UTS PROFILE

The University of Technology, Sydney, is committed to freedom of inquiry, equality of opportunity, the pursuit of excellence in teaching, research and scholarship, and interaction with the professions.

UTS was originally established as the New South Wales Institute of Technology in 1965. In 1988 it attained university status and was joined by the School of Design of the Sydney College of the Arts. The University resulted from amalgamations brought about by the restructuring of the higher education sector in the late 1980s. In January 1990, the Kuring-gai College of Advanced Education, the Institute of Technical and Adult Teacher Education of the Sydney College of Advanced Education and the 'old' UTS formed the new University of Technology, Sydney.

The purpose of the University is outlined in the *University of Technology, Sydney, Act 1989*, and in the constitutions of its controlled entities.

UTS is a multicampus university spread over two locations in the Sydney metropolitan area: City campus incorporates buildings at a number of locations close to the Central railway station; Kuring-gai campus is in a bushland setting on Eton Road, Lindfield, 15 kilometres north of the city.

With a total enrolment of approximately 32,000 students, UTS is one of the largest universities in Australia. UTS places a strong emphasis on workplace experience, incorporating the latest industry practice and professional standards into its curriculum. To achieve this, the University has entered into partnership with a range of industry bodies, corporations and government authorities. As a result, UTS graduates are among the most highly sought after in New South Wales.

UTS ORGANISATIONAL STRUCTURE

UTS COMMITTEE STRUCTURE

GOVERNANCE AT UTS

The University of Technology, Sydney, was established by the *University of Technology, Sydney, Act 1989* No 69 (UTS Act), which replaced the *University of Technology, Sydney Act 1987* and the *University of Technology, Sydney (Miscellaneous Provisions) Act 1987*.

The UTS Act is published in chapter 4 and at: www.gsu.uts.edu.au/legislation/act/act.html

The object and functions of the University are outlined in section 6 of the Act.

Council, the governing body

The University is governed by a 20-member Council, including elected and appointed members who have the expertise and background relevant to the governance needs of the University. The Council's powers are set out in the UTS Act and relevant By-law and Rules.

The Council meets at least six times a year and is chaired by the Chancellor, who is elected by the Council from among its members. Elected members of Council serve for two years and appointed members for four years.

The Vice-Chancellor and President (UTS Chief Executive Officer) is an ex officio member of Council and the Council governs the University with and through the Vice-Chancellor. In addition to the Vice-Chancellor's key role in advising Council, the Council is also advised by its standing committees. Council makes external appointments with relevant expertise to key committees, for example, the Audit and Risk, Finance, and Governance committees.

Academic Board

Council has delegated to Academic Board a range of powers for academic matters. Academic Board, a major committee of Council and the primary forum in the University for the discussion and resolution of academic matters, has the power to determine academic policies within the University, and decide on the introduction, review, accreditation and discontinuation of award programs and eligibility for admission requirements.

Governance principles

To improve governance across UTS, the University's Council has adopted a set of governance principles. Offering a framework to be applied at all levels of the University's governance, the principles are to:

- focus on the University's purpose and goals
- perform effectively in clearly defined roles and responsibilities
- promote and act in accordance with UTS guiding principles
- make informed, transparent decisions within UTS accountability systems
- develop the effectiveness of the UTS Council and others responsible for governance
- recognise and engage the relevant interests of the University's stakeholders.

This framework is being used in the ongoing improvement of governance structures and processes.

STRATEGIC PLAN

The UTS Strategic Plan 2009–2018 sets out the vision, direction and priorities of the University for its third decade. The vision of UTS is to be a world-leading university of technology.

To build UTS's reputation by 2013, the University will:

- strengthen the standing of the UTS model of practice-oriented learning
- increase the scale, quality and impact of research in our discipline fields
- enhance our strong, inclusive university environment through providing state-of-the-art learning, research and social spaces, infrastructure and services
- build the capabilities of our people and processes to sustain and improve performance into UTS's third decade and beyond.

An important part of the strategic plan are the UTS values: discover, engage, empower, deliver and sustain. These values guide the behaviours that support UTS in achieving its vision.

The plan is reviewed annually and is expected to evolve over time.

STANDING ORDERS FOR THE COUNCIL OF THE UNIVERSITY OF TECHNOLOGY, SYDNEY

Chair

1. [deleted]
2. The Chancellor shall preside at any meeting of the Council at which he/she is present unless he/she elects not to do so.
3. Where at a meeting of the Council the Chancellor
 - (a) is absent,
 - (b) elects not to preside,
 - (c) is unable to preside,
 or the office of the Chancellor is vacant, the Deputy Chancellor shall preside.
4. In the absence of both the Chancellor and the Deputy Chancellor from a meeting of the Council the members present shall elect one of their number to preside at that meeting.

Notice of meetings

5. The Council shall meet in ordinary session not less than six times in each year and at such other times as the Council shall decide.
6. Not less than seven days' notice of an ordinary meeting of the Council shall be given by the Registrar, who shall be Secretary to the Council, in writing to members of the Council setting out the time and place of the meeting and the agenda.

- 6A. Order 6 may be suspended by the Chancellor, Vice-Chancellor and Registrar, as the Executive Committee of Council, under the terms of Rule 6, G1 — Rules relating to Council, the Chancellor, Deputy Chancellor and Vice-Chancellor of the General Rules of the University, by directing the Registrar to take action with respect to any of the following:
 - advise members of a Council meeting with shorter notice than prescribed by Order 6;
 - advise only Council members and other required attendees of the meeting place;
 - advise Council members that a meeting will be held in closed session.

7. A special meeting may be convened by the Registrar on the request of the Chancellor, the Deputy Chancellor or the Vice-Chancellor or upon the written request of any five members of the Council within 14 days of receipt of the request.

- 7A. Order 7 may be suspended by the Chancellor, Vice-Chancellor and Registrar, as the Executive Committee of Council, under the terms of Rule 6, G1 — Rules relating to Council, the Chancellor, Deputy Chancellor and Vice-Chancellor of the General Rules of the University, by directing the Registrar to take action with respect to any of the following:
 - advise members of a Council meeting with shorter notice than prescribed by Order 7;
 - advise only Council members and other required attendees of the meeting place;
 - advise Council members that a meeting will be held in closed session.

8. Not less than seven days' notice of a special meeting of the Council shall be given in writing by the Registrar to members of the Council specifying any matters requested under Order 7, for discussion at the special meeting.
9. Proceedings of the Council shall be valid notwithstanding non-receipt of a notice of meeting by a member.

Quorum

10. The quorum at any meeting of the Council shall consist of a majority of the total number of members for the time being of the Council.
11. If no quorum is present within 30 minutes of the time appointed for the meeting to commence, all business which should have been transacted at that meeting shall stand over until the next ordinary meeting of the Council, in which case, the business which was to have been dealt with at the meeting lacking a quorum shall take precedence over the business of the ordinary meeting, unless a special meeting is called in the meantime for the transaction of that business.
12. Once a meeting of the Council has commenced with a quorum, there shall be deemed to be a quorum thereafter, unless the lack of a quorum is drawn to the Chair's attention by a member of the Council. On the Chair's attention being drawn to the lack of a quorum he/she shall adjourn the meeting for five minutes. If at the expiration of five minutes there still is no quorum the Chair shall adjourn the meeting to another time or place.

Minutes

13. The Registrar shall keep a record of each meeting which shall be entered in a minute book and at each meeting the minutes of the preceding meeting shall:
 - (a) be read unless copies thereof have been previously circulated to members;
 - (b) be confirmed or confirmed as amended; and
 - (c) be signed by the Chair as confirmed with or without amendment.

Conduct of meetings

14. The order of business at any meeting of the Council shall follow that set out in the agenda unless the Council otherwise determines.
15. Meetings shall, subject to the presence of a quorum, start at the time set out in the notice of meeting, and shall, subject to the discretion of the Chair, continue until all business on the agenda has been disposed of, except that the agreement of the Council shall be necessary for the duration of the meeting to exceed three hours.
16. No member of the Council shall initiate any matter for debate or move any motion in respect of such matter, other than a matter on the agenda, unless the Council otherwise determines.
17. At meetings of the Council voting shall be by show of hands, and
 - (a) any question shall be decided by a majority of the members present; and
 - (b) the Chair shall have a deliberative vote, and, in the event of any equality of votes, a casting vote.
18. A motion or amendment before the Chair shall not be withdrawn except by the mover thereof and by leave of the seconder and of the Council, provided that no motion shall be withdrawn while any amendment is under discussion or after any amendment has been adopted.
19. A motion or amendment before the Chair may be reworded by the mover subject to leave of the Council.
20. No member of the Council shall speak more than once to any question, save that the mover of the motion (but not of an amendment) shall have the right of reply, which reply shall close the debate. For the purposes of this Order an amendment shall constitute a separate question from the original motion and from any other amendment.
21. When an amendment is before the Chair, discussion shall be confined to that amendment, and no further amendment shall be proposed until the amendment before the Chair has been disposed of.
22. Any member of the Council may raise a point of order which shall take precedence over all other business, and which shall be open to discussion. The point must be raised at the time the alleged irregularity occurred.
23. Any member of the Council disagreeing with the Chair's ruling on a point of order may move dissent. Such motion shall be put forthwith without debate.
24. Any member of the Council who has not already participated in the debate on any matter may, at

any time, whether another speaker has the floor or not, move 'That the question be now put', which motion, if accepted by the Chair, shall be put without amendment or debate. The Chair shall have an absolute discretion to accept or refuse the motion. If the motion is put during debate on an amendment, the motion shall close debate on the amendment only.

Closed session

25. The Council may, if it so wishes and provided that a quorum is present, resolve itself 'into committee' and / or go 'into closed session', whereupon all non-members who are present shall, with the exception of the Council officers, Deputy Vice-Chancellors, and such other non-members as the Council may, from time to time, determine, be required to leave the room and shall not be readmitted until the Chair declares that open session has been resumed.

Adjournment

26. The Chair may, with the consent of the Council, and shall, if so directed by the Council, adjourn the meeting from time to time and from place to place, but no business shall be transacted at an adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place. When a meeting is adjourned for 10 days or more, notice of the adjourned meeting shall be given as for an ordinary meeting. Save as aforesaid it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

 - (a) Council members;
 - (b) Council officers (the Registrar and the Clerk to Council);

 - (a) they shall notify the Registrar by 4.00 p.m. on the day before the meeting they wish to attend;
 - (b) the number of observers able to attend a meeting shall be determined by considerations of space and comfort, it being noted that the Council Room can accommodate a limited number of people; official attendees will be given priority over observers;

- (c) if requested the Registrar shall provide observers with a copy of papers relating to agenda items other than those which have been or are likely to be declared confidential;
 - (d) observers shall not normally participate in the discussions. They may only do so when invited by the Chair;
 - (e) the Registrar shall have power to waive (a), determine (b) and interpret (c) above.
30. Council may, by resolution, decline permission for an official attendee or an observer to be present for all or any part of a meeting.

Tabled papers

31. Tabled papers shall not be distributed to anyone, including members, official attendees or observers prior to a meeting.

General

33. Notwithstanding anything hereinbefore contained, any decision made by a validly constituted meeting shall not be void by reason only of a departure from these Standing Orders which was not detected until after the decision was made.
34. Any matter not dealt with in these Standing Orders shall be governed by the customary procedure at meetings.

STANDING ORDERS FOR THE ACADEMIC BOARD

Chair and Deputy Chair

1. The Chair shall preside at any meeting of the Academic Board except in the circumstances described in 2, 3 and 4.
2. At the first meeting of Academic Board following the beginning of a new two-year term, the Vice-Chancellor will open the meeting and invite the recently-elected Chair to chair the meeting from that point.
3. Where at a meeting of the Academic Board the Chair
 - (a) is absent,
 - (b) elects not to preside,
 - (c) is unable to preside,or the office of the Chair is vacant, the Deputy Chair shall preside unless unwilling to do so.
4. In the absence of the Chair and Deputy Chair from a meeting of the Academic Board, or if the Deputy Chair has elected not to preside at the meeting:
 - (a) the Vice-Chancellor, if the Vice-Chancellor is present and wishes to preside, is to preside at the meeting; or
 - (b) if the Vice-Chancellor is not present, or being present, does not wish to preside, the Board is to elect one of its members to preside at the meeting.

Notice of meetings

5. The Academic Board shall meet in ordinary session not less than six times in each year and at such other times as the Academic Board shall decide.
6. Not less than seven days' notice of an ordinary meeting of the Academic Board shall be given by the Registrar, who shall be Secretary to the Academic

Board, in writing to members of the Academic Board setting out the time and place of the meeting and the agenda.

7. A special meeting may be convened by the Registrar on the request of the Chair, a Deputy Chair or the Vice-Chancellor or upon the written request of any five members of the Academic Board within 14 days of receipt of the request.
8. Not less than seven days' notice of a special meeting of the Academic Board shall be given in writing by the Registrar to members of the Academic Board specifying any matters requested under Order 7, for discussion at the special meeting.
9. Proceedings of the Academic Board shall be valid notwithstanding non-receipt of a notice of meeting by a member.

Quorum

10. The quorum at any meeting of the Academic Board shall consist of a majority of the total number of members of the Academic Board.
11. If no quorum is present within 30 minutes of the time appointed for the meeting to commence, all business which should have been transacted at that meeting shall stand over until the next ordinary meeting of the Academic Board, in which case the business which was to have been dealt with at the meeting lacking a quorum shall take precedence over the business of the ordinary meeting, unless a special meeting is called in the meantime for the transaction of that business.
12. Once a meeting of the Academic Board has commenced with a quorum, there shall be deemed to be a quorum thereafter, unless the lack of a quorum is drawn to the Chair's attention by a member of the Academic Board. On the Chair's attention being drawn to the lack of a quorum she/he shall adjourn the meeting for five minutes. If at the expiration of five minutes there still is no quorum, the Chair shall adjourn the meeting to another time or place.

Starring of items

13. Before the commencement of the general business of the Board's agenda, starring of items is invited by the Chair. Starring is a meetings procedure adopted by the University to ensure that the whole agenda is covered, where possible, at the one meeting and that those items considered to require further report and discussion are accorded an appropriate amount of time within the constraints of a reasonable meeting time duration which is, usually, up to three hours. Items which are not starred would be adopted straight after resolving on which items should be starred.

Any member may star an agenda item for discussion.

Minutes

14. The Registrar shall keep a record of each meeting which shall be entered in a minute book and at each meeting the minutes of the preceding meeting shall:
 - (a) be read unless copies thereof have been previously circulated to members;
 - (b) be confirmed or confirmed as amended; and

- (c) be signed by the Chair as confirmed with or without amendment.

Conduct of meetings

15. The order of business at any meeting of the Academic Board shall follow that set out in the agenda unless the Academic Board otherwise determines.
16. Meetings shall, subject to the presence of a quorum, start at the time set out in the notice of meeting, and shall, subject to the discretion of the Chair, continue until all business on the agenda has been disposed of, except that the agreement of the Academic Board shall be necessary for the duration of the meeting to exceed three hours.
17.
 - (a) No member of the Academic Board shall initiate any matter for debate or move any motion in respect of such matter, other than a matter on the agenda, unless the Academic Board otherwise determines.
 - (b) To ensure that Board members have adequate time to consider matters for resolution, papers should not be tabled at a meeting. However if, after consulting with the Registrar, the Chair believes the Board may wish to determine whether it will receive a tabled paper, an opportunity to do so will be provided at agenda item 4, Receipt of Tabled Papers. Tabled papers received by the Board will be considered in sequence, whether starred or not. Tabled papers not received by the Board will normally be distributed with papers for the next meeting of the Board and considered at that meeting.
18. At meetings of the Academic Board voting shall be by show of hands, and
 - (a) any question shall be decided by a majority of the members present; and
 - (b) the Chair shall have a deliberative vote, and, in the event of any equality of votes, a casting vote. (Please refer to Standing Orders 26–38, with regard to elections held at meetings.)
19. A motion or amendment before the Chair shall not be withdrawn except by the mover thereof and by leave of the seconder and of the Academic Board, provided that no motion shall be withdrawn while any amendment is under discussion or after any amendment has been adopted.
20. A motion or amendment before the Chair may be reworded by the mover subject to leave of the Academic Board.
21. No member of the Academic Board shall speak more than once to any question, save that the mover of the motion (but not of an amendment) shall have the right of reply, which reply shall close the debate. For the purposes of this Order an amendment shall constitute a separate question from the original motion and from any other amendment.
22. When an amendment is before the Chair, discussion shall be confined to that amendment, and no further amendment shall be proposed until the amendment before the Chair has been disposed of.
23. Any member of the Academic Board may raise a point of order which shall take precedence over all other business, and which shall be open to discussion. The point must be raised at the time the alleged irregularity occurred.

24. Any member of the Academic Board disagreeing with the Chair's ruling on a point of order may move dissent. Such motion shall be put forthwith without debate.
25. Any member of the Academic Board who has not already participated in the debate on any matter may, at any time, whether another speaker has the floor or not, move 'That the question be now put', which motion, if accepted by the Chair, shall be put without amendment or debate. The Chair shall have an absolute discretion to accept or refuse the motion. If the motion is put during debate on an amendment, the motion shall close debate on the amendment only.

Where elections are held at meetings

26. The Registrar shall be the Returning Officer for all Academic Board elections and may appoint a Deputy Returning Officer who shall have the powers of the Returning Officer in the absence of, or when delegated by, the Returning Officer.
27. The elected membership of the committees of Academic Board is open to all full- and fractional-time academic staff and all students, regardless of whether they are members of Academic Board, except that the Chair of any such committee shall be a member of the Board and from time to time the Board may require other members of committees to be appointed or elected from the Board.
28. Only members of Academic Board, present at the meeting, are eligible to vote at elections held at meetings.
29. Notification of a possible election shall normally be by its inclusion in an item on the agenda for that meeting.
30. Nominations shall normally be called for ten working days prior to the meeting and shall close at 5 p.m., two working days prior to the meeting. Nominations should include the name of the nominator, the nominee, and the position for which the person is being nominated. The nominee must have agreed to the nomination prior to its submission. Any nominations received after the deadline stipulated in the call for the nominations, will not be accepted.
31. An election to be held at the meeting shall be deemed to be necessary when the number of nominations received exceeds the number of positions to be filled.
32. All voting shall be by the quota preferential system.
33. Ballot papers shall be distributed to members at the meeting.
34. Voters shall be required to enter each candidate's name next to a box on the ballot paper in the order of nominations received.
35. Voters shall be instructed to place the figure '1' in the box next to the candidate of first preference. Voters may then place consecutive figures (commencing with the figure '2') in the boxes opposite the names of the remaining candidates, so as to indicate by numerical sequence the order of preference for them.
36. Ballot papers shall be collected at the meeting. The Returning Officer shall determine whether it is feasible to count ballot papers and declare the elections during the meeting. If the Returning

Officer determines that this cannot be done, the Chair and the candidates will be informed of the result as soon as possible after the meeting and the Board shall be notified at the subsequent meeting.

37. The results of an election held at a meeting shall be published in the minutes of Academic Board.
38. The manner of counting votes.
Votes will be counted in accordance with Rule G3 Part 3(32).

Closed session

39. The Academic Board may, if it so wishes and provided that a quorum is present, resolve itself 'into committee' and/or go 'into closed session', whereupon all non-members who are present shall, with the exception of those non-members as the Academic Board may, from time to time, determine, be required to leave the room and shall not be readmitted until the Chair declares that open session has been resumed.

Adjournment

40. The Chair may, with the consent of the Academic Board, and shall, if so directed by the Academic Board, adjourn the meeting from time to time and from place to place, but no business shall be transacted at an adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place. When a meeting is adjourned for 10 days or more, notice of the adjourned meeting shall be given as for an ordinary meeting. Save as aforesaid it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

Attendance at Academic Board meetings

41. A. Any member of the academic staff and officers of the University may attend Academic Board meetings to speak to any agenda item, provided prior permission has been obtained from the Chair of the Board.
- B. Directors and other UTS officers identified by the Executive Committee of Academic Board, in consultation with the senior management of the University as appropriate, will be alerted to the online availability of Academic Board papers, and have a standing invitation to attend meetings and participate in discussion as appropriate to their expertise and area of responsibility.

Open meetings

42. (1) Meetings of the Academic Board shall be open to members of the University, that is, staff (including members of staff who are involved in media liaison), students and graduates, who may attend meetings of the Board as observers and shall be admitted subject to the availability of space. Observers shall not be accorded speaking rights.
- (2) (a) An alternate member may attend meetings of Academic Board in place of the member who nominated the alternate member (see Rules relating to Academic Board, Division 1). Alternate members are entitled

to be included on the distribution list for receipt of agenda papers for Academic Board meetings and to attend and vote at meetings of Academic Board if the member who nominated the alternate member is not present.

- (b) When both the elected member and the alternate member are present at a meeting of Academic Board, only the elected member has speaking and voting rights.
- (3) (a) If an elected student member is unable to attend a meeting of the Board, the relevant Faculty Board is responsible for requesting the alternate member to attend that meeting in place of the student member. The Faculty Board is also responsible for notifying the Clerk to Academic Board that the alternate will be in attendance.
- (b) Immediately prior to the commencement of a meeting of Academic Board, or as soon as possible thereafter but during the meeting, an alternate member who is attending in place of a member shall confirm that attendance with the Clerk to Academic Board.
- (c) When both the member and the alternate are unable to attend a meeting of Academic Board, the member is responsible for notifying the Clerk to Academic Board that the absence will not be covered by the alternate member and the member's formal apology will be registered.
- (d) If, for three consecutive meetings of Academic Board, neither the student member nor the alternate member has attended and the student member has not registered a formal apology with the Clerk to Academic Board for any of those meetings, the membership of the student member lapses, and that of the alternate member with it (see Rule 4 in the Rules Relating to Academic Board).

Communication of Academic Board decisions

43. A report of major items discussed by the Board shall be published on the UTS web site.
Individual advisings of the outcomes of the Board's deliberations shall be prepared by the Clerk to Academic Board and forwarded to those persons whose attention particularly needs to be drawn to any resolution of the Board, either in order to note or to action that resolution. Such advising shall be forwarded to the Dean or Head of School concerned for further referral to appropriate members of staff, as necessary.

General

44. Standing Orders 1–43 or any of them may be suspended by a majority of those present at a meeting of the Academic Board. A motion to that effect shall be open to debate.

45. Notwithstanding anything hereinbefore contained, any decision made by a validly constituted meeting shall not be void by reason only of a departure from these Standing Orders which was not detected until after the decision was made.
46. Any matter not dealt with in these Standing Orders shall be governed by the customary procedure at meetings.
47. The Chair shall take executive action on behalf of the Board:
 - (a) to recommend to Council amendments to graduands' lists;
 - (b) to discuss with the Vice-Chancellor proposals for new or vacant chairs and, if so inclined, to agree or disagree with such proposals; and
 - (c) in other pre-determined circumstances.

At the earliest opportunity, the Chair shall report to the Board on the exercise of this authority.

Committees of the Academic Board

48. Subject to the Act and the By-law the Academic Board may:
 - (a) appoint such committees consisting of such persons whether members of Academic Board or not, as it thinks fit; and
 - (b) confer or impose upon a committee appointed under subclause (a) such powers and duties as it may from time to time determine.
49. The Registrar shall be secretary to the committees of the Academic Board.
50. Not less than seven days' notice personally or in writing of an ordinary meeting of an Academic Board committee shall be given by the Registrar to members of the committee setting out the time and place of the meeting and the agenda.
51. Not less than three days' notice personally or in writing of a special meeting of an Academic Board committee shall be given by the Registrar to members of the committee setting out the time and place of the meeting and the agenda.
52. A meeting of an Academic Board committee may be held at any time if all members of the committee so agree.
53. The quorum at any meeting of an Academic Board committee, shall, unless another number is fixed for a particular committee, be one-half of the members of the committee or board for the time being but, if one-half is not a whole number, shall be the next higher whole number.
54. These Standing Orders shall be applicable as appropriate to the conduct of meetings of the committees of the Academic Board.
55. The Registrar shall keep a record of each meeting which shall be entered in a minute book and at each meeting the minutes of the preceding meeting shall:
 - (a) be read unless copies thereof have been previously circulated to members;
 - (b) be confirmed or confirmed as amended; and
 - (c) be signed by the Chair as confirmed with or without amendment.

FACULTY BOARDS

1. General

Each faculty of the University has a faculty board whose function is to foster the educational work of the faculty. Academic Board determines the structures and functions of faculty boards, except faculty board's authority to act on specific matters which requires Council's delegated authority. The faculty boards are: the Faculty Board in Arts and Social Sciences; the Faculty Board in Business; the Faculty Board in Design, Architecture and Building; the Faculty Board in Engineering and Information Technology; the Faculty Board in Law; the Faculty Board in Nursing, Midwifery and Health; and the Faculty Board in Science.

2. Composition and membership

2.1 The structure of faculty boards is approved by Academic Board on the recommendation of the faculty and the Vice-Chancellor, depending on individual faculty structure, it may vary between faculties. Membership of faculty boards is set out in the UTS: Calendar. Some faculty boards provide for all members of the faculty to be members of the board if they so elect. Where this is not the case, Council has prescribed that each faculty board shall consist, as a minimum, of ex officio members, nominated members and elected members, as follows:

2.2 The ex officio members are:

- (i) the Dean; and

- (ii) other senior full-time or fractional-time staff members including, where applicable, the Associate Deans, Heads of School, the Professors, and the Faculty Manager.

2.3 The nominated members serve a two-year term of office, and they include:

- (i) a nominee of the University Librarian;
- (ii) a nominee of the Deputy Vice-Chancellor and Vice-President (Teaching, Learning and Equity);
- (iii) one member of academic staff from the faculty board of at least three faculties that contribute to the teaching programs of the faculty concerned, to be nominated by the Deans of those faculties in consultation with the Dean of the faculty concerned.

2.4 The elected members include:

- (i) academic staff (full-time or fractional-time) elected by and from the academic staff of the faculty, the total number of persons to be such that it is equal to or larger than the sum of the total number of ex officio and nominated members, for a two-year term of office;
- (ii) one support staff member elected by and from the support staff of the faculty, for a two-year term of office;
- (iii) students elected by and from the students of the faculty with a minimum number of four students, at least one of whom shall be a postgraduate student, for a one-year term of office.

2.5 Elected members shall be eligible to stand for re-election and nominated members shall be eligible for renomination.

3. Meetings of faculty boards

3.1 The Dean of the faculty shall be Chair of the faculty board, or the Dean may appoint a member of the faculty board as Chair, if he or she wishes.

3.2 At the first meeting of a faculty board after the first of November in each calendar year a board shall elect a Deputy Chair from among its members, who shall hold office until 31 October in the year immediately following and shall be eligible for re-election.

3.3 The Faculty Manager shall be Secretary to the board.

3.4 The quorum for a faculty board shall be one-half of its members (excluding any members on recognised leave), or the nearest whole number above.

3.5 A faculty board shall meet in ordinary session twice in each semester and at such other times as it shall decide.

3.6 Not less than seven days' notice of an ordinary meeting shall be given by the Faculty Manager in writing to members of a board setting out the time and place of the meeting and the agenda.

3.7 A special meeting of a faculty board may be convened by the Dean of the faculty and shall be convened by the Faculty Manager on the written request of five members of a board.

3.8 Not less than three days' notice of a special meeting shall be given by the Faculty Manager in writing to members of a board setting out the time and place of the meeting and the purpose for which the meeting is to be convened.

- 3.9 The agenda for any meeting of a faculty board and any papers pursuant to matters on the agenda including minutes of the previous meeting(s) shall be available for perusal by any member of the academic staff of the faculty on application to the Faculty Manager.

4. Elections and filling of remaining vacancies

- 4.1 The Registrar or nominee shall be the Returning Officer for all elections of elected members of a faculty board.

- 4.2 In the case of a board as first constituted, wherever the term of office of elected members of a faculty board is two years, one-half of the elected members or where one-half is not a whole number the number immediately greater than one-half shall be determined by lot by the Returning Officer and shall hold office for one year.

- 4.3 Where a remaining vacancy occurs in the office of an elected member of a faculty board the vacancy may be filled by resolution of the faculty board and in accordance with procedures for the filling of casual vacancies as set out in 5.1 below.

- 4.4 A person selected to fill a remaining vacancy shall be appointed for the period stated in the notice of election for that office, and is, if otherwise qualified, eligible for election to that office at the expiry of the term of office for which he or she was appointed.

5. Casual vacancies

- 5.1 Where a casual vacancy occurs in the office of an elected member of a faculty board, the vacancy may be filled by resolution of the faculty board:

- (i) in the case of academic staff and undergraduate students of the faculty, on the recommendation of the relevant Responsible Academic Officer; or
- (ii) in the case of support staff and postgraduate students of the faculty, on the recommendation of the Dean;
- (iii) a person selected to fill a casual vacancy shall be appointed for the remainder of the term of office, and is, if otherwise qualified, eligible for election to that office at the expiry of the term of office for which he or she was appointed.

6. Duties and powers

- (xiii) shall examine and make recommendations to the Academic Board on the regulations for recognition of prior learning in relation to subjects offered by the faculty and entry to the courses with credit in recognition of prior learning;
- (xiv) (a) may approve credit in recognition of prior learning up to the maximum of two thirds of the course credit point requirements for a course of equal to or less than 144 credit points and three quarters of the course credit point requirements for a course of greater than 144 credit points;
- (b) may, in exceptional circumstances and on a case by case basis, recommend to Academic Board that credit in recognition of prior learning be approved in excess of the limits defined in (a) above.

- 6.3 The Dean of the faculty is authorised to take executive action on behalf of the faculty board where exceptional circumstances require faculty board business to be conducted between meetings. Where possible, notice of the action the Dean proposes to take should be given to members of the Board at least 7 calendar days before the proposed action. The notice should include a clear and accurate statement of the action the Dean proposes to take, with the advice that the Dean will take the action after the expiration of the 7 days unless one third of the number of members or more indicate in writing before the expiration of the 7 days that the decision should be made by the Board at a meeting. It is also responsible for collecting and distributing a wide range of information for prospective and enrolled students and promoting the University to students generally.

The Student Administration Unit also implements the rules relating to students (published in chapter 5).

Further information on all aspects of student administration is available from the UTS: Handbook at:

www.handbook.uts.edu.au/general

Further information on the Student Administration Unit is available at:

UTS International

UTS International is the focal point for all inquiries from international students. It provides advice and assistance with visa renewal and compliance, health cover, enrolment/re-enrolment, course options, application procedures, scholarships, study abroad and international exchange.

UTS International is the largest Sydney test centre for the International English Language Testing System (IELTS) test. The IELTS test is a preferred test for entry to Australian universities.

Together with the Student Services Unit, UTS International provides a comprehensive orientation and preparation program for all new international students. The program is designed to help students adjust to their new environment and make their academic and social life at UTS as rewarding as possible. There are international student advisers in UTS International who are available to assist students with personal, practical and academic issues.

UTS International also provides advice about overseas study opportunities available to current students through the UTS global exchange program. Regular information sessions are held during each teaching semester to provide information about partner universities, global exchange application procedures and funding options. UTS International provides ongoing support to UTS students enrolled at exchange partner institutions and assists students to organise credit transfer upon their return to Australia.

UTS International provides project management support and services to faculties and institutes to facilitate their development and academic management of UTS courses offered outside Australia.

www.uts.edu.au/international

Rules and policies

UTS is committed to providing an education that enables students to reach their full intellectual, personal and career potential, and to offering a wide range of support programs and services that optimise students' academic success and employability.

This goal can only be met if all students honour their responsibilities to their studies and respect the rights of other students and staff.

The rules are published in chapter 5 and are also available at:

www.gsu.uts.edu.au/rules

The rules should be read in conjunction with the Student Charter, which outlines the rights and responsibilities staff and students have to each other and to the University community.

www.gsu.uts.edu.au/policies/studentcharter.html

The University's policies are available at:

www.gsu.uts.edu.au/policies

Prizes and awards

Prizes are awarded each year to students in the University for meritorious work. These are made available through the generosity of private individuals and public organisations. They are offered each semester, annually or biennially. In rare instances, a prize is offered only when funds permit. Most prizes are offered subject to the provision that they are awarded only when a student has attained a mark or level of achievement considered by the faculty board concerned to be sufficiently high.

In addition to official University prizes and awards, a number of prizes are available from external sources.

A searchable database of prizes and awards is available at:

www.uts.edu.au/study/scholarships

A complete listing of all prizes and awards, separated by course area, is available at:

<http://datasearch.uts.edu.au/study/scholarships/prizes.cfm>

The University's policy and procedures for the administration of prizes are available at:

Australian Technology Network

The Australian Technology Network (ATN) is a union between five leading Australian universities who share a history of working with industry and a united vision for the future. These universities are:

- Curtin University of Technology
- Queensland University of Technology
- Royal Melbourne Institute of Technology
- University of South Australia
- University of Technology, Sydney.

Together, these universities teach more than 180,000 students, or 20 per cent of the Australian university system, with one in four international students choosing to study at an ATN university. What distinguishes ATN universities is the way they use their links with industry and the latest technology to provide professional courses.

The ATN's aim is to contribute to Australia's social and economic wealth, while championing the principles of access and equity that have ensured its members are the universities of first choice for more students.

www.atn.edu.au

The UTSCC board comprises representatives of the University, the UTS Union, the Students' Association, the Australian Broadcasting Corporation and parent users of the centres.

The University's City campus has two child care centres: the Magic Pudding Child Care Centre in Ultimo and the Blackfriars Children's Centre in Chippendale. The Kids' Campus Children's Centre is situated on Kuring-gai campus.

Access to child care facilities is open to all staff and students under 'priority of access' guidelines — priority is given to working and studying parents.

Each child care centre is managed by a director. Parents are invited to become involved in the centre through attending parent meetings or to stand for election to the board.

www.childcare.uts.edu.au

The University is committed to providing a safe and healthy workplace for students, staff, contractors and visitors, and to adopting a socially responsible approach towards protecting and sustaining the environment. Staff and students must take reasonable care of themselves and others, cooperate with steps taken to protect health and safety and not willfully place at risk the health, safety or wellbeing of others.

www.safetyandwellbeing.uts.edu.au

Equity and diversity

UTS is committed to ensuring that all students and staff have equitable access to education and employment opportunities, are treated fairly and can work and study in an environment free of harassment.

The Equity and Diversity Unit supports the goal of employment and educational equity by developing, implementing and monitoring policies and programs to provide a supportive and open culture in which all students and staff are able to develop to their full potential.

University policy aims to prevent discrimination on the grounds of race, colour, descent, national or ethnic origin, ethno-religious background, sex, marital status, pregnancy, potential pregnancy, family responsibilities, disability, age, homosexuality, transgender status, political conviction, and religious belief.

The unit also provides confidential equity-related grievance advice to both students and staff who feel they may have been discriminated against or harassed.

www.equity.uts.edu.au

Facilities hire

UTS Commercial manages a wide variety of facilities that are available for hire by external clients, faculties and other internal groups for purposes such as conferences, seminars, workshops, launches and private functions. Facilities are available at both City and Kuring-gai campuses.

Radio 2SER (107.3 FM)

UTS, in conjunction with Macquarie University, operates Sydney Educational Broadcasting Ltd (radio 2SER-FM), an independent and non-commercial radio station.

2SER has been broadcasting across the Sydney metropolitan area, reaching as far as the Blue Mountains and Wollongong, since 1 October 1979.

2SER's charter is based on a commitment to social justice, lifelong learning, an independent media and the use of radio as a creative medium.

Both UTS and Macquarie University contribute an annual grant to 2SER. The station also relies upon revenue raised via programming, sponsorship, fundraising events and subscription.

In addition to a small team of paid staff, around 200 volunteers (including UTS staff and students) are involved in producing and presenting around 100 programs each week. 2SER features many music, arts and current affairs programs, as well as community-based, non-English language programs on Sundays.

2SER provides training courses for its volunteers, which cover all facets of program-making and certificate-level courses via its radio school.

Students' Association

The Students' Association (SA) is the representative body for students at UTS. It represents all students of the University on welfare and education issues.

The Students' Representative Council (SRC) is the group of elected students that enacts, directs and coordinates the work of the SA. Every UTS student has the right to stand for election to the SRC and to vote in the annual elections.

The University supports the existence of professional advocacy staff for academic and non-academic appeals and to run the peer tutor scheme.

The SA also operates a second-hand textbook shop and a student newspaper, *Vertigo*, and facilitates student support by providing various information, education and action campaigns to benefit students.

Student participation in University governance

There are a number of ways students can participate in the governance of the University.

Council

There are two elected student members of Council, one undergraduate and one postgraduate student, each with a two-year term of office. The following existing Council groups have at least one student member: Student/Council Liaison Group and Equity Reference Group.

Academic Board

The Academic Board is the principal advisory body to Council on all academic matters. Its membership includes the President of the Students' Association, an elected student member from each of the faculties and one postgraduate research student of the University. Student membership on the Academic Board is for a one-year term.

Faculty boards

Each of the seven faculties has a faculty board charged with advising the Academic Board and the dean and other senior staff of the faculty on matters pertaining to the educational work of the faculty. The membership of faculty boards varies, but all include at least four students for a one-year term of office.

Sustainability

During 2009, UTS formally reported on its greenhouse gas emissions for the first time, in accordance with *National Greenhouse and Energy Reporting Act 2007* requirements. UTS also committed to an ambitious total greenhouse gas reduction target of 25 per cent by 2020-21, compared to 2007 emissions. Further, three strategies, covering sustainable transportation, sustainable procurement and climate change, were also submitted to the Sustainability Steering Committee, to be endorsed by the senior executive in 2010.

In 2010, the emphasis of the sustainability team is on the implementation of the sustainability strategies and the three-year energy audit implementation plan. The effectiveness of the University's environmental sustainability initiative will be reviewed and additional plans and strategic priorities developed, with an emphasis on increasing staff and student engagement.

Transforming Cultures

Transforming Cultures (TfC) explores cultures (e.g. ethnic, indigenous, religious, class) in the process of transformation as well as the cultures (e.g. technological, scientific, artistic, digital) that are transforming societies across the globe. TfC projects analyse the social and cultural technologies that transform individuals, cultures and the societies of which they are a part and on which they act, and include technologies of the body, of communication and of transculturation.

In exploring technologies of the body, TfC researchers interrogate the different ways in which the body is constituted, manipulated, mutilated, re-created, digitalised, in projects that range from studies of gender and sexuality, of cosmetic manipulation and gender reassignment, to the ways in which the body is being recreated through

the medium of digital technologies and cyberculture. TFC researchers explore technologies of communication for the ways in which different modes of communication — genres of writing, visual cultures, sound and music — constitute the world we know and the individuals we are. Technologies of transculturation include the many ways (social, political, artistic) in which cultures affected by globalisation assert, contest and subvert identity processes, and the new synergies and new possibilities they create for cultural, political and social diversity.

ARC CENTRES OF EXCELLENCE

The Australian Research Council's (ARC) Centres of Excellence are centres of expertise through which high-quality researchers maintain and develop Australia's international standing in research areas of national priority.

UTS is a participant in the following two.

ARC Centre of Excellence for Autonomous Systems

The Centre for Autonomous Systems (CAS) aims to research and explore the nature of intelligence in problems of perception learning and control and to lay the scientific foundation for the development and application of intelligent autonomous systems.

Autonomous systems represent the next step in the fusion of machines, computing, sensing and software to create intelligent systems capable of interacting with the complexities of the real world. Autonomous systems have a broad and diverse range of applications of national importance: from field applications such as automated mining, cargo handling, construction, forestry and transport, to potentially dangerous applications including robotic bushfire fighting, search-and-rescue, and broad areas of air, land and maritime defence, to social applications in robotic health care, automotive and entertainment.

The main objective of the centre is to focus on key research challenges in this field and showcase the integrated operation of complex intelligent autonomous systems with capabilities substantially beyond any existing systems. The centre aims to play a key role in establishing a new autonomous systems industry in Australia.

ARC RESEARCH NETWORKS

The Australian Research Council (ARC) Research Networks are platforms for generating new knowledge in areas that span traditional disciplinary boundaries. Networks link researchers, research groups and others involved in innovation, nationally and internationally. UTS convenes three networks.

Asia-Pacific Futures Network

The Asia-Pacific Futures Network is an international vehicle for building research capacity in the national research system to enhance understanding of Australia, its region and the world. The network brings experienced researchers working in identified research areas and themes into dynamic collaboration with government and industry through structured programs, with a view to stimulating new research directions, partnerships and training opportunities. The network's focus is on governance and security, culture and religion, media and communications.

Australian Research Council Network for Parasitology

On an international scale, this network works with other countries to develop new technologies for the detection and eradication of parasites. This emphasis not only protects Australia's borders but assists its near neighbours and leads to the development of technologies with an economic benefit to Australia.

Financial Integrity Research Network

The integrity of the financial system is constantly under stress because of the development of ever more complex financial instruments, structures and strategies, and the associated research technologies that continue to accelerate worldwide. The Financial Integrity Research Network's vision is to harness the considerable strengths of Australia's internationally renowned finance, accounting and economics researchers into a research agenda to address issues concerning the integrity of the financial system. It enables Australian research in this area to match the scale and impact of similar research in other major international financial centres, and plays an essential role in placing Australia among the world's leaders in financial markets related research.

UTS CENTRES

Asia-Pacific Centre for Complex Real Property Rights

The Asia-Pacific Centre for Complex Real Property Rights acknowledges both the legal and economic schools of thought on property rights, but realises that the multiple interests, factors, stakeholders and relationships in many property rights situations are often too complex to be resolved by one discipline in isolation.

The centre offers a truly trans-disciplinary approach to addressing complex real property rights. It achieves this by developing productive relationships investigating property rights at the interface of law, land and the political economy, urban planning, human geography and sociology.

The Paul Woolley Centre for Capital Market Dysfunctionality is one of three such centres established (the others being at the London School of Economics and Toulouse University) to encourage research that provides insight into whether society at large is being served well by its capital markets and financial institutions.

The centre builds its research agenda around dysfunctional capital markets, which in broad terms are defined as being markets that fail to perform the functions that are normally ascribed to them by economists. The centre focuses on the contribution to wealth creation of capital markets and financial institutions, and also on the effectiveness of the services provided by these institutions. The centre has three defined research groups — financial services, heterogeneous agent models, and macroeconomic modelling: expectations in financial markets.

The centre provides opportunities for productive relationships with the professions, entities associated with the financial services industry and the community, and promoting excellence in research, scholarship, education and innovation.

- (1) If no more than 2 nominations of persons for election as academic staff members of the Council are accepted, the Returning Officer must declare the person or persons nominated to be elected. If more than 2 nominations are accepted, there must be a ballot.
- (2) If no more than one nomination of persons for election to the Council as:
 - (a) the non-academic staff member, or
 - (b) the undergraduate student member, or
 - (c) the postgraduate student member,
 is accepted in any of those categories, the Returning Officer must declare the person nominated to be elected. If more than one nomination is accepted in any category, there must be a ballot in the category concerned.

15 Form of ballot

A ballot for a Council election must be a secret ballot using the optional preferential system.

16 Conduct of ballot

- (1) The Returning Officer must, if there is to be an election for an academic or non-academic staff member of the Council, send or deliver a ballot paper to each person whose name is in the relevant roll of staff of the University.
- (2) The Returning Officer must, if there is to be an election for an undergraduate or postgraduate student member of the Council:
 - (a) publish in such manner as the Returning Officer considers necessary a notice specifying the dates and times of polling, the location of polling booths and any other relevant information, and
 - (b) establish on the University premises polling booths attended, during the dates and times for polling, by persons appointed by the Returning Officer for the purpose of issuing a ballot paper to each person who requests one and is recognised by one of the appointed attendants as being a person whose name is in the relevant roll of students of the University, and
 - (c) forward a ballot paper to each person whose name is in the relevant roll of students of the University if the person has applied for the issue of a ballot paper by post and the application has been received not later than 10 days before the date of the election.
- (3) Following receipt of a written application, the Returning Officer may, on being satisfied that a ballot paper has been lost or destroyed, supply a

duplicate ballot paper to the person to whom the lost or destroyed ballot paper was issued.

- (4) An election is not invalid only because a person whose name is in the relevant roll of staff or students of the University did not receive a ballot paper.
- (5) In this clause, a reference to a person's name being in a relevant roll of staff or students of the University is a reference to the person's name being in the roll concerned at the close of nominations for the relevant election.

17 Notice to accompany ballot paper

With each ballot paper issued in respect of a Council election, there must also be issued:

- (a) a notice setting out how the ballot paper is to be completed and specifying the date and time by which ballot papers for that election must reach the Returning Officer, and
- (b) 2 envelopes, one marked "Ballot Paper" and the other addressed to the Returning Officer on the inside of which must be printed a form of declaration of identity and of entitlement to vote to be signed by the voter.

18 Contents of ballot paper

Each ballot paper must contain the names of the candidates in the order drawn at random by the Returning Officer or by a person appointed by the Returning Officer for the purposes of the election and must be initialled by the Returning Officer or by a person appointed by the Returning Officer.

19 Method of voting

Each voter must mark a vote on the ballot paper by placing the figure "1" in the square opposite the name of the candidate to whom the voter desires to give his or her first preference vote, and may place consecutive figures (commencing with the figure "2") in the squares opposite the names of any of the remaining candidates, so as to indicate by numerical sequence the order of the voter's preference for them.

20 Voting at staff elections

- (1) In the case of an election of an academic or non-academic staff member of the Council, each voter must send or deliver to the Returning Officer the ballot paper enclosed and sealed in the envelope marked "Ballot Paper" which must be enclosed and sealed in another envelope addressed to the Returning Officer, with a signed form of declaration of identity and entitlement to vote on the inside.
- (2) All envelopes received by the Returning Officer under this clause must be deposited in the relevant ballot box.

21 Voting at student elections

- (1) Subject to subclause (3), in the case of an election of an undergraduate or postgraduate student member of the Council, any student who has been recognised, by a person appointed by the Returning Officer to attend a polling booth, as being a person whose name is in the relevant roll of students of the University and whose name is then marked on a copy of that roll to signify the issue of a ballot paper, must be provided with a ballot paper.

- (2) A student provided with a ballot paper who desires to vote at a polling booth must, in the presence of a person appointed by the Returning Officer, deposit the vote in the relevant ballot box provided for the purpose at the polling booth.
- (3) A student who has been forwarded a ballot paper under clause 16(2)(c) and who wishes to vote must send or deliver to the Returning Officer the ballot paper enclosed and sealed in an envelope marked "Ballot Paper" which must be enclosed and sealed in another envelope addressed to the Returning Officer, with a signed form of declaration of identity and entitlement to vote on the inside.
- (4) Despite subclause (3), a student referred to in that subclause may vote by depositing the ballot paper forwarded to the student in the relevant ballot box at a polling booth.

22 Envelopes and ballot papers not to be opened

- (1) All envelopes received by the Returning Officer under clause 20 or 21 must remain unopened until the close of the ballot.
- (2) A ballot box referred to in clause 20 or 21 must remain unopened until the close of the ballot.

23 Procedure on close of ballot

As soon as practicable after the close of the ballot, the Returning Officer or a person appointed by the Returning Officer must:

- (a) open the ballot boxes, and
- (b) open any envelopes addressed to the Returning Officer and received before the close of the ballot, and
- (c) if any declaration of identity is duly signed by a qualified voter, place the unopened envelope containing the ballot paper with other similar envelopes, and
- (d) open the envelopes referred to in paragraph (c) and take out the ballot papers, and
- (e) count the votes, and ascertain the result of the ballot, in the manner set out in clauses 24–27.

24 Informal ballot papers

- (1) A ballot paper is informal if it has on it any mark or writing that, in the opinion of the Returning Officer, will enable any person to identify the voter.
- (2) A ballot paper is informal if not initialled under clause 18.
- (3) A ballot paper is informal if the voter has not indicated a clear preference for at least one candidate.
- (4) Despite any other provision of this clause, a ballot paper is not informal only because any figures placed on the ballot paper are not placed in or entirely in the squares opposite the candidates' names, if the figures are placed on the ballot paper in such positions as, in the opinion of the Returning Officer, clearly indicate the order of the voter's preference for the candidates.

25 Nomination of scrutineers

- (1) Each candidate is entitled to nominate one scrutineer to be present at the count.
- (2) A person is not to be a scrutineer in an election in which he or she is a candidate.

- (5) The candidate who has received the largest number of first preference votes must, if that number constitutes an absolute majority of votes, be declared by the Returning Officer to be elected.
- (6) If no candidate has received an absolute majority of first preference votes, the candidate who has received the fewest first preference votes must be excluded and each of the ballot papers counted to that candidate must be counted to the continuing candidate next in order of the voter's preference.
- (7) If on any count 2 or more candidates have an equal number of votes and one of them has to be excluded, the candidate to be excluded must be determined as follows:
 - (a) if the count is the first made in connection with the ballot, the Returning Officer must determine by lot which of those candidates is to be excluded,
 - (b) if the count is the second or subsequent count made in connection with the ballot:
 - (i) that candidate must be excluded who had the least number of votes at the last count at which one of those candidates received fewer votes than each of the others, or
 - (ii) the Returning Officer must determine by lot which of those candidates is to be excluded, if at all preceding counts no one of those candidates received fewer votes than each of the others.
- (8) The process of excluding the candidate who has the fewest votes and counting each of the ballot papers counted to that candidate to the continuing candidate next in order of the voter's preference must (subject to subclause (9)) be continued:
 - (a) until one continuing candidate has an absolute majority of votes in which event that candidate must be declared by the Returning Officer to be elected, or
 - (b) until all candidates but one have been excluded in which event the remaining candidate must be declared elected.

- (9) If at any point during any particular count after the first preference votes have been counted, the candidate next in order of a voter's preference is not indicated or cannot be ascertained, that ballot paper must, from that point onwards, be excluded from that particular count and the total of the ballot papers counted must be amended accordingly. The ballot paper must, however, be reinstated in any later counts carried out in accordance with subclause (10).
- (10) If any further position remains to be filled, all excluded candidates must be reinstated with their first preference votes credited and each of the ballot papers counted to the elected candidate or candidates must be counted to the reinstated candidate next in order of the voter's preference as if it were a first preference vote.
- (11) The procedures described in subclauses (5)–(10) apply until all vacancies are filled.

27 Secrecy of ballot to be maintained

- (1) The result of the count must remain confidential until the declaration of poll by the Returning Officer.

SECTION 1 — GENERAL

1.1 General

- 1.1.1 These Rules shall be known collectively as the 'Student and Related Rules' and are made pursuant to Section 29 of the *University of Technology, Sydney, Act 1989* and clause 44 of the *University of Technology, Sydney, By-law 2005*.
- 1.1.2 The date of commencement of these Rules shall be the 25th of February 2005.
- 1.1.3 These Rules shall apply to all students of the University, including persons who were students prior to the specified date of commencement of the Rules and anyone who becomes a student after the date of commencement of the Rules.
- 1.1.4 For the purposes of these Rules, unless the contrary intention is apparent, the definitions as provided for in Schedule 1 apply. Where appropriate, specific definitions may also be contained within the relevant Section of the Rules.

1.2 Relevant legislation

- 1.2.1 These Rules cannot override the state or Commonwealth legislation, and to the extent that there is any inconsistency between the Rules and legislation, the latter prevails.
- 1.2.2 For the purposes of these Rules and for the academic administration of the University, the major known relevant legislation is set out in Schedule 2 of these Rules. Other legislation may also apply and the legislation specified may be amended from time to time or be revoked.

1.3 Application of these Rules

1.3.1 General

Subject to the provisions of Rules 1.3.2 and 1.3.3 below, these Rules apply to all students who have been admitted to a course of study by the University, and who are enrolled in a UTS course including a UTS course conducted by, or in partnership with, another institution.

1.3.2 Conduct of students

The Rules of the University that relate to the conduct of a student in various circumstances apply to the conduct of an individual that occurs while he or she is a student of the University.

1.3.3 Course conducted in conjunction with another university or educational institution

- (1) The application of some or all of these Rules may be excluded in the case of students who are enrolled in a UTS course which is conducted in conjunction with another university or educational institution of an appropriate standing whether in Australia or offshore in the following circumstances:
- (a) this is provided for in a formal agreement between UTS and the university or institution and that agreement also provides that the rules, documented requirements or regulations, or specified components

of them, of the other university or institution are expressly made to apply to the students undertaking the UTS course;

- (b) the Vice-Chancellor certifies that the rules, documented requirements or regulations of the other university or institution to be so applied are appropriate and will adequately protect the interests of UTS and the students undertaking the course;
- (c) the formal agreement specified in (a) above provides for the Registrar of UTS to be supplied with a copy of the specified rules, documented requirements or regulations of the other university or institution as certified by the Vice-Chancellor. The Registrar shall maintain an up-to-date Register of such rules, documented requirements or regulations of the relevant provisions of all agreements relating to this Rule, and of the Vice-Chancellor's certification under (b) above.
- (2) Students will be subject to the rules, documented requirements or regulations of the approved institution for the duration of their studies at that institution only and in the specified UTS course(s). Students who transfer to UTS to continue study in the specified course(s) will then be subject to the Rules of UTS from the time of transfer.
- (3) In cases where the provision of 1.3.3(1) apply, the rules, documented requirements or regulations of the other university or other institution which have been specified to apply will have the full force and effect as Rules of UTS for the purposes of the students in the relevant courses. Responsibility for the administration of such rules, documented requirements or regulations shall be specified in the respective agreement between UTS and the other university or institution, including responsibility for each university or institution to notify the other of the application of particular rules, documented requirements or regulations to particular students, and of all changes to such rules, documented requirements or regulations.
- (4) Notwithstanding anything to the contrary, the Council of UTS, on the advice of the Academic Board, may where the circumstances are sufficiently serious to warrant it, revoke or modify any specification of Rules made under Rule 1.3.3(1), above. Details of any such revocation must be kept on the Register specified in 1.3.3(1)(c) above. All agreements between UTS and another university or institution which provide for the application of rules, documented requirements or regulations under 1.3.3(1) above must also provide for their possible revocation under this clause.

1.4 Designation

- 1.4.1 The Vice-Chancellor may make a written designation that an organisational unit, position or body is equivalent to a 'Faculty', 'Dean' or 'Faculty Board', respectively, for the purposes of these Rules. The designation may be for the purpose of specific Rules, groups of Rules, or these Rules generally. Any such designation will be recorded in a register maintained by the Registrar.

- (1) where the Dean has reason to believe it is necessary in relation to a student who is enrolled in a course which includes required professional experience, the Dean shall have the student's preparedness to participate in, or his or her suitability to continue to participate in, such professional experience assessed by the relevant Responsible Academic Officer, in consultation with the appropriate external supervisor (if any) as provided for in Rule 3.4.2;
- (2) where the Responsible Academic Officer, in consultation with the appropriate external supervisor (if any), considers that a student so assessed is not ready to proceed with or is unsuitable to continue any part of the required professional experience on its scheduled commencement, the Responsible Academic Officer may defer or re-schedule the student's participation;
- (3) The Responsible Academic Officer must advise the student in writing of the decision within three (3) business days of making it.

- 3.4.5 Where the deferral of a student's participation in any part of the required professional experience would have the effect of preventing the student from continuing his or her course the Responsible Academic Officer, with the agreement of the Dean, may refer the matter, with an appropriate recommendation, to the Vice-Chancellor, who shall take such action as he or she deems appropriate.
- 3.4.6 The Vice-Chancellor must advise the student in writing of any decision he or she makes within three (3) business days of making it.

3.5 Occupational requirements

- 3.5.1 A number of courses offered by the University require students to obtain suitable concurrent occupational experience. In special cases, consideration will be given to experience obtained prior to admission to a course.
- 3.5.2 Where students have not satisfied the required occupational requirements prescribed for the particular course within the time limits for completion of the particular course, or as otherwise specified for that course, the matter will be considered in the first instance by the relevant Responsible Academic Officer for an appropriate recommendation to the Dean.

- 3.6.2 If a student is required to undertake a revised version of a course, the relevant Responsible

Academic Officer, in consultation with the student, must provide a transitional or revised program to be completed by the student which will satisfy the requirements of the revised version of the course. Details of this program must be provided to the Registrar who shall ensure that it is recorded and used as the basis for determining the student's academic progress and completion of course requirements.

- 3.6.3 If a student who is enrolled in a course that has been approved for discontinuation does not complete the course within the approved phasing out period, the relevant Responsible Academic Officer will provide advice to the student on alternative arrangements that the student may wish to pursue at the University or elsewhere.

3.7 Subject requirements

- 3.7.1 Deans, Responsible Academic Officers or Subject Coordinators as appropriate, shall ensure that by the end of the first teaching week in the subject, students are provided with a published subject outline for each subject in which they are enrolled.

- 3.8.4 Where appropriate, the Responsible Academic Officer in consultation with the Subject Coordinator may approve suitable alternative arrangements.
- 3.8.5 Approval of alternative arrangements for attendance and/or participation does not imply

exemption from payment of any fees or charges, nor does it imply exemption from, or concessions relating to, assessment or examinations. Study thus approved will be subject to normal assessment grading.

3.9 Retention of students' work

- 3.9.1 The University reserves the right to retain the original or one copy of any work executed and/or submitted by a student as part of the course including, but not limited to, drawings, models, designs, plans and specifications, essays, programs, reports and theses, for any of the purposes designated in Rule 3.9.2. Notice is deemed to be sufficient if reference to Rule 3.9 and the notice under it is contained in the subject outline.
- 3.9.4 In cases where a student objects to the retention of an item of work for any purpose, and the University still wishes to exercise its right to retain the work, the student's objection shall be referred to the Responsible Academic Officer or Dean of the relevant Faculty for resolution.
- 3.9.5 Except in the case of examination scripts or other designated work, the University will make available the student's work for return to the student when it is no longer required pursuant to Rule 3.9.3, and will provide a reasonable opportunity to the student to collect the work.

 - (3) the decision was based on factual errors of such magnitude as to invalidate the decision;
 - (4) the conclusion as to the student's suitability for further professional experience was manifestly unreasonable, taking account of all the circumstances of the matter and the relevant professional standards and practices.
- 3.10.4 The Registrar shall refer the appeal to the Vice-Chancellor for any written comment that the Vice-Chancellor wishes to make. The Vice-Chancellor may seek advice from the relevant Dean and other relevant members of staff. The Vice-Chancellor shall then forward his or her comments, and the advice received, to the Registrar.
- 3.10.5 The Registrar shall then refer the Vice-Chancellor's comments to the student for the student to provide a written response. The student's response must reach the Registrar within ten (10) days of the date of notification. This Section of the Rules applies to all students enrolled in undergraduate and graduate coursework award courses.

10.2 Assessment of rate of progress

- 10.2.1 In the assessment of a student's progress in a course, account may be taken of work completed in the laboratory and in class exercises, tests or assignments given throughout the relevant teaching periods, as well as results obtained in any examinations.
- 10.2.2 Assessment of rate of progress of a student enrolled in an undergraduate award course shall normally occur at the end of the calendar year and shall normally be for study undertaken in no less than a full year.
- 10.2.3 A Faculty Board may determine specific requirements for the timing and calculation of assessment of rate of progress for students enrolled in particular graduate coursework award courses. Information on these requirements will be published by the faculty in official course information and handbooks.

10.3 Minimum rate of progress — undergraduate courses

- 10.3.1 In order to satisfy the required minimum rate of progress a student must gain no less than fifty per cent of the credit points for the subjects in which the student has been enrolled since the commencement of enrolment in the course.
- 10.3.2 Students who have been granted provisional admission to a course in accordance with Rule 5.3.1 and who satisfy the required minimum rate of progress in a course as specified in Rule 10.3.1 shall be permitted to re-enrol in the course and shall be eligible to have their admission to the course considered by Academic Board for confirmation.
- 10.3.3 Students who have been granted provisional admission to a course in accordance with Rule 5.3.1 and who fail to achieve the required minimum rate of progress in a course as specified in Rule 10.3.1 shall not be permitted to re-enrol in the course and shall have their enrolment in the course discontinued.
- 10.3.4 Any of the provisions of Rules 10.3.1 and 10.3.3 may be waived in particular cases by the relevant Faculty Board, which must set conditions for further enrolment. Non-compliance with such conditions will constitute failure to satisfy the minimum rate of progress requirements.

10.4 Failure to maintain minimum rate of progress

- 10.4.1 A student who fails to achieve the required minimum rate of progress in a course as specified in Rule 10.3.1 or as specified by a Faculty in accordance with Rule 10.2.3 shall be excluded from further study at the University by the

relevant Faculty Board for a period of at least one (1) academic year and may not apply for or enrol in any subjects or courses of study at the University that are conducted during the period of exclusion.

10.4.2 A student may appeal against exclusion from study at the University for the determined period in accordance with procedures outlined in Rule 10.8.

10.4.3 A student may apply for re-admission for further study at the end of the period of exclusion and must meet requirements and comply with procedures as set out in Rule 5.11.1. Re-admission is not automatic.

10.5 Maximum time to complete course requirements

10.5.1 Students are required to complete course requirements within an approved maximum time limit from the time of first enrolment.

10.5.2 Except where otherwise provided, the maximum time to complete a course shall not be greater than fifty (50) per cent in excess of normal completion time laid down for that course.

10.5.3 The calculation of the time taken by a student is a calculation of elapsed time. Periods of approved leave of absence or periods of exclusion/discontinuation from the course are counted as elapsed time.

10.5.4 Where credit towards a course has been granted in recognition of prior learning, the maximum time in which the student is required to complete the course requirements may be reduced by the relevant Responsible Academic Officer.

10.5.5 In exceptional circumstances, the relevant Faculty Board may approve an extension of the maximum time to complete course requirements for a particular student. Before it grants any such approval, the Faculty Board must be satisfied of the academic currency of the subjects completed by the student during the initial periods of enrolment in the course which will, if the extension is granted, be outside the normal maximum time period.

10.5.6 In respect of specific courses, the maximum time to complete a particular course may be reduced by resolution of the relevant Faculty Board (subject to approval by Academic Board) and where such a reduction in maximum time has been approved, the Faculty must include this information in all course prospectus and publicity material and must advise students enrolling in such a course for the first time of the approved maximum time to complete.

10.5.7 Where a student has failed to complete the requirements of a course within the maximum time the relevant Faculty Board may determine that the student be excluded permanently from that course.

10.5.8 Written notification of any such exclusion will be sent to relevant students by the Registrar.

10.5.9 A student may appeal against permanent exclusion from the course in accordance with procedures outlined in Rule 10.8.

10.6 Repeated failure in a subject

10.6.1 For the purposes of Rules 10.6.2 and 10.6.3 a Faculty Board may deem different subjects to be the same subject if the subjects are substantially similar in content and/or learning objectives.

10.6.2 A student who fails a subject for a second time shall be advised that:

- (1) he or she must seek advice from an appropriate academic adviser from the relevant faculty before being permitted to enrol again in that subject; and
- (2) a third failure in the same subject will require the student to seek the permission of the Responsible Academic Officer for any further enrolment in that subject.

10.6.3 A student who fails a subject for a third time must receive permission from the Responsible Academic Officer for any further enrolment in that subject. If such permission is granted the student must seek continuing assistance throughout that teaching period from an appropriate academic adviser in the relevant faculty.

10.6.4 A student who is refused permission for a third or subsequent enrolment in a subject in accordance with Rules 10.6.2 or 10.6.3, may request a review of that decision by the relevant Faculty Board.

10.6.5 Where a student is unable to complete a course as a result of being refused permission to enrol in a subject under Rule 10.6.2 or 10.6.3, and if no other course of action is appropriate, the student's enrolment in the course will be discontinued permanently.

10.6.6 Written notification of any such discontinuation will be sent to the student by the Registrar.

- (2) the student has been excluded for failure to meet the minimum rate of progress as outlined in Rule 10.4.1 and he or she has appealed against the exclusion and that appeal has been upheld, unless the appeal was upheld on the basis that the original decision to exclude was invalid as a result of factual errors, pursuant to Rule 10.8.3 (3).

10.7.2 The period of academic caution shall normally have a duration of one half year and shall occur in the next half year of study following the decision to place the student on academic caution.

10.7.3 A student who is placed on academic caution shall be advised in writing of the arrangements and requirements for academic caution.

- 10.7.4 During a period of academic caution the student must:

- 10.8.2 An appeal must be in writing, must specify and substantiate the grounds of the appeal and be lodged with the Registrar within four (4) weeks of the date of notification of the decision.
- 10.8.3 Late appeals which are submitted after the date provided in 10.8.2 will not be accepted unless the student is able to provide satisfactory documentary evidence of circumstances of a personal or medical nature that were beyond the student's control and that significantly affected the student's ability to submit an appeal by the due date.
- 10.8.4 In normal circumstances, the grounds on which a student may appeal against a decision of a Faculty Board in relation to exclusion or discontinuation are:
- (1) procedural irregularities which have resulted in substantial unfairness to the student;
 - (2) mitigating circumstances, supported by documentary evidence, which directly and significantly affected the student's performance, an awareness of which might have reasonably led to a decision other than exclusion;
 - (3) the decision was based on factual errors of such magnitude as to invalidate the decision.
- 10.8.5 The Registrar shall refer the appeal to the relevant Dean.
- 10.8.6 The appeal shall be considered by the appropriate Course Director or other nominee of the Dean in the first instance, who shall seek the advice of other relevant members of staff.
- 10.8.7 The Course Director or other nominee of the Dean shall submit a report to the Responsible Academic Officer or other nominee of the Dean, with a recommendation as to whether to uphold or dismiss the appeal.

 - (3) Where the Course Director or other nominee of the Dean has recommended that the appeal be dismissed, the Responsible Academic Officer or other nominee of the Dean will invite the student to respond to the recommendation to dismiss the appeal. A student will be permitted to respond in writing and may be required to attend an interview with the Responsible Academic Officer. The student's response must reach the Faculty within such time as the Registrar may specify from time to time. The Responsible Academic Officer or other nominee of the Dean will consider the response and make a recommendation to the Dean as to whether to uphold or dismiss the appeal.
- 10.8.9 The Dean shall consider the recommendations and reports of the Course Director or other nominee of the Dean and the Responsible Academic Officer or other nominee of the Dean as provided in 10.8.8. Where the Dean disagrees with the recommendations of the Course Director or other nominee of the Dean and the Responsible Academic Officer or other nominee of the Dean to uphold the appeal, and where the University has not done so already, the Dean will invite the student to respond to the Dean's recommendation as provided in Rule 10.8.8 (3). The matter will then be referred to the Registrar for final decision.
- 10.8.10 In the event that the Course Director or other nominee of the Dean, or the Responsible Academic Officer or other nominee of the Dean believes that his or her involvement in the appeal would lead to a conflict of interest, he or she will be required to consult with the Dean. If the Dean believes

that his or her involvement in the appeal would lead to a conflict of interest, he or she will be required to refer the matter to the Registrar for final decision.

- 10.8.11 Following the conclusion of the processes provided for in 10.8.8, 10.8.9 and 10.8.10, the Dean and/or Registrar shall reconsider the recommendation and determine the final decision. The final decision will be conveyed to the student by the Registrar.

- (3) shall be notified by the Responsible Academic Officer of the period of time allowed for completion of the course where the exclusion has resulted from failure to complete within the approved maximum period.

- 10.9.2 Where an appeal under Rule 10.8 is unsuccessful the student:

- (1) shall have his or her exclusion or discontinuation from the course confirmed;
- (2) may seek guidance from the Responsible Academic Officer on those things that the student may wish to undertake in order to enhance opportunities for re-admission after the period of exclusion has elapsed.

- 10.9.3 A student whose appeal is unsuccessful may request a review of the decision by the Coursework Students' Exclusions Review Committee.

- 10.9.4 The only grounds on which a student may request a review under 10.9.3 are that there were procedural irregularities in the management of the appeal.

- 16.15.1 Where the Registrar receives an allegation of misconduct, the Registrar may obtain further details of the allegation of misconduct and make such other enquiries as he or she believes necessary.
- 16.15.2 If after considering all the information, the Registrar is of the view that the allegation is without foundation, or that there is insufficient information to support the allegation or to warrant further investigation, the Registrar may determine not to take further action in relation to the allegation in which case the Registrar will retain sufficient information on the allegation on a confidential file.
- 16.15.3 Where the alleged misconduct involves academic misconduct during a centrally conducted examination, the Registrar will:
 - (1) inquire into the alleged misconduct;

16.15.6 Where the student admits the allegation, the Registrar must refer the matter to the Vice-Chancellor who must:

- (1) where the Vice-Chancellor believes the misconduct could be sufficiently serious to warrant the penalty specified in Rules 16.3.1(1) to 16.3.1(6) refer the matter to a University Student Conduct Committee for recommendation as to the penalty or penalties it considers appropriate; or

- (2) impose one or more of the penalties set out in Rules 16.3.1(7) to 16.3.1(16), in accordance with the Guidelines on Determining an Appropriate Penalty for Instances of Student Misconduct (refer Schedule 5); or

- (6) In appropriate cases the Committee may also consider any other precedent case of student misconduct that the Committee believes is similar to the case under consideration. When it does so the Committee will provide the student with sufficient general information on the precedent cases to enable the student to make representations as to the relevance and appropriateness of any such precedent, and refer to any others.

- 16.18.1 A student has a right of appeal to a Student Misconduct Appeals Committee in respect of a decision of the Vice-Chancellor under Rules 16.14, 16.15.6(2) or 16.17 or of the Dean under Rule 16.13.6.
- 16.18.2 An appeal must be in writing, must specify and substantiate the grounds of the appeal and be lodged with the Registrar within thirty (30) days after notice of the decision is provided to the student.
- 16.18.3 The grounds on which a student may appeal against a decision of the Vice-Chancellor or of a Dean in response to the findings and recommendations of a Faculty Student Conduct Committee or University Student Conduct Committee or to the penalty or penalties imposed are:
 - (1) that the decision was based on a serious misunderstanding of these Rules;
 - (2) that the decision was based on a serious mistake as to the facts;
 - (3) that a failure of procedural fairness occurred including failure to follow specified procedural requirements which would be likely to have had an impact on the decisions or outcomes of the proceedings;

- (4) that fresh relevant evidence has become available to the student, being evidence that was not available or known to the student at the time of the hearing and which would be likely to have affected the outcome of the proceedings;
- (5) that the penalty or penalties imposed on the student were manifestly excessive or inappropriate.

- 16.18.4 The Vice-Chancellor may, on the application of the student concerned or otherwise, direct that any action to be taken as a consequence of a decision to impose any penalty be stayed:

- (1) until the time for making an appeal against a decision has expired; or
- (2) if an appeal against a decision is made within that time, until the appeal has been finally determined.

16.19 Student Misconduct Appeals Committee

16.19.1 Composition

- (1) A Student Misconduct Appeals Committee will consist of:
 - (a) a person with legal qualifications as the Chair of the Committee; and

 - (c) a person with expertise in academic matters and knowledge of the University or universities.
- (2) The Council will from time to time approve panels of persons in each of the above categories who can be appointed to a Student Misconduct Appeals Committee.
- (3) No person may serve on a Student Misconduct Appeals Committee considering a case in which the person was a member of the original inquiry body (University or Faculty Student Conduct Committees) or involved previously in any capacity in the case before the Student Misconduct Appeals Committee.
- (4) When an appeal is lodged, the Registrar will nominate three persons from the approved panels to constitute the Student Misconduct Appeals Committee.
- (5) The Registrar will notify the student of the three persons who have been nominated.
- (6) Within seven (7) days of the date of notification, the student may exercise his or her right to object to the inclusion of any person.
- (7) If the student does object and if the Registrar in his or her absolute discretion is satisfied that cause exists, the Registrar will nominate another person or persons. Should the approved panel for a category be exhausted, the Registrar may nominate a person in the category who is not on the approved panel. This process will continue until a Committee can be convened.

16.19.2 Objection to membership

- (1) A student has a right to object to the inclusion of a person on a Student Misconduct Appeals Committee with cause, where 'cause' is defined as:
 - (a) not having the requisite qualifications; or

- (3) Subject to (2) above, a decision of a Student Misconduct Appeals Committee requires a simple majority.
- (4) If a member of a Student Misconduct Appeals Committee ceases to be a member at a point when the remaining members have reached a decision and that decision is unanimous, the decision of the remaining members will be the decision of the Appeals Committee.

16.19.4 Role

- (1) In normal circumstances a Student Misconduct Appeals Committee will limit the inquiry to:
 - (a) the grounds of appeal specified in the notice of appeal submitted by the student, consistent with Rule 16.18.3; and
 - (b) ensuring that the penalty or penalties imposed for the student misconduct are consistent with case precedents and comparable to penalties imposed across the University for similar acts of misconduct.
- (2) In exceptional circumstances where there are substantial grounds to believe that it is necessary in the interests of justice and procedural fairness, the Student Misconduct Appeals Committee will consider the matter afresh according to the merits of the case.
- (3) The Student Misconduct Appeals Committee will make a determination in each individual case as to whether to consider the matter in accordance with (1) or (2) above.

16.19.5 Procedures

- (1) A Student Misconduct Appeals Committee will determine its own procedures consistent with these Rules, including Rule 16.5. This includes whether or not to hear all or any part of a matter afresh.

- (2) Unless there are exceptional circumstances, a Student Misconduct Appeals Committee will not consider any material that has not first been considered by the Dean and the relevant Faculty Student Conduct Committee, or by the Vice-Chancellor and University Student Conduct Committee.
- (3) If new evidence is presented to a Student Misconduct Appeals Committee, being evidence that was not initially considered by the Dean or the Vice-Chancellor or the relevant Student Conduct Committee, the Appeals Committee should in normal circumstances refer the matter back for reconsideration in light of the new evidence.
- (4) A Student Misconduct Appeals Committee is not bound by the rules of evidence and may inform itself on any matter it thinks fit consistent with Rule 16.5.
- (5) A Student Misconduct Appeals Committee will normally conclude its inquiry and prepare its report within six (6) weeks of the day upon which the appeal was referred to it.
- (6) Notwithstanding the provisions of Rule 16.19.5(5), and subject to the approval of the Chancellor, Vice-Chancellor and Registrar, in an individual case the time within which the report of a Student Misconduct Appeals Committee must be made may be extended to not more than six (6) months from the day on which the appeal was referred to it or such other period, as may be warranted in exceptional circumstances.

16.19.6 Dissolution of Committee

- (1) Where, in the opinion of the Registrar, a Student Misconduct Appeals Committee is not progressing an appeal expeditiously, the Registrar may, after consultation with the Chair of the Student Misconduct Appeals Committee, by notice in writing served on the members of the Student Misconduct Appeals Committee and the student, dissolve that Committee.
- (2) Where the Registrar dissolves a Student Misconduct Appeals Committee under Rule 16.19.6(1), another Committee will be constituted in accordance with Rules 16.19.1, to inquire into the appeal, provided that no person who was a member of the dissolved Student Misconduct Appeals Committee may be a member of the newly constituted Student Misconduct Appeals Committee unless the Registrar so determines.

16.19.7 Decision

 - (a) for any reason, refer a matter back to the Vice-Chancellor, Dean, the University Student Conduct Committee or the relevant Faculty Student Conduct Committee as appropriate for further consideration and recommendations;

- 1.1 These guidelines have been prepared for the benefit of all people involved in the processes established by UTS to deal with allegations of misconduct made against students and with appeals lodged by students against decisions arising from such allegations.
- 1.2 The guidelines are divided into four sections: this Introduction, General Principles, Guidelines for Inquiry Bodies and Guidelines for Student Misconduct Appeals Committees.
- 1.3 The term ‘inquiry bodies’ refers to the University Student Conduct Committees, Faculty Student Conduct Committees and Student Misconduct Appeals Committees, but also extends, as necessary, to the Vice-Chancellor, Senior Deputy Vice-Chancellor, Deans, Responsible Academic Officer and the Registrar.
- 1.4 Notwithstanding these sectional headings, the guidelines are designed for use by all who play some role in these processes and should be freely distributed to students and their advisers and academic and support staff who have a need for knowledge of student misconduct and appeal matters. In particular, they are to be given to all students at the time formal allegations of misconduct are made against them.
- 1.5 The guidelines take into account the University’s Rules and procedures and the principles of procedural fairness.

2. General principles

- 2.1 All persons who are the subject of recommendations or decisions of others are entitled to be treated fairly, with dignity and with due regard to their privacy.
- 2.2 Persons are entitled to be regarded as not having behaved in an alleged manner until and unless they admit that behaviour or a fair and proper inquiry leads to a reasonable conclusion that they have so behaved.
- 2.3 Knowledge that a person has behaved in a particular way in the past is not evidence that the person has behaved in the same manner again. Such knowledge may be evidence that the person is aware that the behaviour is an act of misconduct (or it may be relevant to the level of penalty).
- 2.4 Each case must be dealt with on its own terms and merits and in accordance with its own circumstances.

3. Guidelines for inquiry bodies

- 3.1 Before any conclusion is reached in an inquiry into alleged misconduct by a student, the student must be:
 - given the precise terms of and any reasons for the allegation;
 - given an outline or summary of all details intended to be given to the inquiry body;

- given access to or a copy of documentation intended to be given to the inquiry body, and;
- given an opportunity to address all the information supplied.

3.2 The inquiry body must ensure that the student has a clear understanding of the allegation, of the nature of the evidence in its support and of the process which the inquiry body intends to follow and of the student’s rights with respect to that process. A copy of these guidelines is to be given to the student at the time the student is formally made aware of the allegation.

3.3 The amount of detail that is given to the student is dependent upon the circumstances; generally, a student’s request for details and access to documents relating to allegations about that student should be met, except where the information being sought:

- is an infringement upon the privacy of others
- may cause the safety of others to be at risk
- is irrelevant and/or excessive in amount.

3.4 The student must be given adequate time to prepare for the inquiry and to deal with the information provided; what is adequate depends upon the nature of the matter and the volume and complexity of the information.

3.5 The student must have an opportunity to seek advice; in some circumstances it may be appropriate for the University to make arrangements for advice to be given. The Registrar may seek advice on the University’s behalf at any stage. There may be a need for translating and/or interpreting services to be provided.

3.6 If the student fails to respond to reasonable attempts by the Committee to communicate or does not provide the Committee with acceptable reasons for not attending a hearing, the Committee will make its own determination as to whether it will adjourn or proceed in the absence of the student.

3.7 The student’s opportunity to address the information should be in person, in writing or both. The student should always have the option of having a friend or adviser present during any questioning or hearing. The inquiry body may place limitations on the role of a friend or adviser — for example, in some circumstances it may be appropriate for the student’s friend or adviser to assist the investigating body by answering questions or addressing raised issues on the student’s behalf. In most University circumstances, a friend or adviser present is not permitted by the inquiry body to act as an advocate or legal representative. Only in exceptional circumstances need legal representation be allowed.

3.8 The student may admit or deny the allegation, correct information as presented, provide an explanation, disclose mitigating factors or address the matters in other ways which the inquiry body, allowing some latitude if necessary, finds relevant.

- 3.9 The student must be given the opportunity of calling other persons to provide evidence in support of the student's defence against the allegation and the student should be allowed to lead any such witnesses through their evidence.
- 3.10 During the course of a hearing, the student should be given an opportunity of questioning any witness or other person who has supplied information to the inquiry body. A right to question does not imply a right to harass.
- 3.11 A person whose evidence provided to the inquiry body is questioned should be given an opportunity to respond to such questions.
- 3.12 During the course of inquiry, neither the fact that there is an inquiry nor any information relating to it or to the student should be disclosed to people who do not have a legitimate reason to have such information. Accordingly, hearings are normally held in camera.
- 3.13 Without compromising the thoroughness of an inquiry it should take place without any unnecessary delays, taking into account the reasonable needs of the student to be properly prepared.
- 3.14 The inquiry body should take into account all of the relevant information it has before it except any information which the student has not had an opportunity of addressing.
- 3.15 Knowledge which the inquiry body has of any past offences or other misconduct committed by the student may be taken into account only:
- as evidence that the student was aware that certain actions constitute misconduct; and
 - as one factor in the consideration of the level of penalty, if the inquiry body finds that the present allegation of misconduct is proven.
- 3.16 The student is entitled to be given the reasons for the decision and/or recommendation at the time it is made known to the student.
- 3.17 The inquiry body is responsible for determining who, in addition to the student against whom the allegation was made, should receive formal notification of the decision and/or recommendation and the reasons for it. In making this determination, the inquiry body will take into account potentially conflicting needs of the student for privacy and of others who participated in the process and who may have ongoing responsibility for University courses or facilities. In circumstances where an alleged victim of a crime of violence or a nonforcible sex offence makes a written request, the University will disclose to the alleged victim any decision and/or recommendation and the reasons for it with respect to any disciplinary proceeding conducted by the University against a student who is the alleged perpetrator of such crime or offence with respect to such crime or offence. The inquiry body may impose conditions of confidentiality on any person who is so notified.

4. Guidelines for Student Misconduct Appeals Committees

- 4.1 Each Student Misconduct Appeals Committee will determine its own procedures consistent with these guidelines.
- 4.2 Where a student does not dispute a finding of an inquiry body but appeals against the severity of a penalty imposed, the Student Misconduct Appeals Committee may decide to re-hear the matter in full or to limit its work to a consideration of the penalty.
- 4.3 Where the Student Misconduct Appeals Committee finds it cannot discharge its responsibilities unless it re-hears the matter (i.e. treats it as a fresh investigation) in full, it shall do so. There may be circumstances that make it acceptable for a Committee to confine itself to dealing afresh with points raised by the student in any stated grounds for the appeal.
- 4.4 The student is free to raise questions of process and/or merit with respect to the original inquiry. The student may repeat, correct or otherwise amend points made at the original inquiry, provide further explanation, disclose additional mitigating factors or address the matters in other ways which the Committee, allowing some latitude if necessary, finds relevant. If the student advances new evidence, the Committee may hear the appeal or refer the matter to the original inquiry body.
- 4.5 The student must be given adequate time to prepare an appeal based upon stated reasons for the original decision.
- 4.6 The student must have an opportunity to seek advice; in some circumstances it may be appropriate for the University to make arrangements for advice to be given. There may be a need for translating and/or interpreting services to be provided.
- 4.7 The student's opportunity to address the information should be in person, in writing or both. The student should always have the option of having a friend or adviser present during any hearing. The Committee may determine any limitations that may be placed on the role of a friend or adviser present at a hearing. For example, in some circumstances it may be appropriate for the student's friend or adviser to assist the Committee by answering questions or addressing raised issues on the student's behalf. In most University circumstances, any friend or adviser present need not be permitted by the Committee to act as an advocate or legal representative. Only in exceptional circumstances need legal representation be allowed.
- 4.8 If the Committee considers that a student has an acceptable reason for being unable to attend a hearing (e.g. an international student who has returned home during a vacation period), the Committee may permit the student to nominate a representative to attend. The Committee may permit the student to use telecommunication facilities to participate in all or part of a hearing, if such facilities are readily available at reasonable cost, or may adjourn for a reasonable time until the student is available.

- 4.9 If the student fails to respond to reasonable attempts by the Committee to communicate or does not provide the Committee with acceptable reasons for not attending a hearing, the Committee will make its own determination as to whether it will adjourn or proceed in the absence of the student.
- 4.10 The Student Misconduct Appeals Committee determines the order of presentation, i.e. whether the student should open (by presenting a case for the overturning of the original finding and/or penalty) or whether the University should commence the appeal proceedings (by defending the decision of the inquiry body). The nature of the appeal and its circumstances are the determining factors.
- 4.11 In presenting the appeal case, the student is normally given the opportunity of calling other persons to provide evidence in support of the appeal and the student should be allowed to lead any such witnesses through their evidence in which case the appeal may proceed by way of rehearing afresh.
- 4.12 During the course of a hearing, the student should be given an opportunity of questioning any witness or other person who is giving evidence to the Committee. A right to question does not imply a right to harass.
- 4.13 The recommendation or decision against which the appeal is being made will be supported by the Registrar (or nominee). The person providing this support must also be given adequate time to prepare.
- 4.14 Provided it is relevant to the approach taken by the Committee, a person whose information, given at the earlier inquiry, is being questioned at the appeal, should be given an opportunity to respond to such questions.
- 4.15 The Committee may appoint advisers as it deems appropriate but it will not commit itself to expenditure without the Registrar's agreement. The Registrar may also seek advice on the University's behalf at any stage of an appeal process.
- 4.16 During the course of an appeal, neither the fact that there has been an inquiry and there is now an appeal, nor any information relating to them or to the student should be disclosed to people who do not have a legitimate reason to have such information. Accordingly, hearings are normally held in camera.
- 4.17 Without compromising the appeal's thoroughness, it should take place without any unnecessary delays, taking into account the reasonable needs of people involved to be properly prepared.
- 4.18 The Student Misconduct Appeals Committee should take into account all of the relevant information it has before it except any information which the student has not had an opportunity of addressing.
- 4.19 Knowledge that the Student Misconduct Appeals Committee has of any past offences or other misconduct committed by the student may be taken into account only:
- as evidence that the student was aware that certain actions constitute misconduct, and
 - as one factor in the consideration of the level of penalty, if the Student Misconduct Appeals Committee finds that the allegation of misconduct, the decision on which is currently under appeal, is proven.
- 4.20 The Student Misconduct Appeals Committee has the following options:
- 4.20.1 it may, for any reason, refer a matter back to the inquiry body for further inquiry and decision;
- 4.20.2 it may uphold an appeal against a finding that the student has committed an act of misconduct, in which case any penalty imposed shall be nullified;
- 4.20.3 it may uphold an appeal against the severity of a penalty and reduce it to a lesser penalty from among those provided in the Rules;
- 4.20.4 it may dismiss an appeal against a finding that the student has committed an act of misconduct but determine that the penalty should be reduced to a lesser one from among those provided in the Rules;
- 4.20.5 it may dismiss the appeal.
- If the Student Misconduct Appeals Committee chooses 4.20.1, the Registrar will notify the Student Misconduct Appeals Committee Chair of the result of the inquiry body's re-consideration and whether or not it has been accepted by the student. If the student requests it, the Student Misconduct Appeals Committee will reconvene to hear the appeal.
- 4.21 The student is entitled to be given the reasons for the appeal decision at the time the decision is made known to the student.
- 4.22 The Student Misconduct Appeals Committee is responsible for determining who, in addition to the appellant student, should receive formal notification of the result of the appeal and the reasons for it. In making this determination, the Committee will take into account potentially conflicting needs — of the student for privacy and of others who participated in the process and who may have ongoing responsibility for University courses or facilities. The Student Misconduct Appeals Committee may impose conditions of confidentiality on any person who is so notified.

SCHEDULE 5 — GUIDELINES ON DETERMINING AN APPROPRIATE PENALTY FOR INSTANCES OF STUDENT MISCONDUCT

These guidelines have been prepared to assist all those involved in recommending, imposing and reviewing penalties for instances of misconduct, including the Vice-Chancellor, Deans, Faculty Student Conduct Committees, University Student Conduct Committee, and Student Misconduct Appeals Committee.

The information contained in these guidelines may also be useful for academic and administrative staff dealing generally with cases of misconduct, as well as for any student subject to an allegation of misconduct.

The guidelines are structured as follows:

1. Principles
2. Scale of penalties
3. Issues specific to each type of penalty
4. Differential effects of penalties
5. Admissions of wrongdoing / level of contrition of student
6. Intent
7. Start/end dates of penalties
8. Status of student pending appeal outcomes
9. Timing of decisions
10. Records of misconduct on transcripts

Whilst these guidelines provide general parameters for determining penalties, the appropriate penalty for an instance of misconduct ultimately must depend on the facts found in each case, and a body is free to depart from the principles set out in these guidelines where the facts indicate that such a course is appropriate. The appropriate penalty remains at the discretion of the body imposing it given that the circumstances of an instance of misconduct and the student present an almost infinite variety from case to case.

1. Principles

In recommending and/or determining an appropriate penalty for a proven instance of misconduct, an inquiry body and/or decision-maker must take into account:

1. the nature and context of the misconduct, including:
 - the objective circumstances of the misconduct (the facts in relation to the gravity of the misconduct itself) in order to gauge an appreciation of the seriousness of the misconduct;
 - the subjective circumstances of the student (aggravating and mitigating factors relating to the student rather than to the misconduct);
2. whether a student has admitted the misconduct, and/or has come forward of his or her own accord;
3. whether intent can be proven;
4. the student's expression of remorse or apology (where relevant);

5. the student's past conduct (see 3.15 Schedule 4 Guidelines relating to Student Misconduct and Appeals). The nature and extent of a student's previous record of misconduct should be considered in all cases whether academic or non-academic misconduct;
6. penalties imposed for previous similar cases to ensure consistency in decision-making;
7. the consequences of the penalty for the individual student (see section 4 below Differential effects of penalties).

2. Scale of penalties

This scale provides a guide as to the normal, minimum and maximum penalties for specific cases of misconduct and the circumstances in which specific penalties are appropriate. This scale is not intended to be prescriptive and the Vice-Chancellor, Deans or committees may need to adjust the penalty in individual cases according to the circumstances of that particular case. The penalties are generally graded according to severity, although it should be noted that some penalties are only appropriate for specific types of misconduct (e.g. fines can only apply to non-academic misconduct).

Penalty	Rule	Examples of types of instances of misconduct
Rescission of an academic award conferred by the University where the award is as a result of fraud or serious academic misconduct committed by the student before the award was conferred	16.3.1(1)	- very serious instances of academic misconduct, including fraud and which may involve serious criminal behaviour - extensive plagiarism in a research thesis or major project found proven after the award has been conferred
Revocation of a recommendation to the Academic Board or the University Council that a student has component of a course found proven after a for a period of up to twelve (12) months	16.3.1(2)	- fraud - major plagiarism in a subject or major satisfied the requirements for an award, effective student has been determined to have satisfied requirements for the relevant award
Permanent exclusion from the University	16.3.1(3)	Extremely serious instances of misconduct, may involve serious criminal behaviour and serious repeat instances of misconduct.
Exclusion from the University for a period of up to five (5) years	16.3.1(4)	- fraud - alteration of any document or record of the University - serious damage to University property or misuse of University facilities - serious disruption to University activities - serious academic misconduct including extensive plagiarism, exam malpractice - repeat cases of academic and/or non-academic misconduct - failure to comply with any penalty imposed for an instance of misconduct or failure to comply with any condition agreed with the Vice-Chancellor under Rule 2.1.9 - dishonesty in relation to admission to the University - inappropriate behaviour including harassment, intimidation or interference with the freedom of other persons at the University
Suspension from the University for a specified period not exceeding twelve (12) months	16.3.1(5)	- damage to University property or misuse of University facilities - disruption to University activities and/or freedom of other persons - academic misconduct including plagiarism, exam malpractice - repeat cases of academic and/or non-academic misconduct - failure to comply with any penalty imposed for an instance of misconduct
Suspension from a course of the University for a specified period not exceeding twelve (12) months	16.3.1(6)	- academic misconduct including plagiarism, exam malpractice, repeated cheating in assessment - repeat cases of academic misconduct
Withholding of academic results for the relevant teaching period, and/or academic transcript, including deferral or withdrawal of permission to graduate for a specified period not exceeding twelve (12) months	16.3.1(7)	Imposed when instance of misconduct occurs in the student's final teaching period before graduation, usually imposed in conjunction with suspension, or results are withheld until fines or costs are paid.

Penalty	Rule	Examples of types of instances of misconduct
Imposing conditions on enrolment and participation in specified subjects for a specified period not exceeding twelve (12) months; during which time if there is a further instance of misconduct, the Vice-Chancellor or the Dean shall refer the matter to the University Student Conduct Committee or the Faculty Student Conduct Committee, as the case may be, for a recommendation on the imposition of a more severe penalty.	16.3.1(8)	• inappropriate behaviour • misuse of facilities
If the misconduct constitutes academic misconduct in relation to a subject in which the student is admitted or enrolled: • a zero mark/fail result for the results of any form or forms of assessment in the subject • a requirement that the student re-submit a specific assessment task, with a reduction in marks to no more than a specified percentage of the maximum possible mark in the assessment task • a requirement that the student must undertake alternative assessment for the whole subject, for which the maximum possible mark can be no greater than a specified percentage of the total value of the assessment • a zero mark/fail result for the results of the total assessment in the subject.	16.3.1(9)	Academic misconduct (e.g. plagiarism, cheating) in relation to a subject in which the student is enrolled. May be appropriate for first offence of academic misconduct, plagiarism if deemed unintentional (e.g. student has not understood academic requirements). Should take into account: • extent of plagiarism • advice to student on referencing • stage of course (students in second or subsequent years will be expected to have more understanding of what constitutes plagiarism compared to students in first year).
Exclusion from attendance at specified classes or subjects for a specified period not exceeding twelve (12) months, provided that these do not include the entirety of classes or subjects for which the student is enrolled or is eligible to be enrolled	16.3.1(10)	Inappropriate behaviour in classes or subjects, meetings or other activities.
Exclusion from and prohibition from use of specified facilities of the University for a specified period not exceeding twelve (12) months	16.3.1(11)	Misuse of facilities on University premises, such as the Library or IT labs, or any other premises to which the student has access for his or her University purposes.
Where the misconduct involves loss of or damage to property or facilities of the University or a third party, payment to the University or the third party of a specified amount not exceeding the amount of the loss or damage	16.3.1(12)	Misconduct involving loss of/or damage to property or facilities of University or to a third party. Payment for loss or damages is not a fine. The amount sought as restitution cannot exceed the amount of the loss or damages.

Penalty	Rule	Examples of types of instances of misconduct
Where the misconduct involves lengthy inquiries and proceedings, payment to the University of a specified amount for its costs, not exceeding the amount of the costs incurred	16.3.1(13)	Misconduct involving lengthy inquiries and proceedings. Payment is required to cover the costs of the expense incurred by the University during lengthy inquiries and proceedings in relation to misconduct. The amount sought is not a fine — it cannot exceed the costs incurred by the University in relation to the inquiries and proceedings.
A fine of up to \$5,000 with maximum fines for particular types of offences	16.3.1(14)	Non-academic misconduct including: • inappropriate behaviour • misuse of facilities • wilfully disobeying direction • library offences (see 3.6 below for notes on Monetary penalties)
Imposition of specified conditions on attendance at specified classes or use of specified facilities of the University	16.3.1(15)	Inappropriate behaviour in a class, meeting or other activity, and/or misuse of facilities on University premises or any other premises to which the student has access for his or her University purposes.
Reprimand or caution	16.3.1 (16)	• first minor instance of misconduct • usually imposed with other penalties • a caution is a formal warning to the student that any future instance of misconduct will be treated most seriously and will result in a more severe penalty • a formal reprimand by the Vice-Chancellor for misconduct is communicated to the student in a letter. The letter of reprimand is placed on the student's confidential file and remains confidential. It does not appear on a student's transcript either internal or external.

3. Issues specific to each type of penalty

3.1 Exclusion from the University

See Rule 16.3.1(4)

If a student is re-admitted to a course following a period of exclusion from the University, the student may be required to apply for subject exemptions in recognition of prior learning, i.e. for the subjects completed prior to the period of exclusion.

3.2 Exclusion from specified class/specified facility

See Rules 16.3.1(10) and (11)

A student who is excluded from specified classes or facilities may not be able to complete certain assessment tasks and this may impact on their final result for the subject.

3.3 Suspension from the University

See Rule 16.3.1(5)

Students who are suspended from the University for a specified period not exceeding twelve (12) months will retain any credit points gained prior to the period of suspension.

3.4 Suspension from a course of the University

See Rule 16.3.1(6)

Students who are suspended from a course of the University will retain any credit points gained prior to the period of suspension. They may apply for admission to another course of the University during the period of suspension, except for non-award study in subjects that could be subsequently counted as exemptions towards the course from which they have been suspended.

3.5 Withholding of results/academic transcript/permission to graduate

See Rule 16.3.1(7)

Students whose results are withheld may not be able to proceed to the next stage of their course and it may impact on their employment situation or applications for admission to courses at other institutions. Students whose academic transcripts are withheld or who are not permitted to graduate may not be able to apply for admission to other courses, or may be limited in their employment opportunities. These penalties usually apply when a student is in, or has completed, their final teaching period before graduation. The penalties are usually imposed in conjunction with suspension, and/or the withholding of results until fines or costs are paid.

3.6 Monetary penalties

Rules 16.3.1(12) and (13)

These Rules enable the University to seek restitution for costs incurred in lengthy inquiries or proceedings or costs associated with loss and/or damage. These penalties are not fines. Fines are penalties imposed for the act of misconduct itself.

Rule 16.3.1(14)

This Rule enables a reasonable monetary fine to be assessed. This penalty could be applied in conjunction with others such as Rules 16.3.1(12) and (13).

Fines may be appropriate for incidents such as:

- inappropriate and/or disruptive behaviour on campus (up to \$1,000 maximum);
- contravening prescribed standards of acceptable conduct (up to \$1,000 maximum);
- endangering the safety and/or security of people and/or property (up to \$2,000 maximum);
- ignoring or disobeying a directive from a University Officer (up to \$500 maximum);
- refusing to identify oneself (up to \$100 maximum);
- allowing another person access to UTS email or computer account and facilities (up to \$500 maximum with increase to \$1,000 for repeat offences);
- damage and destruction where the costs cannot be adequately measured for the purposes of cost recovery (e.g. destruction of intellectual property through hacking or destroying a computer which has other persons' work on it) (up to \$5,000 on recommendation of the University Student Conduct Committee);
- library offences (up to \$150 per offence with upper limit of \$250 for repeat offence).

When considering fines as an effective and appropriate penalty for instances of misconduct, the following factors should be taken into account:

- a fine can only be imposed for non-academic misconduct. A fine cannot be imposed for academic misconduct;
- a student's financial capability must be considered in imposing a fine; and where appropriate extensions of time to pay may be granted by the Registrar;
- fines of less than \$2,000 can be imposed by the Vice-Chancellor for proven or admitted misconduct, without reference to the University Student Conduct Committee;
- fines of greater than \$2,000 can only be imposed by the Vice-Chancellor for extremely serious misconduct, on the recommendation of the University Student Conduct Committee.

3.7 Awarding of zero marks

See Rule 16.3.1(9)

When considering a penalty under Rule 16.3.1(9), it should be noted that if a student is awarded zero for any assessment item, it is unlikely that the student will be able to satisfactorily complete the subject for which the assessment task is set.

3.8 Conditions on enrolment

See Rule 16.3.1(8)

If conditions are imposed upon a student's enrolment and participation in specified subjects, this may impact on the student's ability to complete the course within a specified time period. This penalty may impose conditions on enrolment in certain subjects involving use of a laboratory, for example, or enrolment in subjects involving use of other facilities.

4. Differential effects of penalties

When imposing penalties, it is important that each student's individual circumstances, stage of enrolment, and any relevant mitigating factors are taken into account. Conduct Committees, the Vice-Chancellor and Deans may encourage students to make representation or submit evidence on the detrimental impacts of specific penalties in individual cases.

Some examples of situations in which penalties may impact more harshly include:

- **Penalties of suspension or exclusion for international students**

A penalty of suspension or exclusion may impact more severely on an international student because of visa requirements which stipulate that a student must leave the country if not enrolled. There are also additional financial costs involved for international students who must re-apply for a visa following a period of suspension or exclusion and pay additional course fees. In appropriate circumstances, an alternative may be to consider penalties under Rules 16.3.1(6) and (7) where an international student can complete course requirements prior to the penalty coming into effect. As an example, a student facing a period of suspension (to take effect at a specified time in the future) would be able to complete the course requirements, but at the end of their course, the period of suspension would take effect and the student would be prevented from graduating, unable to access any academic results and official academic transcript or testamur.

- **Stage of enrolment**

Most penalties will have a greater impact on students in their final teaching period when they are applying for jobs or for admission to graduate courses.

- **Financial penalties**

Severe monetary penalties will have a greater impact on some international students and on students from economically disadvantaged groups.

5. Admissions of wrongdoing/level of contrition of student

If a student has admitted the misconduct and/or displays a high and genuine level of contrition for the misconduct, in the form of submission of a formal letter of apology to the Vice-Chancellor, this should be taken into account where appropriate.

1. The notice of penalty, the reasons and committee reports should explicitly state that the admission of wrongdoing and/or statement of contrition have been taken into account. Failure to do so would generally be taken to indicate that the admission or level of contrition was not given weight.
2. The effect of admission or level of contrition on the penalty should be stated insofar as it is appropriate to do so. This effect could encompass any or all of the matters to which the admission or level of contrition may be relevant. Where other matters are regarded as relevant in a particular case, e.g. assistance to authorities, this should be included in the report or notice of decision and penalty.
3. An admission of wrongdoing or statement of contrition should generally be assessed in relation to the seriousness of the misconduct. One consideration is the timing of the admission or statement of contrition. Another factor is the potential time saved by University staff to undertake investigations and attend hearings. The relevance of an early admission will vary according to the circumstances of the case.
4. In some cases the admission or statement of contrition, in combination with other relevant factors, could lead to a degree of leniency in relation to the type of the penalties imposed. In some cases the weight given to the admission or statement of contrition will be significant in assessing parity between other students involved in the misconduct.

6. Intent

If a student is found to have acted with intent when committing an act of misconduct, the penalty imposed on that student should be more severe than in a case where intent cannot be proven. In determining whether a student acted intentionally in committing an act of misconduct, any subsequent demonstration of contrition on the part of the student should also be considered (see point 5 above).

7. Start/end dates of penalties

Penalties usually come into effect from the date of notification of the penalty to the student and last until the last day of the relevant teaching period. In determining penalties, it is preferable that start and end dates are specified on a teaching period basis (e.g. first day of teaching period to the last day of teaching period). It is important to consider the effective dates of penalties, as a penalty specified by dates as opposed to teaching periods may have the unintended consequence of preventing a student enrolling in the teaching period following the period of penalty.

8. Status of student pending appeal outcomes

Under Rule 16.18.4, a student may apply to the Vice-Chancellor for a stay of decision. The Vice-Chancellor may direct that a decision be stayed until the time for making an appeal has expired or, if an appeal is made within the permitted time, until the appeal has been determined.

In such cases the Vice-Chancellor will determine the status of the student during the appeal process; in other words, whether the student is to be on a restricted or conditional provisional program. This may include provisional class attendance, restricted attendance on campus, conditional use of University facilities, enrolment in online subjects, leave of absence and so on.

The following criteria are considered in determining whether to grant a stay of decision and the student's status during the appeal process:

- student's reasoning for requesting the stay of decision
- whether it is appropriate given the nature and seriousness of the misconduct to approve a stay of decision
- whether there is a need to implement the penalty immediately to ensure the protection of other person(s) and/or facilities and property of University
- an assessment of the likelihood of a successful appeal against the finding of misconduct and the penalty, and if the penalty includes payment of compensation to a third party under 16.3.1(12), the capacity of the third party to repay the student if the penalty is nullified on appeal.

9. Timing of decisions

It is most important that decisions regarding penalties for misconduct and subsequent appeals are handled as expeditiously as possible to prevent lengthy delays and consequent applications by students for special consideration due to potential disadvantage. As a general guide, reports of the University Student Conduct Committee or Student Misconduct Appeals Committee can be expected within six (6) weeks from the date of referral of the matter to the Committee.

10. Records of misconduct on transcripts

- For suspensions and exclusions from a course or from the University the external academic transcript shows the student's status as 'suspended' or 'excluded' and the period of suspension or exclusion (in the same way that academic exclusions and leave of absence are shown on a transcript).
- A penalty of zero mark for a subject is shown on the academic transcript in the same way as other results.
- All other penalties are recorded on the student system as internal comments and will only be shown on internal academic records.
- In cases where an appeal against suspension, exclusion, or zero mark is lodged, the external academic transcript will show 'appeal pending' under the relevant course and teaching.

24. (1) A ballot must be a secret ballot using the quota preferential system. Ballots may be conducted by post, by attendance at a polling booth or by way of an electronic

voting system that has been approved for use by the Registrar in accordance with clause 25. Subject to the Act, the By-law and these Rules, the Returning Officer shall determine which method or methods shall be used for any particular ballot.

- (2) Ballot papers, or the component of the electronic voting system that records a vote cast by the voter, as the case may be, must contain the names of the candidates in the order drawn at random by the Returning Officer or by a person appointed by the Returning Officer for the purposes of the election.

Requirements for electronic voting system

25. The Registrar may approve an electronic voting system for use where the Registrar is satisfied that the system:
- (a) will provide a voter with instructions on how to vote;
 - (b) will allow a voter to indicate his or her preferences of candidate or candidates;
 - (c) gives a voter an opportunity to correct any mistakes before submitting his or her vote;
 - (d) allows a voter to make an informal vote;
 - (e) will not allow a person to find out how a particular voter cast his or her vote;
 - (f) will not allow a voter to vote more than once for any ballot; and
 - (g) will only allow a voter to vote in an election for which he or she is eligible to vote.

Conduct of ballot by post

26. (1) Where the Returning Officer has determined under clause 24 that a ballot will be conducted by post, the Returning Officer must send or deliver to each person whose name is on the roll of eligible voters for the relevant election, prepared in accordance with clause 19(4):
- (a) a ballot paper, initialled by the Returning Officer or by a person authorised by the Returning Officer
 - (b) the edited statements provided by candidates in accordance with clause 22(4)
 - (c) a notice setting out how the ballot papers are to be completed and specifying the date and time of the close of ballot
 - (d) two envelopes, one marked "Ballot Paper" and the other addressed to the Returning Officer, on the inside of which must be printed a form of declaration of identity and of entitlement to vote to be signed by the voter.
- (2) Following receipt of a written application, the Returning Officer may, on being satisfied that a ballot paper has been lost or destroyed, supply a duplicate ballot paper to the person to whom the lost or destroyed ballot paper was issued.

- (3) A voter must:
 - (a) mark a vote on the ballot paper by placing the figure "1" in the square opposite the name of the candidate to whom the voter desires to give his or her first preference vote, and may place consecutive figures (commencing with the figure "2") in the squares opposite the names of any of the remaining candidates, so as to indicate by numerical sequence the order of the voter's preference for them
 - (b) sign the form of declaration of identity and entitlement to vote
 - (c) ensure that the Returning Officer receives the ballot paper enclosed and sealed in the envelope marked "Ballot Paper" which must be enclosed and sealed in the envelope addressed to the Returning Officer; and
 - (d) ensure that the Returning Officer receives the ballot paper before the close of ballot.
- (4) All envelopes received by the Returning Officer under this clause must be deposited in the relevant ballot box and remain unopened until the close of ballot.
- (5) An election is not invalid only because a person whose name is on the relevant roll of eligible voters did not receive ballot papers.
- (6) Only those ballot papers received by the close of ballot will be counted as part of the procedure outlined in clause 29.

Conduct of ballot by attendance at polling booth

27. (1) Where the Returning Officer has determined under clause 24 that a ballot will be conducted by attendance at a polling booth, the Returning Officer must
 - (a) publish in such manner as the Returning Officer considers necessary a notice specifying the dates and times of polling, the location of polling booths, the procedures governing the application for a postal vote by voters who are unable to attend a polling booth, and any other relevant information, and
 - (b) establish on the University premises polling booths attended, during the dates and times for polling, by persons appointed by the Returning Officer for the purpose of initialling and issuing ballot papers to each person who requests one and is recognised by one of the appointed attendants as being a person whose name is on the roll of eligible voters prepared in accordance with clause 19(4), and
 - (c) display at the polling booths the edited statements provided by candidates in accordance with clause 22(4).

- (2) A voter must, before the close of ballot, attend a polling booth to obtain a ballot paper and
 - (a) mark a vote on the ballot paper by placing the figure "1" in the square opposite the name of the candidate to whom the voter desires to give his or her first preference vote, and may place consecutive figures (commencing with the figure "2") in the squares opposite the names of any of the remaining candidates, so as to indicate by numerical sequence the order of the voter's preference for them
 - (b) deposit the ballot paper in the relevant ballot box provided for the purpose at the polling booth.
- (3) The ballot box is to remain unopened until the close of ballot.
- (4) An election is not invalid only because a person whose name is on the relevant roll of eligible voters did not see the notice published in accordance with sub-clause (1)(a).

Conduct of ballot by electronic voting system

28. (1) Where the Returning Officer has determined under clause 24 that a ballot will be conducted by way of an electronic voting system, the Returning Officer must publish a notice:
 - (a) detailing the nature of the election and setting out instructions on how and when voters may obtain access to the electronic voting system
 - (b) advising how voters may obtain access to the edited statements provided by candidates in accordance with clause 22(4).
- (2) The voter must submit a vote, after the commencement of the ballot and before the close of ballot, in accordance with the instructions provided in the electronic voting system.
- (3) An election is not invalid only because a person whose name is on the relevant roll of eligible voters did not see the notice published in accordance with sub-clause (1).

Procedure on close of ballot

29. As soon as practicable after the close of the ballot, the Returning Officer or a person appointed by the Returning Officer must:
 - (1) in the case of an election conducted by post or by attendance at a polling booth:
 - (a) open the ballot boxes, and
 - (b) open any envelopes addressed to the Returning Officer and received before the close of the ballot, and
 - (c) if any declaration of identity is duly signed by a qualified voter, place the unopened envelope containing the ballot paper with other similar envelopes, and

- (d) open the envelopes referred to in paragraph (c) and take out the ballot papers, and
 - (e) count the votes, and ascertain the result of the ballot, in the manner set out in clause 32.
- (2) in the case of an election conducted by way of an electronic voting system, generate a count of the votes, using a methodology such that the results obtained are as if the votes were recorded on ballot papers and the count was conducted in accordance with clause 32.

Informal vote

30. (1) A vote is informal if the voter has not indicated a clear preference for at least one candidate or if it is possible, in the opinion of the Returning Officer, to identify the voter.
- (2) In the case of a ballot conducted by post or by attendance at a polling booth, a vote is also informal if the ballot paper has not been initialled in accordance with clause 26(1)(a) or clause 27(1)(b), respectively.
- (3) In the case of a ballot conducted by post or by attendance at a polling booth and despite any other provision of this clause, a vote is not informal only because any figures placed on the ballot paper are not placed in or entirely in the squares opposite the candidates' names, if the figures are placed on the ballot in such positions as, in the opinion of the Returning Officer, clearly indicate the order of the voter's preference for the candidates.

Nomination of scrutineers

31. (1) Each candidate is entitled to nominate one scrutineer who is a member of the staff or students of the University to be present at the count.
- (2) A person is not to be a scrutineer in an election in which he or she is a candidate.
- (3) A scrutineer is subject to the conditions specified by the Returning Officer for attendance at the count.

Determination of result of ballot

32. (1) In this clause:
- an absolute majority of votes** means a greater number than one-half of the whole number of formal ballot votes counted.
- continuing candidate** means a candidate not already excluded from the count.
- determine by lot** means determine in accordance with the following directions:
- (a) the names of the candidates concerned must be written on separate and similar slips of paper,
 - (b) the slips must be folded so as to prevent identification and mixed and drawn at random,
 - (c) the candidate whose name is first drawn must be excluded.

- (2) If a ballot has been held for the purpose of an election the result of the ballot must be determined as provided in this clause.
- (3) The Returning Officer must count the total number of ballot votes and exclude any informal votes.
- (4) The Returning Officer must count the number of first preference votes given for each candidate.
- (5) Where there is one position to be filled:
 - (a) The candidate who has received the largest number of first preference votes must, if that number constitutes an absolute majority of votes, be declared by the Returning Officer to be elected.
 - (b) If no candidate has received an absolute majority of first preference votes, the candidate who has received the fewest first preference votes must be excluded and each of the ballot papers counted to that candidate must be counted to the continuing candidate next in order of the voter's preference.
 - (c) If on any count 2 or more candidates have an equal number of votes and one of them has to be excluded, the candidate to be excluded must be determined as follows:
 - (i) if the count is the first made in connection with the ballot, the Returning Officer must determine by lot which of those candidates is to be excluded,
 - (ii) if the count is the second or subsequent count made in connection with the ballot:
 - (A) that candidate must be excluded who had the least number of votes at the last count at which one of those candidates received fewer votes than each of the others, or
 - (B) the Returning Officer must determine by lot which of those candidates is to be excluded, if at all preceding counts no one of those candidates received fewer votes than each of the others.
 - (d) The process of excluding the candidate who has the fewest votes and counting each of the ballot papers counted to that candidate to the continuing candidate next in order of the voter's preference must (subject to subclause (5)(e)) be continued:
 - (i) until one continuing candidate has an absolute majority of votes in which event that candidate must be declared by the Returning Officer to be elected, or

- (ii) until all candidates but one have been excluded in which event the remaining candidate must be declared elected.
- (e) If at any point during any particular count after the first preference votes have been counted, the candidate next in order of a voter's preference is not indicated or cannot be ascertained, that ballot paper must, from that point onwards, be excluded from that particular count and the total of the ballot papers counted must be amended accordingly.
- (6) Where there is more than one position to be filled the result of the ballot is to be determined in accordance with the procedures set out in the most recently published edition of the publication entitled *Proportional Representation Manual: Rules for Conducting Elections by the Quota Preferential Method* published by the Proportional Representation Society of Australia, a copy of which is available from the Returning Officer.

Secrecy of ballot to be maintained

- 33. (1) The result of the ballot must remain confidential until the declaration of poll by the Returning Officer.
- (2) The Returning Officer or any person appointed by the Returning Officer or any scrutineer must not in any way disclose or aid in disclosing the manner in which any voter has voted.

G4 — RULES RELATING TO STAFF DISCIPLINE AND APPEAL COMMITTEES

These Rules are made pursuant to clause 44 of the By-law (Part 4, Division 3)

Division 1 — Staff

Application of Division

- 1. This Division applies to and in respect of all members of staff of the University other than:
 - (a) members of staff who are designated by the Rules as being casual staff or temporary staff; and
 - (b) members of staff whose conditions of employment are governed by an industrial award or industrial agreement which contains disciplinary provisions.

Breach of discipline defined

- 2. A member of staff is to be regarded as having committed a breach of discipline if he or she:
 - (a) contravenes any provision of the Act, the By-law or a Rule; or
 - (b) wilfully disobeys or disregards any order or direction lawfully made or given under the Act, the By-law or a Rule; or
 - (c) is convicted by a court of an offence that is of a kind that may reasonably be regarded as constituting a serious impediment to the discharge by the member of staff of his or her functions or the discharge by other members of staff of their functions; or
 - (d) is guilty of disgraceful or improper conduct; or
 - (e) is grossly or persistently inefficient, negligent or careless; or
 - (f) is incompetent in the discharge of his or her functions.

Inquiries into alleged breaches of discipline

- 3. The Vice-Chancellor may (whether as a consequence of the making of a complaint or otherwise) cause inquiries to be made in relation to any breach of discipline that is alleged to have been committed by a member of staff.

Suspension pending completion of inquiries etc.

- 4. (1) The Vice-Chancellor may suspend from office any member of staff in respect of whom inquiries are being made in relation to a breach of discipline that is alleged to have been committed by the member of staff.
- (2) A member of staff may be suspended from office either with pay or without pay.
- (3) If a member of staff is suspended from office without pay, the period of suspension is not to exceed seven days.
- (4) Whether the member of staff is suspended with pay or without pay, the suspension ceases to have effect (unless sooner revoked) when the matter is dismissed or determined under this Division.

- (5) A member of staff is entitled to receive any pay withheld pursuant to this clause if the Vice-Chancellor dismisses the matter or otherwise determines that it would be inappropriate, having regard to the circumstances of the case, that the member of staff be denied that pay.

Vice-Chancellor to issue show cause notice

5. If, after completion of any inquiries, the Vice-Chancellor believes that a member of staff may have committed a breach of discipline, the Vice-Chancellor:
 - (a) must cause notice of that fact to be served on the member of staff; and
 - (b) must give the member of staff a reasonable opportunity (being a period of not less than seven days) within which to make written representations to the Vice-Chancellor in relation to the alleged breach of discipline; and
 - (c) must take into account any written representations made by the member of staff during that period.

Penalties

6. (1) If, after having taken into account any written representations made by the member of staff, the Vice-Chancellor is satisfied that the member of staff has committed a breach of discipline, the Vice-Chancellor may direct that the member of staff:
 - (a) be dismissed; or
 - (b) be demoted in office; or
 - (c) be suspended from office without pay for a period not exceeding 30 days; or
 - (d) be denied any incremental progression of salary to which he or she might otherwise be entitled or eligible; or
 - (e) be fined an amount not exceeding one month's salary; or
 - (f) be cautioned or reprimanded; or
 - (g) be excluded from specified facilities of the University either indefinitely or for a specified period; or
 - (h) be subjected to any two or more of the penalties referred to in paragraphs (b)–(g).
- (2) In considering a penalty the Vice-Chancellor may take into consideration a staff member's previous disciplinary record.

Vice-Chancellor to dismiss certain matters

7. If the Vice-Chancellor is satisfied that the member of staff has not committed a breach of discipline or (after having completed inquiries into the matter and having heard the member of staff's representations in respect of the matter) is not satisfied that the member of staff has committed a breach of discipline, the Vice-Chancellor must dismiss the matter and inform the member of staff accordingly.

Vice-Chancellor to give notice of decision

8. The Vice-Chancellor must cause notice of any decision under clause 6, and of his or her reasons for the decision, to be given:
 - (a) to the member of staff concerned; and
 - (b) if the decision involves the making of a direction under clause 6(a), (b) or (c) — to the Council,
 within seven days after the decision is made.

Right of appeal to the Council

9. (1) A member of staff may appeal to the Council against a decision of the Vice-Chancellor under clause 6.
- (2) Such an appeal must be made in writing and lodged with the Registrar within 30 days after notice of the decision is given to the member of staff.
- (3) The Vice-Chancellor may, on the application of the member of staff concerned or otherwise, direct that any action to be taken as a consequence of a direction under clause 6 be stayed:
 - (a) until the time for making an appeal against the direction, or the decision to which it relates, has expired; or
 - (b) if an appeal against the direction or decision is made within that time — until the appeal has been finally determined.

Division 2 — Appeals

Appeal Committee

10. The Council is to establish an Appeal Committee for the purpose of hearing appeals under this Division.

Appeals to be referred to Appeal Committee for hearing

11. (1) The Registrar is to refer any appeal made under this Division to the Appeal Committee for hearing.
- (2) The Appeal Committee must hear any such appeal and prepare a recommendation for submission to the Council as to what action should be taken in respect of the appeal.

Determination of appeals

12. (1) The Council must determine an appeal having due regard to the recommendations of the Appeal Committee.
- (2) The Registrar must cause notice of the Council's decision on an appeal to be given to the appellant as soon as practicable after the decision is made.
13. Upon receipt of a notice of appeal under clause 9 of these Rules, the Registrar shall notify the Chancellor of the receipt of the notice and the nature of the appeal.

14. An appeal brought under this provision shall be investigated by an Appeal Committee comprised of:
 - (a) the Chancellor or, if the Chancellor declines to be a member, the Deputy Chancellor or, if each of those persons declines to be a member, a member of the Council (other than an official member) nominated by the Chancellor;
 - (b) a member of the Council, other than an official member, selected by the Chancellor;
 - (c) a person nominated by the appellant.
15. Where an appellant has not, within 14 days of lodging a notice of appeal with the Registrar (or, where the appellant has been served with a notice under clause 17, within 14 days after the date of service of the notice) nominated to the Registrar a person who has consented to be nominated as a member of the Appeal Committee which will investigate that appellant's appeal, the Council shall nominate a person who is not an officer of the University or a member of the Council to be a member of that Appeal Committee.
16. The person who is a member of an Appeal Committee by reason of clause 14(a) is the Chair of that Appeal Committee.
17. As soon as an Appeal Committee comprised in accordance with clause 14 (and clause 15 where applicable), has been formed in relation to an appeal, the Registrar shall forward the notice lodged under clause 9(2) of these Rules in relation to that appeal to the Chair of the Appeal Committee.
18.
 - (1) The duties of an Appeal Committee are to investigate the appeal referred to it under clause 17, to report and to make recommendation to the Council on the appeal.
 - (2) An Appeal Committee shall:
 - (a) hold its first meeting as soon as practicable after the date on which the notice of appeal is forwarded to it under clause 17 but in any event not later than 21 days after that date except where Council may determine otherwise; and
 - (b) subject to clause 14, hold such subsequent meetings as it considers necessary and convenient to enable it to perform its duties.
 - (3) An Appeal Committee shall not investigate an appeal unless all members of the Appeal Committee are present.
 - (4) The Council may make Rules regulating, or providing for the regulation of, the procedure to be followed by Appeal Committees, provided that the procedures shall not contravene the rules of natural justice.
19. Where, in the opinion of the Council, an Appeal Committee is not investigating an appeal expeditiously, it may, by notice in writing served on the members of the Appeal Committee and the appellant, dissolve that Committee.
20. Where the Council dissolves an Appeal Committee under clause 19, another Appeal Committee comprised in accordance with clause 14, may be formed to investigate the appeal, but no person who was a member of the dissolved Appeal Committee may be a member of that other Appeal Committee unless the Council so resolves.
21. Notice in writing of the date upon and time and place at which an appellant may appear before an Appeal Committee shall be given to the appellant at a reasonable time before that date.
22.
 - (1) An Appeal Committee shall make its report to the Council upon the appeal within two months of the day upon which the notice of appeal was referred to it.
 - (2) Notwithstanding the provisions of subclause (1), if the Council approves, in a particular case, of the time within which the report of an Appeal Committee shall be made to it being extended to not more than six months from the day upon which the notice of appeal was referred to it, the Appeal Committee shall make its report to the Council within that period.
 - (3) Where an Appeal Committee makes a report to it in relation to an appeal by a member of staff against a decision of the Vice-Chancellor, the Council may:
 - (a) affirm or quash that decision; and/or
 - (b) propose any other action against the member of staff that could have been taken against that person by the Vice-Chancellor
