

UTS Prize Conditions of Award

Royal Australian Chemical Institute Undergraduate Prize for Academic Excellence in Analytical Chemistry

Faculty: Science

This document sets out the conditions of award for the below prize ('Prize') and the obligations of recipients ('Recipient') and UTS in regards to this Prize. The administrative processes to support awarding this Prize will be managed, and may be amended, in accordance with UTS Rules, Policy and Procedures.

1. PRIZE NAME: Royal Australian Chemical Institute Undergraduate Prize for Academic Excellence in Analytical Chemistry

2. PURPOSE

This prize was established in 2003 to award the student who has achieved the highest aggregate mark in the subjects 65306 Spectroscopy and Structure, 65409 Analytical Instrumentation 1 and 65606 Analytical Instrumentation 2.

3. VALUE AND BENEFIT

3.1 Number of Recipients:

One (1) Recipient will be awarded the Prize each year.

3.2 Benefit/s to Recipient:

The value of the Prize to the Recipient is \$500, and is comprised of a cash award.

3.3 Payment of benefit/s:

- The Recipient will receive one payment of \$500 by electronic funds transfer to his/her nominated bank account.
- A certificate of award will be presented to the Recipient at the Science Scholarship and Prize Giving Ceremony.

4. ELIGIBILITY CRITERIA

The Recipient must:

- be enrolled in either the Bachelor of Science, Bachelor of Science in Applied Chemistry, Bachelor of Science (Honours) in Applied Chemistry or Bachelor of Forensic Science (Honours) in Applied Chemistry degree course.
- have completed the subject 65606 Analytical Instrumentation 2 in the year for which the award is made.

5. RECIPIENT SELECTION CRITERIA, IN PRIORITY ORDER

- The highest overall weighted average mark (WAM) in the subjects 65306 Spectroscopy and Structure, 65409 Analytical Instrumentation 1 and 65606 Analytical Instrumentation 2.
- In the event that two or more eligible students have the same highest final mark, the following criteria will be considered:
 - Performance in subjects 65306 Spectroscopy and Structure, 65409 Analytical Instrumentation 1 and 65606 Analytical Instrumentation 2 outside of formal assessment that demonstrates mastery of and engagement in the subject;
 - Overall academic performance in the student's award course, including GPA, whether the student has failed other subjects, received academic cautions or had a finding of misconduct made against them.

6. SELECTION

- The Recipient with the highest final mark will be identified according to the eligibility and recipient selection criteria as provided in clauses 4 and 5;
- In the event that two or more eligible students have the same highest final mark, a selection committee chaired by the Dean (or nominee) together with a minimum of two (2) people will select a recipient based on the specified selection criteria in clause 5;
- The nominated Recipient will then be formally approved or declined by Faculty of Science based upon the selection criteria in clauses 5 and 7.

7. OTHER CONDITIONS

The Faculty of Science may decline to offer the award to a Recipient who achieves the highest final mark where the mark is less than 75/D.
