

A MESSAGE FROM THE SENIOR DEPUTY VICE-CHANCELLOR

A significant chapter in the University's history is drawing to a close but – as they sometimes say – when one chapter ends, another begins.

As we prepare to farewell our much loved Campus at Lindfield, we also find ourselves making way for those that will call it home when we depart at the end of 2015. Unfortunately, making way means the loss of some amenity enjoyed in previous years, including two car parks we no longer own.

Recognising the inconvenience this might cause some Kuring-gai Campus students, we have been working hard to implement new, and improve existing, alternatives to on-campus parking at UTS. This Transport Guide is designed to help you understand all of the transport options available to you, as well as enable you to make well informed travel decisions that best suit your personal circumstances. It should also prove to be a handy reference tool.

As always, I welcome any and all feedback and suggestions you might have and invite you to contact me via lindfield@uts.edu.au.

Regards,
PROFESSOR PETER BOOTH
Senior Deputy Vice-Chancellor

CAMPUS LIFE AT KURING-GAI

Kuring-gai Campus offers students a unique university experience. It boasts great facilities and services in leafy surrounds including:

- > Fully-equipped computer centres
- > A gym, sports hall and squash courts
- > Library – open 7 days during the semester
- > Bookshop
- > On campus security
- > Social clubs
- > Student Counselling and Special Needs services

And according to alumni who called Kuring-gai Campus their own, it is the atmosphere and sense of community that makes your Campus so very special.

Of course, the City Campus is just a short public transport or shuttle bus ride away and you are encouraged to take advantage of all the facilities and services on offer at Broadway and Haymarket. Moreover, a bigger campus means more student clubs and societies, making the City Campus a great place to socialise and make the most of student life!

PARKING OPTIONS PARK-SHARE-STACK

UTS recently implement two new parking initiatives for students – car-sharing and car-stacking.

During the day, only those students with passengers will be given the chance to park on campus (students arriving for evening classes may travel alone and still be granted access to the car park). In addition, the University has engaged the services of a car park operator to maximise the available space by car-stacking (think valet parking without the silver service).

WALK-PEDAL-RIDE ... DRIVE (but only if you have to)

From 2013, on-campus parking will be limited and students are encouraged to explore all the available transport options.

For some, driving is the only choice (and we get that!). But for others, trading the driver's seat for a seat on a bus or a train means extra time to snooze, read, chill and maybe... get in an extra hour of studying!

JAYRIDE

Jayride is a new initiative that helps you find and share rides to and from your local area to UTS (or work or any other place for that matter). Whether you are a driver looking for a passenger or vice-versa then why not join the UTS Jayride community – it's free to register.

Visit www.green.uts.edu.au/initiatives/transport/carpooling.html for a link to Jayride's UTS tag to see who near you is looking for a ride or who's offering a ride today.

JAYRIDE?

Jayride? The name comes from Jay-walk and Joy-ride: It means a way to travel that is different, fun, cheaper and greener. More, Jayride means simple, cheap travel for everyone!

GUIDE

WALK,
PEDAL OR
RIDE
but drive only if
you have to.

IF YOU HAVE ANY QUESTIONS PLEASE CALL 1300 ASK UTS

visit the Kuring-gai Campus Student Centre (Level 5, Building 1) or email lindfield@uts.edu.au

THE 565 BUS SERVICE JUST GOT BETTER!

UTS has struck a deal with Transport for NSW to add an extra bus to the 565 route during peak hours. The bus will operate on a continuous loop between Lindfield Station and the Campus during Autumn Semester (from 11 February 2013). If successful (as measured by student usage), the service will be made available again in Spring Semester.

The extra bus will operate between the 8:15-10:15am and the 3:00-6:00pm peaks. Ticket pricing remains the same.

RIDE, RACK AND RINSE

Kuring-gai Campus caters for cyclists too. You will find bike racks in front of Building 1 and shower facilities in the gymnasium.

BIKES ARE PERMITTED ON TRAINS.

If any part of the journey is made between 6:00am and 9:00am or 3:30pm and 7:30pm on weekdays you must purchase a child ticket for the bike as well as your own ticket – but at all other times you can travel on a train with your bike free of charge. Folding bikes are permitted on trains free of charge at any time provided the bike is folded and carried in a bag before boarding.

STEP IT UP!

You come to UTS to exercise your mind. But what about the rest of you?

Pop Quiz

- > Did you know that 10,000 steps is the recommended daily step goal for a healthy adult?
- > Do you know how many steps you take each day?
- > Do you realise that you could clock around 6,000 steps of your 10,000 step goal simply by walking from Lindfield Station to campus and back again each day?

So why not grab yourself a pedometer, or download one of the many free pedometer apps, and start stepping today!

Transport Info

THE EARLY BIRD CATCHES PUBLIC TRANSPORT AND A FREE COFFEE!

Present your bus or train ticket at the Union Eatery before 8:30am and enjoy a **free coffee** thanks to UTS Union.

Only students who can evidence their public transport journey (same day) are entitled to a free coffee. Weekdays only.

CAMPUS SHUTTLE BUS

Our 24-seater UTS shuttle buses ferry students, staff and visitors between the Kuring-gai and City (Broadway and Markets) campuses free of charge.

Timetables are available on-campus (UTS Security, Student Centres, the Library, etc.) and online. Simply type 'shuttle' into the Search field on the UTS website to access timetables and other useful shuttle bus information.

1	passenger is the minimum you must have with you if you want to park on campus
2.1km	is the distance between Lindfield Station and UTS
\$5	is what you pay to park on campus
6 minutes	is the time it takes to get from Lindfield Station to UTS by bus
8.3	songs is about the number you could listen to when you walk between Lindfield Station and UTS
25 minutes	and 20 seconds is roughly the time it will take you to walk between Lindfield Station and UTS
\$99	is the penalty Kuring-gai Council imposes on drivers who 'park continuously for longer than permitted' in Lindfield
107	is the calories an average sized person will burn walking at a moderate pace between Lindfield Station and UTS
565	is the bus that travels between Lindfield Station and UTS
3,000	is about the number of steps you will take if you walk from Lindfield Station to UTS
3,640	is the number of times a UTS Shuttle Bus crosses the Sydney Harbour Bridge each year
10,000	steps is the recommended daily step goal for a healthy adult
