WELCOME

As we welcome in the new year, so do we welcome in new industry partnership opportunities and innovative approaches to ensuring our students are work-ready when they graduate.

We also encourage our industry partners and alumni to actively engage with us and our students in our new building. Our building was designed for collaboration and creative thinking where students, staff and industry can all benefit from the exchange of thoughts and ideas - ideas to shape tomorrow's world.

If you or your company would like to get involved with the Faculty of Engineering and IT’s internship, scholarship and/or mentoring program, please contact our Industry Partnering Unit.

INDUSTRY PROFILE

From student to graduate to industry mentor

John Puse is National Sales Manager at BCDS Solutions and a UTS Bachelor of Engineering alumnus. John has managed to hire four UTS graduates thanks to his active involvement in the Faculty’s mentoring program. Read more...

STUDENT PROFILE

An artificial boost helps daily commuters looking to stay fit

UTS student named most employable IT graduate in Australia

Bachelor of Information Technology (BIT) student Krystle Jane Ng has been awarded the title of most employable IT graduate in Australia. Read more...

Seeking expressions of interest

The Faculty of Engineering and Information Technology is currently seeking expressions of interest from industry representatives to be part of our Professional Advisory Boards. Each discipline group meets 2-3 times a year in facilitated collaborative discussions to address discipline-specific matters from the industry's perspective. For more information or if you're interested in becoming a member, contact Karyne Ang at Karyne.Ang@uts.edu.au.
