out the time and place of the meeting and the agenda.

7. A special meeting may be convened by the University Secretary (or nominee) on the request of the Chair, the Deputy Chair or the Vice-Chancellor or upon the written request of any five members of the Academic Board. A special meeting shall be scheduled within 14 days of receipt of the request.

8. At least seven days’ written notice of a special meeting of the Academic Board shall be given by the University Secretary (or nominee) to members specifying any matters requested under Standing Order 7 for discussion at the special meeting.

9. Proceedings of the Academic Board shall be valid notwithstanding non-receipt of a notice of meeting by a member.

Quorum
10. The quorum at any meeting of the Academic Board shall be one-half of the current members of Academic Board. If one-half is not a whole number, the next higher whole number shall be used.

Vacant positions on Academic Board do not count toward the calculation of the number required for a quorum.

11. If no quorum is present, the session can proceed at the Chair’s request and with endorsement of members of Academic Board who are present. Items of business can be discussed (but no formal decisions can be made) and the inquorate session is recorded as notes.

Items of business discussed at an inquorate session may be sent to Academic Board members out of session for approval.

In the instance where sufficient members arrive (part way through an inquorate session) such that a quorum is achieved, the now quorate members may choose to resolve to approve and accept all the items discussed during the inquorate session. Such items would then be considered resolutions of the now formal meeting.

Where an inquorate session does not proceed as outlined above, the Chair will determine how business will be dealt with, which may include:
   (a) through out of session business
   (b) at the next meeting of the Board, or
   (c) for no further consideration.

12. Once a meeting of the Academic Board has commenced with a quorum, a quorum shall be deemed to exist thereafter, unless the lack of a quorum is drawn to the Chair’s attention by a member of the Academic Board. On the Chair’s attention being drawn to the lack of a quorum she or he shall adjourn the meeting for five minutes. If at the expiration of five minutes there still is no quorum, the Chair may adjourn the meeting and/or deal with remaining business as noted in Standing Order 11 above.
Declaration of conflict of interest and starring of items
13. Before the commencement of the general business of the Board’s agenda, the Chair shall invite Board members to:
   (a) declare any conflict of interest in relation to any listed matters
   (b) recommend items to be starred.
Any member may declare a conflict of interest or star an agenda item.
Starring of items is a meeting procedure adopted by the University to ensure that the whole agenda is covered, where possible, at the one meeting.
Items considered to require further discussion are accorded an appropriate amount of time within the constraints of a reasonable meeting duration, which is usually up to three hours. Items which are not starred shall be adopted immediately after resolving, which, if any, items should be starred for further discussion.

Minutes
14. The University Secretary (or nominee) shall keep a record of each meeting, which shall be stored in an appropriate manner consistent with the University’s Records Management Directive, and at each meeting the minutes of the preceding meeting shall:
   (a) be read unless copies thereof have been previously circulated to members
   (b) be confirmed or confirmed as amended, and
   (c) subsequently be signed by the Chair as confirmed with or without amendment.

Conduct of meetings
15. Meetings shall, subject to the presence of a quorum, start at the time set out in the notice of meeting, and shall, subject to the discretion of the Chair, continue until all business on the agenda has been concluded, except that the agreement of the Academic Board shall be necessary for the duration of the meeting to exceed three hours.
16. The order of business at any meeting of the Academic Board shall follow that set out in the agenda unless the Academic Board otherwise determines.
17. No member of the Academic Board shall initiate any matter for debate or move any motion in respect of a matter, other than a matter on the agenda, unless the Academic Board otherwise determines.
   (a) To ensure that Board members have adequate time to consider matters for resolution, papers should not be tabled at a meeting. However, if, after consulting with the University Secretary, the Chair believes the Board may wish to determine whether it will receive a tabled paper, an opportunity to do so will be provided at an agenda item, Receipt of Tabled Papers.
   (b) At the discretion of the Chair:
      (i) any member who desires to speak at a Board meeting shall only address the meeting when called upon by the Chair
      (ii) if two or more members indicate their desire to speak simultaneously, the Chair shall call upon the member who first caught the Chair’s eye, subject to precedence being given to the Vice-Chancellor or any person acting in that position
      (iii) if the Chair rises during a debate, any member speaking shall cease to do so and the Chair shall be heard without interruption.

Tabled papers received by the Board will be considered for starring in the sequence they are received. Tabled papers not received by the Board will normally be distributed with papers for the next meeting of the Board and considered at that meeting.
18. A motion or amendment before the Chair can only be withdrawn by the mover, with leave of the seconder and the Academic Board, provided that no motion shall be withdrawn while an amendment is being discussed or after any amendment has been adopted.
19. Subject to Standing Order 20, when an amendment is before the Chair, discussion shall be confined to that amendment, and no further amendment shall be proposed until the amendment before the Chair has been disposed of.
20. A motion or amendment before the Chair may be reworded by the mover with leave of the Academic Board.
21. Members of the Academic Board shall only speak once to any question, except that the mover of a motion or amendment shall have the right of reply, which reply shall close the debate. For the purposes of this Order, an amendment shall constitute a separate question from the original motion and from any other amendment.
   (a) A member moving a motion or amendment without speaking to it may reserve his right to speak to it subsequently.
22. At any time during the meeting, a member of the Academic Board who has not already participated in the debate on a matter may, whether another speaker has the floor or not, move ‘That the question be now put’, which motion, if accepted by the Chair, shall be put without amendment or debate. The Chair shall have absolute discretion to accept or refuse the motion. If the motion is put during debate on an amendment, the motion shall close debate on the amendment only.
   (a) A matter is ‘disposed of’ when it has been voted on, has lapsed due to absence of a mover or has been withdrawn.
(b) Once a matter is disposed of, a member shall not speak to or reflect on the matter or the vote of a meeting pertaining to the matter, except in the case of a motion for the rescission of a resolution previously adopted by the Board (of which, due notice must be given in the form of inclusion on a meeting’s agenda).

23. Any member of the Academic Board may raise a point of order which shall take precedence over all other business and be open to discussion. The point must be raised at the time the alleged irregularity occurred.
   (a) The Chair will make a ruling on a point of order.

24. Any member of the Academic Board disagreeing with the Chair’s ruling on a point of order may move dissent. Such motion shall be put to vote forthwith without debate. Upon such a motion, the Deputy Chair shall take the Chair until the motion is disposed of.

25. At meetings of the Academic Board, voting shall be by show of hands, and
   (a) any question shall be decided by a majority of the members present, and
   (b) the Chair shall have a deliberative vote and, in the event of equality of votes, a casting vote.

Academic Board elections

26. Elections for Academic Board shall be held in accordance with Rule G3, Part 3 of the General Rules of the University.

Open meetings

27. (1) Meetings of the Academic Board shall be open to members of the University, that is, staff, students and graduates. Members of the University may attend meetings of the Board as observers and shall be admitted subject to the availability of space. Members of the University who intend to attend Academic Board should inform the Executive Officer to Academic Board of their intention to attend the meeting. Ordinarily, observers shall not be accorded speaking or voting rights. The Chair may however grant observers leave to speak at a matter or item of discussion.

Attendance at Academic Board meetings

28. Directors and other UTS officers identified from time to time by the Executive Committee of Academic Board, in consultation with the senior management of the University as appropriate, will be alerted to the online availability of Academic Board papers, and have a standing invitation to attend meetings and participate in discussion, subject to permission by the Chair, as appropriate to their expertise and area of responsibility.

Closed session

29. The Academic Board may, if it so wishes and provided that a quorum is present, go ‘into closed session’, whereupon all non-members who are present shall, with the exception of those non-members as the Academic Board may determine, be required to leave the room and shall not be readmitted until the Chair declares that open session has resumed.
   (a) The minutes of the meeting shall record the motions for the commencement and cessation of discussions in a closed session. Minutes of discussions in a closed session will be considered confidential and kept separately.

Adjournment

30. The Chair may, with the consent of the Academic Board or if so directed by the Academic Board, adjourn a meeting to another time and/or place. When a meeting is adjourned:
   (a) no further business will be dealt with. Business left unfinished will be carried over to the next regular meeting or special meeting where applicable.
   (b) for 10 days or more, notice of the adjourned meeting shall be given as for an ordinary meeting. It shall not be necessary to give any notice of the business to be transacted at an adjourned meeting.

Cancellation of meetings

31. The Chair may cancel an ordinary, adjourned or special meeting of the Academic Board at any time in between meetings.
   (a) If the Chair is of the opinion that there is not sufficient business to warrant the holding of a meeting of the Board, the Chair may direct that members be informed that the meeting has been cancelled. The Chair will also determine how business that would have been transacted at the cancelled meeting will be dealt with, in the manner set out in Standing Order 11.

Alternate members

32. (1) An alternate student member may attend meetings of Academic Board in place of an elected student member (see Rule G3, Part 1, Division 1, clause (3)(b) in the Rules relating to Academic Board). An alternate student member must be eligible to be elected or nominated to the position held by the member they are replacing.
(2) If an elected student member is unable to attend a meeting of the Board, the relevant Faculty Manager or equivalent manager of a University graduate school, centre or institute (where appropriate) is responsible for requesting the alternate member to attend that meeting in place of the student member. The Faculty Manager or equivalent manager of a University graduate school, centre or institute (where appropriate) is also responsible for notifying the Executive Officer to Academic Board that the alternate will be in attendance.

(3) (a) An alternate student member is entitled to receive the agenda papers for Academic Board meetings and to attend and vote at meetings of Academic Board if and when the elected student member is not or will not be present for a meeting.

(b) When both the elected member and the alternate member are present at a meeting of Academic Board, only the elected member has speaking and voting rights.

(c) Immediately prior to the commencement of a meeting of Academic Board, or as soon as possible thereafter but during the meeting, an alternate member who is attending in place of a member shall confirm that attendance with the Executive Officer to Academic Board.

(d) When both the member and the alternate are unable to attend a meeting of Academic Board, the member is responsible for notifying the Executive Officer to Academic Board that the absence will not be covered by the alternate member and the member’s formal apology will be registered.

(e) If, for three consecutive meetings of Academic Board, neither the student member nor the alternate member has attended and the student member has not registered a formal apology with the Executive Officer to Academic Board for any of those meetings, the membership of the student member lapses, and that of the alternate member with it (see Rule G3, Part 1, Division 1, clause 1(4) in the Rules relating to Academic Board).

Communication of Academic Board decisions

33. Academic Board decisions are communicated in the following ways, via:
   (a) the UTS Official Noticeboard
   (b) minutes published on the UTS website, and
   (c) the UTS Academic Board Briefing which is a regular electronic newsletter sent by the Chair to all staff after each meeting of Academic Board. This electronic regular newsletter is to keep the community of UTS informed about the matters that transpire at meetings. The Academic Board Briefing is also published on the UTS website.

   Individual notifications of the outcomes of the Board’s deliberations shall be prepared by the Executive Officer to Academic Board and forwarded to those persons (eg Report Sponsor, Dean, Head of School, Chair of Academic Board Committee) whose attention needs to be drawn to any resolution of the Board, either in order to note or action that resolution or for further referral to appropriate members of staff, as necessary.

General

34. Standing Orders 1–33 may be suspended in whole or in part by a majority of those present at a meeting of the Academic Board. A motion to that effect shall be open to debate.

35. Any decision made by a validly constituted meeting shall not be void by reason only of a departure from these Standing Orders which was not detected until after the decision was made.

36. Any matter not dealt with in these Standing Orders shall be governed by customary procedures at meetings.

37. The Chair shall take executive action by way of out of session business or a flying minute on behalf of the Board only in accordance with the Council Resolution COU/04/178.2(c), which is available from the Executive Officer on request.

38. At the earliest opportunity, the Chair shall report to the Board on the exercise of this authority.

Committees of the Academic Board

39. These Standing Orders shall be applicable as appropriate to the conduct of meetings of the committees of the Academic Board.

40. Subject to the UTS Act and the By-law, the Academic Board may:
   (a) establish such committees as it deems appropriate to assist the work of the Board and may appoint such persons (not necessarily members of Academic Board) to those committees, as it thinks fit, and
   (b) confer or impose upon a committee established under subclause 40(a) such powers and duties as it may from time to time determine.

41. The University Secretary shall be secretary to the committees of the Academic Board.
42. Not less than seven days’ notice, personally or in writing, of an ordinary meeting of an Academic Board committee shall be given by the University Secretary (or nominee) to members of the committee, setting out the time and place of the meeting and the agenda.

43. Not less than three days’ notice, personally or in writing, of a special meeting of an Academic Board committee shall be given by the University Secretary (or nominee) to members of the committee, setting out the time and place of the meeting and the agenda.

44. A meeting of an Academic Board committee may be held at any time if all members of the committee so agree.

45. The quorum at any meeting of an Academic Board committee, shall, unless another number is fixed for a particular committee, be one-half of the members of the committee or board, or if one-half is not a whole number, the next higher whole number shall be used.

Vacant positions on Academic Board do not count toward the calculation of the number required for a quorum.

46. Standing Order 32 applies in relation to alternates for student members on Academic Board Committees. To give meaning to this Standing Order 46, all references to the Academic Board in Standing Order 32 shall be read as Academic Board Committees.

Appointment of a Deputy Chair

47. At the first meeting of each year, the Committee shall appoint a Deputy Chair from among the Committee membership, in accordance with the Procedures approved by the Chair of the Academic Board and as amended from time to time.

(a) If the Chair is absent or unable to act, or if the office of the Chair is temporarily vacant, the Deputy Chair is to have all the functions of the Chair for the duration of the meeting.

(b) The Deputy Chair may attend meetings of the Executive Committee of Academic Board in place of the Chair and is to have all the functions of the Chair for the duration of the meeting.

(c) The Deputy Chair may attend meetings of Academic Board in place of the Chair, however will not be considered a member of Academic Board, nor be counted towards quorum. The Deputy Chair may speak to the committee report when required.

Co-option of members

48. On the recommendation of the Chair, a Committee has the power to approve the co-option of members on the basis of their skills and experience as appropriate.

Extended leave or absence of a committee member

49. In cases where a committee member, including the Chair, is to take extended leave, or where a member’s absence has been granted for more than three consecutive meetings, a vacancy will be declared by the Committee Chair:

(a) where the vacancy is for an elected member, Rules G3, Division 1, clauses 4(1)–(4) and 5 shall apply

(b) where the vacancy is for an nominated or ex-officio member, an appropriate alternate should be nominated respectively by the original nominating authority or ex-officio position and appointed by the Academic Board Chair to fill the vacancy.

STANDING ORDERS FOR FACULTY BOARDS

1. General

Each Faculty of the University has a Faculty Board. The Faculty Board constitutes the primary forum in the Faculty for the discussion and resolution of academic issues and matters.

Academic Board determines the structures and functions of Faculty Boards except Faculty Boards’ authority to act on specific matters which require Council’s delegated authority.

2. Duties and powers

2.1 Subject to the Rules and the resolutions of the Council and Academic Board, including the strategic direction and priorities set for the University, a Faculty Board has a responsibility to assess the quality of, and provide direction to, the academic work of the Faculty including teaching, learning, scholarship, research and research training.

2.2 In particular a Faculty Board:

(i) is charged with advising the Academic Board and the Dean and other senior officers of that Faculty on matters such as the strategic academic direction of the Faculty, academic standards, academic quality assurance and management of academic risk;

(ii) shall exercise such responsibilities and powers as are assigned to it by Academic Board and Council from time to time, and consider and report on all matters which are referred to it by the Academic Board, the Vice-Chancellor or the Dean of the Faculty, and make recommendations where appropriate;

(iii) shall consider proposals for the introduction of new courses and major changes to existing courses, reaccreditation or discontinuation of existing courses, changes to course nomenclature or course classification and make recommendations on these to the Vice-Chancellor and the Academic Board as appropriate;
3.1 The structure of a Faculty Board is approved by Academic Board on the recommendation of the Faculty and the Vice-Chancellor and, depending on individual Faculty structure, may vary between faculties. Each Faculty Board shall consist, as a minimum, of ex officio members, nominated members and elected members (unless the composition includes all academic staff of the Faculty), as follows:

- (i) academic staff (full-time or fractional-time) elected by and from the academic staff of the Faculty, the total number of persons to be such that it is equal to or larger than the sum of the total number of ex officio and nominated members, for a two-year term of office;
- (ii) support staff elected by and from the support staff of the Faculty, for a two-year term of office;
- (iii) students elected by and from the students of the Faculty with a minimum number of four students, at least one of whom shall be a postgraduate student, for a one-year term of office.

3.2 The ex officio members are:
- (i) the Dean; and
- (ii) other senior full-time or fractional-time staff members including, where applicable, the Deputy Dean, the Associate Deans, Heads of School and the Faculty Manager.

3.3 The nominated members serve a two-year term of office, and they include:
- (i) a nominee of the University Librarian;
- (ii) a nominee of the Deputy Vice-Chancellor (Education and Students);
- (iii) one member of academic staff from the Faculty Board of at least three faculties that contribute to the teaching or research programs or other collaborative programs of the Faculty concerned, to be nominated by the Deans of those faculties in consultation with the Dean of the Faculty concerned.

3.4 The elected members include:
- (i) academic staff (full-time or fractional-time) elected by and from the academic staff of the Faculty, (or in the instance one-half is not a whole number, the number immediately greater than one-half will be used) shall be determined by lot (drawn by the University Secretary or nominee) and declared to hold office for three years. The remaining undrawn elected academic/support staff members shall hold office for the standard two years.

3.5 Elected members shall be eligible to stand for re-election and nominated members shall be eligible for renomination.

3.6 In the case where the term of elected academic/support staff members of a Faculty Board are not staggered, the process outlined in 3.7 will be applied to achieve staggering of terms and promote continuity on the Faculty Board.

3.7 In respect of 3.6, one-half of the elected academic/support staff members from the Faculty, (or in the instance one-half is not a whole number, the number immediately greater than one-half will be used) shall be determined by lot (drawn by the University Secretary or nominee) and declared to hold office for three years. The remaining undrawn elected academic/support staff members will hold office for the standard two years.

4. Meetings of Faculty Boards

4.1 The Dean of the Faculty shall be Chair of the Faculty Board, or the Dean may appoint a member of the Faculty Board as Chair, if he or she wishes.

4.2 At the first meeting of a Faculty Board after the first of November in each calendar year a board shall elect a Deputy Chair from among its members, who shall hold office until 31 October in the year immediately following and shall be eligible for re-election.
4.3 The Faculty Manager shall be Secretary to the board.

4.4 The quorum for a Faculty Board shall be one-half of its members (excluding any members on recognised leave), or the nearest whole number above.

4.5 A Faculty Board shall meet in ordinary session at least twice in each semester and at such other times as it shall decide.

4.6 Not less than seven days notice of an ordinary meeting shall be given by the Faculty Manager in writing to members of a board setting out the time and place of the meeting and the agenda.

4.7 A special meeting of a Faculty Board may be convened by the Dean of the Faculty and shall be convened by the Faculty Manager on the written request of five members of a board.

4.8 Not less than three days notice of a special meeting shall be given by the Faculty Manager to members of a board setting out the time and place of the meeting and the purpose for which the meeting is to be convened.

4.9 The agenda for any meeting of a Faculty Board and any papers pursuant to matters on the agenda including minutes of the previous meeting(s) shall be available for perusal by any member of the academic staff of the Faculty on application to the Faculty Manager.

5. **Elections and filling of remaining vacancies**

5.1 The University Secretary or nominee shall be the Returning Officer for all elections of elected members of a Faculty Board.

5.2 In the case of a board as first constituted, wherever the term of office of elected members of a Faculty Board is two years, one-half of the elected members or where one-half is not a whole number the number immediately greater than one-half shall be determined by lot by the Returning Officer and shall hold office for one year.

5.3 Where a remaining vacancy occurs in the office of an elected member of a Faculty Board the vacancy may be filled by resolution of the Faculty Board and in accordance with procedures for the filling of casual vacancies as set out in 6.1 below.

5.4 A person selected to fill a remaining vacancy shall be appointed for the period stated in the notice of election for that office, and is, if otherwise qualified, eligible for election to that office at the expiry of the term of office for which he or she was appointed.

6. **Casual vacancies**

6.1 Where a casual vacancy occurs in the office of an elected member of a Faculty Board, the vacancy may be filled by resolution of the Faculty Board:

(i) in the case of academic staff and undergraduate students of the Faculty, on the recommendation of the relevant Responsible Academic Officer; or

(ii) in the case of support staff and postgraduate students of the Faculty, on the recommendation of the Dean;

(iii) a person selected to fill a casual vacancy shall be appointed for the remainder of the term of office, and is, if otherwise qualified, eligible for election to that office at the expiry of the term of office for which he or she was appointed.

7. **General**

7.1 The Dean of the Faculty shall be an ex officio member of all committees of the Faculty Board.

7.2 The Dean of the Faculty may, if he or she so desires, convene and/or preside at a meeting of a Faculty Board committee.

7.3 As secretary to the Faculty Board, the Faculty Manager shall keep proper records of meetings of the Faculty Board and shall lodge copies of all papers of the Faculty Board with the University Secretary as part of the official record of the University.

7.4 The Faculty Manager shall be responsible for bringing forward to the Academic Board matters arising from meetings of the Faculty Board.

7.5 The Faculty Manager shall notify the University Secretary on or before the first of November each year, of the names of the members of the board for the 12-month period immediately following.

Faculty of Design, Architecture and Building

Through its research, education and engagement with professions, the Faculty of Design, Architecture and Building aims to transform urban life and environments. The faculty enables new social values and processes for the design, management and engagement across urban developments, architecture, products, garments, spaces and visual media.

UTS: Design, Architecture and Building consists of three schools: Design; Architecture; and the Built Environment; and one department: Creative Intelligence and Innovation.

The faculty values:

- excellence in socially significant research that focuses on the nexus between creativity and technology
- academic excellence in delivery of the UTS model of global practice-oriented learning

- international recognition for intellectual leadership in the faculty’s disciplines.

The faculty’s graduates are passionate professionals who design, produce, manage and value the products, places and spaces of contemporary cities. Direct entry to several of the faculty’s postgraduate diplomas is available to graduates from associate degree and higher diploma programs. Applicants to the faculty’s undergraduate courses may apply for recognition of prior learning. This is assessed on a case-by-case basis.

Research at the faculty leads the way in developing the design, architecture and built environment professions, with a particular focus on the integration of the digital technologies and various strands of research into professional practice. UTS: Design, Architecture and Building’s research spans a whole spectrum from applied, practice-based methods, through to classic academic research methods drawn from the humanities and sciences, and speculative research-and-design explorations of possible futures.

Specific research strengths include critical and experimental design practices, theory and criticism, design expertise and new design practices, transfer of techniques and technologies in architectural design and production, interactivation, electronic ecology, design and social innovation, fashion and identity, interior life, architectural criticism and new histories, the digital built environment, property rights and housing affordability.

Faculty of Engineering and Information Technology

The Faculty of Engineering and Information Technology is a leader in practice-based learning and industry engagement and is recognised internationally for its areas of research strength and expertise. Its engineering and IT undergraduate programs offer the opportunity for students to undertake industrial experience linked with academic preparatory and review subjects, and to graduate with an added Diploma in Engineering Practice or Diploma in Information Technology Professional Practice. This experience prepares students to be lifelong learners able to respond to new challenges. Undergraduate courses are regularly reviewed to ensure that teaching is cutting edge and keeps abreast of industry and student needs.

The faculty structure comprises four portfolio areas: teaching and learning, research and development, international, and external engagement; each led by an associate dean. Five schools house the academic sub-disciplines of the faculty:
- Civil and Environmental Engineering
- Computing and Communications
- Electrical, Mechanical and Mechatronic Systems Software
- Systems, Management and Leadership.

Various scholarships are offered for both engineering and IT students, both local and international at the undergraduate and postgraduate levels.

At the postgraduate level, world-class coursework and collaborative research programs closely aligned to industry-driven needs are offered. Engineering and IT courses are designed to satisfy students’ various career development needs. Courses regularly undergo industry and peer reviews in order to produce graduates that are career ready in their chosen area of study.

The faculty is internationally focused and committed to globalising its programs, staff and students. Engineering programs are offered in Asia and international exchange agreements are in place with universities in Europe, South America, North America and Asia. The faculty enrols a large cohort of international students that adds diversity and a global perspective to its learning and research activities.

The faculty also has a robust research profile, with a focus on collaborative research undertaken in conjunction with industry and the professions for the benefit of society, industry and academia. Many academics are involved in joint research programs with their counterparts in overseas universities and research institutes. The faculty is also a leader in research training with students enrolled in PhD and master’s by research programs.

UTS CENTRES

Asia–Pacific Centre for Complex Real Property Rights
The Asia–Pacific Centre for Complex Real Property Rights acknowledges both the legal and economic schools of thought on property rights, but realises that the multiple interests, factors, stakeholders and relationships in many property rights situations are often too complex to be resolved by one discipline in isolation. The centre offers a truly transdisciplinary approach to addressing complex real property rights. It achieves this by developing productive relationships and investigating property rights at the interface of law, land and the political economy, urban planning, human geography and sociology.

UTS Advancement

UTS Advancement is responsible for providing leadership and management of philanthropy and corporate partnerships as well as developing and delivering a range of engagement opportunities including alumni and community engagement on behalf of UTS.

The role of UTS Advancement is to build philanthropic and other support for the University’s strategic priorities through sustained and mutually beneficial relationships with individuals and organisations. Like all universities in Australia, UTS receives government support. While important, this support from government is not enough to allow UTS to fund all of its priorities. Philanthropic support from alumni, staff, friends of UTS, foundations and companies plays a vital additional role.

The Advancement team works closely with faculties and business units to secure financial support for UTS priorities, including research, scholarships, capital development and key strategic initiatives. The team also coordinates relationships with industry and business partners across the University to build research investment, develop internships and recruitment pipelines for students and graduates, and ensure that UTS research and programs are industry relevant.

More than 180,000 UTS graduates can be found working across the professions, in government, private business, the arts and the third sector — many in senior leadership roles — around the globe. UTS Advancement provides a range of services and programs including access to a range of alumni services and networking activities, discounts to short courses, events to enhance career development and professional networking, publications including TOWER magazine via the alumni website or apps for smart phones and tablets, eConnect newsletter and the ability to join local and international alumni networks.

UTS Advancement is also responsible for community engagement in the form of UTS Shopfront. The award-winning Shopfront links community organisations with the University’s knowledge, skills, resources and professional expertise to undertake projects and community-engaged research for real social benefit.

UTS Corporate Relations Centre

The UTS Corporate Relations Centre (CRC) is designed to make it easy for companies to engage with UTS and to allow the University to have a focal triage point to manage corporate relationships and maximise the value of partnerships.

The centre works closely with faculties and divisions to make sure that all stakeholders are engaged and involved as appropriate in the University’s partnerships. A key objective for the centre is the development of strategic partnerships based on mutual benefit that cover research collaboration, internships and employment, and executive education and training opportunities.

Another major function of the centre is to articulate the value proposition the University offers to business and to work with all parties to achieve collaborations that support the mission of UTS, its faculties and corporate partners.
As the single coordinating office, the CRC is uniquely placed to:

- create common understanding of the real opportunities to maximise the value of outcomes across the University
- build consensus within the University
- ensure collaboration goals are met in a timely fashion
- provide support and advice to lead managers
- help faculty and divisions communicate effectively with corporate partners
- develop a clear set of engagement protocols
- monitor the performance of corporate partnerships
- maintain an open client and relationship management system.

Shopfront facilitates community engagement activities through three different program areas: community-initiated coursework community projects; volunteer and leadership program through the UTS: SOUL Award; and community engaged research, including through the international Gateways e-journal.

Shopfront projects pair coursework students with community-based organisations to work on community-initiated projects or internships. Projects run through the Shopfront can range from large, multidisciplinary undertakings that involve several coursework subjects over a number of semesters, to small projects involving one or two students.

The UTS: SOUL Award develops leadership and volunteering skills for students across all faculties. Through SOUL, students develop the skills that are integral to successful community engagement.

*Gateways* is an international, peer-reviewed journal on community research and engagement. Gateways is published annually through UTS ePRESS and encourages a scholarly approach to community engagement.

www.shopfront.uts.edu.au

**UTS: SOUL Award**

The UTS: SOUL Award is a student leadership and volunteering initiative provided by the Shopfront. SOUL is open to UTS students at all levels of study and across all faculties. The program supports students to venture beyond their degree and into the community, applying the skills and knowledge gained at UTS, and connecting students to volunteering opportunities through Shopfront’s extensive network of community partners.

Through SOUL, students develop the skills that are integral to successful community engagement, including leadership, training in complex social issues, active communication and project management.

To complete the award, students undertake 100 hours of volunteering and training across the course of their degree in local community organisations. Students who graduate with the SOUL Award receive official recognition on their Australian Higher Education Graduation Statement.

(1B) Election rules must be consistent with sound and democratic electoral practices, procedures and methods of voting.

(1C) The Council must ensure that any election rule it makes is made readily available to the public by whatever means the Council considers appropriate as soon as practicable after it is made.

(2) A rule:

(a) has the same force and effect as a by-law, and

(b) may, from time to time, be amended or repealed by the Council (whether or not the Council is empowered to make such a rule), or by the authority or officer of the University for the time being empowered to make such a rule, and

(c) takes effect on the day on which it is published or on such later day as may be specified in the rule, and

(d) must indicate the authority or officer who made the rule and that it is made under this section.

(3) In the event of an inconsistency between a by-law and a rule, the by-law prevails to the extent of the inconsistency.

(4) The fact that a provision of this Act specifically provides for a matter to be the subject of by-laws (without mention of rules) does not prevent the matter from being the subject of rules made in accordance with this section.

(4) The Council may, if it considers it expedient to do so, from time to time add some portion of the income of an investment common fund to the capital of the common fund or use some portion of the income to establish or augment a fund or funds as a provision against capital depreciation or reduction of income.

(5) If an investment is brought into an investment common fund:

(a) the University is to be taken to hold that investment on behalf of and for the benefit of the common fund instead of the participating trust fund or other fund, and

(b) that participating fund is to be taken to have contributed to the common fund an amount of money equivalent to the value attributed to the investment by the Council at the time it is brought into the common fund, and

(c) on the withdrawal of that participating fund from the common fund, the amount of money to be withdrawn is to be the amount equivalent to the value attributed by the Council to the equity in the common fund of that participating fund at the time of withdrawal.
(6) The inclusion of an investment common fund of trust funds does not affect any trust to which those trust funds (or money attributed to them) are subject.

4 Terms of trust to prevail
In respect of the trust funds of the University:

5 Disclosure of material interests by Council members
(1) If:
(a) a member of the Council has a material interest in a matter being considered or about to be considered at a meeting of the Council, and
(b) the interest appears to raise a conflict with the proper performance of the member’s duties in relation to the consideration of the matter,
the member must, as soon as possible after the relevant facts have come to the member’s knowledge, disclose the nature of the interest at a meeting of the Council.

(2) A disclosure by a member of the Council at a meeting of the Council that the member:
(a) is a member, or is in the employment, of a specified company or other body, or
(b) is a partner, or is in the employment, of a specified person, or
(c) has some other specified interest relating to a specified company or other body or to a specified person,
is a sufficient disclosure of the nature of the interest in any matter relating to that company or other body or to that person which may arise after the date of the disclosure and which is required to be disclosed under subclause (1).
Particulars of any disclosure made under this clause must be recorded by the Council in a book kept for the purpose and that book must be open at all reasonable hours for inspection by any person on payment of a reasonable fee determined by the Council.

After a member of the Council has disclosed the nature of an interest in any matter, the member must not, unless the Council otherwise determines:

(a) be present during any deliberation of the Council with respect to the matter, or
(b) take part in any decision of the Council with respect to the matter.

For the purpose of the making of a determination by the Council under subclause (4), a member of the Council who has a material interest in a matter to which the disclosure relates must not:

(a) be present during any deliberation of the Council for the purpose of making the determination, or
(b) take part in the making by the Council of the determination.

A contravention of this clause does not invalidate any decision of the Council.

This clause does not prevent a person from taking part in the consideration or discussion of, or from voting on any question relating to, the person’s removal from office by the Council pursuant to section 21G or the person’s remuneration pursuant to clause 10 of Schedule 1.

This clause applies to a member of a committee of the Council and the committee in the same way as it applies to a member of the Council and the Council.

For the purposes of this clause, a member has a material interest in a matter if a determination of the Council in the matter may result in a detriment being suffered by or a benefit accruing to the member or an associate of the member.

In this clause: associate of a member means any of the following:

(a) the spouse, de facto partner, parent, child, brother or sister, business partner or friend of the member,

(b) requiring eligible voters to access an electronic voting system, between specified dates and times, in order to vote in the election.

Subdivision 5 — Non-electronic ballot

15B Application of Subdivision
This Subdivision applies if a ballot is to be conducted as referred to in clause 15A(a).

16 Conduct of ballot

(1) The Returning Officer must, if there is to be an election for an elected (academic staff) member or elected (non-academic staff) member of the Council, send or deliver a ballot paper to each person whose name is in the relevant roll of staff of the University.

(2) The Returning Officer must, if there is to be an election for an elected (undergraduate student) member or elected (postgraduate student) member of the Council:

(c) forward a ballot paper to each person whose name is in the relevant roll of students of the University if the person has applied for the issue of a ballot paper by post and the application has been received not later than 10 days before the date of the election.

(3) Following receipt of a written application, the Returning Officer may, on being satisfied that a ballot paper has been lost or destroyed, supply a duplicate ballot paper to the person to whom the lost or destroyed ballot paper was issued.

(4) An election is not invalid only because a person whose name is in the relevant roll of staff or students of the University did not receive a ballot paper.

(5) In this clause, a reference to a person’s name being in a relevant roll of staff or students of the University is a reference to the person’s name being in the roll concerned at the close of nominations for the relevant election.

17 Notice to accompany ballot paper
With each ballot paper issued in respect of a Council election, there must also be issued:

(a) a notice setting out how the ballot paper is to be completed and specifying the date and time by which ballot papers for that election must reach the Returning Officer, and

(b) 2 envelopes, one marked “Ballot Paper” and the other addressed to the Returning Officer on the inside of which must be printed a form of declaration of identity and of entitlement to vote to be signed by the voter.

18 Contents of ballot paper
Each ballot paper must contain the names of the candidates in the order drawn at random by the Returning Officer or by a person appointed by the Returning Officer for the purposes of the election and must be initialled by the Returning Officer or by a person appointed by the Returning Officer.

19 Method of voting
Each voter must mark a vote on the ballot paper by placing the figure “1” in the square opposite the name of the candidate to whom the voter desires to give his or her first preference vote, and may place consecutive figures (commencing with the figure “2”) in the squares opposite the names of any of the remaining candidates, so as to indicate by numerical sequence the order of the voter’s preference for them.

20 Voting at staff elections

(1) In the case of an election of an elected (academic staff) member or elected (non-academic staff) member of the Council, each voter must send or deliver to the Returning Officer the ballot paper enclosed and sealed in the envelope marked “Ballot Paper” which must be enclosed and sealed in another envelope addressed to the Returning Officer, with a signed form of declaration of identity and entitlement to vote on the inside.

(2) All envelopes received by the Returning Officer under this clause must be deposited in the relevant ballot box.

21 Voting at student elections

(1) Subject to subclause (3), in the case of an election of an elected (undergraduate student) member or elected (postgraduate student) member of the Council, any student who has been recognised, by a person appointed by the Returning Officer to attend a polling booth, as being a person whose name is in the relevant roll of students of the University and whose name is then marked on a copy of that roll to signify the issue of a ballot paper, must be provided with a ballot paper.
22 Envelopes and ballot papers not to be opened

(1) All envelopes received by the Returning Officer under clause 20 or 21 must remain unopened until the close of the ballot.

(2) A ballot box referred to in clause 20 or 21 must remain unopened until the close of the ballot.

(e) count the votes, and ascertain the result of the ballot, in the manner set out in clauses 24–27.

(2) A ballot paper is informal if not initialised under clause 18.

(3) A ballot paper is informal if the voter has not indicated a clear preference for at least one candidate.

(4) Despite any other provision of this clause, a ballot paper is not informal only because any figures placed on the ballot paper are not placed in or entirely in the squares opposite the candidates’ names, if the figures are placed on the ballot paper in such positions as, in the opinion of the Returning Officer, clearly indicate the order of the voter’s preference for the candidates.

25 Nomination of scrutineers

(1) Each candidate is entitled to nominate one scrutineer to be present at the count.

(2) A person is not to be a scrutineer in an election in which he or she is a candidate.

(3) The Returning Officer must count the number of first preference votes given for each candidate.

(4) The candidate who has received the largest number of first preference votes must, if that number constitutes an absolute majority of votes, be declared by the Returning Officer to be elected.

(5) If no candidate has received an absolute majority of first preference votes, the candidate who has received the fewest first preference votes must, if that number is to be excluded, be declared by the Returning Officer to be elected.

(6) If no candidate has received an absolute majority of first preference votes, the candidate who has received the fewest first preference votes must, if that number is to be excluded, be declared by the Returning Officer to be elected.

(7) If on any count 2 or more candidates have an equal number of votes and one of them has to be excluded, the candidate to be excluded must be determined as follows:

(a) if the count is the first made in connection with the ballot, the Returning Officer must determine by lot which of those candidates is to be excluded,

(b) if the count is the second or subsequent count made in connection with the ballot:

(i) that candidate must be excluded who had the least number of votes at the last count at which one of those candidates received fewer votes than each of the others, or

(ii) the Returning Officer must determine by lot which of those candidates is to be excluded, if at all preceding counts no one of those candidates received fewer votes than each of the others.
27 The Returning Officer is to ensure that each ballot paper referred to in clause 15A(b) be continued:

(a) until one continuing candidate has an absolute majority of votes in which event that candidate must be declared by the Returning Officer to be elected, or

(b) until all candidates but one have been excluded in which event the remaining candidate must be declared elected.

(9) If at any point during any particular count after the first preference votes have been counted, the candidate next in order of a voter’s preference is not indicated or cannot be ascertained, that ballot paper must, from that point onwards, be excluded from that particular count and the total of the ballot papers counted must be amended accordingly. The ballot paper must, however, be reinstated in any later counts carried out in accordance with subclause (10).

(10) If any further position remains to be filled, all excluded candidates must be reinstated with their first preference votes credited and each of the ballot papers counted to the elected candidate or candidates must be counted to the reinstated candidate next in order of the voter’s preference as if it were a first preference vote.

(11) The procedures described in subclauses (5)-(10) apply until all vacancies are filled.

27 Secrecy of ballot to be maintained

(1) The result of the count must remain confidential until the declaration of poll by the Returning Officer.

(2) The Returning Officer, any person appointed by the Returning Officer or any scrutineer must not in any way disclose or aid in disclosing the manner in which any voter has voted.

(4) If no candidate has an absolute majority of votes, the Returning Officer must exclude the candidate who has received the fewest number of first preference votes and each of the electronic votes counted to that candidate is to be counted to the continuing candidate next in order of the voter’s preference.

(5) If 2 or more candidates have an equal number of votes at the time that it is necessary to exclude one of them, the candidate to be excluded is to be determined by the Returning Officer by lot.

(6) The process referred to in subclauses (4) and (5) is to be continued until:

(a) one continuing candidate has an absolute majority of votes, in which case that candidate is to be declared elected, or

(b) there are only 2 continuing candidates who do not have an equal number of votes, in which case the candidate with the larger number of votes is to be declared elected (even if the number of votes is below an absolute majority of votes), or

(c) there are only 2 continuing candidates who have an equal number of votes, in which case the candidate to be excluded is to be determined by the Returning Officer by lot and the remaining candidate is to be declared elected.

(7) In this clause, a reference to a vote is a reference to a formal vote.

27I Secrecy of ballot to be maintained

(1) The result of the count must remain confidential until the declaration of the poll by the Returning Officer.

SECTION 1 — GENERAL

1.1 General

1.1.1 These Rules shall be known collectively as the ‘Student Rules’ and are made pursuant to section 29 of the University of Technology Sydney Act 1989 (NSW) and clause 44 of the University of Technology Sydney By-law 2005 (NSW).

1.1.2 Rules take effect in accordance with section 29(2)(c) of the Act and are promulgated in accordance with clause 46 of the By-law.

1.1.3 For the purposes of these Rules, unless the contrary intention is apparent, the definitions in Schedule 1 apply. Specific definitions may also be contained within a section of the Rules.

1.2 Application of these Rules

1.2.1 General

Subject to the provisions of Rules 1.2.2 and 1.2.3, these Rules apply to all students of the University who are admitted to award course(s) or non-award study including those course(s) and study conducted by, or in partnership with, another institution.

1.2.2 Conduct of students and other persons

These Rules apply to the conduct of a person that occurs while he or she is a student of the University. There are circumstances in which some of these Rules also apply to the conduct of a person who is an applicant and/or former student.

1.2.3 Course conducted in conjunction with another institution

(1) The Provost may exclude the application of some or all of these Rules in the case of students who are enrolled in a UTS course which is conducted in conjunction with another institution of an appropriate standing whether in Australia or offshore.

(2) Students must comply with all requirements including, without limitation, the rules, guidelines and code of conduct of the other institution for the duration of their studies at the other institution. Students who transfer to UTS to continue their study will then be subject to these Rules from the time of transfer.

1.3 Designation

1.3.1 The Vice-Chancellor may make a written designation that an organisational unit, position or body is equivalent to a ‘faculty’, ‘Dean’ or ‘Faculty Board’, respectively, for the purposes of these Rules. The designation may be for the purpose of specific Rules, groups of Rules, or these Rules generally. Any such designation will be recorded in a register maintained by the University Secretary.

SECTION 2 — STUDENT REQUIREMENTS

2.1 General conduct

2.1.1 Each student has individual responsibility to comply with the Act, the By-law, these Rules, and the codes of conduct, policies, procedures, directives, guidelines and any other form of regulation of the University and relevant external authorities. Each student is required to acknowledge, by means of a signed statement or electronic confirmation, his or her agreement to comply with them.

2.1.2 Each student is required to maintain a standard of conduct acceptable to the University at all times whilst on University premises or undertaking any work in relation to his or her University course, or engaged in any activity related to his or her study at or through the University, and in relation to both academic and non-academic matters.

2.1.3 For the purposes of Rule 2.1.2, a standard of conduct acceptable to the University includes, without limitation, a standard of conduct that does not prejudice the good name or academic standing of the University.

2.1.4 While on the premises of the University, or undertaking any work in relation to his or her University course, or engaged in any activity related to study at or through the University, a student shall comply with any reasonable directive from an officer of the University.

2.1.5 A student undertaking an offshore course, or participating in a period of offshore study as part of an international studies program or overseas exchange program, or participating in other offshore activities related to their studies, must comply with the conditions of participation as determined by the University and with all requirements including, without limitation, rules, regulations, policies, procedures, directives, guidelines and codes of conduct of the host institution or place of business.

2.1.6 A student participating in clinical practice, fieldwork, or professional, industry or other practical experience must comply with all requirements including, without limitation, rules, regulations, policies, procedures, directives, guidelines and codes of conduct relating to such participation as determined by the University.

2.1.7 A student participating in learning experiences that are part of a course and that involve laboratories or similar University facilities or situations must comply with any code of conduct relating to such facilities or situations as determined by the University.

2.1.8 A student, potential student or person who is acting on behalf of or in relation to a student or potential student must not knowingly submit to the University a document or any item that:

(1) is falsely signed; or
(2) contains any forged signature; or
(3) contains any false, untrue or misleading statement or information.
2.1.9 If the Vice-Chancellor or the Vice-Chancellor’s nominee considers on the basis of past conduct, or threatened conduct or on another reasonable basis that the conduct of a student may prejudice the good order and government of the University or may interfere with the freedom of other persons to pursue their studies, carry out their functions or participate in the life of the University, the Vice-Chancellor or the Vice-Chancellor’s nominee may (irrespective of whether misconduct proceedings have been instituted) require the student to comply from a date specified by the Vice-Chancellor or the Vice-Chancellor’s nominee with such conditions as are notified to the student in writing by the Vice-Chancellor or the Vice-Chancellor’s nominee.

2.1.10 Failure to:

(1) comply with the Act, the By-law, these Rules, and the codes of conduct, policies, procedures, directives, guidelines and any other form of regulation of the University or relevant external authorities; or
(2) maintain a standard of conduct acceptable to the University; or
(3) comply with conditions set by the Vice-Chancellor or the Vice-Chancellor’s nominee under Rule 2.1.9; or
(4) comply with any reasonable directives from an officer of the University; or
(5) comply with any other provision of Rules 2.1.1 to 2.1.8; may be an act of misconduct and may be dealt with under the provisions of Section 16 (Student misconduct and appeals).

2.2 Identification

2.2.1 Student Identity Card

(1) Students shall each be issued with a Student Identity Card showing their University Student Identification Numbers and photographs.
(2) A student will retain the same UTS Student Identification Number during all periods of study at the University.
(3) Student Identity Cards remain the property of the University and are not transferable.
(4) Students are under an obligation to take reasonable steps to ensure that the Student Identity Card issued to them is held in a secure way and is not made available whether deliberately or inadvertently for any other person to use.
(5) A student who takes leave of absence, ceases to attend or withdraws from all study must return his or her Student Identity Card to the University.
(6) A student must carry his or her Student Identity Card at all times while on University premises and at such other locations as may be prescribed in the requirements of his or her course.
(7) A student must produce his or her Student Identity Card on demand of an officer of the University, including but not limited to when:

(a) gaining entry to an examination room;
(b) gaining entry to and borrowing books from the University Library;
(c) borrowing University equipment;
(d) proving his or her identity as a student of the University with current entitlement to, access to, and use of, the University’s facilities, equipment and amenities.

(8) A student who has lost or otherwise misplaced his or her Student Identity Card must arrange for a replacement card at the earliest practicable opportunity. A fee will apply for replacement of a lost Student Identity Card.
(9) Misuse of a Student Identity Card may constitute misconduct under Section 16 (Student misconduct and appeals).

2.2.2 Student access to controlled areas and facilities

A student may be issued with Student Security Identification (SSI) which means a Student Personal Identification Number (PIN), password, swipe card and/or any other form of access control device. A SSI is used to control access to specific areas of the University and facilities directly related to the student’s current subject enrolment.

(1) Each SSI is for the personal use of that student only and is not transferable.
(2) Each student is responsible for maintaining the confidentiality of his or her own SSI, and must take reasonable steps to ensure that it is not made known to any other person whether deliberately or inadvertently.
(3) If a student becomes aware that his or her SSI has been compromised he or she must take steps immediately to have the compromised SSI deactivated and a replacement issued.
(4) The SSI is to be used in accordance with its current terms and conditions.
(5) Misuse of a SSI or the University access control system may constitute misconduct under Section 16 (Student misconduct and appeals).

2.2.3 Commonwealth Higher Education Student Support Number (CHESSN)

The University will not accept responsibility if communications fail to reach a student who has not so notified the Director, Student Administration Unit (or nominee) of a change of contact details.

2.4 Relevant documentary evidence

2.4.1 In particular circumstances students are required to provide relevant documentary evidence in support of requests, including but not limited to requests for special consideration.

2.4.2 Medical or other professional certificates alone do not constitute adequate supporting evidence for such requests. Medical or other professional evidence must be provided by the relevant authority on the professional authority form (or other form) as prescribed by the Director, Student Administration Unit (or nominee) from time to time.

2.4.3 The submission of falsified medical or other certificates or of false statements on relevant official University request forms will be treated as a matter of student misconduct and handled in accordance with Section 16 (Student misconduct and appeals).

2.5 Study management

2.5.1 Each student has responsibility for completion of all requirements associated with admission, enrolment, assessment and academic progression in compliance with the relevant specific Rules, including, but not limited to:

SECTION 3 — COURSE AND SUBJECT REQUIREMENTS

3.1 Availability of courses and places

3.1.1 Courses of study are made available by the University under the authority of the Council and Academic Board, pursuant to the UTS Act and By-law.

3.1.2 The University will publish details of approved courses of study in the UTS: Handbook and other official publications of the University from time to time. Such publication does not constitute an offer or undertaking of the availability of any course at any particular time.

3.1.3 The University reserves the right not to make offers of admission to any course for either a specific or indeterminate period of time.

3.1.4 The University reserves the right to phase out, discontinue, review or vary courses, arrangements for courses or staff allocations at any time without notice.

3.1.5 Available places in courses are limited and also subject to the availability of resources, facilities, staff and supervisors. It may not be possible to make offers of admission to all applicants who satisfy the requirements for admission. Where this is the case, the University will take reasonable measures to ensure that admission is made on the basis of academic merit, comparative aptitude and such other criteria as are approved and published from time to time.

3.2 General course requirements

3.2.1 Academic Board will approve in principle the languages other than English in which coursework programs of the University may be offered. Where a course has been approved for delivery in a language other than English, course and subject information and other relevant information as prescribed by the Provost will be provided in the language approved for delivery of the course.

3.2.2 Course requirements, including course structures and arrangements for courses, are published in the UTS: Handbook and are authoritative as at the time of publication. The University reserves the right to phase out, discontinue, review or vary course requirements and arrangements for courses at any time.

3.2.3 Course and subject information provided to students and prospective students by faculties and other academic units of the University will be consistent with and, wherever possible, cross referenced to and linked online to the course and subject information published in the UTS: Handbook.

3.2.4 Each subject, and the associated details about it to be included in the official publications of the University, must be approved by the relevant Faculty Board before publication of those details takes place.
### 3.3 Legislative requirements

3.3.1 Special conditions may need to be specified in respect of certain courses offered by the University because of legislative requirements.

3.3.2 For students undertaking professional experience that involves direct contact with people under the age of 18, the following conditions will apply:

1. all students admitted to these courses must complete required declarations and have required personal information checked by government authorities;
2. eligibility for commencement and continuing participation in these courses is determined on the basis of information obtained through these checks;
3. the provision of inaccurate or unsatisfactory information, the receipt of unsatisfactory information or the refusal to undergo these checks may result in withdrawal of an offer of admission to that course and/or cancellation of enrolment.

### 3.4 Professional experience requirements

3.4.1 A number of courses offered by the University require students to undertake professional experience.

3.4.2 The University and the provider of professional experience may appoint a suitably qualified supervisor who is external to the University to supervise a student’s practical professional experience.

3.4.3 While undertaking professional experience, a student may be summarily excluded from facilities and/or from participation in activities in accordance with Rule 16.9.

3.4.4 If, while undertaking professional experience, a student is summarily excluded from facilities and/or from participation in activities then under Rule 16.9.7 the relevant circumstance or incident may be referred to the Director, Governance Support Unit as an allegation of student misconduct; or referred to the Vice-Chancellor or Vice-Chancellor’s nominee to be handled under Rule 2.1.9; or dealt with under Rule 3.4.5.

3.4.5 If a student is assessed as not ready to proceed with, or unsuitable to continue, the required professional experience, the student may be unable to complete the course requirements. The following process will apply:

1. Where the Responsible Academic Officer believes it necessary, the Responsible Academic Officer, in consultation with the external supervisor (if any), will assess whether a student is ready to proceed with or is suitable to continue, any part of the required professional experience on its scheduled commencement, and the Responsible Academic Officer may defer or reschedule the student’s participation;
2. The Responsible Academic Officer must advise the student and the Dean in writing of the decision within three working days of making it.

3.4.6 Where the deferral of a student’s participation in any part of the required professional experience would have the effect of preventing the student from continuing his or her course the Responsible Academic Officer, with the agreement of the Dean, will refer the matter, with an appropriate recommendation, to the Deputy Vice-Chancellor (Education and Students), who will take action and make a decision as deemed appropriate. A decision may be made that a student is unsuited for further professional experience and his or her enrolment will be withdrawn.

3.4.7 The Deputy Vice-Chancellor (Education and Students) must notify the student in writing of any decision he or she makes within three working days of making it.

3.4.8 A student may appeal to the Professional Experience Appeals Committee against any decision made by the Deputy Vice-Chancellor (Education and Students) pursuant to Rule 3.4.6 (refer Rules 3.4.9 to 3.4.12).

3.4.9 An appeal must be in writing, specify and substantiate the grounds of the appeal and be lodged with the Director, Governance Support Unit within 20 working days of the date of notification after the decision.

3.4.10 The grounds for appeal are:

1. procedural irregularities in the decision-making process of a type and to an extent that are likely to have had a significant negative impact on the decision;
2. mitigating circumstances, supported by documentary evidence, which directly and significantly affected the student’s performance which were not known at the time of making the decision, of a type and to an extent that make it likely that the student could complete the professional experience in the future;
3. the decision was based on factual errors of such magnitude as to invalidate the decision;
4. the conclusion as to the student’s suitability for further professional experience was manifestly unreasonable, taking account of all the circumstances of the matter and the relevant professional standards and practices.

3.4.11 The Director, Governance Support Unit shall refer the appeal to the Deputy Vice-Chancellor (Education and Students) for any written comment that the Deputy Vice-Chancellor (Education and Students) wishes to make. The Deputy Vice-Chancellor (Education and Students) may seek advice from the relevant Dean and other relevant members of staff. The Deputy Vice-Chancellor (Education and Students) will then forward his or her comments, and the advice received, to the Director, Governance Support Unit.
3.4.12 The Director, Governance Support Unit shall then notify the student in writing of the Deputy Vice-Chancellor’s (Education and Students) comments for the student to provide a written response. The student’s response must reach the Director, Governance Support Unit within 10 working days of the date of notification. The Director, Governance Support Unit shall then refer the student’s appeal, the Deputy Vice-Chancellor’s (Education and Students) comments and the student’s response to the Professional Experience Appeals Committee, constituted under Rule 17.3, for consideration and decision.

3.5 Occupational requirements

3.5.1 A number of courses offered by the University require students to obtain suitable concurrent occupational experience. In these courses progression beyond the first year is normally dependent on the student being in suitable employment. In special cases, consideration will be given to experience obtained prior to admission to a course.

3.5.2 Where students have not satisfied the required occupational requirements prescribed for the particular course within the time limits for completion of the particular course, or as otherwise specified for that course, the matter will be considered in the first instance by the relevant Responsible Academic Officer for an appropriate recommendation to the Dean who will take action and make a decision as deemed appropriate. The decision may include that the student’s enrolment will be withdrawn.

3.5.3 The Dean must notify the student in writing of any decision made within three working days of making it.

3.5.4 The Dean’s decision is final and there is no appeal.

3.6 Changes to courses

3.6.1 Academic Board has authority to approve the phasing out, discontinuation, revision or variation of an existing course.

3.6.2 When Academic Board exercises its authority under Rule 3.6.1, it must ensure that the approved course documentation:

1. states the reasons necessitating such a change;
2. in the case of a revision of a course structure:
   a. specifies the revised course structure;
   b. states whether students shall be given the option to complete the existing version of the course or shall be obliged to transfer to the revised version of the course;
   c. in the case where students are given the option to complete the existing version of the course specifies the time period in which students must complete the course in accordance with the existing course structure;
3. in the case of the phasing out and discontinuation of a course specifies the period for which students enrolled in the course will be able to continue their studies in accordance with the existing course structure.

3.6.3 Faculty Boards have the authority to approve changes to a course once a course has been accredited by Academic Board, in accordance with the relevant Board’s course change approval procedures, except for the following types of course changes which must be approved by Academic Board:

1. courses that involve an external partner, an offshore course, or a new offshore location for an existing course;
2. the introduction of a new language version of an approved onshore course offered in languages other than English (LOTE); or
3. changes to the total credit point value of a course.

3.6.4 If a student is required to undertake a revised version of a course, the relevant Responsible Academic Officer, in consultation with the student, must provide transitional arrangements for the student which will satisfy the requirements of the revised version of the course. Details of these arrangements must be provided to the Director, Student Administration Unit (or nominee) who shall ensure that they are recorded and the University shall use these arrangements as the basis for determining the student’s academic progress and completion of course requirements.

3.6.5 If a student who is enrolled in a course that has been approved for discontinuation does not complete the course within the approved phasing out period, the relevant Responsible Academic Officer will provide advice to the student on alternative arrangements that the student may wish to pursue at the University or elsewhere.

3.7 Subject requirements

3.7.1 Faculty Boards have authority to approve subjects and changes to subjects in faculty offered courses.

3.7.2 Deans have authority to approve processes for approval of subject outlines.

3.7.3 Deans, Responsible Academic Officers or Subject Coordinators (as appropriate) shall ensure that, before the first teaching week in a subject, enrolled students have access to a subject outline consistent with the UTS: Handbook for that subject.
3.7.4 If it becomes necessary after teaching has commenced for the University to change major subject and/or assessment requirements, the change shall:

(1) be reasonable in all the circumstances;
(2) be submitted to the Responsible Academic Officer, who shall determine requests from Subject Coordinators to change assessment requirements for a subject after the first week of the teaching period;
(3) be confirmed in writing by the Subject Coordinator to all students enrolled in that subject.

3.8 Attendance and/or participation requirements

3.8.1 If there are any attendance and/or participation requirements for a subject, they must be prescribed in the relevant subject outline.

3.8.2 If a student does not satisfy the prescribed attendance and/or participation requirements for a subject, the Responsible Academic Officer may:

(1) refuse permission for the student to be considered for assessment;
(2) refuse permission for the student to attempt an assessment task;
(3) refuse permission for the student to undertake an examination in that subject;
(4) record a final result of ‘Fail’ for the student’s enrolment in that subject.

3.8.3 If a student is prevented from meeting prescribed attendance or participation requirements as a result of illness or other circumstances beyond the student’s reasonable control, the student may lodge an application for special consideration under Rule 8.3 for consideration of alternative arrangements.

3.8.4 Where appropriate, the Responsible Academic Officer in consultation with the Subject Coordinator may approve suitable alternative arrangements.

3.8.5 Approval of alternative arrangements for attendance and/or participation does not imply exemption from payment of any fees or charges, nor does it imply exemption from, or concessions relating to, assessment or examinations. Alternative arrangements will be subject to normal assessment grading.

3.9 Retention of students’ work

3.9.1 The University reserves the right to retain the original or one copy of any work executed and/or submitted by a student as part of the course including, but not limited to, drawings, models, designs, plans and specifications, essays, programs, reports and theses, for any of the purposes designated in Rule 3.9.2. Such retention is not to affect any copyright or other intellectual property right that may exist in the student’s work.

3.9.2 An item of a student’s work may be retained by the University for any internal or external purpose including, but not limited to, the following:

(1) evaluation, assessment and/or marking;
(2) teaching case study material;
(3) review of final assessment results (pursuant to Rules 8.6 and 8.7);

(7) accreditation, quality assurance and external examination;
(8) exhibition, publication, promotions (subject to the University’s Intellectual Property Policy);
(9) where otherwise necessary to protect the legal interests and obligations of the University.

3.9.3 In cases where the University exercises, or wishes to exercise, its right under Rules 3.9.2(2) or 3.9.2(8), the student shall be given sufficient notice and the opportunity to consent or object to such use of the student’s work. Notice to the student is deemed sufficient whether contained in the subject outline or by way of an individual written notice if it provides notice of the intended period of retention of the student’s work; notice of the specific Rule 3.9.2 purpose, or purposes, for which the work may be retained; notice and details of any particular exhibition, publication or promotion; and the opportunity and mechanism to consent or object to the use of the student’s work.

3.9.4 In cases where a student objects to the retention of an item of work for any purpose, and the University still wishes to exercise its right to retain the work, the student’s objection shall be referred to the Responsible Academic Officer or Dean of the relevant faculty for resolution.

3.9.5 Except in the case of examination scripts or other work identified by the relevant faculty from time to time, the University will make available the student’s work for return to the student when it is no longer required for the purposes of Rule 3.9.3, and will provide a reasonable opportunity to the student to collect the work.

5.7.3 Notwithstanding Rules 5.7.1(1), 5.7.1(2), 5.7.1(5), 5.7.1(7), 5.7.1(8) and 5.8, Academic Board may approve admission for any applicant who, in the opinion of the Board, has reached an acceptable standard. For avoidance of doubt, Academic Board may not approve an applicant for admission who fails to satisfy the requirements of Rules 5.7.1(3), 5.7.1(4) or 5.7.1(6).

5.8 Specific course requirements for admission

5.8.1 Applicants who satisfy both the general requirements for admission and language requirements for admission may also have their application assessed in accordance with specific course requirements as recommended by the relevant Faculty Board or Graduate Research School Board and approved by Academic Board.

5.8.2 Academic Board, on the advice of the relevant Faculty Board or Graduate Research School Board, may require the applicants for admission to a particular course to submit a personal statement or other document, undertake an examination or interview, or submit portfolios or other additional information. This material may be taken into account by the staff of the relevant faculty or Graduate Research School according to criteria approved by the relevant Faculty Board or Graduate Research School Board for the purposes of determining whether or not to make an offer of admission.

5.8.3 Applications may be refused after the assessment under Rules 5.8.1 or 5.8.2.

5.9 Readmission

5.9.1 A former student who has:
   (1) withdrawn from or discontinued enrolment in a course; or
   (2) had enrolment in a course cancelled, withdrawn or discontinued; or
   (3) been excluded from a course for a set period;
   and who wishes subsequently to undertake further study at the University, whether in the same course or a different course, must meet the general requirements for admission as specified in Rule 5.7.1, and apply for admission in accordance with standard admissions procedures.

5.9.2 Readmission to a course, whether the same or a different course, is not automatic.
5.9.3 A former student who has been excluded from further study at the University for a set period and who subsequently wishes to undertake further study at the University whether in the same or a different course:

(1) must show cause by providing a statement and supporting documentation to demonstrate why he or she should be considered for readmission to the University; and

5.9.4 Where a former student is readmitted to a course in which he or she has been enrolled previously the Responsible Academic Officer shall determine the maximum period of time for completion of the course by the student.

5.9.5 In cases where an application for readmission to the University, whether in the same course or a different course, has been declined, the former student may request review of that decision by the Provost. The decision of the Provost is final and there is no appeal.

6.1 General

6.1.1 Subject to these Rules, credit recognition in UTS undergraduate or graduate coursework programs of study will be undertaken in accordance with the Credit Recognition Policy approved by Academic Board from time to time.

6.1.2 In recognising credit, faculties shall have due regard to the academic standards of the University and the principles of equity.

6.1.3 Determination of eligibility for credit recognition in a particular course does not imply or guarantee that a place is available in that course for the particular applicant.

6.2 Review of decision

6.2.1 An applicant may request a review of a decision made in relation to an application for credit recognition. Such a review will be determined in accordance with the following criteria:

(1) the decision was based on a serious misunderstanding by the University of the substance or content of the applicant’s prior learning; or

(2) procedural irregularities of a type and to an extent that are likely to have had a significant negative impact on the decision; or

(3) a mistake was made in the assessment of subject equivalence and calculation of the credit points recognised.

6.2.2 Such requests must be made in writing, be accompanied by relevant supporting documentation and be lodged with the Responsible Academic Officer of the relevant faculty within 20 working days of the original notification of decision.

6.2.3 The relevant Responsible Academic Officer will review the application and decisions in consultation with the relevant Subject Coordinator as appropriate.

6.2.4 The Responsible Academic Officer will notify the student in writing with the outcome of the review.

6.3 Course requirements

6.3.1 Where credit towards a course has been approved in recognition of a student’s previous learning, the requirements necessary for the student to complete the course and the maximum time permitted to complete the course shall be determined in each case by the relevant Responsible Academic Officer. Details of any such approval must be provided to the Director, Student Administration Unit (or nominee) who shall ensure that it is recorded and used as the basis for determining the student’s academic progress and completion of course requirements.

6.3.2 Subject to legislative requirements, in exceptional circumstances, and on a case-by-case basis, the Responsible Academic Officer may approve an application from a student to have previously approved credit recognition rescinded.
SECTION 7 — ENROLMENT

7.1 Enrolment procedures

7.1.1 The Provost (or nominee) may prescribe particular enrolment procedures and closing dates for completion of the enrolment procedures for enrolment in different courses, for different classes of students and for different teaching periods.

7.1.2 Students are required to:

1. complete the required enrolment procedures by the closing date as notified by the Director, Student Administration Unit;
2. be enrolled in one or more subjects, or in time-based study, in each standard teaching period unless they have applied for and had leave of absence approved for a particular teaching period in accordance with Rule 7.6; and

Students who are not enrolled in any subjects in a particular teaching period and who are not on approved leave of absence will be withdrawn from the course by the Director, Student Administration Unit in accordance with the provisions of Rule 7.8.

7.1.3 Students who wish to complete the required enrolment procedures after the specified enrolment period will, if permitted to do so, be liable for payment of the late enrolment fee prescribed by the Provost unless:

1. approval for late enrolment has previously been obtained from the Director, Student Administration Unit; or
2. they are able to show, to the satisfaction of the Director, Student Administration Unit, that their late enrolment is caused by circumstances beyond their reasonable control.

7.1.4 The University reserves the right to change, cancel or discontinue a student’s enrolment in a course, program of study or individual subjects under any relevant provision contained in these Rules.

7.2 Concurrent enrolment at another tertiary institution

7.2.1 A currently enrolled UTS undergraduate or graduate coursework student who wishes to enrol in subjects at another tertiary institution and have these subjects credited towards the award course at the University must make application to the Responsible Academic Officer and in sufficient time to provide for consideration of the application according to the requirements of both the University and the other tertiary institution.

7.3 Cross-institutional enrolment

7.3.1 A student who is enrolled in a course leading to an award at another tertiary institution may be permitted to enrol in subjects at the University that will count towards an award at the other tertiary institution.

7.3.2 Admission and enrolment in cross-institutional study requires approval of the University and of the other tertiary institution and is subject to the availability of subjects and class places.

7.3.3 A student enrolled in cross-institutional study who wishes to vary his or her enrolment at the University by undertaking additional or different subjects must lodge his or her application with the Director, Student Administration Unit for decision in consultation with the relevant faculty. The application, which must be made in accordance with the schedule of dates for variation of enrolment (refer Rule 7.5.2), must include evidence of formal approval to undertake the additional subjects from the student’s home institution.

7.4.1 Enrolment in subjects as a non-award student is subject to the approval by the Director, Student Administration Unit (or nominee) in consultation with the relevant faculty and to the availability of subjects and class places.

7.4.2 A student enrolled in subjects on a non-award basis who wishes to vary his or her enrolment by undertaking additional or different subjects must lodge his or her application with the Director, Student Administration Unit (or nominee) for decision in consultation with the relevant faculty. The application must be in accordance with the schedule of dates for variation of enrolment (refer Rule 7.5.2).

7.4.3 A student who is enrolled in a subject on a non-award basis and who fails the subject at the University for a third time will not be permitted further enrolment in that subject.

7.5 Variation of enrolment

7.5.1 A student who wishes to vary enrolment in subjects in his or her approved program of study must complete the variation of enrolment processes as prescribed by the Director, Student Administration Unit.
7.5.2 The standard schedule of dates for variation of enrolment is as follows:

(1) For subjects conducted in standard teaching periods:
   (a) the last day for addition of a subject is the end of the Monday of the second week of the semester;
   (b) the last day for withdrawal from a subject is the census date for the semester. Subject to Rule 7.5.4, withdrawal from a subject after the census date for the semester will be recorded as a result of ‘Withdrawn Fail’.

(2) Any variation to the standard schedule of dates for variation of enrolment processes for particular courses, particular subjects or particular groups of students will be notified to students by the relevant faculty and in accordance with Rule 3.7.

(3) For subjects conducted in other than standard semester teaching periods the schedule of dates for variation of enrolment will be prescribed and published by the Provost.

7.5.3 Enrolment in a subject after the last date for addition of a subject will be permitted only in exceptional circumstances and only with permission of the relevant Responsible Academic Officer.

7.5.4 Where a student wishes to withdraw from a subject in the current teaching period after the census date or other prescribed date for that teaching period as a result of illness or other circumstances beyond his or her reasonable control, the student may lodge with the Director, Student Administration Unit a written report of the circumstances, supported by a medical certificate or other relevant evidence. The Director, Student Administration Unit (or nominee) shall determine in consultation with the relevant faculty whether the withdrawal will be permitted without academic penalty (‘Withdrawn’) or with academic penalty (‘Withdrawn Fail’).

7.5.5 If an application for withdrawal from a subject is refused by the Director, Student Administration Unit, the student is expected to complete the assessment requirements for that subject.

7.5.6 A student who has been placed on academic caution in accordance with Rule 10.7 and who has enrolled in more than his or her credit point limit (refer Rule 10.7.4(3)) may be withdrawn from one or more subjects by the Director, Student Administration Unit on the recommendation of the relevant Responsible Academic Officer.

7.6.3 Applications for leave of absence are normally made prior to the start of the first teaching period for which leave is being sought and must be received no later than the census date for that teaching period (refer Rule 7.5.2).

7.6.4 Leave of absence will not normally be granted unless the student has enrolled and completed satisfactorily the requirements of at least one subject of the course. This includes students admitted to a course through a course transfer or with credit recognition.

7.6.5 In exceptional circumstances, on the basis of documentary evidence provided by a student, the relevant Responsible Academic Officer may approve leave of absence for a student who is enrolled in their first teaching period in a course. In all other cases, students in their first teaching period of enrolment in a course must either continue their enrolment or withdraw from the course and reapply for admission. Readmission is not automatic and the student must apply for admission in accordance with standard admission procedures.

7.6.6 Leave of absence from enrolment in a specific course will not be granted, except in exceptional circumstances, for a period not exceeding two years.

7.6.7 A student resuming a course after a period of approved leave of absence will be subject to the course requirements in operation at the time of resumption of study and will be required to re-enrol as directed by the Director, Student Administration Unit (or nominee).

Students are advised not to bring unauthorised or unnecessary items to examinations. The University does not accept any responsibility for student possessions left in any location during an examination.

9.2.10 A student must not communicate or attempt to communicate in any way with any person or receive or attempt to receive any communication from any person during the examination, whether or not in the examination room or in any other room or place visited by the student for any reason during the examination other than officers of the University with responsibility for the examination or other officers as approved by the examination supervisor. 10.2.1 In the assessment of a student’s progress in a course, account may be taken of work completed in the laboratory and in class exercises, tests or assignments given throughout the relevant teaching periods, as well as results obtained in any examinations.

10.2.2 Assessment of rate of progress of a student enrolled in an undergraduate award course shall normally occur at the end of the calendar year and shall normally be for study undertaken in no less than a full year.

10.2.3 A Faculty Board may determine specific requirements for the timing and calculation of assessment of rate of progress for students enrolled in particular graduate coursework award courses. Information on these requirements will be published by the faculty in official course information and the UTS: Handbook.

10.3 Minimum rate of progress — undergraduate courses

10.3.1 In order to satisfy the required minimum rate of progress a student must gain no less than 50 per cent of the credit points for the subjects in which the student has been enrolled since the commencement of enrolment in the course.

10.3.2 Rule 10.3.1 may be waived in particular cases by the relevant Responsible Academic Officer, who must set conditions in writing for further enrolment. Non-compliance with those conditions will constitute failure to satisfy the minimum rate of progress requirements.

10.4 Failure to maintain minimum rate of progress

10.4.1 A student who fails to achieve the required minimum rate of progress in a course (unless waived in accordance with Rule 10.3.2) as specified in Rule 10.3.1 or as specified by a faculty in accordance with Rule 10.2.3 will be excluded from further study for a period of at least one academic year and may not apply for or enrol in any subjects or courses of study at the University that are conducted during the period of exclusion.

10.4.2 Written notification of any exclusion will be sent to the relevant student by the Director, Student Administration Unit.

Information on these requirements must be published by the faculty in official course information and the UTS: Handbook.

10.5.4 Periods of approved leave of absence or suspension from the course are not counted and will be in addition to the specified completion time.

10.5.5 Where credit recognition has been granted, the maximum time in which the student is required to complete the course requirements may be reduced by the relevant Responsible Academic Officer.

10.5.6 The Director, Student Administration Unit will issue notification at the end of any half year of study, if a student is approaching the maximum time to complete a course, that the student must consult with the relevant Responsible Academic Officer for approval of a study plan to enable completion of the course within an agreed specified time period.

10.5.7 Failure to meet any or all of the requirements set out in the study plan approved by the Responsible Academic Officer will be taken into account in any subsequent appeal against exclusion submitted in accordance with Rule 10.8.

10.5.8 In exceptional circumstances, the relevant Responsible Academic Officer may approve an extension of the maximum time to complete course requirements for a particular student. Before the Responsible Academic Officer grants any approval, the Responsible Academic Officer must be satisfied of the academic currency of the subjects completed by the student during the initial periods of enrolment in the course which will, if the extension is granted, be outside the normal maximum time period.

10.5.9 Where a student has failed to complete the requirements of a course within the maximum time the student will be excluded permanently from that course.

10.6.2 A student who fails a subject for a second time shall be advised that:

1. he or she must seek advice from an appropriate academic adviser from the relevant faculty before being permitted to enrol again in that subject; and

2. a third failure in the same subject will require the student to seek the permission of the Responsible Academic Officer for any further enrolment in that subject; or

3. no further enrolment in the subject will be permitted for subjects specified in Rule 10.6.1(2).

10.6.3 A student who fails a subject for a third time must receive permission from the Responsible Academic Officer for any further enrolment in that subject. 10.8.4 The grounds on which a student may appeal against exclusion are:

1. procedural irregularities in the decision-making process of a type and to an extent that are likely to have significant negative impact on the decision;

1. the written report of a University Student Conduct Committee;
2. any other previous case of student misconduct which the Vice-Chancellor or Vice-Chancellor’s nominee believes is similar to the case he or she is considering, to assist with consistency in decision-making.

16.14.3 The Vice-Chancellor or Vice-Chancellor’s nominee may accept any or all of a University Student Conduct Committee’s recommendations, or take a different view as to whether there has been an act of misconduct or the appropriate penalty or penalties.

16.14.4 If the Vice-Chancellor or Vice-Chancellor’s nominee is considering a penalty which is more severe than that recommended by the University Student Conduct Committee, the Vice-Chancellor or Vice-Chancellor’s nominee shall, before imposing the penalty, notify the student in writing and provide the student with the opportunity to make representations concerning the appropriateness of the penalty.

16.14.5 The student must make any such representations within five working days of receiving the details from the Vice-Chancellor or Vice-Chancellor’s nominee.

Part E — Student misconduct appeals

16.15 Basis for appeals

16.15.1 A student has a right of appeal to a Student Misconduct Appeals Committee in respect of a decision of the Vice-Chancellor or Vice-Chancellor’s nominee under Rules 16.12.6(2) or 16.14 or of the Responsible Academic Officer under Rule 16.11.2.

16.15.2 An appeal must be in writing, must specify and substantiate the grounds of the appeal and be lodged with the Director, Governance Support Unit within 20 working days after notice of the decision is provided to the student.

16.15.3 The grounds on which a student may appeal against a decision of the Vice-Chancellor or Vice-Chancellor’s nominee or of a Responsible Academic Officer in response to the findings or to the penalty or penalties imposed are:

1. that the decision was based on a material misunderstanding of these Rules;
2. that the decision was based on a material mistake as to the facts;
3. that a failure of procedural fairness occurred including failure to follow specified procedural requirements which would be likely to have had an impact on the decisions or outcomes of the proceedings;
4. that fresh relevant evidence has become available to the student, being evidence that was not available or known to the student at the time of the decision and which would be likely to have affected the outcome of the proceedings;
5. that the penalty or penalties imposed on the student were manifestly excessive or inappropriate.

16.15.4 The Vice-Chancellor or Vice-Chancellor’s nominee may, on the application of the student concerned or otherwise, direct that any action to be taken as a consequence of a decision to impose any penalty be stayed:

1. until the time for making an appeal against a decision has expired; or
2. if an appeal against a decision is made within that time, until the appeal has been finally determined.

16.16 Student Misconduct Appeals Committee

16.16.1 Composition

1. A Student Misconduct Appeals Committee will consist of:

   a. a person with legal qualifications as the Chair of the committee;
   b. a person with expertise in academic matters and knowledge of the University or universities; and
   c. a student of the University who has attended the University for at least two years and who is not a full-time (continuing or fixed-term) member of the University staff.

2. Council will from time to time approve panels of persons, nominated by the Director, Governance Support Unit following consultation with the Deans and Directors, in each of the above categories who can be appointed to a Student Misconduct Appeals Committee.

3. No person may serve on a Student Misconduct Appeals Committee considering a case in which the person was a member of the original inquiry body (a Responsible Academic Officer
or University Student Conduct Committees) or involved previously in any capacity in the case before the Student Misconduct Appeals Committee.

(4) When an appeal is lodged, the Director, Governance Support Unit will nominate three persons from the approved panels to constitute the Student Misconduct Appeals Committee.

(5) The Director, Governance Support Unit will notify the student of the three persons who have been nominated.

(6) Within five days of the date of notification, the student may in accordance with Rule 16.16.2 notify the Director, Governance Support Unit in writing that she or he objects to the inclusion of any of these persons.

(7) If the student does object and if the Director, Governance Support Unit in his or her absolute discretion is satisfied that cause exists (refer Rule 16.16.2), the Director, Governance Support Unit will nominate another person or persons. Should the approved panel for a category be exhausted, the Director, Governance Support Unit may nominate a person in the category who is not on the approved panel. This process will continue until a committee can be convened.

16.16.2 Objection to membership
(1) A student has a right to object to the inclusion of a person on a Student Misconduct Appeals Committee with cause, where ‘cause’ is defined as:
   (a) not having the requisite qualifications; or
   (b) being incapable of discharging his or her duty; or
   (c) not being impartial; or
   (d) reasonably perceived as not being impartial.

16.16.3 Conduct of appeals proceedings
(1) All members of a Student Misconduct Appeals Committee must be present at all its meetings.

(2) The Chair must determine any question relating to the admissibility of evidence and any other matter relating to procedural fairness or questions of law.

(3) Subject to 16.16.3(2), a decision of a Student Misconduct Appeals Committee requires a simple majority.

(4) If a member of a Student Misconduct Appeals Committee ceases to be a member at a point when the remaining members have reached a decision, and that decision is unanimous, the decision of the remaining members will be the decision of the Student Misconduct Appeals Committee.

16.16.4 Role
(1) In normal circumstances a Student Misconduct Appeals Committee will limit the inquiry to:
   (a) the grounds of appeal specified in the notice of appeal submitted by the student, consistent with Rule 16.15.3; and
   (b) ensuring, as far as reasonably possible, that the penalty or penalties imposed for

the student misconduct are consistent with case precedents and comparable to penalties imposed across the University for similar acts of misconduct.

(2) In exceptional circumstances where there are substantial grounds to believe that it is necessary in the interests of justice and procedural fairness, the Student Misconduct Appeals Committee will consider the matter afresh according to the merits of the case.

(3) The Student Misconduct Appeals Committee will make a determination in each individual case as to whether to consider the matter in accordance with 16.16.4(1) or 16.16.4(2).

16.16.5 Procedures
(1) A Student Misconduct Appeals Committee will determine its own procedures consistent with these Rules, including Rules 16.5 and 16.16.3. This includes whether or not to hear all or any part of a matter afresh.

(2) Unless there are exceptional circumstances, a Student Misconduct Appeals Committee will not consider any material that has not first been considered by the Responsible Academic Officer, or by the Vice-Chancellor or Vice-Chancellor’s nominee and University Student Conduct Committee.

(3) If new evidence is presented to a Student Misconduct Appeals Committee, being evidence that was not initially considered by the Responsible Academic Officer or the Vice-Chancellor or Vice-Chancellor’s nominee or the University Student Conduct Committee, the Student Misconduct Appeals Committee will refer the matter back for reconsideration in light of the new evidence.

(4) A Student Misconduct Appeals Committee is not bound by the rules of evidence and may inform itself on any matter it thinks fit consistent with Rule 16.5.

(5) A Student Misconduct Appeals Committee will normally conclude its inquiry and prepare its report within six weeks of the conclusion of the committee’s first meeting.

(6) Notwithstanding the provisions of Rule 16.16.5(5), and subject to the approval of the Chancellor, Vice-Chancellor and Director, Governance Support Unit, in an individual case the time within which the report of a Student Misconduct Appeals Committee must be made may be extended to not more than six months from the conclusion of the committee’s first meeting or such other period as may be warranted in exceptional circumstances.

16.16.6 Dissolution of committee
(1) Where, in the opinion of the Director, Governance Support Unit, a Student Misconduct Appeals Committee is not progressing an appeal expeditiously, the Director, Governance Support Unit may, after consultation with the Chair of the Student Misconduct Appeals Committee, by notice in writing served on the members of the Student Misconduct Appeals Committee and the student, dissolve that committee.
Where the Director, Governance Support Unit dissolves a Student Misconduct Appeals Committee under Rule 16.16.6(1), another committee will be constituted in accordance with Rule 16.16.1 to inquire into the appeal, provided that no person who was a member of the dissolved Student Misconduct Appeals Committee may be a member of the newly constituted Student Misconduct Appeals Committee unless the Director, Governance Support Unit so determines.

16.16.7 Decision

   (b) uphold or dismiss an appeal against a finding that the student has committed an act of misconduct or against the penalty or penalties imposed;
   (c) affirm, vary or nullify a penalty in accordance with the decision reached under Rule 16.16.7(1)(b).

(2) A decision of a Student Misconduct Appeals Committee is final, except where further misconduct has occurred as part of the appeals process including, but not limited to, submission of fraudulent documentation or misleading conduct. In such cases a matter may be reopened.

16.16.8 Report

(1) A Student Misconduct Appeals Committee must prepare a written report containing its factual findings (where applicable), reasons and decision and provide its report to the Director, Governance Support Unit within six weeks from the conclusion of the committee’s first meeting or such other time as has been approved in accordance with Rule 16.16.5(6).

(2) The Director, Governance Support Unit will notify the student of the committee’s decision and provide the student with a copy of the Student Misconduct Appeals Committee’s report.

SCHEDULE 3 — GUIDELINES RELATING TO STUDENT MISCONDUCT AND APPEALS

1. Introduction
1.1 These guidelines have been prepared for the benefit of all people involved in the processes established by the University to deal with allegations of misconduct made against students and with appeals lodged by students against decisions arising from such allegations.

1.2 The guidelines are divided into four sections: this introduction, general principles, guidelines for inquiry bodies and guidelines for student misconduct appeals committees.

1.3 The term ‘inquiry bodies’ refers to the University Student Conduct Committees and Student Misconduct Appeals Committees, but also extends, as necessary, to the Vice-Chancellor, Vice-Chancellor’s nominee, Provost, Responsible Academic Officer and the Director, Governance Support Unit.

1.4 Notwithstanding these sectional headings, the guidelines are designed for use by all who play some role in these processes and should be freely distributed to students and their advisers and academic and support staff who have a need for knowledge of student misconduct and appeal matters. In particular, they are to be given to all students at the time formal allegations of misconduct are made against them.

1.5 The guidelines take into account the University’s Rules and procedures and the principles of procedural fairness.

2. General principles
2.1 All persons who are the subject of recommendations or decisions of others are entitled to be treated fairly, with dignity and with due regard to their privacy.

2.2 Persons are entitled to be regarded as not having behaved in an alleged manner until and unless they admit that behaviour or a fair and proper inquiry leads to a reasonable conclusion that they have so behaved.

2.3 Knowledge that a person has behaved in a particular way in the past is not evidence that the person has behaved in the same manner again. Such knowledge may be evidence that the person is aware that the behaviour is an act of misconduct (or it may be relevant to the level of penalty).

2.4 Each case must be dealt with on its own terms and merits and in accordance with its own circumstances.

3. Guidelines for inquiry bodies
3.1 Before any conclusion is reached in an inquiry into alleged misconduct by a student, the student must be:

• given the precise terms of and any reasons for the allegation;

• given an outline or summary of all details intended to be given to the inquiry body;

• given access to or a copy of documentation intended to be given to the inquiry body; and

• given an opportunity to address all the information supplied.

3.2 The inquiry body must ensure that the student has a clear understanding of the allegation, of the nature of the evidence in its support and of the process which the inquiry body intends to follow and of the student’s rights with respect to that process. A copy of, or an electronic link to, these guidelines is to be given to the student at the time the student is formally made aware of the allegation.

3.3 The amount of detail that is given to the student is dependent upon the circumstances. Generally, a student’s request for details and access to documents relating to allegations about that student should be met, except where the information being sought:

• is an infringement upon the privacy of others;

• may cause the safety of others to be at risk;

• is irrelevant and/or excessive in amount.

3.4 The student must be given adequate time to prepare for the inquiry and to deal with the information provided. What is adequate depends upon the nature of the matter and the volume and complexity of the information.

3.5 The student must have an opportunity to seek advice. In some circumstances it may be appropriate for the University to make arrangements for advice to be given. The Director, Governance Support Unit may seek advice on the University’s behalf at any stage. There may be a need for translating and/or interpreting services to be provided.

3.6 If the student fails to respond to reasonable attempts by the committee to communicate or does not provide the committee with acceptable reasons for not attending a hearing, the committee will make its own determination as to whether it will adjourn or proceed in the absence of the student.

3.7 The student’s opportunity to address the information should be in person, in writing or both. The student should always have the option of having a friend or adviser present during any questioning or hearing. The inquiry body may place limitations on the role of a friend or adviser, for example, in some circumstances it may be appropriate for the student’s friend or adviser to assist the investigating body by answering questions or addressing raised issues on the student’s behalf. In most University circumstances, a friend or adviser present is not permitted by the inquiry body to act as an advocate or legal representative. Only in exceptional circumstances will legal representation be allowed.

3.8 The student may admit or deny the allegation, correct information as presented, provide an explanation, disclose mitigating factors or address the matters in other ways which the inquiry body finds relevant.
3.9 The student must be given the opportunity of calling other persons to provide evidence in support of the student’s defence against the allegation and the student should be allowed to lead such any such witnesses through their evidence.

3.10 During the course of a hearing, the student should be given an opportunity of questioning any witness or other person who has supplied information to the inquiry body. A right to question does not imply a right to harass.

3.11 A person whose evidence provided to the inquiry body is questioned should be given an opportunity to respond to such questions.

3.12 During the course of inquiry, neither the fact that there is an inquiry nor any information relating to it or to the student should be disclosed to people who do not have a legitimate reason to have such information. Accordingly, hearings are normally held in camera.

3.13 Without compromising the thoroughness of an inquiry it should take place without any unnecessary delays, taking into account the reasonable needs of the student to be properly prepared.

3.14 The inquiry body should take into account all of the relevant information it has before it except any information which the student has not had an opportunity of addressing.

3.15 Knowledge which the inquiry body has of any past offences or other misconduct committed by the student may be taken into account only:

- as evidence that the student was aware that certain actions constitute misconduct; and
- as one factor in the consideration of the level of penalty, if the inquiry body finds that the present allegation of misconduct is proven.

3.16 The student is entitled to be given the reasons for the decision and/or recommendation at the time it is made known to the student.

3.17 The inquiry body is responsible for determining who, in addition to the student and any other person as provided for in the Rules against whom the allegation was made, should receive formal notification of the decision and/or recommendation and the reasons for it. In making this determination, the inquiry body will take into account potentially conflicting needs of the student for privacy and of others who participated in the process and who may have ongoing responsibility for University courses or facilities. In circumstances where an alleged victim of a crime of violence or a nonforcible sex offence makes a written request, the University will disclose to the alleged victim any decision and/or recommendation and the reasons for it with respect to any disciplinary proceeding conducted by the University against a student who is the alleged perpetrator of such crime or offence with respect to such crime or offence. The inquiry body may impose conditions of confidentiality on any person who is so notified.

4. Guidelines for Student Misconduct Appeals Committees

4.1 Each Student Misconduct Appeals Committee will determine its own procedures consistent with these guidelines.

4.2 Where a student does not dispute a finding of an inquiry body, but appeals against the severity of a penalty imposed, the Student Misconduct Appeals Committee may decide to rehearse the matter in full or to limit its work to a consideration of the penalty.

4.3 Where the Student Misconduct Appeals Committee finds it cannot discharge its responsibilities unless it rehears the matter in full (i.e. treats it as a fresh investigation), it shall do so. There may be circumstances that make it acceptable for a committee to confine itself to dealing afresh with points raised by the student in any stated grounds for the appeal.

4.4 The student is free to raise questions of process and/or merit with respect to the original inquiry. The student may repeat, correct or otherwise amend points made at the original inquiry, provide further explanation, disclose additional mitigating factors or address the matters in other ways which the committee finds relevant. If the student advances new evidence, the committee may hear the appeal or refer the matter to the original inquiry body.

4.5 The student must be given reasonable time to prepare an appeal based upon stated reasons for the original decision.

4.6 The student must have an opportunity to seek advice; in some circumstances it may be appropriate for the University to make arrangements for advice to be given. There may be a need for translating and/or interpreting services to be provided.

4.7 The student’s opportunity to address the information should be in person, in writing or both. The student should always have the option of having a friend or adviser present during any hearing. The committee may determine any limitations that may be placed on the role of a friend or adviser present at a hearing. For example, in some circumstances it may be appropriate for the student’s friend or adviser to assist the committee by answering questions or addressing raised issues on the student’s behalf. In most University circumstances, any friend or adviser present need not be permitted by the committee to act as an advocate or legal representative. Only in exceptional circumstances will legal representation be allowed.

4.8 If the committee considers that a student has an acceptable reason for being unable to attend a hearing (e.g. an international student who has returned home during a vacation period), the committee may permit the student to nominate a representative to attend. The committee may permit the student to use telecommunication facilities to participate in all or part of a hearing, if such facilities are readily available at reasonable cost, or may adjourn for a reasonable time until the student is available.
If the student fails to respond to reasonable attempts by the committee to communicate or does not provide the committee with acceptable reasons for not attending a hearing, the committee will make its own determination as to whether it will adjourn or proceed in the absence of the student.

The Student Misconduct Appeals Committee determines the order of presentation, i.e. whether the student should open (by presenting a case for the overturning of the original finding and/or penalty) or whether the University should commence the appeal proceedings (by defending the decision of the inquiry body). The nature of the appeal and its circumstances are the determining factors.

In presenting the appeal case, the student is normally to be given the opportunity of calling other persons to provide evidence in support of the appeal and the student should be allowed to lead any such witnesses through their evidence in which case the appeal may proceed by way of rehearing afresh.

During the course of a hearing, the student should be given an opportunity of questioning any witness or other person who is giving evidence to the committee. A right to question does not imply a right to harass.

The recommendation or decision against which the appeal is being made will be supported by the Director, Governance Support Unit (or nominee). The person providing this support must also be given adequate time to prepare.

Provided it is relevant to the approach taken by the committee, a person whose information given at the earlier inquiry is being questioned at the appeal, should be given an opportunity to respond to such questions.

The committee may appoint advisers as it deems appropriate but it will not commit itself to expenditure without the Director, Governance Support Unit’s agreement. The Director, Governance Support Unit may also seek advice on the University’s behalf at any stage of an appeal process.

During the course of an appeal, neither the fact that there has been an inquiry and there is now an appeal, nor any information relating to them or to the student, should be disclosed to people who do not have a legitimate reason to have such information. Accordingly, hearings are normally held in camera.

Without compromising the appeal’s thoroughness, it should take place without any unnecessary delays, taking into account the reasonable needs of people involved to be properly prepared.

The Student Misconduct Appeals Committee should take into account all of the relevant information it has before it except any information which the student has not been given an opportunity of addressing.

Knowledge that the Student Misconduct Appeals Committee has of any past offences or other misconduct committed by the student may be taken into account only:
- as evidence that the student was aware that certain actions constitute misconduct; and
- as one factor in the consideration of the level of penalty, if the Student Misconduct Appeals Committee finds that the allegation of misconduct, the decision on which is currently under appeal, is proven.

The Student Misconduct Appeals Committee has the following options:
- it may, for any reason, refer a matter back to the inquiry body for further inquiry and decision;
- it may uphold an appeal against a finding that the student has committed an act of misconduct, in which case any penalty imposed shall be nullified;
- it may uphold an appeal against the severity of a penalty and reduce it to a lesser penalty from among those provided in the Rules;
- it may dismiss an appeal against a finding that the student has committed an act of misconduct but determine that the penalty should be reduced to a lesser one from among those provided in the Rules;
- it may dismiss the appeal.

If the Student Misconduct Appeals Committee chooses the option in Rule 4.20.1, the Director, Governance Support Unit will notify the Student Misconduct Appeals Committee Chair of the result of the inquiry body’s reconsideration and whether or not it has been accepted by the student. If the student requests it, the Student Misconduct Appeals Committee will reconvene to hear the appeal.

The student is entitled to be given the reasons for the appeal decision at the time the decision is made known to the student.

The Student Misconduct Appeals Committee is responsible for determining who, in addition to the appellant student, should receive formal notification of the result of the appeal and the reasons for it. In making this determination, the committee will take into account potentially conflicting needs of the student for privacy and of others who participated in the process and who may have ongoing responsibility for University courses or facilities. The Student Misconduct Appeals Committee may impose conditions of confidentiality on any person who is so notified.
1. Principles

In recommending and/or determining an appropriate penalty for a proven instance of misconduct, an inquiry body and/or decision-maker must take into account:

(1) the nature and context of the misconduct, including:
   • the objective circumstances of the misconduct (the facts in relation to the gravity of the misconduct itself) in order to gauge an appreciation of the seriousness of the misconduct;
   • the subjective circumstances of the student (aggravating and mitigating factors relating to the student rather than to the misconduct);

(2) whether a student has admitted the misconduct, and/or has come forward of his or her own accord;

(3) whether intent can be proven;

(4) the student’s expression of remorse or apology (where relevant);

(5) the student’s past conduct (refer 3.15 in Schedule 3 Guidelines Relating to Student Misconduct and Appeals). The nature and extent of a student’s previous record of misconduct should be considered in all cases;

(6) penalties imposed for previous similar cases to ensure consistency in decision-making;

(7) the consequences of the penalty for the individual student (refer Section 4 (Differential effects of penalties)).

2. Scale of penalties

This scale provides a guide as to the normal, minimum and maximum penalties for specific cases of misconduct and the circumstances in which specific penalties are appropriate. This scale is not intended to be prescriptive and the Vice-Chancellor or Vice-Chancellor’s nominee, Responsible Academic Officers or committees may need to adjust the penalty in individual cases according to the circumstances of that particular case. The penalties are generally graded according to severity, although it should be noted that some penalties are only appropriate for specific types of misconduct (e.g. fines can only apply to some forms of misconduct).

3. Issues specific to each type of penalty

3.1 Exclusion from the University
Refer Rule 16.3.1(4)
If a student is re-admitted to a course following a period of exclusion from the University, the student may be required to apply for credit recognition, i.e. for the subjects completed prior to the period of exclusion.

3.2 Exclusion from specified class/specified facility
Refer Rules 16.3.1(10) and 16.3.1(11)
A student who is excluded from specified classes or facilities may not be able to complete certain assessment tasks and this may impact on their final result for the subject.

3.3 Suspension from the University
Refer Rule 16.3.1(5)
Students who are suspended from the University for a specified period not exceeding 12 months will retain any credit points gained prior to the period of suspension.

3.4 Suspension from a course of the University
Refer Rule 16.3.1(6)
Students who are suspended from a course of the University will retain any credit points gained prior to the period of suspension. They may apply for admission to another course of the University during the period of suspension, except for non-award study in subjects that could be subsequently counted as exemptions towards the course from which they have been suspended.

3.5 Withholding of results/academic transcript/permission to graduate
Refer Rule 16.3.1(7)
Students whose results are withheld may not be able to proceed to the next stage of their course and it may impact on their employment situation or applications for admission to courses at other institutions. Students whose official academic records are withheld or who are not permitted to graduate may not be able to apply for admission to other courses, or may be limited in their employment opportunities. These penalties usually apply when a student is in, or has completed, their final teaching period before graduation. The penalties are usually imposed in conjunction with suspension and/or the withholding of results until fines or costs are paid.

3.6 Monetary penalties
• Rules 16.3.1(12) and 16.3.1(13)
These Rules enable the University to seek restitution for costs incurred in lengthy inquiries or proceedings or costs associated with loss and/or damage. These penalties are not fines. Fines are penalties imposed for the act of misconduct itself.
• Rule 16.3.1(14)
This Rule enables a reasonable monetary fine to be assessed. This penalty could be applied in conjunction with others such as Rules 16.3.1(12) and 16.3.1(13).

Fines may be appropriate for incidents such as:
• inappropriate and/or disruptive behaviour on campus (up to $1000 maximum);
• contravening prescribed standards of acceptable conduct (up to $1000 maximum);
• endangering the safety and/or security of people and/or property (up to $2000 maximum);
• ignoring or disobeying a directive from a University Officer (up to $500 maximum);
• refusing to identify oneself (up to $100 maximum);
• allowing another person access to UTS email or computer account and facilities (up to $500 maximum with increase to $1000 for repeat offences);
• damage and destruction where the costs cannot be adequately measured for the purposes of cost recovery (e.g. destruction of intellectual property through hacking or destroying a computer which has other persons’ work on it) (up to $5000);
• library offences (up to $150 per offence with upper limit of $250 for repeat offence).

When considering fines as an effective and appropriate penalty for instances of misconduct, the following factors should be taken into account:
• A fine can only be imposed for certain forms of misconduct. A fine cannot be imposed for misconduct involving only plagiarism.
• A student’s financial capability must be considered in imposing a fine; and where appropriate extensions of time to pay may be granted by the Director, Governance Support Unit.

3.7 Awarding of zero marks
Refer Rule 16.3.1(9)
When considering a penalty under Rule 16.3.1(9), it should be noted that if a student is awarded zero for any assessment item, it is unlikely that the student will be able to satisfactorily complete the subject for which the assessment task is set.

3.8 Conditions on enrolment
Refer Rule 16.3.1(8)
If conditions are imposed upon a student’s enrolment and participation in specified subjects, this may impact on the student’s ability to complete the course within a specified time period. This penalty may impose conditions on enrolment in certain subjects involving use of a laboratory, for example, or enrolment in subjects involving use of other facilities.
4. Differential effects of penalties

When imposing penalties, it is important that each student’s individual circumstances, stage of enrolment and any relevant mitigating factors are taken into account. University Student Conduct Committees, Student Misconduct Appeals Committees, the Vice-Chancellor or Vice-Chancellor’s nominee and Responsible Academic Officers may encourage students to make representation or submit evidence on the detrimental impacts of specific penalties in individual cases.

Some examples of situations in which penalties may impact more harshly include:

- **Penalties of suspension or exclusion for international students**
  A penalty of suspension or exclusion may impact more severely on an international student because of visa requirements which stipulate that a student must leave the country if not enrolled. There are also additional financial costs involved for international students who must reapply for a visa following a period of suspension or exclusion and pay additional course fees. In appropriate circumstances, an alternative may be to consider penalties where an international student can complete course requirements prior to the penalty coming into effect. As an example, a student facing a period of suspension (to take effect at a specified time in the future) would be able to complete the course requirements, but, at the end of their course, the period of suspension would take effect and the student would be prevented from graduating, unable to access any academic results and official academic records.

- **Stage of enrolment**
  Most penalties will have a greater impact on students in their final teaching period when they are applying for jobs or for admission to graduate courses or registration/admission to professional bodies.

- **Financial penalties**
  Severe monetary penalties will have a greater impact on some international students and on students from economically disadvantaged groups.

- **Professional bodies**
  Certain penalties will have an impact on students who may wish to apply for registration/admission to professional bodies.

5. Admissions of wrongdoing/level of contrition of student

If a student has admitted the misconduct, and/or displays a high and genuine level of contrition for the misconduct, this may be taken into account where appropriate.

(1) The notice of penalty, the reasons and committee reports should explicitly state that the admission of wrongdoing and/or statement of contrition have been taken into account. Failure to do so would generally be taken to indicate that the admission or level of contrition was not given weight.

(2) The effect of admission or level of contrition on the penalty should be stated insofar as it is appropriate to do so. This effect could encompass any or all of the matters to which the admission or level of contrition may be relevant. Where other matters are regarded as relevant in a particular case, e.g. assistance to authorities, this should be included in the report or notice of decision and penalty.

(3) An admission of wrongdoing or statement of contrition should generally be assessed in relation to the seriousness of the misconduct. One consideration is the timing of the admission or statement of contrition. Another factor is the potential time saved by University staff to undertake investigations and attend hearings. The relevance of an early admission will vary according to the circumstances of the case.

(4) In some cases the admission or statement of contrition, in combination with other relevant factors, could lead to a degree of leniency in relation to the type of the penalties imposed. In some cases the weight given to the admission or statement of contrition will be significant in assessing parity between other students involved in the misconduct.

6. Intent

If a student is found to have acted with intent when committing an act of misconduct, the penalty imposed on that student should be more severe than in a case where intent cannot be proven.

7. Start/end dates of penalties

Penalties usually come into effect from the date of notification of the penalty to the student and last until the last day of the relevant teaching period. In determining penalties, it is preferable that start and end dates are specified on a teaching period basis (e.g. first day of teaching period to the last day of teaching period). It is important to consider the effective dates of penalties, as a penalty specified by dates as opposed to periods may have the unintended consequence of preventing a student enrolling in the teaching period following the period of penalty.

8. Status of student pending appeal outcomes

Under Rule 16.15.4, a student may apply to the Vice-Chancellor or Vice-Chancellor’s nominee for a stay of decision. The Vice-Chancellor or Vice-Chancellor’s nominee may direct that a decision be stayed until the time for making an appeal has expired or, if an appeal is made within the permitted time, until the appeal has been determined.

In such cases the Vice-Chancellor or Vice-Chancellor’s nominee will determine the status of the student during the appeal process; in other words, whether the student is to be on a restricted or conditional provisional program. This may include provisional class attendance, restricted attendance on campus, conditional use of University facilities, enrolment in online subjects, leave of absence and so on.
SCHEDULE 5 — GUIDELINES FOR HANDLING STUDENT MISCONDUCT INVOLVING PLAGIARISM

These guidelines have been prepared for the benefit of all people involved in the processes established by the University to deal with allegations of student misconduct involving plagiarism pursuant to Rules 16.6.2 and 16.10.

These guidelines have been prepared with a view to providing consistency in process and outcome.

1. Definitions

Academic judgment is the process by which a student’s performance is measured in an assessment task, taking into account the stated learning outcomes and assessment criteria set for that assessment and based on the professional judgment of the academic staff member concerned.¹

Plagiarism is taking and using someone else’s ideas or manner of expressing them and passing them off as his or her own by failing to give appropriate acknowledgement of the source to seek to gain an advantage by unfair means (Rule 16.2.1(4)).

Responsible Academic Officer means a person appointed as such by the Vice-Chancellor or the Provost on the advice of the Dean and such other persons as the Vice-Chancellor approves (Schedule 1 (Definitions)). (Also see the current list of Responsible Academic Officers.)

¹ Definition from Australian Learning and Teaching Council (ALTC) Good Practice Guide for Handling Student Grievances and Discipline Matters 2009.

2. Principles

2.1 All actions taken under these guidelines must be fair and reasonable, implemented in a timely fashion, and with due regard to privacy of all involved in the matters under consideration.

2.2 Each case must be dealt with on its own terms and merits and in accordance with its own circumstances.

2.3 The Responsible Academic Officer must be supplied with all relevant information by the relevant staff members upon which to base a decision.

2.4 Students must be informed of their rights with respect to appeal under Rule 16.15.

2.5 No person involved may divulge to any unauthorised person any information related to an individual student’s personal information, circumstances, marks/results/grades or any other matters relating to an allegation of misconduct.
3. **Conflict of interest**

3.1 A Responsible Academic Officer must not deal with or determine an allegation of student misconduct if he or she is personally involved in any aspect of the allegation (Rule 16.5).

3.2 In the event that a Responsible Academic Officer, an officer of the University, or a student believes that the involvement of a Responsible Academic Officer in a matter would lead to a conflict of interest, he or she must consult with the Dean. The Dean will determine another appropriate Responsible Academic Officer to deal with the matter.

3.3 A Responsible Academic Officer is not personally involved in any aspect of an allegation by reason only of the fact that he or she hears or deals with the allegation under the Rules.

4. **Notification of an allegation**

4.1 When an academic staff member, in his or her academic judgment, identifies a possible incident of plagiarism the matter may be referred as an allegation of misconduct to the Subject Coordinator (if applicable).

4.2 The academic staff member and/or the Subject Coordinator will obtain and collate all information relevant to the allegation of plagiarism (supporting evidence) and submit this to the Responsible Academic Officer.

4.3 The Responsible Academic Officer may make such other inquiries as he or she considers necessary in order to consider the allegation.

4.4 If, after considering the supporting evidence and any other relevant information, the Responsible Academic Officer determines that the allegation is without foundation, or that there is insufficient information to support the allegation or to warrant further investigation, the Responsible Academic Officer may determine not to take further action in relation to the allegation.

4.5 In all other cases, the Responsible Academic Officer must, in writing, and as soon as possible:

   (1) notify the student of the allegation and provide a copy of the supporting evidence, or if it is not appropriate for the student to receive a copy of the whole of the supporting evidence (for reasons including but not limited to privacy issues), provide a redacted copy of the supporting evidence which includes all of the information on which the Responsible Academic Officer’s decision will be based; and

   (2) provide the student with a copy of, or an electronic link to, the relevant Rules and guidelines; and

   (3) give the student a reasonable period, being a period of not less than five working days, to respond in writing; and

   (4) if the Responsible Academic Officer considers it necessary, request the student to attend a meeting with the Responsible Academic Officer and the Subject Coordinator at least five working days after the date of notification; and

   (5) in the event that the student is requested to attend a meeting, advise the student that he or she is entitled to bring a support person to the meeting.

4.6 The Responsible Academic Officer may place limitations on the role of any such support person. For example, in some circumstances it may be appropriate for such a support person to assist by answering questions, or addressing issues raised, on the student’s behalf. A support person will not be permitted to act as an advocate or legal representative on behalf of the student unless the Responsible Academic Officer determines that this is warranted by exceptional circumstances.

5. **Meeting with the student (if required)**

5.1 If the student has been requested to attend a meeting with the Responsible Academic Officer, he or she must:

   (1) explain the nature of the allegation of plagiarism;

   (2) provide an explanation of plagiarism and the reasons why the student’s work appears to constitute plagiarism;

   (3) inform the student that the University views plagiarism as serious misconduct and that a record of the meeting and the outcome will be placed on the student’s confidential file; and

   (4) invite the student to provide an explanation about the allegation.

5.2 At the conclusion of the meeting the student will be requested to sign a statement about good academic practice.

6. **Matters to be referred to the Director, Governance Support Unit**

6.1 If at any time during his or her consideration of the allegation the Responsible Academic Officer believes the alleged misconduct involves:

   (1) misconduct other than plagiarism; or

   (2) plagiarism and any other form of misconduct the Responsible Academic Officer must refer the matter to the Director, Governance Support Unit to be handled in accordance with Rule 16.12.
7. **Responsible Academic Officer’s decision**

7.1 If a student fails to respond to reasonable attempts by the Responsible Academic Officer for the student to provide a written response to the allegation of plagiarism, or fails to provide acceptable reasons for not complying with a request to attend a meeting, the Responsible Academic Officer must proceed to handle the matter in accordance with these guidelines and based on the supporting evidence.

7.2 In determining what penalty, if any, to impose, the Responsible Academic Officer may have regard to:

(1) the extent of the alleged plagiarism as it relates to the work being assessed;
(2) the proportion of the overall mark for the subject represented by the assessment item;
(3) any conventions associated with the discipline to which the subject relates and the academic discipline overall;
(4) whether the student has a previous record of plagiarism;
(5) whether the student is inexperienced or demonstrates a genuine lack of understanding of academic integrity and honesty;
(6) whether the circumstances reveal confusion among students enrolled in a subject about assessment (for instance, confusion about acceptable levels of cooperation among students involved in collaborative group work); and
(7) in relation to group work, if a particular student responsible for part of an assignment or project submits plagiarised work, another individual in the group should not be penalised unless that other individual in the group has knowingly participated in the submission of the plagiarised work.

7.3 In coming to a decision, the Responsible Academic Officer must have regard to:

(1) the student’s written representation or representations at the meeting (if any); and
(2) any previous case of student misconduct which the Responsible Academic Officer believes is similar to the case that he or she is considering.

7.4 In cases where there is no record of previous misconduct involving plagiarism and the matter is found not to have involved a deliberate attempt to deceive or to gain an unfair advantage, or a clear disregard of assessment requirements including but not limited to situations where:

(1) the student is inexperienced or demonstrates a genuine lack of understanding of academic integrity and honesty; or
(2) the circumstances reveal confusion among students enrolled in a subject about assessment (for instance, confusion about acceptable levels of cooperation among students involved in collaborative group work).

The Responsible Academic Officer may do one or more of the following:

(a) impose no penalty;
(b) issue the student with a formal warning;

(d) allow further work to be submitted (normally a revised submission of the original work). The revised assignment or further work can only be awarded a specified percentage, normally 50 per cent, of the total possible marks for the assessment item. For subjects where the submission of a revised assessment item is not practical, the Responsible Academic Officer may determine another penalty as appropriate.

7.5 If the Responsible Academic Officer finds that there has been misconduct involving plagiarism, the Responsible Academic Officer must also inform the student that any similar incident occurring at any time in the future may result in a further penalty such as a zero mark, suspension or exclusion.
7.6 If there is a record of previous misconduct involving plagiarism, and/or there is clear evidence of an attempt to deceive, gain an unfair advantage, or a clear disregard of assessment requirements, the Responsible Academic Officer may impose any of the penalties below as appropriate, as provided in Rule 16.3.1(9):

(1) a reduction in marks for any part or parts of the assessment;
(2) a zero mark and ‘Fail’ result for any part or parts of the assessment of the subject;

(4) a requirement that the student must undertake another alternative assessment task, for which the maximum possible mark can be no greater than a specified percentage, normally 50 per cent, of the maximum possible mark in the assessment task;
(5) a zero mark and ‘Fail’ result for the subject, in which case the zero mark and ‘Fail’ result will be denoted on the official record of the student in the same way as a ‘Fail’ result awarded in the usual way.

7.7 Where one of the above penalties has been imposed, the Responsible Academic Officer must notify the student in writing of the decision and the student’s right of appeal under Rule 16.15.

7.8 If the Responsible Academic Officer determines that a more serious penalty is appropriate, such as suspension or exclusion from the course or the University, the Responsible Academic Officer must refer the matter to the Director, Governance Support Unit to be handled in accordance with Rule 16.12. The Responsible Academic Officer must notify the student in writing that the matter has been referred to the Director, Governance Support Unit and that the student may within five working days make written representations to the Director, Governance Support Unit about the recommendation.

7.9 A copy of all relevant documentation must be sent to the Student Misconduct and Appeals Team, Governance Support Unit, or as directed by the Director, Governance Support Unit, for relevant details to be entered on the student system as appropriate and to file the documentation on the student’s confidential file. Where a zero mark for the subject has been imposed an Authority to Vary results (AVR) form must be submitted with the documentation.

8. Records

8.1 A copy of all records must be sent from Student Misconduct and Appeals Team, Governance Support Unit to Student Administration Records to be scanned.

8.2 Records of previous misconduct involving plagiarism may be accessed via Student Administration Records by a Responsible Academic Officer and taken into account in determining an appropriate penalty under Section 7 in Schedule 5.

Form of ballot
24. (1) A ballot must be a secret ballot using the quota preferential system. Ballots may be conducted by post, by attendance at a polling booth or by way of an electronic voting system that has been approved for use by the University Secretary in accordance with Rule G3-25. 27. (1) Where the Returning Officer has determined under Rule G3-24 that a ballot will be conducted by post, the Returning Officer must:

(b) deposit the ballot paper in the relevant ballot box provided for the purpose at the polling booth.

(3) The ballot box is to remain unopened until the close of ballot.

(4) An election is not invalid only because a person whose name is on the relevant roll of eligible voters did not see the notice published in accordance with Rule G3-27(1)(a).

(3) In the case of a ballot conducted by post or by attendance at a polling booth and despite any other provision of this rule, a vote is not informal only because any figures placed on the ballot paper are not placed in or entirely in the squares opposite the candidates’ names, if the figures are placed on the ballot in such positions as, in the opinion of the Returning Officer, clearly indicate the order of the voter’s preference for the candidates.

**Nomination of scrutineers**

(2) A person is not to be a scrutineer in an election in which he or she is a candidate.

(c) If on any count two or more candidates have an equal number of votes and one of them has to be excluded, the candidate to be excluded must be determined as follows:

(e) If at any point during any particular count after the first preference votes have been counted, the candidate next in order of a voter’s preference is not indicated or cannot be ascertained, that ballot paper must, from that point onwards, be excluded from that particular count and the total of the ballot papers counted must be amended accordingly.

(6) Where there is more than one position to be filled the result of the ballot is to be determined in accordance with the procedures set out in the most recently published edition of the publication entitled Proportional Representation Manual: Rules for Conducting Elections by the Quota Preferential Method published by the Proportional Representation Society of Australia, a copy of which is available from the Returning Officer.
